**Fire Drill Rules.**

**COURT DECISIONS.**

**Matter of Clearview Gardens First Corporation vs. Foley:**—On  
December 1, 1959, the Board granted a variance—application re-  
opened September 22, 1959 as Volume III, for rehearing by order of  
the Court—under Section 7e of the Zoning Resolution to permit  
in a local retail use district, the erection and maintenance of a  
gasoline service station, lubricatorium, minor auto repairs, car washing,  
office and sale, storage and parking and storage of motor vehicles;  
Calendar Number 182-52-BZ—Vol. III; Premises 18-10 Utopia  
Parkway, 169-01 to 169-07 19th Avenue, northwest corner, 169-02  
to 169-04 18th Avenue and 18-01 to 18-19 169th Street, Block 5743,  
Lot 75, Whitestone, Borough of Queens.

At Supreme Court, Special Term, Part I, Mr. Justice Tessler  
affirmed the Board's determination, dismissed the petition and vacated  
the Order of Certiorari. (N. Y. Law Journal, June 22, 1960,  
page 11).

\* \* \* \* \*

**Matter of William Graf vs. Foley:**—On December 8, 1959 the  
Board denied an application under Section 7c of the Zoning Resolu-  
tion, to permit in a retail and residence use district, the conversion  
of a two-story club house into a knitting mill with the factory ex-  
tending into the residence portion of the plot and exceeding the 5  
percent of floor area permitted for manufacturing purposes in a  
retail district; Calendar Number 112-59-BZ; Premises 66-79 Forest  
Avenue and 59-01 Putnam Avenue, northeast corner, Block 3501,  
Lot 1, Ridgewood, Borough of Queens.

At Supreme Court, Special Term, Part I, Mr. Justice Rabin  
annulled the determination of the Board and remitted the entire  
proceeding to the Board for reconsideration with leave to the parties  
to submit such other and further proof before the board as they may  
be advised. (N. Y. Law Journal, June 10, 1960, page 15).

\* \* \* \* \*

**Matter of Glennon vs. Murdock:**—On March 31, 1959 the Board  
denied an application under Section 7h of the Zoning Resolution, to  
permit in a residence use district, the construction and maintenance  
of a non-transient parking lot for pleasure-type vehicles only for  
a term of ten (10) years; Calendar Number 592-58-BZ; Premises  
276 Bedford Park Boulevard, East 200th Street, south side, 36.33  
feet west of Bainbridge Avenue, Block 3297, Lot 19, Borough of  
The Bronx.

At Special Term, Supreme Court, Mr. Justice Jacob Markowitz  
sustained the Board and dismissed the petition. (N. Y. Law Journal,  
June 2, 1960, page 15).

\* \* \* \* \*

**Matter of Faith for Today, Inc. vs. Murdock, et al:**—On March  
10, 1959 the Board denied their appeal from a decision of the Bor-  
ough Superintendent; Calendar Number 559-58-A; Premises 108-43  
71st Avenue, north side, 100 feet west of 110th Street, Block 2223,  
Lot 44, Forest Hills, Borough of Queens.

At Special Term, Supreme Court, Part I, Mr. Justice Margett sus-  
tained the Board and dismissed the petition. (New York Law Jour-  
nal, November 23, 1959, page 14).

At the Appellate Division, Supreme Court, Second Department,  
the determinations of the Board and Superintendent of Buildings  
were annulled and matter remitted to the Board for purpose of  
directing Superintendent of Buildings to issue alteration permit  
sought by petitioner. (N. Y. Law Journal, June 21, 1960, page 13).

\* \* \* \* \*

**Matter of Cutrano vs. Board:**—On January 26, 1960, the Board  
granted a variance under Sections 7f, 7i and 7A of the Zoning Reso-  
lution, to permit in a business use district, the erection and main-  
tenance of a gasoline service station, auto washing, lubrication, minor  
repairs with hand tools only, office and sale of auto accessories with  
show window within 75 feet of residence use district; Calendar  
Number 239-26-BZ—Vol. III, Part II; Premises 1890-1900 McDonald  
Avenue and 354-360 Quentin Road, southwest corner, Block 6657,  
Lot 6, Borough of Brooklyn.

At Special Term, Supreme Court, Part I, Mr. Justice Cone denied  
a motion to restrain the owner from proceeding with the construction  
of his building in accordance with the variance. (New York Law  
Journal, May 5, 1960, pages 14 and 15).

At Supreme Court, Special Term, Part 1, Mr. Justice Keogh  
sustained the Board, vacated the order of certiorari and dismissed  
the proceeding. (N. Y. Law Journal, June 17, 1960, page 13).

# CALENDAR

## DOCKET

## 332-33-BZ

APPLICANT—Isidore Cohen for S.M.B. Realty Corp., owner.

SUBJECT—Application reopened June 1, 1960 for consideration as to extension of term of variance, expires June 1, 1960—decision of the Borough Superintendent, previously granted on condition under Section 7f of the Zoning Resolution, permitting in a business use district the change of occupancy of an existing building, to a garage, for more than five (5) motor vehicles.

PREMISES AFFECTED—14 West 66th Street, south side, 225 feet west of Central Park West, Block 1118, Lot 42, Borough of Manhattan.

### APPEARANCES—

For Applicant: Isidore Cohen.

For Opposition: None.

ACTION OF BOARD—Term of variance extended.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, on February 27, 1934, this application was granted by the Board on certain conditions; and

WHEREAS, the resolution was amended on May 1, 1934; and

WHEREAS, the term of variance was extended from time to time and last extended on June 1, 1955; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which had expired by time limitation June 1, 1960; and

WHEREAS, this application was reopened on June 1, 1960 and set for hearing on June 28, 1960 at 10 A.M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated April 21, 1960, acting on Existing Building Applic., reads:

"Before consideration can be given to your application for a Certificate of Occupancy, it will be necessary to apply to the Board of Standards & Appeals for an extension of the term of variance granted under Cal. #332-33-BZ."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on February 27, 1934, as amended through June 1, 1955, only as to the term of the variance, so that as amended it shall read:

"granted for a term of five (5) years from the date of this *amended* resolution, to permit.....; that other than as herein amended the resolution above cited shall be complied with in all respects; and that a new certificate of occupancy shall be obtained."

## 225-36-BZ—Vol. III

APPLICANT—Lamb and Lamb for North American Holding Corporation, owner.

SUBJECT—Application for consideration—reopened by vote of the Board on October 14, 1959 by order of the Court—re application, decision of the Borough Superintendent; previously denied, under Section 21 of the Zoning Resolution, to permit in a residence and business use district proposed change of use to stores in the cellar, which is in the residence use portion of a Class A Multiple Dwelling which is in a business and residence use district.

PREMISES AFFECTED—1180-1188 Grand Concourse and 180-188 East 167th Street, southeast corner, Block 2456, Lot 163, Borough of The Bronx.

### APPEARANCES—

For Applicant: John J. Lynch, Harry M. Prince and James J. Lyons, Jr.

For Opposition: Israel Hoffman.

ACTION OF BOARD—Application granted on condition.

### THE VOTE:

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker..... 4

Negative: Commissioner Sleeper..... 1

### THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on June 21, 1955 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on November 29, 1955 after due notice by publication in the Bulletin; laid over to December 13, 1956 at 10 A.M. for consideration and decision; hearing closed; then laid over to January 17, 1956 at 10 A.M. for further consideration and decision; hearing previously closed; thereafter laid over to January 31, 1956 at 10 A.M. for additional information: survey (to be made by licensed surveyor) showing the relationship of the building to the plot; the relation of the business zoning to the residential zoning across the rear end of the plot, and the measurements; also showing the additional property down to the next street; and a drawing of the building across the street as to occupancy on basement floor in both the residence and business district; and

WHEREAS, a public hearing was held on this application on January 13, 1956 after due notice by publication in the Bulletin; application denied; and

WHEREAS, this application was reopened and restored to the docket on October 14, 1959, subject to regular procedure, by order of the Court; and

WHEREAS, a public hearing was held on this application on May 17, 1960 after due notice by publication in the Bulletin; laid over to June 1, 1960 for hearing at request of applicant's representative; then laid over to June 14, 1960 for continued hearing; applicant to submit additional information on financial situation of building; then to June 28, 1960 for decision; hearing closed except for the submission of briefs; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and East 167th Street are in residence and business use, C area, class 1 height districts; Grand Concourse is in a residence use, C area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated August 16, 1955 acting on Alt. Applic. No. 553-53, reads:

"A1. Proposed stores in the cellar of the existing non-fireproof 6-story and cellar Class A hereafter erected Multiple Dwelling in a Residence Use District will be contrary to Sec. 3 of Article 2 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 204.84 feet frontage by 96.86 feet and 141.14 feet in depth, irregular, on which is located a six story and cellar, class A multiple dwelling, 204.84 feet front, 96.86 feet and 126 feet in depth, 67 feet in height; that it is proposed to convert a portion of the cellar in the residence use district, for use as stores; and

# MINUTES

WHEREAS, the applicant states that on July 17, 1936 an application for a variance, under Section 21 of the Zoning Resolution, was denied by the Board; that an amended application was filed on November 6, 1936 under Sections 7c and 21 of the Zoning Resolution as it was found that the premises were located partly in a business use and partly in a residence use district, rather than entirely in a residence use district, as had been, in part, the basis in the original case; that at a rehearing held on December 1, 1936, a variance was allowed under certain restrictive conditions; that this action of December 1, 1936 of the Board was reviewed as a result of Certiorari proceedings and the decision of the Board under Sections 21 and 7c of the Zoning Resolution was reversed and annulled; and

WHEREAS, the applicant contends that the land cannot yield a reasonable return if used only for the purpose allowed in that zone and this is shown by the fact that it falls short of yielding a reasonable return of some \$15,000 a year; that the situation here is unique in that it is caught between a conflict of the Multiple Dwelling Law and the Zoning Law; that though the premises are zoned for residence, the Multiple Dwelling Law prohibits the use of a cellar for residential purposes, yet the Multiple Dwelling Law would permit it to use the premises for business purposes, but if that were attempted, the Zoning Law would be violated; that thus, if one law is complied with, it violates another; that it finds itself in this unique position through no fault of its own, nor, actually through any fault of the legislation which was intended to be applied to a normal piece of property; that this situation is created by the fact that New York City is not level; that there are sloping conditions that simply cannot be foreseen under the Building Zone Resolution nor under the Multiple Dwelling Law; that the situation involved here is caused by such unique sloping conditions; that this fact must be recognized and the relief applied for should be granted in order to give the applicant the reasonable use of its property; that the granting of this application cannot change the character of the neighborhood, as the contemplated use entirely conforms with the present use of East 167th Street, which is already a business street; and

WHEREAS, the applicant states that the present owner has held title to the property since June, 1934; that the assessed valuation of land is \$150,000 and of the building \$435,000 making a total of \$585,000; that the building was erected in 1936; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and briefs submitted were studied; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief on the grounds of practical difficulty and unnecessary hardship.

*Resolved*, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulation of the Zoning Resolution and that the application be and it hereby is *granted* under Section 21, to permit in a residence and business use district, proposed change of use to stores in the cellar, which is in the residence use portion of a Class A multiple dwelling, which is in a business and residence use district; *on condition* that the work shall be done in accordance with drawings filed with this application dated February 17, 1954, 3 sheets and June 3, 1954, 1 sheet; that all laws, rules and regulations applicable shall be complied with; that all permits, including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

## 360-47-BZ—Vol. II

APPLICANT—J. G. L. Molloy for Jennie Pecora, owner.  
SUBJECT—Application for consideration—reopened by vote of the Board by order of the Court—re decision of the Borough Superintendent, under Sections 7e, 7f and 7i of the Zoning Resolution, to permit in a business use dis-

trict the erection and maintenance of a gasoline service station, lubritorium, car washing, office and sales area, minor repairs and parking and storage of more than five motor vehicles.

PREMISES AFFECTED—42-30 Lawrence Street and 131-65 Maple Avenue, northwest corner, Block 5065, Lot 25, Flushing, Borough of Queens.

## APPEARANCES—

For Applicant: J. G. L. Molloy.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

Negative: ..... 0

## THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on April 24, 1957 subject to regular procedure, to consider a new proposal; and

WHEREAS, a public hearing was held on this application on November 13, 1957 after due notice by publication in the Bulletin; laid over to November 19, 1957 at 10 A.M. at the request of an objector; thereafter laid over to December 3, 1957 at 10 A.M., for inspection and decision; hearing closed, at which hearing the Board affirmed the decision of the Borough Superintendent and the application was denied; and

WHEREAS, this application was reopened and restored to the docket, by order of the Court, and set for hearing on June 1, 1960 at 10 A.M., for further consideration, requiring notice to affected owners by certified mail and two publications in the Bulletin; with leave to all parties to submit such other and further proof before the Board as they may be advised, and with permission to the applicant to use such drawings, photographs and other data as is still applicable; and

WHEREAS, a public hearing was held on this application on June 1, 1960 after due notice by publication in the Bulletin; laid over to June 14, 1960 for inspection and decision; hearing closed; then to June 28, 1960, for decision; applicant to file revised drawings; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a business use, A area, class 1½ height district; Lawrence Street is in business and local retail use, A area, class 1½ height district; Maple Avenue and Sanford Avenue are in business, local retail and manufacturing use, A area, class 1½ height districts; Haight Street is in a manufacturing use, A area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated March 1, 1957 acting on N.B. Applic. No. 881-56, reads:

"1. The erection of a gasoline service station, lubrication, car repairs, car washings, sales area, office & parking & storage for more than 5 motor vehicles in a business zone is contrary to Art. II Sec. 4a (46, 29, 15) of Zoning Res.

2. Proposed sign is contrary to Art. II Sec. 4a (49) of Zoning Res. within business zone."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 feet ¾ inch frontage by 100 feet in depth, largely vacant; that it is proposed to erect and maintain a gasoline service station, lubritorium, car washing, office and sales area, minor repairs and parking and storage of more than five motor vehicles; that the building will be modern in design, one story in height, and on the Lawrence Street and Maple Avenue sides will be faced with brick; that it will be of class 3 construction, with a 52 foot frontage and 28 foot depth; and

WHEREAS, the applicant further states that on the previous application, which was for a garage rather than a gas station, the Board denied the request for a variation to permit a garage; that this was ten years ago; that the neighbor-

# MINUTES

hood during the last decade has not developed as a residential or business area; that the fact that there are now more than sufficient stores for the residences in the section is underlined by the fact that the subject premises have remained largely vacant all this time; that the present owner has paid taxes since she bought these premises on July 28, 1924 without receiving any appreciable income; that it is not feasible to construct a conforming building in this low rental area, whereas it would be realistic to permit a gas station on this side of Lawrence Street in this location; that this is particularly so since the area to the rear of this property is zoned for manufacturing use to Fuller Place and then unrestricted to Flushing Meadows; that the Board granted a gas station to the north on the opposite side of Lawrence Street in the same block on February 5, 1957, and in making that grant recognized the needs as well as the fact that the station would not be detrimental to the neighborhood; that the same reasoning should be applied to this site on the opposite of Lawrence Street; and

WHEREAS, the applicant contends that in this day of highways and intermediate thoroughfares, certain streets and avenues naturally lend themselves to becoming main arteries of travel, and this is what has happened to Lawrence Street and it is now the main artery from Horace Harding Boulevard to Northern Boulevard; that because of the location of this site and the layout proposed for this station, the surrounding properties will be very well protected from any annoyance and will not be depreciated in any manner; that in addition, lot 23, immediately to the north, is owned by the same person who owns the property in this application; and

WHEREAS, the applicant states that the present owner has held title to the property since July 28, 1924; that the assessed valuation of land is \$8,800 and of the building \$4,000 making a total of \$12,800; and

WHEREAS, the premises surrounding area, and revised drawings were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions e, f, and i of the Zoning Resolution.

*Resolved*, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Sections 7 e, f, and i, to permit in a business use district, the erection and maintenance of a gasoline service station, lubritorium, car washing, office, sales area, minor repairs and parking and storage of more than five motor vehicles, for a term of 20 years, on condition that the work shall be done in accordance with drawings filed with this application dated March 25, 1957, 2 sheets and June 21, 1960, 3 sheets revised; that face brick shall be used on all sides of the accessory building; that the entrance to the men's toilet shall be from the interior of the accessory building and the entrance to the women's toilet shall be from the exterior of the building; that the walls shown 5 feet 6 inches high shall be of the same face brick as that used on the accessory building; that all laws, rules and regulations applicable shall be complied with; that all permits, including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

## 30-48-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober for Moe Friedel, owner.

SUBJECT—Application reopened June 1, 1960 for consideration as to extension of term of variance, expired June 10, 1960—decision of the Borough Superintendent, previously granted on condition, under Sections 7c, 7i and 7A of the Zoning Resolution, permitting in a residence and business use district, the reconstruction and extension of existing gasoline service station to include boiler room, lubritorium, auto laundry, motor vehicle repair shop, sale of accessories, office and also the parking and storage of more than five (5) motor vehicles and with curb cuts more than the permitted distance from the intersection.

PREMISES AFFECTED—1701-1725 Bedford Avenue and 109-131 Sullivan Place, northeast corner, Block 1304, Lot 1, Borough of Brooklyn.

## APPEARANCES—

For Applicant: James E. Vassalotti.

For Opposition: None.

ACTION OF BOARD—Term of variance extended.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Klemert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

Negative: ..... 0

## THE RESOLUTION—

WHEREAS, on February 7, 1950, as thereafter amended through June 10, 1958, this application—Vol. II—was granted by the Board on certain conditions; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance for parking for a term of twenty years, which had expired by time limitation June 10, 1960; and

WHEREAS, this application was reopened on June 1, 1960 and set for hearing on June 28, 1960 at 10 A.M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on June 28, 1960 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated April 19, 1960 acting on Alt. Applic. No. 2112-49, reads:

"The proposed extension of term of variance for an additional period of twenty (20) years for the parking and storage of motor vehicles within the Residence Use portion of lot as accessory to Lubritorium, Auto Laundry, Minor Repairs (hand tools only), office and sales, gasoline service station in a lot located partly within a business use district and a Residence use district is contrary to Article II Section 3 of the Zoning Resolution and Board of Standards and Appeals variance under Cal. No. 30-48-BZ, Vol. II."

*Resolved*, that the Board of Standards and Appeals does hereby amend the resolution adopted on February 7, 1950, as amended through June 10, 1958, only as to the term of the variance, so that as amended it shall read:

"granted for a term of five (5) years from the date of this amended resolution, to permit . . . ; that the existing illegal signs and the vending machines shall be removed and that the used car use shall be discontinued; that the provision of the original resolution prohibiting overnight parking shall be omitted; that other than as herein amended the resolution above cited shall be complied with in all respects; and that a new certificate of occupancy shall be obtained."

## 794-48-BZ—Vol. III

APPLICANT—George Monier, lessee for Spofford Holding Corp., owner.

SUBJECT—Application reopened June 1, 1960 for consideration as to extension of term of variance, expired December 14, 1959—decision of the Borough Superintendent, previously granted on condition under Section 7e of the Zoning Resolution, permitting in the residence use district portion of plot, the extension of restaurant to include dancing and three piece band including piano (cabaret).

WHEREAS, a public hearing was held on this application on June 28, 1960 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated April 25, 1960 acting on N.B. Applic. No. 1102-49, reads:

"1. Proposed four (4) car garage for pleasure cars only violates Art. 2 Sect. 13c of zone resolutions. (Note—4-car garage expires May 23, 1960)."

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on May 23, 1950, only as to the term of variance, so that as *amended* it shall read:

"granted for a term of ten (10) years from the date of this *amended* resolution, to permit . . .; that other

than as herein *amended* the resolution above cited shall be complied with in all respects; and that a new certificate of occupancy shall be obtained."

## 95-50-BZ—Vol. II

APPLICANT—Jacob Jancourtz for Lester Christianson, owner.

SUBJECT—Application reopened March 29, 1960 as Volume II—decision of the Borough Superintendent, under Section 7i of the Zoning Resolution, to permit in a business use district, the erection of a one story building for use as a motor vehicle repair shop for ignition and electrical repairs and storage of four (4) cars awaiting service, the remainder of the plot to retain the present use of parking lot and the sale of used cars.

PREMISES AFFECTED—2179-2181 Amsterdam Avenue northeast corner of West 168th Street, Block 2112, Lot 10, Borough of Manhattan.

## APPEARANCES—

For Applicant: Jacob Jancourtz.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker . . . . . 5

Negative: . . . . . 0

## THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 14, 1960, after due notice by publication in the Bulletin; laid over to June 28, 1960 for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated March 10, 1960, acting on N.B. Applic. 182-59, reads:

"Proposed use as "ignition & electric repair on motor vehicles and storage of 4 cars in connection therewith, and parking lot and storage for more than 5 motor vehicles and sale of used cars" is not permitted in a business use district. Sec. 4a (15) & (29) Zoning Res."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision i of the Zoning Resolution.

*Resolved*, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7i, to permit in a business use district, the erection of a one story building, for use as a motor vehicle repair shop for ignition and electrical repairs and storage of four cars awaiting service, the remainder of the plot to retain the present use of parking lot and for the sale of used cars, *on condition* that the work shall be done in accordance with drawings filed with this application dated March 15, 1960, 4 sheets; that the signs on the premises shall be limited to signs permitted in a business use district; that the open space on the lot shall be paved with clean gravel or steam cinders, treated with a binder or an asphalt surface, graded and properly drained; that all laws, rules and regulations applicable shall be complied with; that all permits, including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

## 283-53-BZ—Vol. II

APPLICANT—Herbert Tannenbaum for W. Sheinker and Son, Incorporated, owner.

SUBJECT—Application reopened January 12, 1960 as Volume II—decision of the Borough Superintendent, under Sections 7e and 21 of the Zoning Resolution, to permit in a residence use, B area district, the erection of a two story and cellar extension to an existing factory building exceeding the permitted area coverage and extend the present factory uses.

# MINUTES

PREMISES AFFECTED—59-02 to 59-12 37th Avenue, south side between 59th and 60th Streets, Block 1214, Lots 50, 52 and 53, Woodside, Borough of Queens.

## APPEARANCES—

For Applicant: Murray Charnin.

For Opposition: Joseph Krikawa.

ACTION OF BOARD—Application denied.

## THE VOTE TO GRANT—

Affirmative .....

Negative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox, and Commissioner Becker .....

## THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 1, 1960 after due notice by publication in the Bulletin; laid over to June 14, 1960 at the request of the objectors; then to June 28, 1960 for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated December 3, 1959 acting on Alt. Applic. No. 2221-59, reads:

"1. The proposed 2 story extension to a one story exist. bldg. used for factory, parking of more than 5 cars for employees only, in a res. use district to include storage & office use on the first floor and office use on the second is contrary to the variance granted under Cal. 283-53-BZ and Art. II Sec. 3 of the Zone Res. and must be referred back to the Board for its determination.

2. The proposed extension to a bldg. which presently exceeds the allowable area of coverage in a Res. "B" district is contrary to the variance granted by the Board under Cal. 283-53-BZ and Art. IV Sec. 12 Zone Res. and must be referred back to the Board for its determination."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended against granting the application; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision c of the Zoning Resolution; and

WHEREAS, the Board found that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 2221/59, Objection No. 1, dated December 3, 1959, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

## 515-54—BZ

APPLICANT—Peter Deutsch for Nola Realty Corp., owner.

SUBJECT—Application reopened June 1, 1960 for consideration as to extension of term of variance, expired May 3, 1960—decision of the Borough Superintendent, previously granted on condition under Section 7h of the Zoning Resolution, permitting in a residence use district, the parking and storage of motor vehicles.

Negative: . . . . . 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 21, 1959 after due notice by publication in the Bulletin; laid over to September 22, 1959 then to October 14, 1959, for applicant to file drawing showing legal existing condition and for decision; then to November 10, 1959, for decision at request of the applicant; then to December 1, 1959, for decision at the request of the applicant; then to December 22, 1959, for decision at the request of the applicant; then laid over from December 22, 1959, date to be set; referred to the engineer; applicant to obtain new decision of the Building Department; then set for June 28, 1960 for continued hearing; and

WHEREAS, the decision of the Borough Superintendent, dated December 3, 1958 acting on Alt. Applic. No. 3431-58, reads:

"1. Proposed change of occupancy and extension of use, on a plot partly in a Residence and partly in a Local Retail Zone, to three (3) car garage and storage of auto accessories, office and sales of auto accessories, parking of cars awaiting service and gasoline station, auto repairs, lubricating and washing in conjunction with 6 car garage, storage of auto accessories, parking and storage of more than 5 cars, is contrary to Article II, PP. 3 & PP. 4-c of the Zoning Resolution.

2. Note: Department records do not indicate existing legal use as specified.

2. Proposed signs violate Article II, PP. 3 of the Zoning Resolution.

3. Signs and business entrances within 75' of a Residence Zone violate Art. II, PP. 7A of the Zoning Resolution.

4. Building "B" is required to have its own zone lot under Article I, PP. 1-V of the Zoning Resolution; proposed construction diminishes the required open space for Bldg. "B" in violation of Article IV, PP. 13 of the Zoning Resolution."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions c and 7A of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship.

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated December 8, 1959 on N.B. Applic. 4357-59, reads:

"3—Proposed use of portion of premises in the Bed of a Mapped Street is contrary to Art. 3, Section 35 of the General City Law."

and

WHEREAS, the applicant states that the plot is 74.06 feet by 102.04 feet, irregular in area, located in business and residence use, D area, class 1 height district; and

WHEREAS, the applicant states that it is proposed, under this application, to demolish and reconstruct the present gasoline service station and extend the uses to include gasoline service station, lubritorium, minor auto repairs, car washing, sales room, utility room and the parking and storage of motor vehicles; that it is further proposed to install 6 additional 550 gallon buried gasoline tanks for a total of 10 tanks, 4 gasoline pumps and erect a new one story accessory building of Class III construction, having a frontage of 46 feet 8 inches, a depth of 29 feet 4 inches for use as gasoline service station, lubritorium, minor auto repairs, car washing, sales room and utility room; that according to City maps, Metropolitan Avenue is proposed to be widened; that the City does not have title to this property in the bed of the mapped street and there are no proceedings pending to acquire; that it is only proposed to drive over the portion of the plot in the bed of the mapped street; that the plans indicate pump islands and two poles for flood light and sign are also located within the proposed widening of Metropolitan Avenue; and

WHEREAS, letter received June 9, 1960 from the Borough President of Queens states that there is no proceeding now pending to acquire title to the proposed widening; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

*Resolved*, that the decision of the Borough Superintendent, acting on N.B. App. 4357/59, Objection No. 3, dated December 8, 1959, be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted, on condition* that all requirements cited in the resolution adopted by the Board this day under Cal. No. 879-59-BZ shall be complied with and that a certificate of occupancy shall be obtained.

## REGULAR MEETING

TUESDAY AFTERNOON, JUNE 28, 1960, 2 P.M.

Present: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker.

### 299-51-A—Vol. III

APPLICANT—Leonard F. Rothkrug for 349 West 37th Street Garage, Incorporated, owner.

SUBJECT—Application reopened May 3, 1960 as Volume III—appeal from a decision of the Borough Superintendent—re class 1 construction, change in use of sixth floor.

PREMISES AFFECTED—349-351 West 37th Street, north-side, 150 feet East of 9th Avenue, Block 761, Lot 7, Borough of Manhattan.

#### APPEARANCES—

For Applicant: Leonard F. Rothkrug.

ACTION OF BOARD—Appeal granted on condition.

#### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0  
Absent: Commissioner Sleeper ..... 1

#### THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated February 11, 1960 on Alt. Applic. 57-59, reads:

"6. Proposed change of use of 6th floor from offices to offices and sale of light merchandise with incidental factory work with not more than 5 persons at manufacturing is contrary to B.S.A. Cal. #299-51-A."

and

WHEREAS, the applicant states that the building is 50 feet by 88 feet 9 inches in area, 6 stories, 73 feet 11 inches high, of class 1 construction, located in unrestricted use, B area, class 1½ height district, built in 1919, now used and occupied since 1952: Cellar, 1st to 5th floors; garage for more than five motor vehicles in cellar and through to the 5th floor, 2 persons each floor; 6th floor—offices, 30 persons; substantially in accordance with Certificate of Occupancy Number 40813 issued February 10, 1953 against Alt. Applic. 191-51; that the proposed use and occupancy will be: cellar to 5th floor—will be the same; 6th floor—display accessory, manufacturing and offices, 5 persons; and

WHEREAS, the applicant states that it is proposed to occupy the 6th floor by one tenant for the display and sale of merchandise of lightweight with incidental factory work in not more than 25 percent of the floor area with not more than 5 persons employed at manufacturing; that the cellar through and including the 5th floor is proposed to be main-

tained without change as garage for more than 5 cars; that the building is provided with one 3 foot 8 inch wide fire proof self-closing one hour test doors, leading from roof bulkhead direct to the street; that in addition the building is equipped with a Multiple Dwelling Law type fire escape at the front of the building with a ladder to the roof bulkhead and a ladder to the street; that it is proposed to replace the fire escape with a Labor Law type fire escape; that the new fire escape will not have a primary means of exit; that the proposed use of the 6th floor will decrease the number of persons from the permitted number at the present time; that in addition the building is classified as a fireproof building; that the total number of occupants is a fraction of the total occupants in a typical factory building; that the garage use in the balance of the building insures that there will be maintenance of the building for longer hours than the normal buildings in the area; that the new fire escape will not have a counterbalanced stair to street, but have a vertical slide ladder; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the appeal be granted on condition.

*Resolved*, that the decision of the Borough Superintendent, dated February 11, 1960, acting on Alt. App. 57-59 Objection No. six be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the building conform to drawings filed with this appeal dated March 11, 1960, 8 sheets, and March 25, 1960, one sheet; except that a counterbalanced stair be provided at the second floor in connection with the fire escape on the front of the building instead of the proposed ladder; that all laws, rules and regulations applicable shall be complied with and that a certificate of occupancy shall be obtained.

### 913-57-A—Vol. II

APPLICANT—Morris Brody for Nationwide Investors Incorporated, owner.

SUBJECT—Application reopened February 24, 1960 as Volume II—Appeal from a decision of the Borough Superintendent, re increase in area.

PREMISES AFFECTED—12-14 East 37th Street, south-side, 143 feet West of Madison Avenue, Block 866, Lots 67 and 68, Borough of Manhattan.

#### APPEARANCES—

For Applicant: Morris Brody and Eugene A. Hegy, Jr.

ACTION OF BOARD—Appeal granted on condition.

#### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0  
Absent: Commissioner Sleeper ..... 1

#### THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated January 8, 1960 on Alt. Applic. 1757-56, reads:

"1. Increase in area of bldg. from 2nd floor to roof is contrary to Board of Standards & Appeals Resolution Cal. #913-57-A."

and

WHEREAS, the applicant states that the building is 51 feet by 60 feet in area, 5 stories, 58 feet high, of class 3 construction, located in restricted retail use, B area, class 2 height district, now used and occupied: #12 East 37th Street—cellar—storage and utilities; 1st floor—stores, 35 persons; 2nd floor—showroom and office, 20 persons; 3rd floor—offices, 4 persons; 4th floor—1 apartment; 5th floor—permanent vacant; #14 East 37th Street—cellar—storage and utilities; 1st floor—store, 50 persons; 2nd floor—showroom and offices, 15 persons; 3rd floor—1 apartment; 4th floor—1 apartment; 5th floor—2 apartments; substantially in accordance with Certificates of Occupancies #41642 and 36262 issued September 23, 1953 and October 19, 1949, against Alt. Applic. 283-53 and Alt. Applic. 1894-46; that the proposed use and occupancy will be: (Combined buildings)—cellar—storage and utilities, 5 persons; 1st floor—store, restaurant and photo studios, 85 persons; 2nd floor—showrooms and offices, 85 persons; 3rd, 4th and 5th floors—

# MINUTES

offices, 100 persons each floor; and

WHEREAS, the applicant states that the combined buildings are to be extended; that part of the wall between the two buildings will be removed to provide a net area of about 4000 square feet per floor; that the existing non-fireproof stairhall in #12, be altered by installing new steel stairs and making all partitions 1 hour fire rated by covering both sides of the stud partitions with metal lath and cement plaster, and installing rated Fireproof self-closing doors in this stairhall from street to the roof; that the existing non fire-proof stairhall, street to roof in #14 is to have the remaining wood stairs replaced by steel stairs, and any partitions not of rated construction, are to be made so by covering the studs by metal lath and cement plaster on both sides; that all doors are rated fireproof self-closing and the entire existing stairhall is sprinklered; that the new elevator in #12 is to be enclosed in 8 inch masonry walls and 1½ hour rated fireproof self-closing doors; that the entire cellar ceiling is covered with metal lath and cement plaster; that all ceilings of the upper floors will be 1 hour fire rated by covering with Fire Code #60; that the doors to the lobbies of both #12 and #14 East 37th Street from the adjoining areas are existing conditions, acceptable to the Department of Buildings in previously approved plans; that in #12 the door is the only means of getting to a tenant space at the rear of the building; that in #14 this door is a second means of egress from a tenant area.

Resolved, that the decision of the Borough Superintendent, dated January 8, 1960, acting on Alt. App. 1757-56 Objection No. One be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the building conform to drawings filed with this appeal dated March 19, 1960, 8 sheets; on the further condition that the entire building be equipped with a one source sprinkler system; that all laws, rules and regulations applicable shall be complied with; and that a certificate of occupancy be obtained.

## 71-60-A

APPLICANT—Samuel Rosenblum for 115 Wooster Street Corporation, owner.

SUBJECT—Application February 1, 1960—Appeal from a decision of the Borough Superintendent—re stairs and egress.

PREMISES AFFECTED—115-121 Wooster Street, west side, 101 feet south of Prince Street, and 431-433 West Broadway, Block 501, Lots 10, 11, and 20, Borough of Manhattan.

## APPEARANCES—

For Applicant: Samuel Rosenblum.

ACTION OF BOARD—Appeal granted on condition.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

Absent: Commissioner Sleeper ..... 1

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated January 14, 1960 on B.N. Applic. 2473-59, reads:

"1. Stairs must extend to roof (original approval based on this bldg. being considered as 3 separate bldgs. for exit purposes and as such access to adjoining roofs obtainable).

2. Enclosures at 1st floor for cellar stairs rear to provide direct egress to street from cellar."

and

WHEREAS, the applicant states that the building is 100 feet by 200 feet in area, 6 stories, 82 feet 6 inches high, of class 3 construction, located in unrestricted and retail use, B area, class 2 height district, built in 1896, now used and occupied since 1916: 115-117 Wooster Street—cellar, storage (cardboard), 1 person; 1st floor—manufacturing (cardboard), 11 persons; 2nd floor—manufacturing (cardboard), 4 persons; 3rd floor—manufacturing, (lace embroidery), 20 persons; 4th floor—silk screening, 15 persons; 5th floor—manufacturing (artificial flowers), 30 persons; 6th floor—

manufacturing (artificial flowers), 3 persons; 119-21 Wooster Street—cellar—storage of electrical supplies, 2 persons; 1st floor—sale of electric supplies, 5 persons; 2nd floor—manufacturing (artificial flowers), 2 persons; 3rd floor—manufacturing (lace embroidery), 20 persons; 4th floor—silk screening, 15 persons; 5th floor—manufacturing, (artificial flowers), 30 persons; 6th floor—manufacturing (artificial flowers) and storage, 3 persons; that without a certificate of occupancy; that the proposed use and occupancy will be the same; and

WHEREAS, the applicant states that the exits of 3 interior stairs, two substandard fire escapes and party wall balconies on the rear of 115 and 121 Wooster Street; that the cellar have no factory occupancy; that the 1st and 2nd floors are subdivided by tenant factory occupants; that 3rd to 6th floors have one tenant per floor; that all 3 stairs are 3 feet wide of wood construction, terminates at roof with a vertical ladder; that the stair enclosure will be covered with a fire retarding material and equipped with fireproof self-closing doors; that the cellar stairs will be enclosed in masonry walls with fireproof self-closing doors; that the West Broadway stairs does not lead to street; that the building is separated into 3 portions by masonry walls with fire protected openings; that the windows on both streets facing fire escapes are wood with clear glass; that the windows on the rear fire escapes are fireproof; that front fire escapes terminates at street with a vertical drop ladder; that the building is equipped throughout with a two source sprinkler system and a central station connection; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated January 14, 1960, acting on B.N. Applic. 2473-59, be and it hereby is *modified* and that the appeal be and it hereby is *granted, on condition* that any wood partitions obstructing access to required stairways on all floors shall be removed; that the existing sprinkler system shall be maintained; and that all laws, rules and regulations applicable shall be complied with.

## 96-60-A

APPLICANT—Polarad Electronics Corporation for Albert W. Franklin, owner.

SUBJECT—Application February 8, 1960—Appeal from an order and a decision of the Fire Commissioner—re Fire exit lock.

PREMISES AFFECTED—43-20 34th Street, west side, 100.02 feet south of 43rd Avenue, Block 243, Lot 35, Long Island City, Borough of Queens.

## APPEARANCES—

For Applicant: Daniel P. Chernoff.

ACTION OF BOARD—Appeal denied.

## THE VOTE TO GRANT—

Affirmative: ..... 0

Negative: Chairman Foley, Vice Chairman Kleinert,

Commissioner Fox and Commissioner Becker ..... 4

Absent: Commissioner Sleeper ..... 1

## THE RESOLUTION—

WHEREAS, the order and decision of the Fire Commissioner, dated April 2, 1959 and January 29, 1960 on Order Number 1890-9, reads:

"1. Discontinue use of exit lock on each story for reason these locks have not been approved by Board of Standards and Appeals for use at these specific premises. Sec. C19-161.0 of the Adm. Code."

and

WHEREAS, the applicant states that the building is 180 feet by 90 feet in area, 4 stories, 50 feet high, of class 1 construction, located in unrestricted use, B area, class 1½ height district, built (date unknown), now used and occupied since 1955: cellar—boiler room; basement, factory and accessory office, 85 persons; 1st floor—factory, 135 persons; 2nd floor—factory, 90 persons; 3rd floor—factory, 70 persons; substantially in accordance with Certificate of Occupancy Number Q102853 issued May 27, 1955 against Alt.

# MINUTES

Applic. 2714-54; that the proposed use and occupancy will be the same; and

WHEREAS, the applicant states that the company is engaged in classified work for the Armed Services vital to the cause of national security and for that reason exit locks have heretofore been employed exclusively on the premises in lieu of panic bolts; that panic bolts are easily opened from the inside without alarm or other warning means being given, and, in addition, there is no evidence after the door has been closed that the lock has been released; that on the other hand, the exit lock is attached to an indicating device which immediately informs the security guard; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the appeal not be granted.

*Resolved*, that the order and decision of the Fire Commissioner, dated April 2, 1959 and January 29, 1960, respectively, acting on Order Number 1890-9, Objection No. 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

## 289-60-A

APPLICANT—Burke and Groh for William Uhl, adjoining property owner.

OWNER OF PREMISES—Bay Terrace Country Club, Incorporated.

SUBJECT—Application April 13, 1960—Review of decision of Borough Superintendent and revocation of permit NB 4219/59 re—parking facilities.

PREMISES AFFECTED—217-14 24th Avenue, southeast corner of Little Neck Boulevard, Block 6008, Lots 95, 101 and 103, Bayside, Borough of Queens.

### APPEARANCES—

For Applicant: Robert Groh.

For Opposition: R. S. Hardy.

ACTION OF BOARD—Appeal to reverse Borough Superintendent's decision denied.

### THE VOTE TO GRANT—

Affirmative: ..... 0

Negative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, and Commissioner Becker ..... 4

Absent: Commissioner Sleeper ..... 1

### THE RESOLUTION—

WHEREAS, the applicant states this appeal is presented to the Board of Standards and Appeals at the request of William Uhl, the property owner who resides at 24-40 Little Neck Boulevard, Bayside, New York, to reverse the decision of the Borough Superintendent of March 14, 1960, to permit on the premises of 217-14 24th Avenue, Borough of Queens, under N.B. Applic. 4219-59, the erection of a community club and pool by the Bay Terrace Country Club, Inc.; that the issuance of a permit to construct a swimming pool, etc., was contrary to Article II, Subdivision 2, Section 3 of the Zoning Resolution, which states "Clubs, excepting clubs the chief activity of which is a service customarily carried on as a business"; that to raise the sums of money necessary in this proposition, bonds have been issued with a promise of a 10% return on the original investment; that this places the entire proposition in the category of a profit making organization and therefore, in the realm of business; that it is proposed in the plans to use septic tanks or cess-pools; that this land is eight feet above sea level on clay soil, which, in time, would create a health hazard to the neighborhood; that this entire system would be against the public health and welfare and the permit should be revoked by the Board; and

WHEREAS, the Board finds that the Bay Terrace Country Club is a Membership Corporation, organized under the Membership Corporations Law of the State of New York; that the Certificate of Incorporation for that organization was approved by the Supreme Court of the State of New York as complying with the requirements of the Membership Corporations Law, which means that the corporation is not organized for pecuniary profit.

*Resolved*, that the action of the Borough Superintendent

in issuing a building permit under N.B. App. 4219-59, dated March 14, 1960 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

## 302-60-A

APPLICANT—Carl E. Schiffer for Fredric Burgert, owner.

SUBJECT—Application April 22, 1960—Filed pursuant to Section 310 of the Multiple Dwelling Law for variation of Sections 34 and 216 of the Multiple Dwelling Law re—superintendent's cellar apartment.

PREMISES AFFECTED—1868 White Plains Road, east side, 78.06 feet south of Rhineland Avenue, Block 4050, Lot 35, Borough of The Bronx.

### APPEARANCES—

For Applicant: Carl E. Schiffer and Fred Burgert.

ACTION OF BOARD—Appeal granted on condition.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,

Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

Absent: Commissioner Sleeper ..... 1

### THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated April 18, 1960 on Alt. Applic. 117-60, reads:

"A1. cellar apt. in above building is contrary to Sec. 34 and Sec. 216 of the multiple dwelling law."

and

WHEREAS, the applicant states that the building is 35 feet 8 inches by 58 feet in area, 3 stories, of class 3 construction, located in business use, B area, class 1¼ height district, built in 1925, now used and occupied since 1925: cellar—apartment, boiler and storage, 1 person; 1st to 3rd floors—2 families each floor; and

WHEREAS, the applicant states that Certificate of Occupancy No. 2294 issued November 6, 1925 gives occupancy as 6 families; that the applicant wishes to legalize the use of the cellar apartment; that this apartment has been used for over 20 years as an apartment for the superintendent of the building; that it has been inspected and approved in prior years; that the present use as a cellar apartment has been approved for temporary periods for the entire duration of the law permitting such use; that at the present time, however, the old superintendent having been replaced by the current one, there is a violation of the existing law; that failure to grant this variance would cause unnecessary hardship as envisaged in Multiple Dwelling Law Section 310, under which this appeal is taken; that it would be for all practical purposes impossible to obtain the services of a superintendent, unless an apartment is available for his use; that all other apartments in the premises are occupied and it is not possible to evict any present occupant even if the owner desired; that the rear yard is 24.02 feet deep; that the yard is 2 feet 3 inches above the cellar floor grade; that the ceiling height is 9 feet; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the appeal be granted on condition.

*Resolved*, that the decision of the Borough Superintendent, dated April 18, 1960, acting on Alt. App. 117-60 Objection No. A1 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the building conform to drawings filed with this appeal dated April 22, 1960, 2 sheets; that all laws, rules and regulations applicable be complied with and that a certificate of occupancy shall be obtained.

## 383-60-A

APPLICANT—Morris Berman, owner.

SUBJECT—Application May 12, 1960—Appeal from a decision of the Borough Superintendent—re connection to public sewer.

PREMISES AFFECTED—1947 Rockaway Parkway, east side, 140 feet south of Avenue N, Block 8300, Lot 36, Borough of Brooklyn.

# MINUTES

## APPEARANCES—

For Applicant: Robert H. Haskell.

ACTION OF BOARD—Appeal granted on condition.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker ..... 4

Negative: ..... 0

Absent: Commissioner Sleeper ..... 1

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated May 12, 1960 on B.N. Applic. 1931-60, reads:

"1) The storm water and sanitary plbg. system of the bldg. are required to be connected to the public sewer by Sec. 14-2-1 & Sect. 14-2-2 of the Bldg. Code."

and  
WHEREAS, the applicant states that the building is 13 feet 2 inches by 45 feet in area, 2 stories, 25 feet high, of class 4 construction, located in residence use, D-1 Area, class 1½ height district, built in 1925, as a one family residence, now vacant and boarded up in accordance with the Inspector's Report of March 18th, 1960; that the house was vacated because funds for a street sewer connection were not available, and in the belief that such vacating would remove the violation; that however, the Violation 1015-60 to connect sanitary and storm water to the street sewer was repeated, and the owners are now faced with an apparently unjustifiable expense for non-revenue producing property; that the funds for the connection are still unavailable; that it is respectfully submitted that since there is no sanitary sewage, as certified by the Inspector as to vacancy, and since storm water is adequately drained into a cesspool, that sewer connection at this time is not necessary for any reason; that it is the hope of the owners that when the violation, with its attendant difficulties, is removed, that a tenant would then be found and a sewer connection made before occupancy.

Resolved, that the decision of the Borough Superintendent, dated May 12, 1960, acting on B.N. App. 1931-60 Objection No. One be and it hereby is *modified* and that the appeal be and it hereby is *granted* only until the building is occupied, and in no event beyond one year, *on condition* that the building conform to drawing filed with this appeal dated May 12, 1960, one sheet; that all other laws, rules and regulations applicable shall be complied with and that a certificate of occupancy shall be obtained.

JOSEPH J. DOYLE, Chief Clerk.

RULES

Fire Drill Rules, Adopted by the Board of Standards and Appeals, October 5, 1923

(593-23-SR)

DEFINITION OF "FIRE DRILL"

The method and practice of the systematic and orderly vacating of a building by its occupants in case of emergency, panic or fire in the least possible time—by the nearest safe means of exit—and the use of fire appliances which shall be provided for the extinguishing or retarding of fire and the safeguarding of human life.

Rule 1.

In all buildings as defined in Article 1, Section 10 of the Labor Law in which fire drills are required pursuant to Section 279 thereof and in any other building in which such drills are required by the Fire Commissioner pursuant to the power conferred in section 491 of the New York City Charter, it shall be the duty of the owners, lessees or tenants to conduct fire drills monthly and at such other times as the Fire Commissioner may direct.

For the purpose of conducting such fire drills the owner or tenants shall appoint from among their employees such responsible and dependable persons, male or female, who shall efficiently perform the duties of the various positions of the fire drill organization, as specified on the accompanying chart.

It shall be the duty of the owner or tenant to enter in the blank spaces provided for that purpose in said chart the names of persons so selected and post said chart and copies of the rules in a conspicuous place.

Rule 2. Duties of Foreman.

The Foreman or Person in Charge shall direct, enforce and have full charge of the "Fire Drill" in every factory on each floor. Each day before work is begun he shall see that extinguishers, fire hose, fire buckets, etc., are in readiness for use, exit doors are unlocked, aisles are free

from obstruction, that stairways, halls, etc., are properly lighted, and shall remedy any dangerous condition found to exist. Immediately after work is commenced he shall check up the Fire Drill Organization list and note if the regularly assigned persons are present; if any are found to be absent, he shall assign other employees (if practicable) to perform their duties.

He shall immediately notify new employees of the existence of the Fire Drill Organization and give them the necessary instructions as to the duties they are to perform, etc.

He shall be familiar with the operation and location of the interior alarm signal box on his floor.

He shall listen for the test signal each morning at the appointed hour and in the event of the test signal not being heard he shall communicate with the superintendent or other person in charge of the building and advise him of the fact. The (Floor Captain's) Foreman's orders are final as to the carrying out of the fire drill on his particular floor.

Rule 3. Duties of Watchmen.

The WATCHMEN shall see that all doors and windows are closed so as to prevent the spread of fire. The WATCHMEN shall be the only persons permitted to remain on the floor during the progress of a fire drill and do so at their own risk. For ordinary purposes only one watchman and a substitute shall be designated. In special cases, however, extra watchmen may be assigned by consent in writing from Fire Commissioner.

Rule 4. Duties of Searchers.

The MALE AND FEMALE SEARCHERS shall search all toilets, dressing rooms and emergency rooms used and frequented by their sex and all other portions of the floor and order all persons, except those authorized to remain, to leave the premises. They are to take care of and assist all persons who may faint or be disabled.

SEARCHERS shall leave the floor immediately after the last squad leaves.

Rule 5. Duties of Street Alarm Box Runner.

The STREET-ALARM-BOX-RUNNER shall be familiar with the location of the nearest city fire alarm box and know how it is operated.

In ordinary practice fire drills the STREET-ALARM-BOX-RUNNER shall report to the Foreman for orders, and if his services are not required he shall promptly file out of the premises with the other occupants.

Only when a fire actually occurs on his floor, or when ordered to do so by the Foreman, shall the STREET-ALARM-BOX-RUNNER proceed to the street alarm box and send in the fire alarm.

Rule 6. Duties of Fire Brigade.

The fire brigade shall have full charge of the operation of all auxiliary fire fighting apparatus and shall endeavor to extinguish, or at least hold in check until the arrival of the Fire Department, any fire that may occur. When it is necessary for the fire brigade to respond to different floors in the building they shall not use the stairways or fire escapes while the occupants are escaping from the premises.

Rule 7. Duties of Exit Guards.

The EXIT GUARDS shall station themselves at all exit doors leading to fire escapes, stairways, and other means of escape immediately upon the sounding of the alarm. There shall be two guards for each exit, if practicable; one to stand in the hallway holding back the door and the other directly inside on the floor. They are to keep the exit doors open and direct the movements of the persons using these exits and prevent congestion.

## RULES

EXIT GUARDS shall remain at their stations until all of the occupants of the building have passed their station. Then close their doors and pass out of the building. Upon signal for the occupants to return, EXIT GUARDS shall take their designated stations and remain there until all persons have returned to their respective floors.

### Rule 8. Duties of Squad Monitors.

The SQUAD MONITORS, as soon as the alarm is sounded, shall see that the employees under their charge quickly form into line, two abreast, and numbering not more than thirty to each squad. They shall see that all aisles and passageways are cleared of obstructions.

**Note:** Chairs, stools, baskets, etc., should be pushed under or placed on top of work benches.

MONITORS shall proceed at the head of their respective squads to the exit assigned, and then march up or down the stairs or to other exits as directed by the EXIT GUARDS.

On reaching the sidewalk MONITORS shall keep their squads in order and lead them a reasonable distance from the building, so as not to cause congestion and interference with fire apparatus. When the proper signal is given they shall return to their respective floors at head of their squads.

MONITORS will at all times see that those under their charge conduct themselves in a respectable and orderly manner.

### Rule 9. Holding of Drills.

FIRE DRILLS shall be held at least once each month at varied hours of the day, and all of the occupants shall participate therein simultaneously. Such drills shall conduct all occupants to a place of safety.

Where dual operation interior fire alarm systems are installed as permitted under Rule 10.1 of the interior fire alarm rules of the Board of Standards and Appeals, the fire drill conducted each month shall include all of the persons on the premises engaged at work for a factory, and drills shall be conducted at least twice, each year in which all of the persons on the premises shall participate simultaneously.

### Rule 10. Duties of Owner.

It shall be the duty of the OWNER, LESSEE OR TENANT OF THE BUILDING or his authorized agent or their representatives to personally observe that the "Fire Drill" is held simultaneously on every floor of the

building and the participation therein of every occupant of such building. Any FIRE DRILL in which all of the occupants do not participate shall not be considered as complying with the LAW, except as otherwise provided in these rules.

The person or persons representing the OWNERS, LESSEE OR TENANT, who supervises the FIRE DRILL at the building shall submit to an examination by the Division of Fire Prevention as to their experience and general fitness for such duties, and shall be so certified in writing by the FIRE COMMISSIONER.

It shall be the duty of the ENGINEER, SUPERINTENDENT or other PERSON IN CHARGE of a building having an interior fire alarm system to test such system daily immediately after the beginning of business, and to see that all apparatus operated by springs, requiring winding are rewound after each alarm and kept in normal condition for operation.

### Rule 11. Duties of Engineer.

Whenever it is necessary to test the fire alarm system at any other time of the day, owing to repairs, etc., being made, the PERSON IN CHARGE OF BUILDING will first notify all Foremen of the several floors of the intended test and likewise notify them when the repairs, etc. are completed. This precaution is taken to prevent confusion and excitement, also misunderstanding of the alarm signals.

It shall also be the duty of the PERSON IN CHARGE OF BUILDING to sound the interior alarm system at irregular intervals, but not less than once each calendar month, for the purpose of holding practice fire drills. He shall keep on the premises a record of such drills, showing the date when held and the required time for all occupants to reach the street or a point of safety outside the building.

The PERSON IN CHARGE OF BUILDING must immediately acquaint new tenants of the existence of the "Fire Drill" Organization and its purport.

### Rule 12. Registration.

The name and address of every person, corporation or co-partnership, that will, under professional service, carry on the trade, business or calling of establishing, maintaining or supervising the "Fire Drill" shall be registered in the Fire Department, which Department shall, upon evidence of fitness, grant a certificate to that effect.

Fire Drill Rules.

### NOTICE

1—CALENDAR: Notices of public hearing on applications for zoning variances will be published twice: first publication, listing new cases set for hearing, in the Bulletin available to the public at least 14 days before the date of hearing; second publication, in the last Bulletin available to the public immediately prior to the hearing date. The second publication will be augmented with a listing of cases laid over from previous hearings. Attention is directed to the MINUTES of such previous hearings, where the reasons for laid over cases will have been published. Notices of public hearing on applications for approval of materials and appliances will be published once, at least 10 days prior to the hearing date.

2—MINUTES: The publication of the "digest" of the applicant's statement has been discontinued, except that the administrative orders, decisions, etc., which are the subject of each application or appeal will be published. The summary of information given in the Appeal Form (Form A) shall be published for Administrative Appeals. The Board will continue to publish such other matters as it may deem advisable.

### PUBLIC HEARINGS

Tuesdays at 10 a.m. and 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held at 80 Lafayette Street, 9th Floor, Borough of Manhattan.

### HOURS OF CONSULTATION

10 A.M. to 1 P.M.

Any person desiring to consult the Chairman, the Commissioners, Director or the Engineers, pertaining to the work of the board, will be seen only between the hours of ten in the morning and one in the afternoon—Saturdays excepted.

## THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 21, 1960 after due notice by publication in the Bulletin; laid over to July 6, 1960 for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated October 16, 1959 acting on Alt. Applic. No. 212-59 reads:

"1. The extension of the gasoline service station including lubritorium, minor auto repairs with hand tools, auto laundry and office in a Business Use District is contrary to Sec. 4 of the Zoning Resolution and Cal. No. 838-47-BZ Resolution of the Board of Standards and Appeals."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board which recommended granting under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions e, f and i of the Zoning Resolution.

*Resolved*, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Sections 7e, 7f and 7i of the Zoning Law, for a term of fifteen (15) years, to permit in a business use district, the construction of a one-story extension to the service building of an existing gasoline service station, lubritorium, office, minor repairs with hand tools only and auto laundry, and to provide an additional bay for minor repairs with hand tools and an automatic automobile laundry, *on condition* that the work shall be done in accordance with drawings filed herewith dated November 13, 1959, 3 sheets and May 6, 1960, 6 sheets; that all laws, rules and regulations applicable shall be complied with; that all permits required and a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

## 155-48-BZ

Negative ..... 0

## THE RESOLUTION—

WHEREAS, on July 13, 1948, this application was granted by the Board on certain conditions; and

WHEREAS, the applicant states that the only question involved is the electric sign; that the store and sign have been in existence for many years without any adverse effect on the area and the character of the community has not changed; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which had expired by time limitation on July 13, 1958; and

WHEREAS, this application was reopened on June 7, 1960, and set for hearing on July 6, 1960 at 10 A.M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated April 21, 1960, acting on Electric Sign Applic. 266-60, reads:

"Sign is located in a Residence District.

NOTE: B.S.&A. 155-48-BZ—variance expired 7/13/58."

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on July 13, 1948 only as to the term of the variance, so that as amended it shall read:

"granted for a term of ten (10) years from the date of this amended resolution, to permit. . .; that other than as herein amended the resolution above cited shall be complied with in all respects; and that a new certificate of occupancy shall be obtained."

## 352-57-BZ—Vol. II

APPLICANT—Patrick D. Concagh for 27 East 37th Street Corporation, owner.

SUBJECT—Application reopened March 22, 1960 as Volume II—decision of the Borough Superintendent, under Section 7e of the Zoning Resolution, to permit in a residence use district the change in occupancy of the basement and first floor of an existing four story multiple dwelling from residence to business use (offices).

PREMISES AFFECTED—27 East 37th Street, northside, 200 feet east of Madison Avenue, Block 867, Lot 28, Borough of Manhattan.

### THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 21, 1960 after due notice by publication in the Bulletin; laid over to July 6, 1960 for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated November 10, 1959 acting on Alt. Applic. No. 1451-59, reads:

"A-1. Proposed transient use of garage is contrary to Section 60 M.D.L. and Art. 2 Sect. 4(a) Sub. 15 of the Zoning Resolution."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended granting on certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution and Section 60(1d) of the Multiple Dwelling Law.

*Resolved*, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e of the Zoning Resolution and Section 60 (1d) of the Multiple Dwelling Law, to permit in a business use district, the use of part of an existing legal multiple dwelling accessory garage for transient parking for a term of twenty-one years, *on condition* that the building conforms to drawings filed with this application dated December 7, 1959, 6 sheets, and April 21, 1960, 1 sheet; that the vehicles parked in transient parking space shall be pleasure-type cars only and shall not exceed 80 in number in addition to the number of cars parked by tenants of this building and the cars parked on a monthly basis, and also *on condition* that the tenants of this apartment house may recapture any of the space devoted to transient parking on thirty days' notice to the owner in accordance with Section 3 (9) (b) of the Zoning Resolution and Section 60 (b) of the Multiple Dwelling Law; that all laws, rules and regulations applicable shall be complied with and a new certificate of occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

## 333-60-A

APPLICANT—Mazza and Seccia for Statecourt Enterprises Incorporated, owner; Kinney System Incorporated, lessee.

SUBJECT—Application May 3, 1960—filed pursuant to Section 60, Par. 1, subdivision (d) of the Multiple Dwelling Law, re—transient parking, multiple dwelling.

PREMISES AFFECTED—135-139 East 33rd Street, and 220-226 Lexington Avenue, northwest corner, Block 889, Lot 15, Borough of Manhattan.

### APPEARANCES—

For Applicant: Eugene M. Seccia.

ACTION OF BOARD—Appeal granted on condition.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated April 27, 1960 on Alt. Applic. 1451-59, reads:

# MINUTES

"A1—Proposed transient use of garage is contrary to Section 60 M.D.L. and Article 2 Section 4(a) Subd. 15 of the Zoning Resolution."

and

WHEREAS, the applicant states that the building is 80 feet by 188 feet 5 inches in area, 14 stories, 140 feet high, of class 1 construction, located in business use, B area, class 2 height district, built in 1958, now used and occupied since 1958: sub-cellar—garage, 60 cars; cellar—garage, 30 cars, tenant's laundry, meter room, porter's room, and storage; basement—garage, 35 cars, lobby and mail room, 3 stores, 22 persons; 1st floor—12 apartments; 2nd to 12th floors—14 apartments each floor; 13 and 14th floors—9 apartments each floor; penthouse—9 apartments, substantially in accordance with Certificate of Occupancy Number 48826 issued March 31, 1958; that the proposed use and occupancy will be the same, except for proposed transient garage in sub-cellar, cellar and basement, as stated under Calendar Number 818-59-BZ; and

WHEREAS, the applicant states that access to the garage is at the northerly end of the Lexington Avenue side of the building and access to the sub-cellar and cellar garages is obtained by two automobile elevators located at the rear north west corner of the building; that the total number of motor vehicles allowed as per the Certificate of Occupancy is 125, however the actual capacity of the garage is:

|            |          |
|------------|----------|
| Sub cellar | 68 cars  |
| Cellar     | 45 cars  |
| Basement   | 31 cars  |
|            | 144 cars |

and

WHEREAS, the applicant states that since the completion of the building, the average monthly rental of car space is: 21 to tenants of the building,

44 to monthly non-occupants of the building or a total of 65 cars, which is far below the legal capacity, or 52% of capacity; and

WHEREAS, the proposed use of surplus car spaces for transient parking for a period of less than one month is prohibited under the Multiple Dwelling Law unless authorized by the Board of Standards and Appeals, as per Section 60, par. D, Multiple Dwelling Law; that the legislative intent was designated to take advantage of the large amount of unused parking spaces in Multiple Dwellings; that this would help relieve the shortage of off street parking, serve the public demand and not adversely affect anyone; that it is the considered opinion that the granting of a variance will do substantial justice and be in harmony with the general purpose and intent of the laws; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, acting on Alt. App. 1451/59, Objection No. A-1, dated April 27, 1960, be and it hereby is modified under the powers vested in the Board by Section 310 of the Multiple Dwelling Law, and that the appeal be and it hereby is granted, on condition that all requirements of the resolution adopted by the Board this day under Cal. No. 818-59-BZ shall be complied with; and that all other laws, rules and regulations shall be complied with and a new certificate of occupancy obtained.

## THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 21, 1960 after due notice by publication in the Bulletin; laid over to July 6, 1960 for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated December 29, 1959 acting on Alt. Applic. No. 2647-59, reads:

"1. Proposed extension exceeds the permitted coverage and encroaches into the req'd rear yard in an F district and is contrary to Art. 4, Sec. 16 b & d of the Z.R."

and  
WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended granting on certain conditions; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 21, to permit in an F area district, the construction of a one-story extension to the rear of an existing two-story dwelling, exceeding the permitted coverage, on condition that all work shall be done in accordance with drawings filed herewith dated January 14, 1960, 7 sheets and May 6, 1960, 4 sheets except that the rear yard regulations shall be complied with; that all other laws, rules and regulations applicable shall be complied with; that all permits required and a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

## 157-60-BZ

APPLICANT—Jacob Fisher and Donald D. Fisher for Free Magyar Reformed Church, owner.

SUBJECT—Application March 3, 1960—decision of the Borough Superintendent, under Section 7e of the Zoning Resolution to permit in a residence use district, in an existing one story and basement church, the change in occupancy to theatre with lounge and dressing rooms.

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Sleeper, Commissioner Fox and  
Commissioner Becker ..... 5  
Negative ..... 0

## THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 21, 1960, after due notice by publication in the Bulletin; laid over to July 6, 1960 for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated February 3, 1960, acting on Alt. Applic. 65-60, reads:

"2. Proposed use located in a residence use district, is contrary to Art. II #3 Zoning Resolution."

and  
WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended granting on certain conditions; and

WHEREAS, the Board found that this was an appropriate

case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7e, for a term of ten (10) years, to permit in a residence use district, in an existing one-story and basement church, the change in occupancy to theatre with lounge and dressing rooms, on condition that the work shall be done in accordance with drawings filed herewith dated March 3, 1960, 8 sheets; that all laws, rules and regulations, including Exit Rules under the Administrative Code, shall be complied with; that all permits required and a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

## 158-60-A

APPLICANT—Jacob Fisher and Donald D. Fisher for Free Magyar Reformed Church, owner.

SUBJECT—Application March 3, 1960—Appeal from decision of the Borough Superintendent re—Class III construction, building for use as theatre, more than 20 feet in height.

PREMISES AFFECTED—206-208 East 11th Street, south side, 129 feet east of Third Avenue, Block 466, Lot 12, Borough of Manhattan.

## APPEARANCES—

For Applicant: Donald D. Fisher and S. Cohen.

ACTION OF BOARD—Appeal granted on condition.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Sleeper, Commissioner Fox and  
Commissioner Becker ..... 5  
Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated January 22, 1960 on Alt. Applic. 65-60, reads:

"1. Class III bldg. for use as theatre more than 20 feet in height is contrary to 4.2.1 B.C."

and

WHEREAS, the applicant states that the building is 36 feet by 65 feet in area, 1 story and basement, 29 feet high, of class 3 construction, located in residence use, B area, class 1½ height district, built about 1885, now used and occupied since 1885: cellar—vacant; basement—lecture room, 100 persons; 1st floor—church, 240 persons; that the proposed use and occupancy will be: cellar—vacant; basement—lounge, dressing rooms and storage, 50 persons; 1st floor—theatre, 242 seats; and

WHEREAS, the applicant states that the basement ceiling is fire-retarded with plaster and sheet metal, and that the ceiling of the 1st floor (the underside of the roof) which is 29 feet high, is plastered to form an ornamental ceiling; that the present exits, which consist of a 7 foot wide doorway at the front of the 1st floor church opening on the street and a 3 foot 6 inch wide door at the rear in the basement opening on a yard 25 feet deep, will be improved by constructing a new steel stairway, 3 feet 8 inches wide, at the rear 1st floor extending to the basement, thence by means of a 3 foot 8 inch wide fireproof enclosed passageway leading to a 3 foot 8 inch wide door opening on the street front; that a ladder to a 24 inch by 36 inch scuttle in the roof will be installed; that these exit facilities will more than comply with Article 7 of the Building Code and Local Law 29; that the theatre exit laws do not apply here since the occupancy is less than 300 persons in the theatre portion; that actually the number of persons will not be more than 242; that to allow the building to remain vacant would create a health and fire hazard due to vandalism in this section of the city; that a conforming use in this small church building and plot would be utterly impractical; that to demolish the building would be a loss to the owner and the city; that the proposed experimental theatre use is the closest to the present public use as to classification;

# MINUTES

that the high 1st floor plastered ceiling and the fire retarded basement ceiling reduce the fire hazard, if any; that the side walls are unpierced; that the number of occupants will not be increased; that the area is small, 2345 square feet, the height only 29 feet high; that the exit facilities will be increased so that they are ample and more than comply with the Building Code and Local Law #29; that the nearest building at the rear is 25 feet from the rear wall of this building; that the bearing capacity of the 1st floor is 75 lbs. per square foot, complying with the Building Code; that adequate dressing room facilities will be provided in the basement and sprinklered; that mechanical ventilation will be maintained; that scenery, if any, will be lawfully flameproofed; and

WHEREAS, the premises was inspected by a committee of the Board which recommended granting on certain conditions.

Resolved, that the decision of the Borough Superintendent, dated January 22, 1960, acting on Alt. App. 65/60, Objection 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that all requirements of the resolution adopted by the Board this day under Cal. No. 157-60-BZ shall be complied with; that the basement shall be sprinklered; that the seating capacity shall not exceed 242; that all other laws, rules and regulations applicable shall be complied with; and that a certificate of occupancy shall be obtained.

## 183-60-BZ

APPLICANT—J. M. Berlinger for Ten Fifth Avenue Corporation, owner.

SUBJECT—Application March 7, 1960—decision of the Borough Superintendent, under Section 7a of the Zoning Resolution, to permit in a residence use district, the erection of a one story extension to an existing four story and basement multiple dwelling with stores on the ground floor to provide a building line front for store number six (6), the extension to cover the balance of the plot.

PREMISES AFFECTED—1 West 8th Street and 10 Fifth Avenue, northwest corner, Block 572, Lot 44, Borough of Manhattan.

### APPEARANCES—

For Applicant: J. M. Berlinger and Joel J. Weiner.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 21, 1960, after due notice by publication in the Bulletin; laid over to July 6, 1960 for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated February 29, 1960, acting on Alt. Applic. 1949-59, reads:

"1. Proposed extension of a store in a residence district is contrary to Article II Subd. 3 of the Zoning Resolution."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision a of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7a, to permit in a residence use district, the erection of a one story extension to an existing four story and basement Multiple Dwelling and store building to provide a building line frontage for store number six, the extension to cover the balance of the lot, *on condition* that the work shall be done in accordance with drawings filed with this application dated, March

7, 1960, 5 sheets; that all laws, rules and regulations applicable shall be complied with; that all permits, including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

## 322-60-BZ

APPLICANT—Herman Horowitz for Jacob Perlow and 259-261 West 12th Street Corporation, owners.

SUBJECT—Application April 28, 1960—decision of the Borough Superintendent, under Section 21 of the Zoning Resolution, to permit in a business and residence use, "D" area, class  $\frac{3}{4}$  height district, the erection of a six story and basement multiple dwelling, that exceeds the permitted area coverage and exceeds the permitted height.

PREMISES AFFECTED—257-261 West 12th Street, north side, 181 feet east of West 4th Street, Block 615, Lots 90 and 91, Borough of Manhattan.

### APPEARANCES—

For Applicant: Herman Horowitz.

For Opposition: None.

ACTION OF BOARD—Application denied.

### THE VOTE TO GRANT—

Affirmative: ..... 0

Negative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox, and Commissioner Becker ..... 5

### THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 14, 1960, after due notice by publication in the Bulletin; laid over to June 21, 1960 for continued hearing; applicant to inform Board as to economic possibility of developing the property in conformance with the Zoning Law; then laid over to July 6, 1960 for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated April 14, 1960, acting on N.B. Applic. 103-59, reads:

"A4—The proposed new building is now located in a  $\frac{3}{4}$  times height district, same is shown to exceed  $\frac{3}{4}$  times the width of the street in height at the street frontage and is contrary to Art. III Sec. 8(c) of the Zoning Resolution."

A5—The proposed new building is now located in a D area district the occupied area and yard shown on the above lot is contrary to Art. IV Sec. 14D subd (a) and (c) of the Zoning Resolution."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applic. 103-59, Objection Nos. A4 and A5, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

Adjourned: 4:05 P.M.

JOSEPH J. DOYLE, Chief Clerk.

## REGULAR MEETING

WEDNESDAY AFTERNOON, JULY 6, 1960, 2 P.M.

Present: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker.

## APPEARANCES—

For Applicant: A. W. Rawlins.

**ACTION OF BOARD—**Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

419-39-SM—Vol. II—Amendment to resolution as to revised load table.

Macomber Incorporated, Canton, Ohio, requested that the resolution adopted December 13, 1955 under Calendar Number 419-39-SM—Vol. II be amended so as to include a revised load table.

USE: Steel joists as defined under Section C26-143.0.

DESCRIPTION: There has been no change in the construction of the joists from those approved December 13, 1955 under Calendar Number 419-39-SM—Vol. II.

INSPECTION AND TEST: Tests were conducted on joists under the provisions of Section C26-519.0 Administrative Building Code. These tests and computations were made in order to evaluate the load carrying capacity of the joists when loaded so that the deflection of the joists did not exceed the allowable of 1/360 of the span for the total designed load.

The complete report is on file with and is part of the record.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted December 13, 1955 under Calendar Number 419-39-SM—Vol. II be amended so as to include the revised load table, on page 893, on condition that all other requirements of the resolution adopted December 13, 1955 under Calendar Number 419-39-SM—Vol. II be complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,

JOHN A. DARTS,

Assistant Engineer,

GEORGE F. SKLENARIK,

Assistant Engineer,

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby amend the above cited resolution in accordance with the above report.

## 486-39-SM—Vol. II

APPLICANT—United States Gypsum Company, owner—additional lath and lathing accessories.

## APPEARANCES—

For Applicant: Richard E. Skogsberg.

**ACTION OF BOARD—**Resolution amended in accordance with the report and recommendation of Committee on Test.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

486-39-SM—Vol. II—The United States Gypsum Company requested by letter that the resolution adopted September 24, 1940, and amended at various times through June 1, 1955, be reopened and amended to approved additional sizes and accessories. The case reopened by vote of the Board on December 6, 1955.

USE: The gypsum boards and accessories are used to provide surfaces for walls, ceilings, partitions, and for decoration. Where used in fire-rated assemblies, they are individually tested and approved under other calendar numbers.

DESCRIPTION: All gypsum boards will be manufactured in thicknesses of 1/4-inch to 2 inches, in widths of 8 inches to 48 inches, in lengths of 2 feet to 20 feet inclusive, and in

edge formations of round, square, beveled, recessed or V joint tongue and groove.

USG Baxbord will be in the above sizes and thicknesses. It differs from USG Sheetrock only in that the two face papers are unfinished chip board.

USG Insulating Baxbord will have aluminum foil on one face, applied over the Chip board and Chip board on the other face.

USG Firecode Baxbord and USG Firecode Insulating Baxbord will be identical in outward appearance to the above except it will have aluminum foil vapor barrier and reflective insulation on one face.

USG Woodgrained Sheetrock and predecorated Sheetrock has been approved with certain woodgrained paper, also with certain genuine wood veneers also predecorated with paints and lacquers. It is now made in additional colors and methods of decoration.

Mill laminated panels of various combinations of gypsum board products are available. The various boards available are in thicknesses of 1/4-inch to 2 inches making panels available in thicknesses of 1/2-inch to 4 inches and in widths, lengths and thicknesses previously mentioned and with all edges previously mentioned to include shiplap edges in addition on the laminated panels.

USG Gypsum Coreboard in thicknesses of 1/4-inch to 2 inches with square, round or V Tongue Groove edges and in lengths of 2 feet to 20 feet is a new sheetrock product. It will also be sold under the name of USG VAUGHN WALLS Coreboard.

USG Sheetrock will also be sold in all sizes and thicknesses and grades as USG Vaughn Walls Face Panels.

Certain USG Metal Accessories are used with these gypsum boards. These include Numbers 100, 101, 102 and 103 Beads for protection of corners. Protection for edges is provided by Numbers 200, 200B, 200C, 300, 301, 400 and 401 trim.

INSPECTION AND TEST: The Committee on Test examined the material submitted and the supporting technical data.

They found that the material is as previously approved except as follows:

Gypsum Wall Boards have been previously approved under this Calendar Number, and in fire-rated assemblies under Calendar 790-42-SM, Calendar 546-54-SM, Calendar 236-38-SM, Calendar 286-60-SM, and Calendar 301-60-SM. All Sheetrock and VAUGHN Sheetrock Face panels are identical with material previously approved under this Calendar Number except for size or thickness. Mill laminated panels consist of panels of material previously approved except for thickness. USG Coreboard and Vaughn Walls Coreboard are identical with USG Baxbord, previously approved under this Calendar Number except for size and thickness.

USG Woodgrained Sheetrock and predecorated Sheetrock is identical with material previously approved except for size, thickness, and change in color or method of decoration.

The accessories are identical in basic design with accessories previously approved under this Calendar Number, except that these accessories are a normal development to take care of greater thicknesses of boards.

RECOMMENDATION: Based on the data and samples submitted and the inspections and tests conducted, the Committee on Test recommends that the U. S. Gypsum Company's Sheetrock, Firecode Sheetrock, Woodgrained and Predecorated Sheetrock, Coreboard, Baxbord, Insulating Baxbord, Firecode Baxbord, Firecode Insulation Baxbord, USG Vaughn Walls Coreboard, USG Vaughn Walls Face Panels in thicknesses of 1/4-inch to 2 inches and in sizes of 12 inches wide to a maximum of 4 feet wide, and in maximum lengths of 20 feet be approved under this resolution and that mill laminated panels of the same materials be approved and that the metal accessories listed be approved, providing all the provisions of the previous resolution adopted September 24, 1940, and amended at various times through June 1, 1955 under Calendar Number 486-39-SM are complied with and each board or bundle is stamped, tagged, labeled or marked "Approved by the Board of Standards and Ap-

Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

## 785-39-SM

APPLICANT—Maurice A. Knight, owner—acid waste sump.

### APPEARANCES—

For Applicant: Fred M. Klein.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

785-39-SM—Amendment to resolution as to additional neutralizing sump.

Maurice A. Knight, owner, requested that the resolution adopted October 20, 1942 under Calendar Number 785-39-SM be reopened and amended so as to include an additional design of sump.

USE: Sump for handling acid waste.

DESCRIPTION: The requested sump has the same basic design as the original sump, but instead of the tank being of acid proof glazed tile, the requested sump is made of  $\frac{1}{4}$  inch steel plate,  $\frac{1}{4}$  inch Pyroflex glass fabric lining and acid proof brick laid in permanite cement.

Pyroflex is a thermoplastic with a softening point of 280°F and it will liquify at 450°F.

The thickness of acid proof brick used in the tank depending on the temperature of acid waste; thickness ranging from 2 $\frac{1}{4}$  inches for 200°F waste to 13 $\frac{1}{2}$  inches for 420°F.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted October 20, 1942 under Calendar Number 785-39-SM be reopened and amended so as to include the additional acid waste sump as herein described, on condition that the requirements of the resolution adopted October 20, 1942 under Calendar Number 785-39-SM be complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,

Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

## 1144-40-SM

APPLICANT—United States Gypsum Company, owner—additional textures of tile.

### APPEARANCES—

For Applicant: Richard E. Skogsberg.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

1144-40-SM—Amendment to resolution as to additional textures of acoustical tile.

United States Gypsum Co. requested that the resolution adopted November 5, 1941 and amended through May 21, 1957 under Calendar Number 1144-40-SM be reopened and amended so as to include additional textures of acoustical tile.

USE: Incombustible acoustical tile.

DESCRIPTION: There has been no change in the composition of the tile; the request is for additional textures. The tiles will have either a plain, motified, striated, slotted, perforated or random perforated finish.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted November 5, 1941 and amended through May 21, 1957 under Calendar Number 1144-40-SM be reopened and amended so as to include additional textures of Acoustone acoustical tile also known as Acoustone Airson, as herein described, and permission to manufacture the approved tile at additional domestic plants now owned and operated by the applicant, on condition that the requirements of the resolution adopted November 5, 1941 and amended through May 21, 1957 under Calendar Number 1144-40-SM be complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Assistant Engineer,  
GEORGE F. SKLENARIK,  
Assistant Engineer,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

## 151-44-SA

APPLICANT—Nash Eng. Co., owner—revised design of sewer ejector.

### APPEARANCES—

For Applicant: A. P. Smith.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

151-44-SA—Amendment of resolution as to air gap on sewage ejector.

Nash Engineering Company, South Norwalk, Conn., requested that the resolution adopted October 30, 1945 under Calendar Number 151-44-SA be reopened and amended so as to permit the use of an air gap in lieu of a water seal tank to afford a positive break between the city water supply and the compressor.

USE: Pneumatic sewage ejector.

DESCRIPTION: The only change is in the substitution of a Boosey Fixed Air Gap No. 2030 for a water seal tank to afford a positive break between water supply and the compressor.

The Boosey Fixed Air Gap is designed with tapped inlet and outlet and the air gap is dependent on the inlet diameter. The Model number 2030, having a  $\frac{3}{4}$  inch diameter inlet, has a fixed air gap of 2 inches which is well in excess of the minimum air gap as required under the Submerged In-

# MINUTES

let Rules of the Board. Details of construction were examined by Ass't. Engr. J. A. Darts and Mr. J. Finnerty, Bureau Chief Inspector, Dep't. of Water Supply, Gas & Electricity.

**RECOMMENDATION:** The Committee on Test recommends that the resolution adopted October 30, 1945 under Calendar Number 151-44-SA be reopened and amended so as to permit the use of a Boosey Fixed Air Gap, Number 2030, in lieu of a water seal tank, on condition that the requirements of the resolution adopted October 30, 1945 under Calendar Number 151-44-SA be complied with.

Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

## 122-55-SA

**APPLICANT**—G.A.L. Electro Mechanical Service, owner—interlock.

### APPEARANCES—

For Applicant: A. S. Michels.

**ACTION OF BOARD**—Application reopened and appliance approved in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

Negative: ..... 0

### THE RESOLUTION—

**WHEREAS**, the report of a Committee on Test reads: 122-55-SA—G.A.L. Electro Mechanical Service, New York, filed February 9, 1955 for approval of the Type DM Interlock. The application was dismissed for lack of prosecution June 23, 1959.

**USE:** A double swing door interlock.

**DESCRIPTION:** The Type DM Interlock is an electro mechanical interlock intended for use on push button controlled elevators with double swing doors to prevent the operation of the elevator unless all hoistway doors are closed and locked. The device consists of the Type M Interlock, previously approved under Calendar Number 24-41-SA, with the addition of a second set of door contacts.

The switch consists of three sets of contacts, the two door contacts comprising bridging plate and two spring loaded contact fingers. The bridging plates for these contacts are mounted on the projecting end of the keepers so that the contacts are opened or closed when the door is opened or closed. The locking cam contact consists of two stationary fingers and a spring loaded bridging piece fastened to the locking cam activated to open and close by the retiring cam through a bell crank secured to the end of the cam roller arm locking shaft.

The operation is as follows: when the car is at the landing, the door is closed and the cam roller is released due to the withdrawal of the retiring cam. This locks the door by the engagement of the locking cam with the latch on the keeper. The interlock circuit is completed through three sets of contacts permitting operation of the elevator.

When the car stops at the landing, the release of the retiring cam causes the roller arm to rotate the shaft to release the locking cam, breaking the cam contact. This unlocks the door by moving the cam out of engagement with the keeper. The interlock circuit is thus opened and movement of the car away from the landing is prevented. When the doors are opened the other contacts are opened by the withdrawal of the keeper.

To complete the interlock circuit and allow the car to be

moved all contacts must be bridged. This is accomplished by closing the doors and retiring the cam so it releases the cam roller arm which locks the doors. The catch on the cam to which the cam bridging piece is attached overlaps the latch of the keeper before this contact has closed.

**INSPECTION AND TEST:** The Type M Interlock has been approved by the Underwriters' Laboratory under S.A. 595, copy of which is on file with and is part of the record.

**RECOMMENDATION:** The Committee on Test recommends the approval of the Type DM Interlock as manufactured by the G.A.L. Electro-Mechanical Service for use in New York City under the provisions of Sections C26-899.0, C26-907.0 through C26-913.0 Administrative Building Code, on condition that the appliance bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 122-55-SA".

Director,  
**JOHN A. DARTS**,  
Assistant Engineer,  
**GEORGE F. SKLENARIK**,  
Assistant Engineer,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

## 689-56-SM

**APPLICANT**—Screw & Bolt Corp., new owner—change of corporate name.

### APPEARANCES—

For Applicant: C. E. Zettel.

**ACTION OF BOARD**—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

Negative ..... 0

### THE RESOLUTION—

**WHEREAS**, the report of a Committee on Test reads: 689-56-SM—Amendment to resolution as to change in Corporate name.

Screw and Bolt Corp. of America requested that the resolution adopted January 21, 1958 under Calendar Number 689-56-SM be reopened and amended so as to show a change of name of the Corporation.

The applicant has submitted an extract of the minutes of the shareholders meeting held April 15, 1959 covering the vote on the change of corporate name. Also submitted is a certified copy of the Articles of Amendment to the Articles of Incorporation under which the name of the Corporation was changed.

**RECOMMENDATION:** The Committee on Test recommends that the resolution adopted January 21, 1958 under Calendar Number 689-56-SM be reopened and amended so as to show a change in corporate name; formerly known as Pittsburg Screw and Bolt Corp., now known as Screw and Bolt Corp. of America, on condition that all the other requirements of the resolution adopted January 21, 1958 under Calendar Number 689-56-SM be complied with.

(Sgd.) **WILLIAM A. NOLAN**,  
Director,  
**JOHN A. DARTS**,  
Assistant Engineer,  
**GEORGE F. SKLENARIK**,  
Assistant Engineer,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

## 311-57-SM

APPLICANT—E. I. Du Pont De Nemours & Co., Inc., owner—additional fabric.

### APPEARANCES—

For Applicant: Samuel R. Todd.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 311-57-SM—Amendment to resolution as to additional fabric.

E. I. Du Pont De Nemours & Co., Inc., requested that the resolution adopted February 11, 1958 under Calendar Number 311-57-SM be reopened and amended so as to include an additional fabric.

USE: Material to be used as a window covering in places of public assembly.

DESCRIPTION: The material is the same as that previously approved; a glass fabric coated on both sides with a plasticised polyvinyl chloride. The difference being in the appearance, as the requested material "Tontine Triglas" is plain.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted February 11, 1958 under Calendar Number 311-57-SM be reopened and amended so as to include the additional material known as "Tontine Triglas", on condition that the requirements of the resolution adopted February 11, 1958 under Calendar Number 311-57-SM be complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Assistant Engineer,  
GEORGE F. SKLENARIK,  
Assistant Engineer,  
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby amend the above cited resolution in accordance with the above report.

## 137-58-SM

APPLICANT—American Fabricators Division of Bellingham Shipyards Co., owner.

### APPEARANCES—

For Applicant: Marcel Vogt.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 137-58-SM—American Fabricators, Division of Bellingham Shipyards Co., Bellingham, Washington, filed for approval of the American Fabricators Roof Structure Supports consisting of glued laminated timbers under the provisions of Sections C26-370.0 through C26-370.6 Administrative Building Code.

USE: The material is to be used in timber construction.

DESCRIPTION: Glued laminated timbers, are assembled laminations, glued up and put under pressure to form structural beams, columns and arches.

In the process of manufacturing, the lumber is examined for defects, such as knots, checks, etc. and soundest pieces are set aside for use in the upper and lower faces of the beam. The lumber having knots, etc. is placed at or near the

neutral axis of the section. When necessary to form a long beam, smaller planks are glued together, using a scarf joint (1 to 15) to form a continuous plank before laminating of the length desired.

The plank, which is to be used in the extreme face of the section, is glued on one side only and then placed in the pressure rig. Each succeeding plank is then glued on both faces and placed one on top of the other, above the first plank. The last plank used gives the desired depth to the section and is glued on one face only and placed in its proper position. When the planks are correctly positioned, pressure is applied to the section by means of stay bolts; these bolts are tightened in a certain specified manner, periodically for the first three hours that the section is in the pressure rig; then removed and the section is allowed to cure for 1 week.

The glue used in the manufacture in the process is supplied and manufactured by either American Marietta Co., The Borden Co., The Monsanto Co., or Reichold Co. The glue shall be of the proper type for the use intended as recommended by the manufacturer.

A more complete description of the plant and manufacturing process are on file with and are part of the record.

INSPECTION AND TEST: The applicant has submitted a report of the test conducted on a three hinged arch on a job site and the test was so conducted so as to produce two times the critical moment at mid height of the vertical legs. The complete report is on file with and is part of the record.

The applicant has also submitted shear tests as conducted on various trusses and beams.

RECOMMENDATION: On the basis of the test and the data filed by the applicant, the Committee on Test recommends the approval of the material American Fabricators Roof Structure as manufactured by the American Fabricators, Division of Bellingham Shipyards Co., for use in New York City under the provisions of Sections C26-370 through C26-370.6 under the following conditions:

1. That the glue used shall be as herein described.
2. That the top and bottom laminations shall not have scarf joints located nearer to the center than  $\frac{1}{4}$  of the beam length from the ends and that the material shall be Douglas Fir Coast Region Dense Structural with the following allowable stresses; bending extreme fibers—2150 psi. Compression parallel to grain—1550 psi.—Compression perpendicular to grain—455 psi.—Horizontal Shear—145 psi. and Modulus of Elasticity—1,600,000.

3. All scarf joints shall be staggered in accordance with the manufacturers schedule.

The Committee further recommends that all invoices, bills of lading or bills of materials shall be marked or stamped as follows: "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 137-58-SM".

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Assistant Engineer,  
GEORGE F. SKLENARIK,  
Assistant Engineer,  
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this material in accordance with the above report.

## 320-58-SM

APPLICANT—Barclite Corp. of America, owner—additional use of Barclite.

### APPEARANCES—

For Applicant: E. S. Swanson.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

# MINUTES

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Sleeper, Commissioner Fox and  
Commissioner Becker ..... 5  
Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
320-58-SM—Amendment to resolution as to additional uses  
of Barclite and an additional series of Barclite.

Barclite Corp. of America, Bronx, New York, requested  
that the resolution adopted February 16, 1960 under Cal-  
endar Number 320-58-SM be reopened and amended so as  
to include an additional series of Barclite translucent panel.

USE: Plastic light diffuser.

DESCRIPTION: The Barclite material for use in plastic  
light diffusing ceiling is known as Barclite FR 500 and FR  
600. The plastic has an inhibitor which is made with Hetron  
resin.

The same material that was previously approved and the  
requested material is now manufactured with a reinforcing  
expanded metal insert. This insert is added both for esthe-  
tics and rigidity.

INSPECTION AND TEST: Samples of the material  
known as Barclite FR were tested in accordance with the  
requirements of Section C26-461.1 Administrative Build-  
ing Code and successfully met the requirements.

RECOMMENDATION: The Committee on Test recom-  
mends that the resolution adopted February 16, 1960 under  
Calendar Number 320-58-SM be reopened and amended so as  
to include the material known as Barclite FR 500 and FR  
600 and expanded for use as a plastic light diffuser, on con-  
dition that the plastic be suspended in an approved sus-  
pension system. The Committee further recommends that  
when the material Barclite FR is used as a light diffusing  
ceiling in sprinklered locations, the sprinkler heads shall be  
below the plastic light diffusing ceiling.

The Committee further recommends that the material  
Barclite may be used as awnings except in locations pro-  
hibited under Section C26-219.0 Administrative Building  
Code, on condition that all other requirements of the reso-  
lution adopted February 16, 1960 under Calendar Number  
320-58-SM be complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does  
hereby *amend* the above cited resolution in accordance with  
the above report.

## 725-58-SM

APPLICANT—Econolite Corp., owner, additional size  
block.

## APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Application reopened and resolu-  
tion amended in accordance with the report and recom-  
mendation of Committee on Test.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Sleeper, Commissioner Fox and  
Commissioner Becker ..... 5  
Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
725-58-SM—Amendment to resolution as to additional size  
Econolite Block.

Econolite Corp., requested that the resolution adopted  
September 22, 1959 and amended through March 1, 1960  
under Calendar Number 725-58-SM be reopened and amended  
so as to include an additional size block.

USE: The block is to be used in a four hour non-load  
bearing wall and in panel, apron and spandrel wall construc-  
tion.

DESCRIPTION: The block is manufactured in the same  
manner and of the same mix as the previously approved  
units. The only difference being in the thickness of the block,  
it being a 4" solid unit.

INSPECTION AND TEST: No fire or hose stream test  
were conducted on this block as the approval granted March  
1, 1960 under Calendar Number 725-58-SM was for a 3"  
block which withstood a four hour fire and hose stream test.

RECOMMENDED: The Committee on Test recommends  
that the resolution adopted September 22, 1959 and amended  
through March 1, 1960 under Calendar Number 725-58-SM  
be reopened and amended so as to include the 4" solid block  
for use in New York City in the construction of four hour  
fire resistive non-load bearing walls and partitions and for  
use in panel, apron and spandrel wall construction, on condi-  
tion that the requirements of the resolution adopted Septem-  
ber 22, 1959 and amended through March 1, 1960 under  
Calendar Number 725-58-SM be complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Assistant Engineer,  
GEORGE F. SKLENARIK,  
Assistant Engineer,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does  
hereby *amend* the above cited resolution in accordance with  
the above report.

## 4-59-SA

APPLICANT—Scientific Equipment Manufacturing Cor-  
poration, owner.

## APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Appliance approved in accordance  
with the report and recommendation of Committee on  
Test.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Sleeper, Commissioner Fox and  
Commissioner Becker ..... 5  
Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
4-59-SA—Scientific Equipment Manufacturing Co., filed for  
approval of the Scientific Sterilizers, Models 1220, 1624, 1636,  
2036, 2048 and 2060, under the provisions of the Submerged  
Inlet Rules of the Board.

USE: The appliance is to be used for sterilizing of surgical  
instruments.

DESCRIPTION: The sterilizers are of the pressure vac-  
uum type steam jacketed for operation at 0-20 pounds  
pressure. The tubes which form chamber and steam chamber  
are of welded monel metal or welded stainless steel. The  
door and hinges are of nickel silver casting and the rim is  
either monel or stainless steel.

The walls of the steam jacket are covered with asbestos  
and having a finishing jacket of stainless steel.

The thickness of the chamber shell ranges from .072"  
for the smallest size sterilizer to .134" for the largest size  
and for the jacket shell, the thickness range from .049" to  
.070".

The air and condensate are automatically discharged from  
the chamber to vented waste. The steam exhaust connection  
is drained through an air break to waste.

The steam heated sterilizer has an automatic pressure  
control valve, adjustable from 0 to 20 pounds which will  
admit steam direct from supply to jacket of sterilizer.

Other equipment consists of vacuum pressure chamber  
gauge, pressure jacket gauge, safety valve, jacket vacuum  
release control valves.

When the sterilizer is electrically heated, the sterilizer is

# MINUTES

equipped with a stainless steel horizontal generator fitted with electric heater controlled by a dialed switch. A pilot light glows when switch is on. When the switch is turned on, the heater operates until the desired pressure is reached and then the pressure is automatically maintained. The heaters are protected by a low-water cut-off which cuts off all current in the event that the water reaches a low level.

If the sterilizer is gas heated, the sterilizer has a generator of stainless steel with double wall combustion hood. The generator has a low water cut-off, water filling valve, gas valve and burner with venture gas mixer, and automatic pressure valve.

**INSPECTION AND TEST:** Details of construction were examined by Asst. Engr. J. A. Darts and it was noted that the water supply line was protected by an approved vacuum breaker and check valve and the waste line was protected by an air gap of at least 1 inch. The sterilizers are built in accordance with ASME code for unfired pressure vessels.

**RECOMMENDATION:** The Committee on Test recommends the approval of the Scientific Sterilizers, Models 1220, 1624, 1636, 2036, 2048 and 2060, for voluntary use in New York City on condition that the water supply line to the sterilizers shall be protected with an approved vacuum breaker and check valve, installed in accordance to the requirements of the Submerged Inlet Rules of the Board, that the waste line shall be so constructed that there shall be a minimum air gap of 1 inch between the condensation funnel and the water waste line and exhaust line, that all electrical work shall comply with the requirements of the Department of Water Supply, Gas & Electricity and further that the appliance bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 4-59-SA."

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Assistant Engineer,  
GEORGE F. SKLENARIK,  
Assistant Engineer,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

## 591-59-SA

**APPLICANT**—Iron Fireman Manufacturing Company, owner.

**APPEARANCES**—

For Applicant: Henry S. Proctor.

**ACTION OF BOARD**—Appliance approved in accordance with the report and recommendation of Committee on Test.

**THE VOTE**—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Sleeper, Commissioner Fox and  
Commissioner Becker ..... 5  
Negative: ..... 0

**THE RESOLUTION**—

WHEREAS, the report of a Committee on Test reads:

591-59-SA—Iron Fireman Manufacturing Co., Cleveland, Ohio, filed for approval of the Iron Fireman Oil Fired Warm Air Furnace, Models FIL 85, FIL 110, FIL 135 and FIL 160 for use in New York City under the provisions of the Oil Burner Rules of the Board.

**USE:** Oil fired warm air furnaces for domestic and commercial use.

**DESCRIPTION:** The FIL furnaces are floor type units made up of a high pressure gun type burner designed for No. 2 fuel oil, an induced draft fan whose drive motor also drives the fuel pump, a solenoid oil valve, air circulating fan and motor, air filters, combination fan and temperature limit control, thermostat and safety stack switch all assembled within an insulated sheet steel enclosure.

The output capacity at the bonnet and the firing rate of the different models is:

|         |                      |          |
|---------|----------------------|----------|
| FIL 85  | 85,000 Btu per hour  | .75 GPH  |
| FIL 110 | 110,000 Btu per hour | 1.00 GPH |
| FIL 135 | 135,000 Btu per hour | 1.20 GPH |
| FIL 160 | 160,000 Btu per hour | 1.42 GPH |

**INSPECTION AND TEST:** All details were examined by Ass't. Engr. G. F. Sklenarik. These furnaces were tested and approved by Underwriters' Laboratories, File MP 1842.

**RECOMMENDATION:** The Committee on Test recommends the approval of the Iron Fireman Oil Fired Warm Air Furnace, Models FIL 85, FIL 110, FIL 135 and FIL 160, for use in New York City under the provisions of the Oil Burner Rules of the Board provided that each furnace shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 591-59-SA".

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Assistant Engineer,  
GEORGE F. SKLENARIK,  
Assistant Engineer,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

## 728-59-SM

**APPLICANT**—Spotnails, Inc., owner—heavy duty staples.

**APPEARANCES**—

For Applicant: W. D. Jackson.

**ACTION OF BOARD**—Material approved in accordance with the report and recommendation of Committee on Test.

**THE VOTE**—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Sleeper, Commissioner Fox and  
Commissioner Becker ..... 5  
Negative: ..... 0

**THE RESOLUTION**—

WHEREAS, the report of a Committee on Test reads:

728-59-SM—Spotnails Inc., Evanston Ill., filed for approval of the material known as Spotnails, Spotnailers, Spotpin and Spotpinners, Models, LHL, BHL, OW & R, under the provisions of Section C26-191.0 Administrative Building Code.

**USE:** To attach sheathing boards to studs.

**DESCRIPTION:** The Spotnails are galvanized staples made of 16 gauge wire and range in length from 1½ inches to 1½ inches and the crown ¾ inches to 1 inch.

The Spotnailer is an appliance used to drive the staples. The nailer is either pneumatic or mallet driven.

**INSPECTION AND TEST:** The applicant has submitted reports of tests conducted by various laboratories including Smith-Emery Co., R. W. Hunt, Douglas Fir Plywood Association and others. The tests conducted were comparative tests as to the holding power of staples versus nails. The tests were conducted on shingles, gypsum sheathing, fiber board sheathing, plywood sheathing and plywood subflooring.

The racking test conducted in accordance to ASTM procedure showed that failure of the test panel occurred at 6,100 lbs; meeting the Board's requirement of 6,000 lbs thrust.

The reports are on file with and are part of the record.

**RECOMMENDATION:** The Committee on Test recommends the approval of the material known as Spotnail for voluntary use in New York City under the provisions of Section C26-191.0 Administrative Building Code to be used in lieu of nails as a means of nailing under the following conditions: When used in conjunction with plywood or fiber board sheathing and in plywood subflooring the spacing of the staples shall be as follows: around entire perimeter of sheet—3 inches on center and spacing on intermediate studs or joists 6 inches on centers and further that all containers in which the material is marketed shall be stamped "Approved by the Board of Standards and Appeals for use

# MINUTES

in New York City under Calendar Number 728-59-SM".

(Sgd.) WILLIAM A. NOLAN,  
Director,

JOHN A. DARTS,  
Assistant Engineer,

Assistant Engineer,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

## 873-59-SA

APPLICANT—New York Plumbers Specialties' Company, Incorporated, for Ruud Manufacturing Company, owner; New York Plumbers Specialties' Company, Incorporated, agent.

### APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Appliance approved in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5  
Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 873-59-SA—Ruud Manufacturing Co., Kalamazoo, Michigan, filed for approval of the Ruud Domestic Gas Fired Water Heaters, Models CS24-25, CS30-30, CST40-40, CST60-60, CST80-80, EP25-23, EP30-25S, EP30-25T, EP40-30S, EP40-30T, EP50-35, AL30-30, AL36-30A, AL40-35, AL48-35A, AL54-42, AL60-42, AL80-80, EL30-30, EL35-35, EL40-35A, EL45-42, EL50-42, and EL65-50 for use in New York City under the provisions of Article 12, Administrative Building Code.

USE: Domestic type hot water heaters.

DESCRIPTION: The various model water heaters are all floor type vertical tank package units made up with a cast iron burner with safety pilot, storage tank and heavy duty insulation surrounding the tank combustion chamber and the top of the heater. The outer jacket is of cold rolled steel finished in a hard baked enamel.

The CS and CST models have storage tanks made of coppernickel alloy and are tested to 355 psi for a maximum working pressure of 150 psi.

The AL models have tanks of aluminum alloy and are tested to 300 psi for a maximum working pressure of 127½ psi.

The EP and EL models have steel tanks with inner lining of porcelain enamel and are equipped with magnesium anode for corrosion control. They are tested to 300 psi for a maximum working pressure of 127½ psi.

In all model heaters water is stored in the tank at the temperature selected but not over 180°F. As hot water is drawn from the top of the tank cold water enters through a dip tube inlet. The cold water flows towards the bottom where a thermostat is located. When the temperature falls to a preset level, the thermostat opens the main gas supply and the main burner goes on, ignited by the pilot. When selected temperature is reached, the thermostat shuts off the gas supply.

The capacities of the various water heaters are as follows:

| Model     | Tank Size<br>gallons | Recovery, GPH<br>100°F Rise | Btu Input<br>per hour |
|-----------|----------------------|-----------------------------|-----------------------|
| CS 24-25  | 20                   | 25                          | 30,000                |
| CS 30-30  | 25                   | 30                          | 35,750                |
| CST 40-40 | 35                   | 40                          | 47,500                |
| CST 60-60 | 50                   | 60                          | 71,500                |

Assistant Engineer,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

## 44-60-SA

APPLICANT—G. A. Carlson for Hofman Laboratories, Incorporated, owner.

### APPEARANCES—

For Applicant: Gordon A. Carlson.

ACTION OF BOARD—Appliance approved in accordance with the report and recommendation of Committee of Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5  
Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 44-60-SA—Hofman Laboratories, Inc., Hillside, New Jersey, filed for approval of their Liquid Oxygen, Nitrogen or Argon Customer Converters, Models VV 36-300-250, VV 48-600-250, VV 60-1000-250 and VV 60-1200-250 under the provisions of Article 17, Chapter 19, Administrative Code. USE: To store liquefied oxygen, nitrogen or argon and to supply such gases under pressure to a piping system.

DESCRIPTION: These liquid gas containers are of double wall construction with the intervening space insulated against heat transmission by means of a vacuum and an incombustible powder insulation.

The inner storage tank is of stainless steel or other special metal suitable for use as pressure vessels with temperatures ranging down to 320°F and designed in accordance with the ASME Code for unfired pressure vessels. Each vessel is

# MINUTES

inspected by a representative of the National Board of Boiler and Pressure Vessel Inspectors and is so marked.

The steel outer vessel is also designed in accordance with ASME code requirements but is not stamped as it is only used to retain a vacuum and the insulation. It is provided with a pressure relief device set to open at 5 psig.

With each storage tank is a vaporized unit which is separately mounted with connections to the storage tank. The vaporized unit consists of two separate banks of extended surface tubing connected to a common inlet header and a common outlet header. The liquid gas flow is shifted alternately from one side to the other by solenoid valves in the liquid inlets to each bank. Once the unit is set up with liquid tank and vaporizer operation is entirely automatic with no outside heat source required.

The inner vessel is protected against over-pressure by both a relief valve and bursting disc made with a protected head. These are set to function at a pressure lower than the design pressure. Relief valves are also provided on the gas piping. A tank liquid level gauge and vacuum gauge are provided as well as pressure gauges, pressure regulators and control valves.

These storage vessels are to be installed outdoors and are to be filled from approved tank trucks.

INSPECTION AND TEST: All data was examined by Ass't. Eng'r. G. F. Sklenarik.

RECOMMENDATION: The Committee on Test recommends the approval of the Hofman Laboratories Liquid Oxygen, Nitrogen or Argon Customer Converters, Models VV 36-300-250, VV 48-600-250, VV 60-1000-250 and VV 60-1200-250, for use in New York City under the provisions of Article 17, Chapter 19, Administrative Code, on condition that such converters in all cases will be installed outdoors where permitted by law and that in the case of liquid oxygen storage, a clearance of at least 25 feet in all directions from sides and top of the converter shall be maintained and no smoking, open flames or storage of combustible materials permitted in the storage area; except that in any case of liquid nitrogen or argon storage and in cases of liquid oxygen storage on industrial sites, the minimum clearance between converter and

adjacent structures may be 5 feet if the walls are fire resistive in construction and with no openings in the walls within 25 feet of the converter unless such openings lead to rooms used exclusively for the storage of oxygen, nitrogen or argon and/or the charging of cylinders or suitable containers with oxygen, nitrogen or argon in which case the distance from converter to wall opening may be reduced to 10 feet; that all piping from the converter and within the building will be as required by the Fire Department; that each installation will be serviced and periodically inspected by specially trained personnel holding certificates of fitness issued by the Fire Department; that all electrical work will be done in accordance with the Electrical Code of the City of New York; and further that each converter installation will bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 44-60-SA".

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Assistant Engineer,  
GEORGE F. SKLENARIK,  
Assistant Engineer,  
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

## 53-60-SA

APPLICANT—Consolidated Industries Corporation, owner.  
APPEARANCES—

For Applicant: David Hirsch.

ACTION OF BOARD—Appliance approved in accordance with the report and recommendation of Committee on Test.  
THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Sleeper, Commissioner Fox and  
Commissioner Becker ..... 5

Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
53-60-SA—Consolidated Industries Corp., Lafayette, Ind., filed for approval of the Consolidated Gas Fired Heaters, Models HGF600, HGF800, HGF1000A, HGF1200, HGF1400, HGF601, HGF801, HGF1001A, HGF1201, HGF1401, VGF800, VGF1050, VGF1200, VGF1450, VGF1600, CGF800, CGF1050, CGF1200, CGF1450, CGF1600, LGF800, LGF1050, LGF1200, LGF1450, LGF1600 and LGF1950 also to be marketed under additional trade names for use in New York City under the provisions of Article 12, Administrative Building Code.

USE: Warm air furnaces for domestic and commercial use.

DESCRIPTION: The Consolidated Gas Fired Heaters are package type furnaces made up of cast iron atmospheric burners with drilled or slotted ports, heavy gauge steel heat exchanger, built in draft diverter, air circulating fan, filters, safety pilot, automatic gas valve and fan and temperature limit control, all factory assembled into a die formed sheet steel cabinet finished in a baked enamel.

The HGF series are horizontal type warm air furnaces designed for suspended, attic or crawl space installation. The numeral in the model designation indicates in hundreds the Btu input per hour. The number "one" in the model designation indicates that the unit is designed to operate against a higher external static pressure.

The VGF series are "Hi-Boy" floor type furnaces designed for upward flow of heated air and the CGF series are similar but are designed for downward or counterflow of heated air. The LGF series are "Lo-Boy" floor type furnaces similar to the VGF series but lower in height.

In the VGF, CGF and LGF Series the numeral in the model designation indicates in hundreds the Btu input per hour.

# MINUTES

**INSPECTION AND TEST:** All data was examined by Ass't. Engr. G. F. Sklenarik.

All furnaces listed have been tested and approved by the American Gas Association.

**RECOMMENDATION:** The Committee on Test recommends the approval of the Consolidated Gas Fired Heaters, Models HGF600, HGF800, HGF1000A, HGF1200, HGF1400, HGF601, HGF801, HGF1001A, HGF1201, HGF1401, VGF800, VGF1050, VGF1200, VGF1450, VGF1600, CGF800, CGF1050, CGF1200, CGF1450, CGF1600, LGF800, LGF1050, LGF1200, LGF1450, LGF1600 and LGF1950, for use in New York City under the provisions of Article 12, Administrative Building Code in premises other than garages and places of explosive atmospheres when installed with clearances from adjacent combustible construction not less than those approved by the American Gas Association as indicated on the manufacturer's label but also sufficient to allow for proper servicing of each installation and further that such heaters may also be marketed under the following trade names: The HGF Series as Burnham, Chrysler Airtemp, Delco Heat, Cleveland Dornback, Electric Furnace-Man Inc., Heil, International of Utica, Majestic, Master Engineering (Redi-Hot and General Automatic) Niagara, Oneida Royal, Peerless, Gordon, Homart, Stewart-Warner, Thatcher, Trane, Welbilt, Williamson (Special, Super, DeLuxe), York and York Heat; The CGF Series as Electric Furnace-Man Inc., Majestic, Oneida Royal, Temco, Thatcher, Welbilt; The VGF Series as Electric Furnace-Man Inc., Majestic, Temco, Welbilt; The LGF Series as Electric Furnace-Man Inc., Tecmo and Welbilt, all with such additional model designations as are on file with the record, provided that each gas fired heater shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 53-60-SA".

(Sgd.) WILLIAM A. NOLAN,  
Director,

JOHN A. DARTS,  
Assistant Engineer,  
GEORGE F. SKLENARIK,  
Assistant Engineer,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

## 67-60-SA

**APPLICANT**—Waage Electric, Incorporated, owner.  
**APPEARANCES**—

For Applicant: Clark A. Waage.

**ACTION OF BOARD**—Appliance approved in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Sleeper, Commissioner Fox and  
Commissioner Becker ..... 5  
Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

67-60-SA—Waage Electric Inc., Kenilworth, New Jersey, filed for approval of the Waage Electric Oil Circulation Heaters, Models 1PO5, 8PO22, 1PO8 and 8PO30 equipped with Waage Oil Immersion Heaters, Type 63BO24 or 63BO72 under the provisions of the Oil Burner Rules of the Board.

USE: Electric preheater for heavy fuel oil.

**DESCRIPTION:** The Waage Electric Oil Circulation Heater consists of a steel cylindrical shell made in lengths of 18 to 56 inches into which is installed a Type 63BO steel sheathed immersion heater consisting of six steel sheathed heating rods, in which coiled nickel-chrome alloy heating elements are centered by hard refractories and then packed with insulating cement of high thermal conductivity. These rods are welded into a three inch pipe fitting. Electrical connections are made in a drawn steel terminal housing.

The heater shell is provided with threaded pipe connections for oil inlet and outlet and the outlet temperature of the oil is controlled from 60°F to 250°F by means of a thermostat installed on the heater.

The heater shell is tested to 300 psi hydrostatic test and the unit is insulated with fibreglas and covered with a sheet steel jacket.

The Models 1PO5 and 8PO22 heaters are designed for 12 watts per sq. inch density and have a 5.5 K.W. and 22 K.W. rating respectively.

The Models, 1PO8 and 8PO30 heaters are designed for 16 watts per sq. inch density and have an 8 K.W. and 30 K.W. rating respectively.

**INSPECTION AND TEST:** All data was examined by Ass't. Engr. G. F. Sklenarik. The electrical components are approved by the Underwriters' Laboratories.

**RECOMMENDATION:** The Committee on Test recommends the approval of the Waage Electric Oil Circulation Heaters, Models 1PO5, 8PO22, 1PO8 and 8PO30 equipped with Waage Oil Immersion Heaters, Type 63BO24 or 63BO72, for use in New York City when installed in accordance with the requirements of the Oil Burner Rules of the Board and the Electrical Code of the City of New York and provided that each preheater shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 67-60-SA".

(Sgd.) WILLIAM A. NOLAN,  
Director,

JOHN A. DARTS,  
Assistant Engineer,  
GEORGE F. SKLENARIK,

Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

## 344-60-SM

**APPLICANT**—Keystone Portland Cement Company, owner.  
**APPEARANCES**—

For Applicant: John F. Hall.

**ACTION OF BOARD**—Material approved in accordance with the report and recommendation of Committee on Test.  
**THE VOTE**—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Sleeper, Commissioner Fox and  
Commissioner Becker ..... 5  
Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 344-60-SM—Keystone Portland Cement Co., Bath, Pa., filed for approval of the material known as Keystone Mortar Cement and Keystone Dark Mortar Cement under the provisions of Section C26-314.0 Administrative Building Code. USE: A mortar cement.

**DESCRIPTION:** The cement mortar is produced by grinding a proportioned mixture of portland cement clinker and limestone to which is added plasticizing agents, less than 0.6%, to improve plasticity. To manufacture the Dark Mortar, 4 grams per barrel of carbon black is added for color control.

The cement clinker and limestone are weighed separately on individual scales which are automatically controlled so that they dump together into the hopper end of a Bradley Mill. After preliminary grinding in the Bradley Mill, the material is placed in storage tanks from where it is fed into a tube mill for final grinding. After leaving the tube mill, the mortar cement is then pumped into storage bins.

**INSPECTION AND TEST:** Samples of the material were tested by the Haller Testing Laboratories, Inc., and the average tensile strength at the end of three days was 168 p.s.i. and at the end of seven days was 200 p.s.i. The complete report is on file with and is part of the record.

# MINUTES

**RECOMMENDATION:** The Committee on Test recommends the approval of the material known as Keystone Mortar Cement and Keystone Dark Mortar Cement for use in New York City under the provisions of Section C26-314.0 Administrative Building Code, on condition that each bag in which the material is marketed shall be stamped or labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 344-60-SM".

Asst. Engr.,  
**Committee on Test.**

*Resolved,* that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

## 388-60-SM

**APPLICANT**—United States Gypsum Company, owner—fireproofing plaster for floors, beams and columns.

### APPEARANCES—

For Applicant: Richard E. Skogsberg.

**ACTION OF BOARD**—Material approved in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

Negative: ..... 0

### THE RESOLUTION—

**WHEREAS,** the report of a Committee on Test reads: 388-60-SM—W. W. Bainbridge, for the United States Gypsum Company, Chicago, Illinois, filed an application for approval of their Red Top Firecode, fire proofing plaster Type D for fireproofing of steel floors, columns, and beams by hand or direct spray application and for other fireproofing by hand or spray application for use in all classes of construction in accordance with the fire resistive rating required.

**USE:** For fireproofing of steel floors, beams, and columns, and other structural members.

**DESCRIPTION:** No primer or adhesive or bonding agent is required.

Red Top Firecode plaster is a mill-mixed gypsum base plaster containing insulating fire resistive aggregate and asbestos fibers specifically designed to provide fire proofing and fire protection to structural steel floors, beams, columns, and other structural members. It is a lightweight setting type of material, requiring only the addition of water, does not shrink on drying, and has excellent adhesive and cohesive bonding characteristics.

It may be applied by spray application or by hand. It will readily adhere to clean metal surfaces without primer or adhesive. Its formulation is such that it may be applied direct to suitable plaster bases such as metal lath or concrete.

It has been tested by the Underwriters' Laboratory and bears their U. L. label and is under Underwriters' Laboratory Re-examination service.

Its fire hazard classification is:

|                  |    |
|------------------|----|
| Flame Spread     | 20 |
| Fuel Contributed | 15 |
| Smoke Developed  | 0  |

It is light weight. Its average applied dry density is 27 lbs. per cubic foot.

It has high acoustical value behind eggcrate or luminous ceilings or perforated surfaces, its NRC being .45. It can be spray painted with Texolite Standard paints.

**INSPECTION AND TEST:** A cellular steel floor with supporting beam was tested at the Underwriters' Laboratory and is recorded in Report Retardant 4142-1, tested in accordance with ASTM Designation E-119.

The test assembly consisted of the cellular steel floor with 2½" of concrete above the top of the cells. The underside was fire protected by ½" of USG Firecode Plaster Type D applied by spray direct to the base steel without any primer or adhesive. The plaster was applied in one application without any hand tool touching-up, and followed the contour of the floor.

The supporting beam was lathed with 3.4 pounds per square yard self-furring metal lath secured to loops of #9 USG gauge metal wire fastened around the beam 18" on centers. To this cage was applied USG Fire Rated Structolite Mill-Mixed Plaster Type S. USG Fire Rated Structolite previously approved under Calendar Number 860-56-SM is gypsum plaster with Perlite aggregate. It was applied to an average thickness of 1" measured from the face of the lath.

The applied load stressed the floor to 18,000 psi and the beam to 20,000 psi.

The steel floor failed at 2 hours and 27 minutes by reaching the allowable average temperature.

The beam reached 1,000 degree average temperature at 2 hours and 35 minutes and continued to carry the designed load until the fire was extinguished at 3 hours and 5 minutes.

The assembly was subjected to the hose stream test. After cooling it was subjected to a double loading.

The floor is rated by the Underwriters Design No. 10—2-hour (Beam 3-hour).

Another test was conducted at the Underwriters' Laboratory in accordance with ASTM Designation E-119 and is recorded in Report Retardant 4142-2.

The test assembly consisted of a blended steel floor comprising cellular floor panels and fluted steel panels, two steel beams and electrical header ducts and junction boxes.

Two and a half inches of concrete was placed above the top of the steel floor.

The blended steel floor was protected by ¾ inch of USG Firecode Plaster Type D spray applied without primer or adhesive, and followed the contour of the floor.

Under the Electric Header ducts the thickness of USG Firecode Plaster was 1¼" following the contour of the floor.

No hand tools were used.

One supporting beam was spray coated with USG Firecode Plaster direct to the steel and to a thickness of 2½".

The other beam was lathed with 3.4 pounds per square yard ¾" rib lath wire tied to loops of #9 W & M steel wire spaced 24" along the beam. The USC Firecode Plaster Type D was applied by spray to the lath to a thickness of 1½" on each face of the beam and 1½" on the soffit, all from the face of the lath.

The applied load stressed the floor to 18,000 psi and the beams to 7,800 psi and 3,640 psi.

The steel floor with its electric header ducts failed at 2 hours and 25 minutes by maximum allowable rise of temperature at one point.

At 4 hours the two beams were supporting their loads. The maximum average temperature was 885 degrees F. and 882 degrees F. and the maximum individual temperature was 985 degrees F. and 970 degrees F.

The floor is rated by the Underwriters 2 hours and the beams are rated 4 hours.

Another test was conducted at the Underwriters' Laboratory in accordance with ASTM Designation E-119 and is recorded in Report Retardant 4142-3.

The test assembly consisted of a cellular steel floor with electrical header ducts and junction boxes and one steel beam.

Two and a half inches of concrete was placed above the steel floor.

The steel floor was protected by Firecode Fireproofing Plaster Type D machine applied without primer or adhesive, following the contour of the floor. It was ⅝" thick at the bottom of the cells and ¾" thick in the valleys between the cells. Beneath the electrical header ducts only, the Firecode plaster was 1" thick.

No hand tools were used.

# MINUTES

The beam was spray coated with USG Firecode Plaster Type D applied directly to the steel without primer or adhesive, to a total thickness of  $1\frac{3}{4}$ " over all steel surfaces.

The applied load stressed the floor to 18,000 psi in the long span and 16,750 psi in the shorter span. The steel beam was stressed to 21,600 psi. The short floor span was not loaded further to avoid additional excessive overload on the beam.

The steel floor with its electric header ducts and junction boxes at 3 hours was 55 degrees below the allowable maximum temperature and 22 degrees below the allowable average. The beam fully loaded sustained the load for 4 hours and 5 minutes without failure at which time the furnace was shut off. The maximum temperature on the beam at 3 hours was 1,080° and the average well below 1,000°.

The floor is rated by the Underwriters 3-hour. (Beam 4-hour).

USG Firecode Plaster was tested for fire hazard classification and met the requirements of National Fire Prevention Association pamphlet No. 220.

**RECOMMENDATION:** On the basis of the data submitted and tests conducted, the Committee on Test recommends that a cellular steel floor with  $2\frac{1}{2}$ " of concrete topping and protected on the underside with  $\frac{1}{2}$ " of USG Firecode Plaster Type D applied without preliminary primer or adhesive, the plaster following the contour of the cells, be approved as a 2-hour incombustible fire rated floor or ceiling.

The Committee on Test recommends that a blended steel floor, consisting of approved panels of cellular and fluted sections, with electrical header ducts and junction boxes, topped with  $2\frac{1}{2}$ " of concrete above the steel of the floor panels, and protected on the under side with  $\frac{3}{4}$ " of USG Firecode Plaster, and with  $1\frac{1}{4}$ " of Firecode Plaster Type D under the electric header boxes only, all following the contour of the floor, be approved as a 2-hour incombustible fire rated floor or ceiling.

The Committee on Test recommends that a cellular steel floor with electrical header ducts and junction boxes and a topping of  $2\frac{1}{2}$ " of concrete, protected on the underside with  $\frac{5}{8}$ " of USG Firecode Fire proofing Plaster Type D on the bottom of the cells,  $\frac{3}{4}$ " of Firecode in the valleys between cells, and with 1" of Firecode under the electrical header ducts and junction boxes, be approved as a 3 hour incombustible fire rated floor or ceiling.

The Committee on Test further recommends that a beam lathed with 3.4 self-furring metal lath wire tied to loops of #9 wire spaced 18" on centers along the beam and the lath plastered with 1" of USG Fire Rated Structolite Plaster Type S, previously approved under Calendar 860-56-SM, be approved as a 3 hour incombustible fire resistive construction.

The Committee on Test also recommends that a beam lathed with 3.4 pound  $\frac{3}{8}$ " rib lath wire tied to loops of #9 wire spaced 24" on center along the beam and then coated with  $1\frac{1}{16}$ " of USG Firecode Plaster Type D on the sides and  $1\frac{5}{8}$ " on the soffit be approved as a 4 hour incombustible fire resistive construction.

The Committee on Test also recommends that a beam coated to a thickness of  $2\frac{1}{8}$ " on all exposed surfaces with USG Firecode Plaster Type D directly applied to the steel without primer or adhesive be approved as a 4 hour incombustible fire resistive construction.

The Committee on Test also recommends that a beam coated to a thickness of  $1\frac{3}{4}$ " on all exposed surfaces with USG Firecode Plaster Type D directly applied to the steel without primer or adhesive be approved as a 3 hour incombustible fire resistive construction.

The Committee on Test also recommends the approval of USG Firecode Plaster Type D and USG Fire Rated Structolite Type S for use in fireproofing when applied in accordance with the tests and for the fire resistive ratings tested, under provisions of Section C26-575.0, providing each bag of plaster shall be marked, labeled, stampd or tagged

"Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 388-60-SM".

WHEREAS, this application was granted by the Board on December 1, 1959 on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution; and

WHEREAS, the applicant states that the entire first floor will be occupied by the owner, as a real estate and law office; that the entire first floor is of fire retarded construction; that all existing frame exterior walls are brick filled; that all interior partitions and ceilings are fire retarded with perforated rock lath and cement plaster; and that the building is provided with regulation fire escape in compliance with Section 53 of the Multiple Dwelling Law.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on December 1, 1959, so that as *amended* the resolution shall read:

*"Resolved*, that the decision of the Borough Superintendent dated July 6, 1959, acting on Alt App 2892-58,

# MINUTES

Objection No. One, be and it hereby is *modified* and that the appeal be and it hereby is granted *on condition* that the work be done in accordance with drawings filed with this application dated July 14, 1959, two sheets, and October 20, 1959, two sheets; that all laws, rules and regulations applicable shall be complied with; and that a Certificate of Occupancy shall be obtained." (Amdt. to Alt 2892-58.)

## 732-59-A

APPLICANT—Casale and Nowell substituted for Archie Protopapas; Ruth Goodney, owner.

SUBJECT—Application November 9, 1959—Appeal filed pursuant to Section 310 of the Multiple Dwelling Law, for variation of Section 177, re—use of cellar for living purposes.

PREMISES AFFECTED—18 East 68th Street, south side, 95 feet west of Madison Avenue, Block 1382, Lot 60, Borough of Manhattan.

## APPEARANCES—

For Applicant: Alvin F. Gunther.

ACTION OF BOARD—Appeal granted on condition.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5  
Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated October 9, 1959 on Alt. Applic. 1458-59, reads:

"A1. Use of cellar for living purposes contrary to Sect. 177 M.D.L."

and  
WHEREAS, the applicant states that the building is 36 feet by 100.5 feet irregular in area, 5 stories and penthouse, 84 feet high, of class 1 construction, located in residence and restricted retail use, B area, class 1½ height district, built in 1904, now used and occupied since 1943, substantially in accordance with Certificate of Occupancy #46586 issued November 21, 1956 against Alt. Applic. 1949-48; that the proposed use and occupancy will be the same except for one-third apartment and offices in the cellar; and

WHEREAS, the applicant states that it is proposed to use the rear portion of the cellar for a portion of a triplex apartment, the rest of the apartment is situated on the 1st story and the mezzanine between the 1st and 2nd stories; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted on the basis of revised drawing which indicates tenants' storage in the basement in place of a doctor's office.

*Resolved*, that the decision of the Borough Superintendent, acting on Alt. Applic. 1458-59, Objection No. A1, be and it hereby is *modified* under the powers vested in the Board by Section 310 of the Multiple Dwelling Law, and that the appeal be and it hereby is *granted, on condition* that the work shall conform with revised drawing filed with this appeal dated June 30, 1960, 1 sheet; and that all laws, rules and regulations applicable shall be complied with and a certificate of occupancy shall be obtained.

## 218-60-A

APPLICANT—Herman E. Horwood for Ralph Ortiz, owner.

SUBJECT—Application March 23, 1960—Appeal from a decision of the Borough Superintendent—re egress.

PREMISES AFFECTED—649 Prospect Avenue, west side, 38 feet 8 inches south of East 152nd Street, Block 2674, Lot 67, Borough of The Bronx.

## APPEARANCES—

For Applicant: Herman E. Horwood.

ACTION OF BOARD—Appeal granted on condition.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5  
Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated March 9, 1960 on Alt. Applic. 699-59, reads:

"1. Provide proper means of egress from second floor of a mixed occupancy structure as per Sect. 6.1.2.2.5."

and  
WHEREAS, the applicant states that the building is 18 feet 5 inches by 94 feet in area, 2 stories and basement, 30 feet high, of class 3 construction, located in business use, B area, class 1½ height district, now used and occupied since 1945: Cellar—boiler room; basement—funeral parlor, 50 persons; 1st floor—reception room and office, 20 persons; 2nd floor—caretaker's apartment—1 family; contrary to Certificate of Occupancy #2196 issued October 10, 1945, against Alt. Applic. 17-45, which gives use and occupancy as follows: cellar—on ground, storage; basement—ground and 75 lbs., funeral parlor, 50 persons; 1st floor—40 lbs., one family; 2nd floor—40 lbs., one family; and

WHEREAS, the applicant states that the basement and 1st floor are used together and there is a 4 foot wide iron stairway with marble treads, from 1st floor down to basement exit to street and the stairway from 2nd floor caretaker's apartment to 1st floor is 2 feet 10 inches wide and the basis of this objection is the fact that the caretaker will have to pass through the office and reception room area to use the stairway to the street; that as will be noted there is a large opening without doors at each end of the former stairway partition so there would never be any difficulty for the caretaker to reach the street; that the application is to permit the erection of a fire escape on the rear of the premises from 2nd story with egress across fire retarded extension roof and stairway to the yard at south by means of door in fence; that it is not structurally practical to erect the fire escapes on the front for the reason that the 1st and 2nd floor fronts are glass windows with no intermediate piers, any fire escape balcony would have to extend across the entire front on both stories as it could only be supported by brackets into the front of side walls and would also require the removal of the electric signs and would mar the appearance and business value of the premises; and

WHEREAS, the premises was inspected by a committee of the Board.

*Resolved*, that the decision of the Borough Superintendent, dated March 9, 1960, acting on Alt. Applic. 699-59, be and it hereby is *modified* and that the appeal be and it hereby is *granted, on condition* that the work shall be done in accordance with drawings filed with this appeal dated, May 20, 1960, 6 sheets; that on the second floor there shall be a caretaker's apartment only; that all laws, rules and regulations applicable shall be complied with except as modified in this resolution; and that a Certificate of Occupancy shall be obtained.

## 998-57-A

northwest corner of 68th Street, Block 2424, Lot 1 (formerly Lots 1, 2, and 4) Woodside, Brough of Queens.

## APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Application dismissed for lack of prosecution.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Sleeper, Commissioner Fox and  
Commissioner Becker ..... 5  
Negative: ..... 0

Adjourned: 5:20 P.M.

JOSEPH J. DOYLE, *Chief Clerk.*

# CORRECTION

## \*CORRECTION

The minutes of the meeting of the Board of Standards and Appeals held on March 29, 1960 as they appeared in Bulletin No. 14, Vol. 45, hereby corrected to read as follows:

## 590-46-SA

APPLICANT—York-Shipley Inc., owner—additional model boilers, oil-fired.

## APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Sleeper, Commissioner Fox and  
Commissioner Becker ..... 5  
Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
590-46-SA—York Shipley Inc., York, Pennsylvania, requested by letter that the resolution adopted December 31, 1946 under Calendar Number 590-46-SA be reopened and amended to include additional model boilers, oil fired.

DESCRIPTION: The new Models SPL (low pressure steam), SPH (high pressure steam), SPW (water heating, YFB (fire box type boiler) and YSM (scotch type boiler models are package units similar, except for ratings, to the previously approved Models SPH and SPL 15, 30, 50, 75, 100, 150, 200 and 250 HP. The new line of SPL, SPH and SPW units is available from 10 HP to 500 HP. The YFB boilers from 35 to 485 HP and the YSM from 52 to 400 HP.

In all cases the burner arrangements are the same as in the previous approved models.

RECOMMENDATION: The Committee recommends that the resolution adopted December 31, 1946 under Calendar Number 590-46-SA be reopened and amended to include the new Models SPL, SPH and SPW, 10 HP to 500 HP and the YFB Models 35 HP to 485 HP and the YSM Models, 52 to 400 HP, on condition that the other requirements of the resolution adopted December 31, 1946 under Calendar Number 590-46-SA be complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Assistant Engineer,  
GEORGE F. SKLENARIK,  
Assistant Engineer,  
Committee on Test.

*Resolved* that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

\* Correction—In the above resolution in Model 'YFM' has been deleted and Model 'YSM' inserted to correct, as shown in italics above.

## \*CORRECTION

That portion of the minutes of the meeting of the Board of Standards and Appeals held on May 17, 1960 as they appeared in Bulletin No. 21, Vol. 45 hereby corrected to read as follows:

## 598-57-BZ

APPLICANT—Lama, Proskauer and Prober for Anthony Spensieri, owner.

SUBJECT—Application for consideration—reopening for amendment of resolution and extension of time to complete—re Application, decision of the Borough Superintendent; previously granted on condition, under Sections 7e and 21 of the Zoning Resolution, permitting in a residence use district, the erection of a one story masonry building for use as a storage garage for less than five owner's trucks, one 550 gallon gasoline tank and pump, parking and storage of more than five owner's trucks on the open area and maintain the present one story building at the rear of the plot as a two truck garage.

PREMISES AFFECTED—8-22 to 8-30 28th Avenue, south side, 150 feet east of 8th Street, Block 509, Lots 39, 40 and 41, Astoria, Borough of Queens.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on January 14, 1958, as *amended* through January 6, 1959, by adding thereto:

"that the building may be relocated and three 12 foot wide curb cuts may be permitted as shown on revised drawings marked 'Received April 13, 1960,' 1 sheet, and 'April 4, 1960,' one sheet on condition that other than as herein *amended* the resolution above cited shall be complied with in all respects; that the provisions of Section 22A of the Zoning Resolution shall apply from the date of this *amended* resolution; and that a certificate of occupancy shall be obtained." (Alt. 1076/57)

\* Correction—In the Resolved portion the words "*and April 4, 1960, one sheet*" are added as shown in italics above.

# RULES

## Fire Drill Rules, Adopted by the Board of Standards and Appeals, October 5, 1923

(593-23-SR)

### DEFINITION OF "FIRE DRILL"

The method and practice of the systematic and orderly vacating of a building by its occupants in case of emergency, panic or fire in the least possible time—by the nearest safe means of exit—and the use of fire appliances which shall be provided for the extinguishing or retarding of fire and the safeguarding of human life.

#### Rule 1.

In all buildings as defined in Article 1, Section 10 of the Labor Law in which fire drills are required pursuant to Section 279 thereof and in any other building in which such drills are required by the Fire Commissioner pursuant to the power conferred in section 491 of the New York City Charter, it shall be the duty of the owners, lessees or tenants to conduct fire drills monthly and at such other times as the Fire Commissioner may direct.

For the purpose of conducting such fire drills the owner or tenants shall appoint from among their employees such responsible and dependable persons, male or female, who shall efficiently perform the duties of the various positions of the fire drill organization, as specified on the accompanying chart.

It shall be the duty of the owner or tenant to enter in the blank spaces provided for that purpose in said chart the names of persons so selected and post said chart and copies of the rules in a conspicuous place.

### FIRE DRILL ORGANIZATION

Premises .....  
Name of concern.....  
Building No. ....Story.....

#### FOREMAN OR PERSON IN CHARGE

".....

#### Squad Monitors

Squad No. 1.....  
" " 2.....  
" " 3.....  
" " 4.....  
" " 5.....  
" " 6.....

#### Rule 2. Duties of Foreman.

The Foreman or Person in Charge shall direct, enforce and have full charge of the "Fire Drill" in every factory on each floor. Each day before work is begun he shall see that extinguishers, fire hose, fire buckets, etc., are in readiness for use, exit doors are unlocked, aisles are free

from obstruction, that stairways, halls, etc., are properly lighted, and shall remedy any dangerous condition found to exist. Immediately after work is commenced he shall check up the Fire Drill Organization list and note if the regularly assigned persons are present; if any are found to be absent, he shall assign other employees (if practicable) to perform their duties.

He shall immediately notify new employees of the existence of the Fire Drill Organization and give them the necessary instructions as to the duties they are to perform, etc.

He shall be familiar with the operation and location of the interior alarm signal box on his floor.

He shall listen for the test signal each morning at the appointed hour and in the event of the test signal not being heard he shall communicate with the superintendent or other person in charge of the building and advise him of the fact. The (Floor Captain's) Foreman's orders are final as to the carrying out of the fire drill on his particular floor.

#### Rule 3. Duties of Watchmen.

The WATCHMEN shall see that all doors and windows are closed so as to prevent the spread of fire. The WATCHMEN shall be the only persons permitted to remain on the floor during the progress of a fire drill and do so at their own risk. For ordinary purposes only one watchman and a substitute shall be designated. In special cases, however, extra watchmen may be assigned by consent in writing from Fire Commissioner.

#### Rule 4. Duties of Searchers.

The MALE AND FEMALE SEARCHERS shall search all toilets, dressing rooms and emergency rooms used and frequented by their sex and all other portions of the floor and order all persons, except those authorized to remain, to leave the premises. They are to take care of and assist all persons who may faint or be disabled.

SEARCHERS shall leave the floor immediately after the last squad leaves.

#### Rule 5. Duties of Street Alarm Box Runner.

The STREET-ALARM-BOX-RUNNER shall be familiar with the location of the nearest city fire alarm box and know how it is operated.

In ordinary practice fire drills the STREET-ALARM-BOX-RUNNER shall report to the Foreman for orders, and if his services are not required he shall promptly file out of the premises with the other occupants.

Only when a fire actually occurs on his floor, or when ordered to do so by the Foreman, shall the STREET-ALARM-BOX-RUNNER proceed to the street alarm box and send in the fire alarm.

#### Rule 6. Duties of Fire Brigade.

The fire brigade shall have full charge of the operation of all auxiliary fire fighting apparatus and shall endeavor to extinguish, or at least hold in check until the arrival of the Fire Department, any fire that may occur. When it is necessary for the fire brigade to respond to different floors in the building they shall not use the stairways or fire escapes while the occupants are escaping from the premises.

#### Rule 7. Duties of Exit Guards.

The EXIT GUARDS shall station themselves at all exit doors leading to fire escapes, stairways, and other means of escape immediately upon the sounding of the alarm. There shall be two guards for each exit, if practicable; one to stand in the hallway holding back the door and the other directly inside on the floor. They are to keep the exit doors open and direct the movements of the persons using these exits and prevent congestion.

## RULES

EXIT GUARDS shall remain at their stations until all of the occupants of the building have passed their station. Then close their doors and pass out of the building. Upon signal for the occupants to return, EXIT GUARDS shall take their designated stations and remain there until all persons have returned to their respective floors.

### Rule 8. Duties of Squad Monitors.

The SQUAD MONITORS, as soon as the alarm is sounded, shall see that the employees under their charge quickly form into line, two abreast, and numbering not more than thirty to each squad. They shall see that all aisles and passageways are cleared of obstructions.

**Note:** Chairs, stools, baskets, etc., should be pushed under or placed on top of work benches.

MONITORS shall proceed at the head of their respective squads to the exit assigned, and then march up or down the stairs or to other exits as directed by the EXIT GUARDS.

On reaching the sidewalk MONITORS shall keep their squads in order and lead them a reasonable distance from the building, so as not to cause congestion and interference with fire apparatus. When the proper signal is given they shall return to their respective floors at head of their squads.

MONITORS will at all times see that those under their charge conduct themselves in a respectable and orderly manner.

### Rule 9. Holding of Drills.

FIRE DRILLS shall be held at least once each month at varied hours of the day, and all of the occupants shall participate therein simultaneously. Such drills shall conduct all occupants to a place of safety.

Where dual operation interior fire alarm systems are installed as permitted under Rule 10.1 of the interior fire alarm rules of the Board of Standards and Appeals, the fire drill conducted each month shall include all of the persons on the premises engaged at work for a factory, and drills shall be conducted at least twice, each year in which all of the persons on the premises shall participate simultaneously.

### Rule 10. Duties of Owner.

It shall be the duty of the OWNER, LESSEE OR TENANT OF THE BUILDING or his authorized agent or their representatives to personally observe that the "Fire Drill" is held simultaneously on every floor of the

building and the participation therein of every occupant of such building. Any FIRE DRILL in which all of the occupants do not participate shall not be considered as complying with the LAW, except as otherwise provided in these rules.

The person or persons representing the OWNERS, LESSEE OR TENANT, who supervises the FIRE DRILL at the building shall submit to an examination by the Division of Fire Prevention as to their experience and general fitness for such duties, and shall be so certified in writing by the FIRE COMMISSIONER.

It shall be the duty of the ENGINEER, SUPERINTENDENT or other PERSON IN CHARGE of a building having an interior fire alarm system to test such system daily immediately after the beginning of business, and to see that all apparatus operated by springs, requiring winding are rewound after each alarm and kept in normal condition for operation.

### Rule 11. Duties of Engineer.

Whenever it is necessary to test the fire alarm system at any other time of the day, owing to repairs, etc., being made, the PERSON IN CHARGE OF BUILDING will first notify all Foremen of the several floors of the intended test and likewise notify them when the repairs, etc. are completed. This precaution is taken to prevent confusion and excitement, also misunderstanding of the alarm signals.

It shall also be the duty of the PERSON IN CHARGE OF BUILDING to sound the interior alarm system at irregular intervals, but not less than once each calendar month, for the purpose of holding practice fire drills. He shall keep on the premises a record of such drills, showing the date when held and the required time for all occupants to reach the street or a point of safety outside the building.

The PERSON IN CHARGE OF BUILDING must immediately acquaint new tenants of the existence of the "Fire Drill" Organization and its purport.

### Rule 12. Registration.

The name and address of every person, corporation or co-partnership, that will, under professional service, carry on the trade, business or calling of establishing, maintaining or supervising the "Fire Drill" shall be registered in the Fire Department, which Department shall, upon evidence of fitness, grant a certificate to that effect.

### LIBRARY

#### PETITION AND ORDER OF CERTIORARI SERVED ON THE BOARD OF STANDARDS AND APPEALS.

On July 13, 1960, Petition and Order of Certiorari was served on the Board by Braun and Braun, attorneys for petitioners, Maurice H. Mogulescu, et al., objecting property owners, seeking a review of the Board's determination on June 1, 1960, granting a variance under Sections 7c and 21 of the Zoning Resolution, to permit in a retail and residence use C area district, the erection of a 17 story multiple dwelling with stores on the first floor extending into the residence portion of the premises with storage in the cellar, the proposed structure exceeds the permitted area coverage; Calendar Number 38-60-BZ; Premises 3-6 Sheridan Square, and 2-12 Barrow Street, southwest corner, Block 591, Lots 23, 25, 26, 27, 28, and 31, Borough of Manhattan.

### NOTICE

1—CALENDAR: Notices of public hearing on applications for zoning variances will be published twice: first publication, listing new cases set for hearing, in the Bulletin available to the public at least 14 days before the date of hearing; second publication, in the last Bulletin available to the public immediately prior to the hearing date. The second publication will be augmented with a listing of cases laid over from previous hearings. Attention is directed to the MINUTES of such previous hearings, where the reasons for laid over cases will have been published. Notices of public hearing on applications for approval of materials and appliances will be published once, at least 10 days prior to the hearing date.

2—MINUTES: The publication of the "digest" of the applicant's statement has been discontinued, except that the administrative orders, decisions, etc., which are the subject of each application or appeal will be published. The summary of information given in the Appeal Form (Form A) shall be published for Administrative Appeals. The Board will continue to publish such other matters as it may deem advisable.

### PUBLIC HEARINGS

Tuesdays at 10 a.m. and 2 p.m.  
Special meetings as published in this Bulletin.  
All hearings are held at 80 Lafayette Street, 9th Floor, Borough of Manhattan.

### HOURS OF CONSULTATION

10 A.M. to 1 P.M.

Any person desiring to consult the Chairman, the Commissioners, Director or the Engineers, pertaining to the work of the board, will be seen only between the hours of ten in the morning and one in the afternoon—Saturdays excepted.

Notice—Appeals as to Multiple Dwellings.

Fire Drill Rules.

Negative: ..... 0

## THE RESOLUTION—

WHEREAS, on June 27, 1950 as thereafter amended through June 28, 1955, this application—Vol. V—was granted by the Board on certain conditions; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which had expired by time limitation June 28, 1960; and

WHEREAS, this application was reopened on June 14, 1960 and set for hearing on July 12, 1960 at 10 A.M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on July 12, 1960 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated April 7, 1960 acting on Alt. Applic. No. 461-57, reads:

"1. Business may not be continued on the first floor in present 6 story non fireproof class "A" Multiple Dwelling (New Law Tenement) as said use is in violation of Art. 2 Sec. 3 of the Zoning Resolution; also note that variance granted by Bd. of Standards and Appeals expired June 28, 1960."

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on June 27, 1950, only as to the term of the variance, so that as amended it shall read:

"granted for a term of five (5) years from the date of this *amended* resolution, to permit . . .; that other than as herein amended the resolution above cited shall be complied with in all respects; and that a new certificate of occupancy shall be obtained."

## 35-34-BZ—Vol. V

**APPLICANT**—Robert Gottlieb for Samuel and Harry Ginsberg, owners.

**SUBJECT**—Application reopened April 26, 1960 as Volume

V—decision of the Borough Superintendent, under Section 7e of the Zoning Resolution, to permit in a residence use district on a plot presently occupied as a parking lot, the erection of a one story building to be occupied partially as a retail store with the balance occupied as motor vehicle repair shop with hand tools only and the mounting of tires for a term of ten (10) years.

**PREMISES AFFECTED**—60-74 Wadsworth Avenue, northwest corner of West 176th Street, Block 2145, Lot 54, Borough of Manhattan.

For Opposition: None.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—  
Affirmative ..... 0  
Negative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox, and Commissioner Becker ..... 5

## THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 28, 1960 after due notice by publication in the Bulletin; laid over to July 12, 1960 for inspection and decision; applicant changed the basis of his application from 7c to 7e; and

WHEREAS, the decision of the Borough Superintendent, dated November 30, 1959 acting on Alt. Applic. No. 3405-58, reads:

"1. Proposed extension to building and change of use in a Residence Zone to laundry with accessory dry cleaning and office in Bldg. A, loading and shipping platform and laundry truck storage in Building B and garment storage and laundry supplies in Bldg. C and parking in the vacant portion of the plot is contrary to Article II, PP. 3 of the Zoning Resolution and is contrary to the Bd. of Standards and Appeals variance under Cal. #341-43-BZ, Vol. IV."

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be not granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e of the Zoning Resolution.

*Resolved*, that the decision of the Borough Superintendent, acting on Alt. Applic. 3405/58, Objection No. 1, dated November 30, 1959, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

## 431-49-BZ—Vol. III

APPLICANT—Max Horn, for Donohue Holding Corporation, owner; Gerard Letterin, doing business as J & L Automotive Service, lessee.

## 840-49-BZ

APPLICANT—Samuel Rosenblum for Frederico Construction and Realty Company, Inc., owner.

SUBJECT—Application reopened June 14, 1960 for consideration as to extension of term of variance, expired April 12, 1960—decision of the Borough Superintendent, previously granted on condition, under Sections 7c and 7e of the Zoning Resolution, permitting in a residence use district, the change in occupancy, from store and dwellings, to manufacturing.

PREMISES AFFECTED—315 East 53rd Street, north side, 177 feet east of 2nd Avenue, Block 1346, Lot 8, Borough of Manhattan.

### APPEARANCES—

For Applicant: Samuel Rosenblum.

For Opposition: None.

ACTION OF BOARD—Term of variance extended.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, on March 21, 1950, this application was granted by the Board on certain conditions; and

WHEREAS, the term of the variance was extended for a term of five years on April 12, 1955; and

WHEREAS, the applicant states that there has been no change in ownership; that there has been no change in the surrounding area; that the use, height and area designations are the same; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which had expired by time limitation April 12, 1960; and

WHEREAS, this application was reopened on June 14, 1960 and set for hearing on July 12, 1960 at 10 A.M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated April 29, 1960, acting on Alt. Applic. 1603-1949, reads:

"Before the application for a certificate of occupancy can be considered, it will be necessary to apply to the Board of Standards and Appeals for an extension of the term of variance granted under Calendar #840-1949-B.Z."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on March 21, 1950, as amended through April 12, 1955, only as to the term of the variance, so that as *amended* it shall read:

"granted for a term of five (5) years from the date of this *amended* resolution, to permit . . .; that other than as herein amended the resolution above cited shall be complied with in all respects; and that a new certificate of occupancy shall be obtained."

## 290-50-BZ—Vol. II

APPLICANT—William J. Calise for Joan Levin, owner.

SUBJECT—Application reopened December 22, 1959 as Volume II—decision of the Borough Superintendent, under Section 7e of the Zoning Resolution, to permit in a residence use district, the erection of a store building with parking for patrons' cars.

PREMISES AFFECTED—695 to 715 Avenue Z, northside from East 1st to East 2nd Streets, 2569 to 2579 East 1st Street and 2574 to 2584 East 2nd Street, Block 7217, Lots 38 and 49, Borough of Brooklyn.

### APPEARANCES—

For Applicant: Francis R. Di Prima.

For Opposition: Allen J. Heffner.

ACTION OF BOARD—Application granted on condition.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 28, 1960 after due notice by publication in the Bulletin; laid over to July 12, 1960 for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated November 2, 1959 acting on N.B. Applic. No. 1969-59, reads:

"1. In a residence use district the proposed stores and parking of motor vehicles is contrary to Art. II, Sec. 3 of the Zoning Resolution."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended granting under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e of the Zoning Resolution, for a term of twenty (20) years, to permit in a residence use district, the erection of a store building with parking for patrons' cars, *on condition* that the work shall be done in accordance with drawings filed herewith dated December 3, 1959, 5 sheets; that there shall be erected a 5 foot high brick wall along the north lot line returning along the East 2nd Street front to meet the rear wall of the building; that there shall be no show windows or signs on East 2nd Street; that three trees, not less than 4 inches in diameter, shall be planted along the East 2nd Street sidewalk near the curb; that there shall be no curb cut on East 2nd Street; that loading and unloading shall be done in the rear of the building; that all laws, rules and regulations applicable shall be complied with; that all permits required and a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

## 275-58-BZ—Vol. II

APPLICANT—J. M. Berlinger for Martin Brown and William Turner, owners.

SUBJECT—Application reopened April 26, 1960 as Volume II—decision of the Borough Superintendent, under Section 21 of the Zoning Resolution, to permit in a D area and Class 1 height district, the erection of a multiple dwelling exceeding the permitted height in a Class 1 district within two miles of a designated airport and beyond 100 feet of the wider street, Far Rockaway Boulevard.

PREMISES AFFECTED—1261 Far Rockaway Boulevard, southwest corner of Beach 12th Street, Block 35, Lots 17 and 45, Far Rockaway, Borough of Queens.

### APPEARANCES—

For Applicant: J. M. Berlinger and William Turner.

For Opposition: None.

ACTION OF BOARD—Application denied.

### THE VOTE TO GRANT—

Affirmative: Commissioner Sleeper ..... 1

Negative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox, and Commissioner Becker ..... 4

# MINUTES

## THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 28, 1960 after due notice by publication in the Bulletin; laid over to July 12, 1960 for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated May 9, 1960 acting on N.B. Applic. No. 4643-56, reads:

"3-M. Portion of proposed multiple dwelling beyond 100' from the corner of Far Rockaway Blvd. and Beach 12 Str. exceeds the height limit permitted. Secs. 8(d) & 9A(a) of the Zoning Res.

4-M. Portion of proposed multiple dwelling beyond 100' from the wider street, Far Rockaway Blvd. (if it were not within 2 miles of an airport) exceeds the height limit for the narrower street. Secs. B(d) and 9(b) of the Zoning Res."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applic. 4643-56, objection Nos. 3M and 4M, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

## 182-60-A

APPLICANT—J. M. Berlinger for Martin Brown and William Turner, owners.

SUBJECT—Application March 7, 1960—filed pursuant to Section 310 of the Multiple Dwelling Law for variation of Section 4, Subdivision 33, re—open spaces, curb level etc.

PREMISES AFFECTED—1261 Far Rockaway Boulevard, south west corner of Beach 12th Street, Block 35, Lots 17 and 45, Far Rockaway, Borough of Queens.

## APPEARANCES—

For Applicant: J. M. Berlinger.

ACTION OF BOARD—Appeal denied.

## THE VOTE TO GRANT—

Affirmative ..... 0  
Negative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Sleeper, Commissioner Fox, and  
Commissioner Becker ..... 5

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated May 9, 1960 on N.B. Applic. 4643-56, reads:

"M-30. Open spaces must be minimum 5 feet in depth along entire lot fronts in order to establish grade of such open space as "curb level" Sec. 4 Subd. 33 M.D.L."

and

WHEREAS, the applicant states that the building will be 195.25 feet by 398.13 feet, irregular in area, 6 stories, 60 feet 4 inches high, of class 3 construction, located in residence use, D area, class 1 height district; that the proposed use and occupancy will be: cellar—boiler room, laundry, doctor suites, apartments and accessory garage; 1st to 6th floors—apartments; and

WHEREAS, the applicant states that the building line, along the Beach 12th Street front has been established 10 feet back from the owner's existing property line because of the mapped proposed widening of that street; that the above 10 foot strip of the owner's property will not be built on as shown by the plans; that this unbuilt upon strip of land be respectfully considered, meeting the requirements of Section 4 Subdivision 33 of the Multiple Dwelling Law; that insofar as the Far Rockaway Boulevard front is concerned, its open spaces and extensive landscaping made possible by the unique shape of the building, creates an arrangement substantially in accord with the letter and

intent of the Multiple Dwelling Law; that the size of the plot has been increased by adding a Lot #45 to it; that the Multiple Dwelling now covers only 43% of the plot, which is 8000 square feet less than the legal permitted area coverage of the plot; that the coverage be considered in substantial accord with the letter and intent of the Multiple Dwelling Law; that in the opinion of the applicant, this is an appropriate case for the Board to exercise its discretion and the variance sought is in harmony with the general purpose and intent of the Multiple Dwelling Law; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applic. 4643-56, Objection No. M-30, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

## 714-59-BZ

APPLICANT—Julian Roth of Emery Roth and Sons for Beekman Town House, Incorporated, owner.

SUBJECT—Application November 2, 1959—decision of the Borough Superintendent, under Section 7e of the Zoning Resolution and Section 60(1d) of the Multiple Dwelling Law, to permit in a local retail and residence use district, the change in use of the present accessory garage of the existing multiple dwelling to allow the surplus parking space for transient parking.

PREMISES AFFECTED—1058-1064 Third Avenue, and 164-174 East 63rd Street, southwest corner, Block 1397, Lot 40 (37-43 incl. and 141), Borough of Manhattan.

## APPEARANCES—

For Applicant: Michael Christon.

For Opposition: David L. Charal and Robert Coyle.

ACTION OF BOARD—Application granted on condition.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Sleeper, Commissioner Fox, and  
Commissioner Becker ..... 5  
Negative ..... 0

## THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 3, 1960 after due notice by publication in the Bulletin; laid over to June 1, 1960, for continued hearing; applicant to send out new notices; then to June 28, 1960, for publication in the Bulletin under the applicable sections of the Zoning Resolution and the Multiple Dwelling Law; for continued hearing and for inspection; applicant to file sign drawing; then to July 12, 1960, for inspection and decision; and

WHEREAS, the decision of the Borough Superintendent, dated October 7, 1959 acting on Alt. Applic No. 906-59, reads:

"A1. Proposed conversion of the mult. dwelling garage to transient garage use for more than five (5) motor vehicles is contrary to Section 60 para (b) of the Mult. Dwell. Law. See recourse under Sect. 60 1d M.D.L.

A-2. Proposed conversion of the mult. dwelling garage to transient garage use is contrary to Article 2 Section 3 subd. 9(b) and Section 4c of the Zoning Resolution."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended granting on certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution and Section 60 (1d) of the Multiple Dwelling Law.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e of the Zoning Resolution and Section 60 (1d) of the Multiple Dwelling Law to permit in a local retail and residence use district the use of part of an existing legal multiple dwelling accessory garage

# MINUTES

for transient parking for a term of 21 years, *on condition* that the building conforms to drawings filed with this application dated November 2, 1959, 4 sheets, and sign drawing dated June 13, 1960, one sheet; that the vehicles parked in transient parking space shall be pleasure-type cars only and shall not exceed 30 in number in addition to the number of cars parked by tenants of this building and the cars parked on a monthly basis, and also *on condition* that the tenants of this apartment house may recapture any of the space devoted to transient parking on thirty days' notice to the owner in accordance with Section 3(9) (b) of the Zoning Resolution and Section 60 (b) of the Multiple Dwelling Law; that there shall be no advertising displayed for the washing of cars or for servicing cars; that there shall be one sign at the entrance in accordance with the sign drawing submitted with this application; that the sign required by the Dep't of Licenses shall be located inside the entrance; and that all laws, rules and regulations applicable shall be complied with and a new certificate of occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

## 139-60-A

APPLICANT—Julian Roth of Emery Roth and Sons for Beekman Town House, Incorporated, owner.

SUBJECT—Application February 24, 1960—filed pursuant to Section 60 of the Multiple Dwelling Law for variation of Section 60, subdivision 1d of the Multiple Dwelling Law re—conversion of multiple dwelling garage to transient garage.

PREMISES AFFECTED—1058-1064 Third Avenue and 164-174 East 63rd Street, southwest corner, Block 1397, Lot 40, Borough of Manhattan.

### APPEARANCES—

For Applicant: Michael Christon.

ACTION OF BOARD—Appeal granted on condition.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commisisoner Fox and Commissioner Becker ..... 5  
Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated February 25, 1960 on Alt. Applic. 906-59, reads:

"A1—Proposed of the multi. dwelling garage to transient garage used for more than five (5) motor vehicles is contrary to Section 60 para (b) of the Mult. Dwell. Law. See recourse under Sect. 60 1d M.D.L."

and

WHEREAS, the applicant states that the building is 170 feet by 101 feet 10 inches in area, 19 stories and pent house, 190 feet high, class 1 construction, located in local retail and residence use, B area, class 1½ height district, built in 1959, now used and occupied as follows: cellar—storage, laundry, parking of 35 motor vehicles, superintendent's office, locker rooms and bank, 30 persons; 1st floor—garage for 32 motor vehicles, doctors' offices, stores and bank, 75 persons; 2nd to 19th floors and pent house, apartments; tower—motor and tank rooms; in accordance with Certificate of Occupancy #51210, issued September 24, 1959 against N.B. Applic. 11-57; that the proposed use and occupancy will be the same except for the cellar and 1st floor; cellar—transient garage for more than 5 motor vehicles, storage, laundry, superintendent's office, locker rooms and bank, 30 persons; 1st floor—transient garage for more than 5 motor vehicles, doctor's offices, store and bank, 75 persons; 2nd to 19th floors and pent house, apartments; tower—motor and tank rooms; and

WHEREAS, the applicant states that the garage was constructed under Section 60 of the Multiple Dwelling Law and under Article II, Section 3, (9) of the Zoning Resolution; that the Multiple Dwelling Law was recently amended by the addition of Paragraph d to Section 60 of the Multiple Dwelling Law; that as is witnessed by the Certificate of Occupancy referred to above, the construction of the garage conforms to all of the requirements of the Administrative

Code and Multiple Dwelling Law; that an inspection of the operating records kept by the owner of building disclosed that the garage was occupied as follows:

|                                                                                 |    |
|---------------------------------------------------------------------------------|----|
| Cars belonging to tenants in the building.....                                  | 34 |
| Cars belonging to non-tenants, but stored for periods in excess of 30 days..... | 5  |
| Total .....                                                                     | 39 |

that of the total of 67 car spaces available in the building only 39 are in use; that there are 26 car spaces available for transient parking without in any way interfering with the opportunity for the tenants of the building to avail themselves of the parking facilities; that East 63rd Street is the termination of the new exit from the upper level of the Queensboro Bridge; that East 63rd Street is a one-way west bound street and as a result, carries a great deal of traffic; that traffic does not clear the block between traffic light intervals, so that very often the entire block is traffic clogged to the point of obstructing north-south traffic on Third Avenue; that were these parking facilities available to the general public, the street parking which is now permitted could be prohibited and the traffic flow freed-up; that the parking facilities which are clearly needed are here available and their use would eliminate the waste of leaving unused perfectly good parking space; that it will serve to benefit the general welfare by alleviating the traffic problem which is now a factor on East 63rd Street; that all uses and conditions are further explained in Cal. No. 714-59-BZ; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, acting on Alt. App. 906-59, Objection No. A1, dated February 25, 1960, be and it hereby is *modified* under the powers vested in the Board by Section 60(1d) and Section 310 of the Multiple Dwelling Law, and that the appeal be and it hereby is *granted, on condition* that the requirements of the resolution adopted this day by the Board under Cal. No. 714-59-BZ be complied with; and that a certificate of occupancy be obtained.

## 725-59-BZ

APPLICANT—Albert Melniker, for Fox Hills Realty Corporation, Incorporated, owner.

SUBJECT—Application November 5, 1959—decision of the Borough Superintendent, under Section 7h of the Zoning Resolution, to permit in a retail and residence use district, the parking of employees and customers cars on the residence portion of the plot, for a term of fifteen (15) years.

PREMISES AFFECTED—357 Targee Street, and 45 Waverly Place, northeast corner, 30 Wiederer Place and 50 Osgood Avenue, Block 635, Lot 1, Clifton, Borough of Richmond.

and WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended granting on certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution and Section 60 (1d) of the Multiple Dwelling Law.

*Resolved*, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e of the Zoning Resolution and Section 60 (1d) of the Multiple Dwelling Law to permit in a local retail and residence use district the use of part of an existing legal multiple dwelling accessory garage for transient parking for a term of twenty-one years, *on condition* that the building conforms to drawings filed

with this application dated November 6, 1959, 4 sheets, and June 13, 1960, 1 sign drawing; that the vehicles parked in transient parking space shall be pleasure-type cars only and shall not exceed 15 in number in addition to the number of cars parked by tenants of this building and the cars parked on a monthly basis, and also *on condition* that the tenants of this apartment house may recapture any of the space devoted to transient parking on thirty days' notice to the owner in accordance with Section 3(9) (b) of the Zoning Resolution and Section 60 (b) of the Multiple Dwelling Law; that there shall be no advertising displayed for the washing of cars or for servicing cars; that there shall be one sign at the entrance in accordance with the sign drawing submitted with this application; that the sign required by the Department of Licenses shall be located inside the entrance; that all laws, rules and regulations applicable shall be complied with and a new certificate of occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

## 140-60-A

APPLICANT—Julian Roth of Emery Roth and Sons for 2 Fifth Avenue, Inc., owner.

SUBJECT—Application February 24, 1960—filed pursuant to Section 60 of the Multiple Dwelling Law for variation of Section 60, subdivision 1-d of the Multiple Dwelling Law re—conversion of multiple dwelling garage to transient garage.

PREMISES AFFECTED—2-8 5th Avenue and 14 Washington Square, northwest corner, and 4-6 West 8th Street, Block 551, Lot 1, Borough of Manhattan.

### APPEARANCES—

For Applicant: Michael Christon.

ACTION OF BOARD—Appeal granted on condition.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5  
Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated February 25, 1960 on Alt. Applic. 905-59, reads:

"A-1 Transient garage use is contrary to Sect. 3 & 4 C of Zoning Resolution and Sect. 60.1 b M.D.L. See recourse under Sect. 60.1 d M.D.L."

and

WHEREAS, the applicant states that the building is 278 feet 2 inches by 171 feet 10 1/16 inches, irregular in area, 19 stories and pent house, 190 feet high, of class 1 construction, located in local retail and residence use, C area, class 1 1/4 height district, built in 1952, now used and occupied since 1952: cellar—boiler room, tenants' laundry, storage, locker room and garage for 73 motor vehicles, 10 persons; 1st floor—one doctor's office (Suite #9), all other doctors' offices to remain vacant and garage for 73 motor vehicles, 52 persons; 2nd to 5th floors—apartments, 60 persons each floor; 6th to 11th floors—apartments, 47 persons each floor; 12th floor—apartments, 46 persons; 13th floor—apartments, 38 persons; 14th and 15th floors—apartments, 35 persons each floor; 16th and 17th floors—apartments, 31 persons each floor; 18th and 19th floors—apartments, 24 persons each floor; pent house—apartments, 23 persons; roof—solarium; north and south towers—fan and elevator machine rooms; in accordance with Certificate of Occupancy #40082 issued July 15, 1952 against N.B. Applic. 2-50; that the proposed use and occupancy will be the same except for the cellar and 1st floor garage; and

WHEREAS, the applicant states that the garage was constructed under Section 60 of the Multiple Dwelling Law, and under Article II, Section 3 (9) of the Zoning Resolution; that as is witnessed by the Certificate of Occupancy referred to above, the construction of the garage conforms to all of the requirements of the Administrative Code and the Multiple Dwelling Law; that an inspection of the operating

# MINUTES

records kept by the owner of the building disclosed that the garage was occupied as follows:

|                                                                                 |     |
|---------------------------------------------------------------------------------|-----|
| Cars belonging to tenants in the building....                                   | 105 |
| Cars belonging to non-tenants, but stored for periods in excess of 30 days..... | 31  |
| Total .....                                                                     | 136 |

that of the total of 146 car spaces available in the building, 136 are in use; that there are 10 car spaces available for transient parking without in any way interfering with the opportunity for the tenants of the building to avail themselves of the parking facilities; that both West and East 8th Street are very active retail streets which invites automobile traffic and the resultant parking; that there is also a bus line operating on this street so that it is often congested with traffic; that were these parking facilities available to the general public, the street parking which is now permitted would be reduced and the traffic flow freed-up; that the parking facilities which are clearly needed are here available, and their use would eliminate the waste of leaving unused perfectly good parking space; that it will serve to benefit the general welfare by alleviating the traffic problem which is now a factor on 8th Street; that all uses and conditions are further stated in Cal. No. 727-59-BZ; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 905-59, Objection No. A-1, dated Feb. 25, 1960 be and it hereby is *modified* under the powers vested in the Board by Section 60(1d) and Section 310 of the Multiple Dwelling Law, and that the appeal be and it hereby is *granted*, on condition that all the requirements of the resolution adopted this day under Calendar No. 727-59-BZ shall be complied with; and that a certificate of occupancy shall be obtained.

## 743-59-BZ

APPLICANT—Julian Roth of Emery Roth and Sons for Flagler Park Estates, Incorporated, owner.

SUBJECT—Application November 6, 1959—decision of the Borough Superintendent, under Section 7e of the Zoning Resolution and Section 60 (1d) of the Multiple Dwelling Law, to permit in a residence use district, the change in use of the present accessory garage to an existing multiple dwelling, to allow the surplus parking spaces for transient parking.

PREMISES AFFECTED—30-38 Park Avenue, and 38-50 East 36th Street, southwest corner, Block 865, Lot 40, Borough of Manhattan.

### APPEARANCES—

For Applicant: Michael Christon.

For Opposition: David L. Charal.

ACTION OF BOARD—Application granted on condition.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 3, 1960 after due notice by publication in the Bulletin; laid over to June 1, 1960, for continued hearing; applicant to send new notices to affected owners; then to June 28, 1960, for applicant to submit additional drawings; and for publication in the Bulletin under the applicable sections of the Zoning Resolution and the Multiple Dwelling Law; for continued hearing and for inspection; applicant to file sign drawing; then to July 12, 1960, for inspection and decision; and

WHEREAS, the decision of the Borough Superintendent, dated October 7, 1959 acting on Alt. Applic. No. 907-59, reads:

"A2. Proposed conversion of the Mult. dwelling garage to transient garage use is contrary to Article 2

Section 3 subd. 9(b) of the Zoning Resolution."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended granting on certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution and Section 60 (1d) of the Multiple Dwelling Law.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e of the Zoning Resolution and Section 60 (1d) of the Multiple Dwelling Law to permit in a residence use district the use of part of an existing legal multiple dwelling accessory garage for transient parking for a term of twenty-one years, on condition that the building conforms to drawings filed with this application dated November 6, 1959, 4 sheets, and June 13, 1960, 1 sign drawing; that the vehicles parked in transient parking space shall be pleasure-type cars only and shall not exceed 20 in number in addition to the number of cars parked by tenants of this building and the cars parked on a monthly basis, and also on condition that the tenants of this apartment house may recapture any of the space devoted to transient parking on thirty days' notice to the owner in accordance with Section 3(9) (b) of the Zoning Resolution and Section 60 (b) of the Multiple Dwelling Law; that there shall be no advertising displayed for the washing of cars or for servicing cars; that there shall be one sign at the entrance in accordance with the sign drawing submitted with this application; that the sign required by the Department of Licenses shall be located inside the entrance; that all laws, rules and regulations applicable shall be complied with and a new certificate of occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

## 142-60-A

APPLICANT—Julian Roth of Emery Roth & Sons for Flagler Park Estates, owner.

SUBJECT—Application February 24, 1960—filed pursuant to Section 60 of the Multiple Dwelling Law for variation of Section 60, subdivision 1d of the Multiple Dwelling Law re—conversion of multiple dwelling garage to transient garage.

PREMISES AFFECTED—30-38 Park Avenue and 38-50 East 36th Street, southwest corner, Block 865, Lot 40, Borough of Manhattan.

### APPEARANCES—

For Applicant: Michael Christon.

ACTION OF BOARD—Appeal granted on condition.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated February 25, 1960 on Alt. Applic. 907-59, reads:

"A1—Proposed conversion of the Mult. dwelling garage to transient garage used for more than five (5) motor vehicles is contrary to Section 60 subd. 1. para. b of the Mult. Dwell. Law. See recourse under Sect. 60 1d M.D.L."

and

WHEREAS, the applicant states that the building is 134 feet 5¾ inches by 130 feet ¾ inches, irregular in area, 19 stories and pent house, 190 feet high, of class 1 construction, located in residence use, B area, class 1½ height district, built in 1955, now used and occupied since 1955 as follows: sub-cellar—garage for 49 motor vehicles, 5 persons; cellar—garage for 48 motor vehicles, boiler room, laundry room and elevator boys' locker room, 15 persons; 1st floor—garage

# MINUTES

for 45 motor vehicles, 4 doctors' offices, building office and mail room, 30 persons; 2nd to 19th floors—apartments; pent house tower-elevator machine, tank and fan rooms in accordance with Certificate of Occupancy #44107 issued May 10, 1955 against N.B. Applic. 13-54; that the proposed use and occupancy will be the same except for the garage; and

WHEREAS, the applicant states that the construction of the garage conform to all of the requirements of the Administrative Code and the Multiple Dwelling law; that an inspection of the operating records kept by the owner of the building disclosed that the garage was occupied as follows:

|                                                                            |      |
|----------------------------------------------------------------------------|------|
| Cars belonging to tenants in the building                                  | — 31 |
| Cars belonging to non-tenants, but stored for period in excess of 30 days. | — 94 |
| TOTAL                                                                      | —125 |

that of the total of 142 cars spaces available in the building, 125 are in use; that there are 17 car spaces available for transient parking without in any way interfering with the opportunity for the tenants of the building to avail themselves of the parking facilities; that East 36th Street is one of the main access streets to the Midtown Tunnel to Queens; that East 36th Street is a one-way east bound street and as a result carries a great deal of traffic; that traffic often does not clear the block between traffic light intervals, so that the entire block is traffic clogged to the point of obstructing north-south traffic on Madison Avenue; that were these parking facilities available to the general public, the street parking which is now permitted could be prohibited and the traffic flow freed-up; that it is requested that the Board grant permission for the use of the surplus parking space for transient parking for the following reasons: that the parking facilities which are clearly needed are here available, and their use would eliminate the waste of leaving perfectly unused good parking space; that it will serve to benefit the general welfare by alleviating the traffic problem which is now a factor on East 36th Street; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, acting on Alt. App. 907-59, Objection No. A1, dated February 25, 1960, be and it hereby is *modified* under the powers vested in the Board by Section 60 (1d) and Section 310 of the Multiple Dwelling Law, and that the appeal be and it hereby is *granted, on condition*, that all the requirements of the resolution adopted this day under Cal. No. 743-59-BZ, shall be complied with; and that a certificate of occupancy shall be obtained.

## THE RESOLUTION—

WHEREAS, this application was granted by the Board on July 24, 1959 on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution and extension of time to complete the work.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on July 24, 1959, by adding thereto:

"that the winders near the ceiling of the first floor, in the main stair between the first and second stories, may remain as shown on revised drawings marked 'Received June 29, 1960', 6 sheets; and that all permits shall be obtained and all work completed within one year from the date of this *amended* resolution." (Alt. Applic. 1877/58)

## 226-45-A

APPLICANT—Samuel R. Buxbaum for My-R Construction Corp., owner; 872 Gerard Avenue Corp., lessee.

SUBJECT—Application for consideration—reopening for extension of term of variance which expired June 24, 1960—re Appeal from a decision of the Borough Superintendent; previously granted for a temporary term.

PREMISES AFFECTED—872 Gerard Avenue and 81-95 East 161st Street, northeast corner (2nd floor) Block 2476, Lot 56, Borough of The Bronx.

## APPEARANCES—

For Applicant: Samuel R. Buxbaum.

ACTION OF BOARD—Appeal reopened and term extended.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

Negative: ..... 0

## THE RESOLUTION—

WHEREAS, this application was granted by the Board on October 16, 1945 on certain conditions; and

WHEREAS, the term of variance was last extended on June 24, 1958; and

WHEREAS, the applicant requested a further extension of the term of variance.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* its resolution adopted on October 16, 1945, as *amended* through June 24, 1958, only so far as it has reference to the term of the variance, so that as *amended* this portion of the resolution shall read:

"that the present occupancy of the second floor east, consisting of dress store, may be continued for a term of two years from the date of this *amended* resolution, provided there is no manufacturing carried on; that such portable fire-fighting appliances shall be installed as the Fire Commissioner shall direct; and that a new certificate of occupancy shall be obtained." (Alt. 594/54)

## 264-45-A—Vol. II

APPLICANT—Philip Freshman for M & J Knitcraft Company, Incorporated, owner.

# MINUTES

SUBJECT—Application reopened May 3, 1960 as Volume II—Appeal from a decision of the Borough Superintendent, re extension and arrangement of existing factory.

PREMISES AFFECTED—1052-1054 Greene Avenue, south-side, 51 feet, 8 inches west of Broadway, Block 1623, Lot 33, Borough of Brooklyn.

APPEARANCES—

For Applicant: Philip Freshman.

ACTION OF BOARD—Appeal denied.

THE VOTE TO GRANT—

Affirmative: ..... 0

Negative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox, and Commissioner Becker ..... 5

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated March 30, 1960 on Alt. Applic. 3148-59, reads:

"1. These premises were the subject of a B.S.&A. variance in connection with the exits under Cal. #264-45-A. The extension of the building in height and area and the proposed arrangement are contrary to said variance."

and

WHEREAS, the applicant states that the building is 40 feet by 100 feet in area, 3 stories, 39 feet high, of class 1 construction, located in business and manufacturing use, C area, class 1 height district, built in 1895, now used and occupied since 1958: cellar—ground, storage, boiler room and factory, 1 person; 1st floor—125 pounds Live Load, stock room, tool room, factory knitting of garments and 1 dressing room, 10 persons; 2nd floor—125 pounds Live Load, office, shipping, factory for garments, 40 persons; 3rd floor—125 pounds Live Load, stock room and factory for garments, 22 persons; that the legal occupancy in accordance with Certificate of Occupancy #114914 issued August 6, 1946 against Alt. Applic. 337-45 is: Cellar—ground, storage; 1st floor—125 pounds Live Load, shipping, manufacturing and storage, 20 persons; 2nd floor—125 pounds Live Load, manufacturing briar pipes, 20 persons; 3rd floor—125 pounds Live Load, offices, 7 persons; that the proposed use and occupancy will be the same; and

WHEREAS, the applicant states that the exits were accepted under Volume I; that a 1 story class 3, 10 feet by 40 feet rear extension was illegally constructed; that the use of the building was changed from originally approved; that factory use is now extended; that all factory use will be in accordance with the Zoning Resolution; that the exits will remain and consist of an interior 3 foot steel stair in masonry enclosures and a front Labor Law type fire escape; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the appeal should not be granted.

*Resolved*, that the decision of the Borough Superintendent, acting on Alt. App. 3148-59, Objection No. One be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

## 487-58-A

APPLICANT—New York City Transit Authority, lessee, for City of New York, owner.

SUBJECT—Application for consideration—reopening for extension of time to complete which has expired July 6, 1959—re Appeal from a decision of the Fire Commissioner re: installation of six Diesel oil tanks, previously granted on condition.

PREMISES AFFECTED—66-99 Fresh Pond Road, north side of right-of-way, 150 feet east of Fresh Pond Road, Block 3619, Lot 3, Ridgewood, Borough of Queens.

APPEARANCES—

For Applicant: Thomas H. Normile.

ACTION OF BOARD—Application reopened and time to complete work extended.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

Negative: ..... 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on January 6, 1959 on certain conditions; and

WHEREAS, the applicant requested an extension of time to obtain permits and complete the work.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on January 6, 1959, only as to the time to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"that all permits shall be obtained and all work completed within one year from the date of this *amended* resolution."

## 647-59-A

APPLICANT—Halperin, Natanson, Shivitz, Scholer and Steingut for Grand Iron Works, Incorporated, lessee; Tifran Realty Corporation, owner.

SUBJECT—Application October 8, 1959—Appeal from an order and a decision of the Fire Commissioner—re spraying equipment.

PREMISES AFFECTED—500-534 Worthen Street, east side, 400 feet north of Oakpoint Avenue, Block 2768, Lot 125, Borough of The Bronx.

APPEARANCES—

For Applicant: Nathan C. Horwitz.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

Negative: ..... 0

THE RESOLUTION—

WHEREAS, the decision and order of the Fire Commissioner dated September 10, 1959 on Order No. 3159-9, reads:

"1. Provide a spray booth and auxiliary equipment and storage facilities in conformity with the Spray Rules of the Board of Standards and Appeals, C19-84.0, Administrative Code, and Section 665, Greater New York Charter.

NOTE: Additional requirements may be made with regard to spraying operations and equipment, upon re-inspection of premises.

2. OR COMPLY WITH THE FOLLOWING:

Reduce the storage of spraying, dipping or immersing materials on the premises so that the total amount of material stored does not exceed 20 gallons, and the quantity of such materials used in a day does not exceed 2 quarts, in which instance a permit is not required. Rule 1.1, Spray Rules."

and

WHEREAS, the applicant states that the building is 400 feet by 100 feet in area, 1 story, 40 feet high, of class 1 construction, located in unrestricted use, A area, class 1½ height district, built in 1946, now used and occupied since 1946: 1st floor—structural steel fabricating plant, 45 persons; and

WHEREAS, the applicant states that this is one of the buildings of the Grand Iron Works, Inc., who maintains and operates a steel plant for the fabrication of structural steel beams; that the plant consists of 3 fabricating buildings and a tool and paint storage building; that steel beams are drilled, riveted, welded and shaped, and shop-sprayed with a rust resisting coating; that the steel beams weigh many tons and are of varied great lengths; that their movement requires large open spaces in height and areas and many large door openings; that they are moved individually by means of overhead cranes, without assembly lines or continuously moving equipment; that steel beams readied for a spray coating are set down in a horizontal position resting directly on the floor, in sections of the buildings set aside

# MINUTES

for such use; that each fabricating building has one such section; that no open flames or coating equipment are maintained in these sections; that one 50 gallon drum of spray material is used in a section; that the spray operator places a tube in the drum, the tube being connected to an air compressor and to a hand operated spray nozzle held by the operator; that the operator walks around the beam as he controls the spraying, in a manner similar to applying a paint brush; that the method of spraying employed here has been approved by the New York State Labor Department; that there is no accumulation of over-spray deposits on the floor or on the premises; that no drying equipment is used; that there are ten 50 gallon drums of spray material stored in a paint storage building, under permit from the Fire Department; that delivery and use to the respective spraying areas is limited to a single drum at any one time; that the spray material is commercially designated as M. J. Merkin Red-oxide #4550 and has a flash-point of over 108°F, and is not a volatile liquid; that this is the only type of spray material used; that the large open areas in the buildings, and the door and window openings, provide an adequate, continuous supply of natural ventilation; that there are no combustible materials or inflammable solvents stored or used, and no explosive vapor air mixtures present at any time; that plant operations are under the supervision of qualified, competent employees holding Certificates of Fitness from the Fire Department; and

WHEREAS, the spray equipment is used in incombustible, Class One buildings, and used in spaces which are not confined.

Resolved, that the Order of the Fire Commissioner dated September 10, 1959, acting on Order No. 3159-9 Objection No. One be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the buildings in which the equipment is used are in accordance with drawing filed with the application dated May 27, 1960, 4 sheets; that the material used is not highly volatile and has a flash point of not less than 108°F; that the quantity of material used in one day shall not exceed twenty gallons; that the paint shall be an approved paint; that the spaces which are now vacant shall not be occupied in the future by any use or occupancy requiring a permit from the Fire Commissioner for storage of inflammable or combustible materials; and that all other laws, rules and regulations shall be complied with.

APPLICANT—Charles L. Koester for Arnold R. Belosic, owner.

SUBJECT—Application December 31, 1959—Filed pursuant to Section 36, Article 3, of the General City Law—re building not fronting on legal street.

PREMISES AFFECTED—43-24 Cornell Lane, west side, 247.16 feet north of Northern Boulevard, Block 8129, Lot 155, Little Neck, Borough of Queens.

APPEARANCES—

For Applicant: Charles L. Koester, Jr., and Arnold R. Belosic.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

Negative: ..... 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated December 29, 1959 on N.B. Applic. 2084-59, reads:

"1. Proposed erection of a dwelling on a lot which does not have access to a street or highway as shown on official city maps is contrary to General City Law Article #3, Section 36."

and

WHEREAS, the applicant states that the proposed building will be 25 feet 8 inches by 48 feet in area, 2 stories, 17 feet high, of class 4 construction, located in residence use, E-1 area, class ½ height district; that the proposed use and occupancy will be: 1 family dwelling and 2 car garage in basement; and

WHEREAS, the applicant states that there are nine (9) houses on Cornell Lane at present; that the lane is a 12 feet wide unpaved street; and

WHEREAS, the Board has been advised by the President of the Borough of Queens that the records show that Cornell Lane is a private street about 12 feet wide, located north of Northern Boulevard between Marathon Parkway and Little Neck Parkway; that there is no map now being made which would incorporate this street in the final map street system of the Borough of Queens.

*Resolved*, that the decision of the Borough Superintendent, acting on N.B. App. 2084-59, Objection No. One, dated December 29, 1959, be and it hereby is *modified* under the powers vested in the Board by Section 36 of the General City Law, and that the appeal be and it hereby is *granted on condition* that the building conform to drawings filed with this application dated December 31, 1959, 3 sheets, and May 6, 1960, one sheet; that all laws, rules and regulations applicable shall be complied with; and that a certificate of occupancy be obtained.

## 102-60-A

APPLICANT—Hady H. Craigwell for Hylas Strangs, owner.

SUBJECT—Application February 17, 1960—filed pursuant to Section 310 of the Multiple Dwelling Law for variation of Section 231 of the Multiple Dwelling Law—re egress. PREMISES AFFECTED—1060 Grant Avenue, east side, 157 feet south of East 166th Street, Block 2448, Lot 10, Borough of The Bronx.

APPEARANCES—

For Applicant: Hady H. Craigwell.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,

Commissioner Sleeper and Commissioner Becker .... 4

Negative: Commissioner Fox ..... 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated February 15, 1960 on Alt. Applic. 1301-56, reads:

"A-14 Provide fire escapes or 2nd means of egress for front apts. at 2nd and 3rd stories as per Sec. 231 of the M.D.L. (The sprinkler system installed in the public halls eliminates only the requirement for fire retarding of public halls as per Sec. 238 subdiv. 7 of the M.D.L.)"

and

WHEREAS, the applicant states that the building is 20 feet by 54 feet in area, 3 stories, 35 feet high, of class 3 construction, located in residence use, B area, class 1½ height district, built in 1899, now used and occupied since 1959: cellar—boiler room; 1st floor—1 apartment; 2nd and 3rd floors—2 apartments each floor; that there is no proposed change in use and occupancy; and

WHEREAS, the applicant states that Alteration Application #1301/56 was filed to subdivide the 2nd and 3rd floor apartments and among other things called for the fire retarding of the public halls and a fire escape at the front; that the rear fire escape was existing; that during the course of construction, it was decided that a sprinkler system would be more desirable; that an amendment was filed to substitute the fire retarding and fire escape with a public hall sprinkler installation, which was approved under Misc. (Spr.) #128-58 and installed; that during the final procedures pending issuance of Certificate of Occupancy the Department discovered that the substitution was approved in error and then required the front fire escape; that the fire escape installation would actually mean double compliance in a building and would place a financial burden upon the owner; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the appeal be granted on condition.

*Resolved*, that the decision of the Borough Superintendent, dated February 15, 1960, acting on Alt. App. 1301-56 Objection No. A-14 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the building conform to drawing filed with this appeal dated February 17, 1960, one sheet; that the present public hall sprinkler system be maintained; that rockwool be blown in between the studs of the public hall partitions on all floors; and that a certificate of occupancy be obtained.

## 123-60-A

APPLICANT—Samuel Garnett for Raalbro Realty Corporation, owner.

SUBJECT—Application February 24, 1960—appeal from a decision of the Borough Superintendent—re Class III Construction, factory height excessive.

PREMISES AFFECTED—36 West 38th Street, southside, 412 feet east of Avenue of the Americas, Block 839, Lot 67, Borough of Manhattan.

APPEARANCES—

For Applicant: Samuel Garnett.

ACTION OF BOARD—Appeal granted on condition.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Sleeper, Commissioner Fox and  
Commissioner Becker ..... 5  
Negative ..... 0

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated January 27, 1960 on Alt. Applic. 821-59, reads:

"The addition of a floor to a class III 6 story factory exceeds the tabular height limits and violates Sec. 271 of L.L., 4.2.1 B.C."

and

WHEREAS, the applicant states that the building is 21 feet by 98.9 feet in area, 7 stories, 60 feet high, of class 3 construction, located in unrestricted use, B area, class 1½ height district, built prior to 1914, now used and occupied since 1959, substantially in accordance with Certificate of Occupancy #2705 issued in 1921 against Alt. Applic. 2442-20; that the proposed use and occupancy will be the same: cellar—heating and storage; 1st floor—store, 15 persons; mezzanine—office, 10 persons; 2nd to 6th floors—showroom and factory, 15 persons each floor; and

WHEREAS, the applicant states that the 1st story was about 16 feet high with a mezzanine covering about 25% of the floor area; that last year the owner had to repair a section of this mezzanine and continued the construction for the full depth of the floor, in effect adding a full floor to the building; that this application is designed to legalize this construction; that this new floor will be used only as an office; that it will comply fully with the building code requirements for egress and construction; that to maintain and in fact improve the safety of the building, the owner will install a sprinkler system throughout; that there has been no increase in height of the building; that the security of the stairway will not be changed; that the installation of a sprinkler system will add considerably to the safety of the building; that the exits consist of a 4 foot steel stair enclosed in 1 hour partitions with fireproof self-closing doors; that the secondary egress is through a rear Labor Law type fire escape; that the termination of this fire escape is through a 1 hour passageway, connecting 2nd floor balcony with the main stair at the 1st floor; and

WHEREAS, the premises was inspected by a committee of the Board, which recommended granting on certain conditions;

*Resolved*, that the decision of the Borough Superintendent, dated January 27, 1960, acting on Alt. Applic. 821/59, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the building shall conform with drawings filed herewith dated February 24, 1960, 9 sheets; that there shall be only one tenant per floor; that the building shall be sprinklered throughout and a Certificate of Occupancy shall be obtained.

## 126-60-A

APPLICANT—William Karas for City of New York, Dept. of Public Works, owner.

SUBJECT—Application February 19, 1960—appeal from a decision of the Borough Superintendent—re location of gasoline dispensers.

PREMISES AFFECTED—205-235 East 20th Street, north side, 75 feet east of 3rd Avenue and 228-234 East 21st Street, Block 901, Lots 6, 9, 14, 41, 42, 43 and 44, Borough of Manhattan.

## APPEARANCES—

For Applicant—Bernard Josephson, Dept. Public Works, Irving Levett, Jacob J. Katz, Police Dept. and Robert E. Wall.

ACTION OF BOARD—Appeal granted on condition.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Sleeper, Commissioner Fox and  
Commissioner Becker ..... 5  
Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated January 11, 1960 and February 11, 1960 on Misc. Applic. 3180-59, reads:

"1—No pumps shall be allowed on any floor below the street level. Chapt. C19-70.0 subdiv. c.  
Reconsideration denied."

and

WHEREAS, the applicant states that the proposed building will be 335 feet by 184 feet irregular in area, 8 stories, 104 feet 5 inches high, of class 1 construction, located in local retail and retail use, B area, class 1½ height district; that the proposed occupancy will house the Police Academy, a double Precinct Station, Division and Borough Offices and other major Administrative Patrol and Detective Units of the Police Department; and

WHEREAS, the applicant states that the installation of gasoline tanks and pumps would provide gasoline service for radio motor cars on patrol in this precinct; that if such a facility were not available these cars would of necessity refuel at remote locations with a consequent loss in patrol coverage in this important mid-town area; that specialized police units also houses in this building, such as the Emergency Service Squad, the Police Laboratory and the Medical Bureau, are called upon to respond at irregular hours during the day and night on Police Duty; that the handicap of not having gasoline service situated within their base of operations would tend to seriously impair their efficiency and to cause loss of valuable time in responding to scenes of police emergencies requiring their specialized services; that critical time could be lost in remote refueling; that **because of the limited site conditions, there is no outside yard available for gasoline services; that due to the complex nature of the planning and mandatory control conditions required for the various agencies using the buildings, no space above the cellar level could be made available for garage and fuel servicing functions; that the garage area has been designed for maximum safety in conformity with code requirements with prescribed fire partitions, remote exits, 1½ hour fire rated doors, sprinklers and stand pipe system; that mechanical ventilation has been provided as required by Code and is supplemented by fixed louvers near the pumps for natural ventilation; that the pumps have been remotely connected with no motors at dispensers; that storage tanks are encased in concrete in an unexcavated area below the cellar floor and are vented to the roof in concrete encased pipes.**

*Resolved*, that the decision of the Borough Superintendent, dated January 11, 1960 and February 11, 1960, acting on Misc. App. 3180-59, Objection No. One be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the building conform to drawings filed with this appeal dated February 19, 1960, one sheet, April 7, 1960, 3 sheets, and June 2, 1960, 2 sheets; on the further condition that there be at least four changes of air per hour provided by the ventilating system in the garage portion of the building; and that all other laws, rules and regulations be complied with.

## 137-60-A

APPLICANT—Joseph Nirenberg for Clare Marks, owner.

SUBJECT—Application reopened June 28, 1960 for reconsideration under Article IV, Rule 5, Rules of Procedure—filed pursuant to Section 310 of the Multiple Dwelling Law for variation of Section 56 of the Multiple Dwelling Law re—increase in occupancy, with a frame structure on the same lot; previously dismissed for lack of jurisdiction.

PREMISES AFFECTED—2823 West 29th Street, east side, 175 feet south of Neptune Avenue, Block 7011, Lot 79, Borough of Brooklyn.

## APPEARANCES—

For Applicant: Joseph Nirenberg.

ACTION OF BOARD—Appeal granted on condition.

# MINUTES

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Sleeper and Commissioner Becker.... 4  
Negative: Commissioner Fox ..... 1

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated February 29, 1960 on Alt. Applic. 3243-59, reads:

"1. The increase in occupancy in a new law tenement with a frame structure on the same lot is contrary to Sec. 56 SUB. 5."

and

WHEREAS, the applicant states that the building is 20 feet 6 inches by 79 feet 10 inches in area, 2 stories, 28 feet high, of class 3 construction, located in residence use, C area, class 1 height district, built in 1925, now used and occupied since 1932: cellar—ordinary and 1 apartment, 1 family; 1st and 2nd floors—2 apartments, 2 families on each floor; and

WHEREAS, the applicant states that there is on the rear of the same lot a frame bungalow built under Alt. Applic. 3572-18; that the cellar apartment of the front building built under N.B. Applic. 12867-25 is the subject of this appeal; and

WHEREAS, the applicant contends that under Alt. Applic. 3572/18, a 1-story bungalow was moved from another location and set at the rear of this lot; that under Tenement House N.B. 798/25, Certificate of Occupancy 180/26, a 2-story four family brick building was erected on the front part of this lot; that this building, when erected, was outside the Fire Limits; that Sections 31 and 38 of Tenement House Laws permitted them the altering of a building even if the building was of frame; that the Board may act in this case under Section 310, subdivision 5 of the Multiple Dwelling Laws; that Section 56 specifically states that no building on the same lot with frame structure may be altered to increase the height, bulk, apartments or rooms; that no such increase will take place here, as an apartment existed from about the time the building was erected.

Resolved, that the decision of the Borough Superintendent, dated February 29, 1960, acting on Alt. App. 3243-59 Objection No. One be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the work conform to that shown on drawings filed with this appeal dated February 29, 1960, 2 sheets, on the *further condition* that the Multiple Dwelling Law be compiled with; that all other laws, rules and regulations applicable be complied with; and that a certificate of occupancy be obtained.

## 213-60-A

APPLICANT—De Rose and Cavalieri for 535-539 East 75th Street Corporation, owner; Alex Karten, president.

SUBJECT—Application March 22, 1960—Appeal from a decision of the Borough Superintendent re—factory, horizontal extension.

PREMISES AFFECTED—535-539 East 75th Street, north side, 64 feet 8½ inches west of Franklin D. Roosevelt Drive, Block 1487, Lot 23, Borough of Manhattan.

## APPEARANCES—

For Applicant: George J. Cavalieri and Alexander Karten.

ACTION OF BOARD—Appeal denied.

## THE VOTE TO GRANT—

Affirmative: ..... 0  
Negative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Sleeper, Commissioner Fox, and  
Commissioner Becker ..... 5

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated March 4, 1960 on Alt. Applic. 1062-55, reads:

"5. Since the increase in the horizontal extension is more than 25%, this building should be made to comply with Sec. 270 L.L."

and

WHEREAS, the applicant states that the building is 72 feet 4 inches by 70 feet in area, 5 stories, 60 feet high, of class 3

construction, located in unrestricted use, B area, class 1½ height district, built in 1892, now used and occupied since before 1913; cellar—storage and boiler room; 1st floor—factory (laundry); 2nd floor—factory (woodworking); 3rd and 4th floors—factory (upholstery manufacturing); 5th floor—factory (furniture manufacturing); 30 persons each floor; that the proposed use and occupancy will be the same, except that the 2nd and 3rd floors—50 persons each floor instead of 30 persons; that the applicant proposes to legalize a present 1st story extension and build a 2nd and 3rd story extension so that the area of the 1st floor will be 72 feet 4 inches by 100 feet; that the area of 2nd and 3rd floors will be 72 feet 4 inches by 96 feet 2 inches; and

WHEREAS, the applicant states that the exits consist of an interior 3 feet 10 inches wide wood stair enclosed in metal lath and plaster partitions with fireproof self-closing doors; that the 2nd egress is through a 45° stair Labor Law type fire escape on the front of the building; that the building is now equipped with a two-source sprinkler system throughout; and

WHEREAS, the Board after thorough consideration of this appeal recommended that it be not granted.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 1062/55, Objection No. 5, dated March 4, 1960, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

## 245-60-A

APPLICANT—Julius, S. Rapson for Joseph Parinello, owner; American Service Stations, lessee.

SUBJECT—Application April 1, 1960—Filed pursuant to Section 35 of the General City Law—re construction in bed of mapped street—proposed 98th Street.

PREMISES AFFECTED—97-09 Rockaway Boulevard, north side, 18 feet west of mapped 98th Street, Block 9169, Lot 47, South Ozone Park, Borough of Queens.

Commissioner Sleeper and Commissioner Becker.... 4  
Negative: Commissioner Fox ..... 1

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated March 2, 1960 on Alt. Applic. 169-60, reads:

"The proposed one story brick bldg., in the bed of street (highway) as shown on City Final Maps is contrary to Sec. 35 of the General City Laws."

and

WHEREAS, the applicant states that the building is 59 feet by 30 feet in area, 1 story, 15 feet high, of class 3 construction, located in unrestricted use, D and A areas, class 1 height district, built in 1951, now used and occupied since 1952: 1st floor—gasoline service station, repair shop, body and fender repairs, painting and spraying on the premises in the open, using one quart sprayer and spraying not more than 2 quarts of paint in any one day. Parking of more than 5 motor vehicles and storage of not more than 10 gallons of paint, 5 persons; substantially in accordance with Certificate of Occupancy #Q79723 issued February 18, 1952 against Alt. Applic. 2393-51; that the proposed use and occupancy will be the same; that it is proposed to extend this station 40 feet to the east; and

WHEREAS, the applicant states that a portion of the lot and the proposed extension will be located in the bed of mapped street—98th Street; that the plot is 125 feet front, 128.08 feet in the rear, 90.36 feet along the east lot line and 62.95 feet along the west lot line; that a portion of the lot is in a business use D district; that this portion of the lot is separated from the rest of the lot with a wire fence; that this portion will remain unused; that the topographical engineer in the office of the Borough President of

# MINUTES

Queens has no record of any action to cut this street through, and they doubt if it will ever be done; that this building will in all other respects conform to the rules and regulations for a building in an unrestricted D area, and applicant respectfully requests permission to build on the portion in the bed of mapped 98th Street under Article 3, Section 35 of the General City Law; that the Borough President of Queens has notified the Board that the Final Map of the Borough of Queens adopted by the Board of Estimate and Apportionment on July 2, 1909, shows 98th Street at a width of 50 feet, which is in private ownership; that there is no proceeding now pending to acquire title to this street; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the appeal be granted on condition.

*Resolved*, that the decision of the Borough Superintendent, dated March 2, 1960, acting on Alt. App. 169-60, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the property and the arrangement of the building conforms to drawing submitted with this appeal, dated July 8, 1960, one sheet; that all laws, rules and regulations applicable be complied with; and that a certificate of occupancy be obtained.

## 267-60-A

APPLICANT—Harry Silverman for Eastern Cold Storage Insulation Company, Incorporated, owner.

SUBJECT—Application April 12, 1960—Appeal from a decision of the Borough Superintendent—re Class 3 construction, office use, stairs enclosed.

PREMISES AFFECTED—141 East 40th Street, north side, 170 feet east of Lexington Avenue, Block 1295, Lot 27 Borough of Manhattan.

APPEARANCES—

For Applicant: Harry Silverman.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5  
Negative: ..... 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, Dated March 28, 1960 on Alt. Applic. 381-60, reads

"1. Proposed use of 5th floor for office use contrary to 4.2.1 B.C. (C26-254.0 A.C.).

2. Enclosure of required stair to be enclosed with walls or partitions having a fire resistive rating of at least 2 hrs. as per 6.4.1.8.1 B.C. (C26-292.0h A.C.)."

and

WHEREAS, the applicant states that the building is 25 feet by 75 feet 4 inches in area, 5 stories, 56 feet 1 inch high, of class 3 construction, located in restricted retail use, B area, class 1½ height district, built in 1886, now used and occupied since 1886; cellar—storage; 1st floor—driveway and apartment; 2nd to 5th floors—1 apartment each floor; that the proposed use and occupancy will be: cellar—storage; 1st floor—store and office, 50 persons; 2nd to 5th floors—offices, 11 persons each floor; and

WHEREAS, the applicant states that it is proposed to alter the building and change the building classification from residence to commercial on all 5 floors; that the building will be completely sprinklered with an approved automatic sprinkler system; that the stairs will be new steel stairs, with cement treads; that the stair enclosure will be one hour fire resistive; that wood studs with rock lath and gypsum plaster on both sides; that the enclosure will be fire stopped in floors and roof; that ceilings will be fire resistive, rock lath and gypsum plaster; that the 3 foot stair capacity is 30 persons; that the occupancy will be 11 persons each floor (from 2nd to 5th floors); that a 23 foot 5 inch by 25 foot one story extension will be built at the rear, in conformity with the Zoning regulations; that heat

will be provided by New York Steam Company, there will be no boiler room in the building.

*Resolved*, that the decision of the Borough Superintendent, dated March 28, 1960, acting on Alt. Applic. 381/60, Objection Nos. 1 and 2, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the building shall conform with drawings filed herewith dated April 12, 1960, 2 sheets and July 7, 1960, 2 sheets; that the entire building shall be equipped throughout with a one-source sprinkler system; that all other laws, rules and regulations applicable shall be complied with; and that a certificate of occupancy shall be obtained.

## 449-60-A

APPLICANT—Irontown Construction Incorporated, owner.  
SUBJECT—Application June 13, 1960—Filed pursuant to Section 36 of General City Law re—buildings not facing legal streets.

PREMISES AFFECTED—163 to 199 Wolverine Street, north side, and 196 to 248 Amber Street, south side, Block 4419, Lots 60, 66, 69 to 85 and 100, 103 to 125 inclusive, New Dorp, Borough of Richmond.

APPEARANCES—

For Applicant: Alfred A. Lama, Rabbi H. Eisenstadt and Akiba Ehrenfeld.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5  
Negative ..... 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated June 3, 1960 on N.B. Applics. 492 to 500-60, reads:

"1. The street giving access to this structure is not on the official map of the City of New York and is contrary to paragraph 36 of the General City Law."

and

WHEREAS, the applicant states that the proposed buildings will be 26 feet by 46.33 feet in area, 2 stories, 22 feet high, of class 4 construction, located in residence use, G-1 area, class ¾ height district, now vacant; that the proposed use and occupancy will be: (26 Buildings) basement—ordinary and 1 car garage; 1st floor—1 family dwelling; and

WHEREAS, the applicant states that 26 houses with all land and streets filled to approved tentative grades as approved by the Board of Estimate for Wolverine Street and Amber Street; that a private sanitary sewer as approved by the Borough of Richmond Sewer Engineers has been completed with the top of manholes and streets filled to approved tentative grade; that the applicant requests approval of the N.B. Applications, since they conform to the tentative grade in lieu of a final map; and

WHEREAS, Block 4419 as bounded by Amber Street, Wilder Avenue, Wolverine Street and Thomas Street at the present time is comprised of only one lot—Lot #60; that the other above-mentioned lot numbers are tentative; that Thomas Street is the only street bounding this block which has been final mapped; that of the above-mentioned tentative lot numbers only lot number 100 has any frontage on a final mapped street; that the southwesterly portion of this lot fronts on Thomas Street; and

WHEREAS, the Board has discussed this appeal thoroughly and is cognizant of the situation.

*Resolved*, that the decision of the Borough Superintendent dated June 3, 1960, acting on N.B. Apps. 491 through 500-1960 and 668 through 681/60 acting on Objection No. 1, be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted on condition*, that the buildings shall conform with Drawing #5 filed with this application dated June 13, 1960; that all other laws, rules and regulations applicable shall be complied with and a Certificate of Occupancy for the buildings shall be obtained.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5  
Negative: ..... 0

*Resolved*, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Sections 7e, f, i and A of the Zoning Resolution, to permit in a business use district, a portion of premises to be used for a motor vehicle repair shop, *including body and fender work* together with parking of more than five motor vehicles, incidental sale of gasoline, oil and motor accessories, to customers of cars being repaired, office and storage space and the balance of the premises to be used for three stores with a business entrance located within 75 feet of the residence zone, *on condition* that the work shall be done in accordance with drawings filed herewith dated April 7, 1959, 2 sheets and June 27, 1958, 1 sheet; that all other laws, rules and regulations applicable shall be complied with; that all permits and a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

\*Correction—In the Resolved portion the words "*including body and fender work*" are added to correct, as shown in italics above.

## \*CORRECTION

That portion of the minutes of the meeting of the Board of Standards and Appeals held on June 7, 1960, as they appeared in Bulletin No. 24, Vol. 45 are hereby corrected to read as follows:

### 712-59-SM

APPLICANT—Edwin F. Guth Company, owner.

### APPEARANCES—

For Applicant: Byron R. Wardle.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox, and Commissioner Becker ..... 5  
Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

712-59-SM—The Edwin F. Guth Co., owner, St. Louis,

Mo., filed November 2, 1959 for approval of the material known as "NC" Gratelite M-5435 (plastic light diffuser) for use in New York City under the provisions of Section C26-88.0 and Section C26-461.1 Administrative Building Code.

USE: To be used as a plastic light diffuser.

DESCRIPTION: Gratelite is a plastic grid with  $\frac{3}{8}$ " cubical openings with translucent texture. Gratelite is molded in one piece  $\frac{3}{8}$ " thick.

INSPECTION AND TEST: Samples of the material was inspected at the Board by Ass't Architect T. W. Farricker.

The material was tested at the following approved laboratories.

1. Better Fabric Testing Bureau covering the flammability of "N.C." Gratelites as outlined by ASTM designation D635-44 with the following results: NON-BURNING.

2. Pittsburgh Testing Laboratories covering the Uniform Load Suspension of "N.C." Gratelites. Load tests were conducted on two (2) 2' x 2' NC Gratelites with the following results:

#### Sample #1

Size: 2'-0" x 2'-0"

Marked: "NC" Gratelite  
Louver

Weight: 2.64 lbs.

Test Load: Uniform

Load: 5 times weight of  
Louvers = 13.20 lbs.

#### Sample #2

Size: 2'-0" x 2'-0"

Marked: "NC" Gratelite  
Louver

Weight: 2.63 lbs.

Test Load: Uniform

Load: 5 times weight of  
Louvers = 13.15 lbs.

#### Sample #1

Louvers were supported on 4 edges with  $\frac{3}{8}$ " bearing, cloth was used to cover the surface and sand applied over the surface in the amount in 13.20 lbs.

Test load remained for approximately 30 minutes with no observable failure.

#### Sample #2

The sample was conducted as Sample #1 with the same result, the exception being, sand applied over the surface in the amount of 13.15 lbs.

3. Factory Mutual Laboratories covering the distribution from approved sprinklers installed over Gratelite Suspended Ceiling.

The Factory Mutual test results show that the distribution density on the floor measured at the area of least density was considerably reduced with the Gratelite ceiling.

RECOMMENDATION: The Committee on Test recommends the approval of the material known as "NC" Gratelite M-5435 (plastic light diffuser) for use in New York City under the provisions of Section C26-88.0 and Section C26-461.1 Administrative Building Code, as to the size of individual sheets for use with an approved suspension system, and provided that each package or carton in which the "NC" Gratelite will be marketed shall bear a stamp or label reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 712-59-SM".

The Committee further recommends that this light diffuser is not to be installed below sprinkler heads, or in any required stair enclosure, in public hallways, required exit corridors or exit passageways as per Section C26-461.1.c Administrative Building Code and that its use in Class I and II construction be limited to an area not exceeding 10,000 sq. ft. and only when such space is separated from the remainder of the floor area by an approved fire wall, fire partition or fireproof partitions.

(Sgd.) WILLIAM A. NOLAN,  
Director,

JOHN A. DARTS,

Assistant Engineer,

GEORGE F. SKLENARIK,

Assistant Engineer,

Committee on Test.

# CORRECTION

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

\*Correction—Under Description the sizes have been deleted and under the load tests, Sample #1, the matter in *italics* previously omitted has been added to complete.

## \*CORRECTION

The minutes of the meeting of the Board of Standards and Appeals held on June 21, 1960 as they appeared in Bulletin No. 26, Vol. 45 are hereby corrected to read as follows:

### 708-38-BZ—Vol. III

APPLICANT—Charles A. Buckley, Jr. for Bertha M. Carrol, owner; Gulf Oil Corp., lessee.

SUBJECT—Application for consideration—reopening for amendment of resolution—re Application, decision of the Borough Superintendent; previously granted on condition, under Section 7c of the Zoning Resolution, permitting in a business use district the parking and storage of more than five motor vehicles on an existing gasoline service station.

PREMISES AFFECTED—92-28 Horace Harding Boulevard and 92-43 to 92-57 Queens Boulevard, southeast corner, Block 2075, Lot 5, Elmhurst, Borough of Queens.

### APPEARANCES—

For Applicant: Charles A. Buckley, Jr.

ACTION OF BOARD—Application reopened and resolution amended.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5  
Negative ..... 0

### THE RESOLUTION—

WHEREAS, this application was amended by the Board as Vol. III, on March 29, 1955 on certain conditions; and

WHEREAS, the resolution was again amended on May 14, 1957; and

WHEREAS, the applicant requested a further amendment of the resolution.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on November 15, 1938, as *amended* through May 14, 1957, by adding thereto:

“that the gasoline service station may be redesigned, rearranged and constructed substantially as proposed and as shown on revised drawings marked ‘Received May 25, 1960’, 3 sheets: *that there shall be no roof sign*; that this work shall be done in accordance with the provisions of Section 22A of the Zoning Resolution from the date of this *amended* resolution; that a new certificate of occupancy shall be obtained; and that other than as herein *amended* the resolution above cited **shall be complied with in all respects.**” (Alt. 1210/60)

\*Correction—In the Resolved portion the following words are added to correct: “that there shall be no roof sign” as shown in *italics* above.

# NOTICE

## APPEALS AS TO MULTIPLE DWELLINGS

The Legislature, under Chapter 333 of 1948, has clarified Section 60 of the Multiple Dwelling Law by describing the agency authorized to grant variances under this Section, so as clearly to mean in New York City—the Board of Standards and Appeals.

Chapter 508 of 1948 has also been adopted by the Legislature, amending the Multiple Dwelling Law to provide, under new Section 310, for a Board of Appeals. By description the Board of Appeals means in New York City—the Board of Standards and Appeals. Section 310 is further amended by Chapter 805 of 1959 and provides as follows as to appeals:

### LAWS OF NEW YORK—By Authority

#### Chapter 508 of 1948

§ 310. Board of appeals. 1. As used in this section “board” shall mean the agency of a city constituted as a board and authorized by law both to grant variances of the zoning resolution and to make rules supplemental to laws regulating construction, maintenance, use and area of buildings.

2. Where the compliance with the strict letter of this chapter causes any practical difficulties or any unnecessary hardships the board shall have the power, on satisfactory proof at a public hearing, provided the spirit and intent of this chapter are maintained and public health, safety and welfare preserved, and substantial justice done, to vary or modify any provision or requirement of this chapter, or any rule, regulation, supplementary regulation, ruling or order of the department with respect to the provisions of this chapter, as follows:

a. For multiple dwellings and buildings existing on July first, nineteen hundred forty-eight, provisions relating to:

- (1) Height and bulk;
- (2) Required open spaces;
- (3) Minimum dimensions of yards or courts;
- (4) Means of egress; or
- (5) Basements and cellars in dwellings erected on or after April twelfth, nineteen hundred one.

b. For multiple dwellings and buildings erected or to be erected after July first, nineteen hundred forty-eight, and such dwellings thereafter altered or to be altered, provisions relating to:

- (1) Required open spaces; or
- (2) Minimum dimensions of yards or courts.

Variations or modifications may be granted pursuant to this paragraph b only on condition that open areas for light and air are provided which are at least equivalent in area to those required by the applicable provisions of this chapter.

3. An application for such a variance or modification may be made by any person aggrieved or by the head of any public agency, within such time and under such procedure conditions and rules as may be prescribed by the board. The board shall fix a reasonable time for the hearing of an application and shall require that due notice be given of the time and place of such hearing to the applicant and to the department. Any person or a duly authorized representative of any public agency may appear at any such hearing and be heard on any such application.

4. In every case the board shall state the reason or reason for its decision. All decisions of the board shall be subject to review in the same manner as is provided by law for review of decisions of such board respecting variances of the zoning resolution.

5. A record of all decisions of the board, indexed according to the section or sections of this chapter affected thereby, shall be kept in the office of the board. Such record shall be open to public inspection at all times during business hours.

# RULES

## Fire Drill Rules, Adopted by the Board of Standards and Appeals, October 5, 1923

(593-23-SR)

### DEFINITION OF "FIRE DRILL"

The method and practice of the systematic and orderly vacating of a building by its occupants in case of emergency, panic or fire in the least possible time—by the nearest safe means of exit—and the use of fire appliances which shall be provided for the extinguishing or retarding of fire and the safeguarding of human life.

#### Rule 1.

In all buildings as defined in Article 1, Section 10 of the Labor Law in which fire drills are required pursuant to Section 279 thereof and in any other building in which such drills are required by the Fire Commissioner pursuant to the power conferred in section 491 of the New York City Charter, it shall be the duty of the owners, lessees or tenants to conduct fire drills monthly and at such other times as the Fire Commissioner may direct.

For the purpose of conducting such fire drills the owner or tenants shall appoint from among their employees such responsible and dependable persons, male or female, who shall efficiently perform the duties of the various positions of the fire drill organization, as specified on the accompanying chart.

It shall be the duty of the owner or tenant to enter in the blank spaces provided for that purpose in said chart the names of persons so selected and post said chart and copies of the rules in a conspicuous place.

### FIRE DRILL ORGANIZATION

#### Squad Monitors

Squad No. 1.....  
" " 2.....  
" " 3.....  
" " 4.....  
" " 5.....  
" " 6.....

#### Rule 2. Duties of Foreman.

The Foreman or Person in Charge shall direct, enforce and have full charge of the "Fire Drill" in every factory on each floor. Each day before work is begun he shall see that extinguishers, fire hose, fire buckets, etc., are in readiness for use, exit doors are unlocked, aisles are free

from obstruction, that stairways, halls, etc., are properly lighted, and shall remedy any dangerous condition found to exist. Immediately after work is commenced he shall check up the Fire Drill Organization list and note if the regularly assigned persons are present; if any are found to be absent, he shall assign other employees (if practicable) to perform their duties.

He shall immediately notify new employees of the existence of the Fire Drill Organization and give them the necessary instructions as to the duties they are to perform, etc.

He shall be familiar with the operation and location of the interior alarm signal box on his floor.

He shall listen for the test signal each morning at the appointed hour and in the event of the test signal not being heard he shall communicate with the superintendent or other person in charge of the building and advise him of the fact. The (Floor Captain's) Foreman's orders are final as to the carrying out of the fire drill on his particular floor.

#### Rule 3. Duties of Watchmen.

The WATCHMEN shall see that all doors and windows are closed so as to prevent the spread of fire. The WATCHMEN shall be the only persons permitted to remain on the floor during the progress of a fire drill and do so at their own risk. For ordinary purposes only one watchman and a substitute shall be designated. In special cases, however, extra watchmen may be assigned by consent in writing from Fire Commissioner.

#### Rule 4. Duties of Searchers.

The MALE AND FEMALE SEARCHERS shall search all toilets, dressing rooms and emergency rooms used and frequented by their sex and all other portions of the floor and order all persons, except those authorized to remain, to leave the premises. They are to take care of and assist all persons who may faint or be disabled.

SEARCHERS shall leave the floor immediately after the last squad leaves.

#### Rule 5. Duties of Street Alarm Box Runner.

The STREET-ALARM-BOX-RUNNER shall be familiar with the location of the nearest city fire alarm box and know how it is operated.

In ordinary practice fire drills the STREET-ALARM-BOX-RUNNER shall report to the Foreman for orders, and if his services are not required he shall promptly file out of the premises with the other occupants.

Only when a fire actually occurs on his floor, or when ordered to do so by the Foreman, shall the STREET-ALARM-BOX-RUNNER proceed to the street alarm box and send in the fire alarm.

#### Rule 6. Duties of Fire Brigade.

The fire brigade shall have full charge of the operation of all auxiliary fire fighting apparatus and shall endeavor to extinguish, or at least hold in check until the arrival of the Fire Department, any fire that may occur. When it is necessary for the fire brigade to respond to different floors in the building they shall not use the stairways or fire escapes while the occupants are escaping from the premises.

#### Rule 7. Duties of Exit Guards.

The EXIT GUARDS shall station themselves at all exit doors leading to fire escapes, stairways, and other means of escape immediately upon the sounding of the alarm. There shall be two guards for each exit, if practicable; one to stand in the hallway holding back the door and the other directly inside on the floor. They are to keep the exit doors open and direct the movements of the persons using these exits and prevent congestion.

## RULES

EXIT GUARDS shall remain at their stations until all of the occupants of the building have passed their station. Then close their doors and pass out of the building. Upon signal for the occupants to return, EXIT GUARDS shall take their designated stations and remain there until all persons have returned to their respective floors.

### Rule 8. Duties of Squad Monitors.

The SQUAD MONITORS, as soon as the alarm is sounded, shall see that the employees under their charge quickly form into line, two abreast, and numbering not more than thirty to each squad. They shall see that all aisles and passageways are cleared of obstructions.

**Note:** Chairs, stools, baskets, etc., should be pushed under or placed on top of work benches.

MONITORS shall proceed at the head of their respective squads to the exit assigned, and then march up or down the stairs or to other exits as directed by the EXIT GUARDS.

On reaching the sidewalk MONITORS shall keep their squads in order and lead them a reasonable distance from the building, so as not to cause congestion and interference with fire apparatus. When the proper signal is given they shall return to their respective floors at head of their squads.

MONITORS will at all times see that those under their charge conduct themselves in a respectable and orderly manner.

### Rule 9. Holding of Drills.

FIRE DRILLS shall be held at least once each month at varied hours of the day, and all of the occupants shall participate therein simultaneously. Such drills shall conduct all occupants to a place of safety.

Where dual operation interior fire alarm systems are installed as permitted under Rule 10.1 of the interior fire alarm rules of the Board of Standards and Appeals, the fire drill conducted each month shall include all of the persons on the premises engaged at work for a factory, and drills shall be conducted at least twice, each year in which all of the persons on the premises shall participate simultaneously.

### Rule 10. Duties of Owner.

It shall be the duty of the OWNER, LESSEE OR TENANT OF THE BUILDING or his authorized agent or their representatives to personally observe that the "Fire Drill" is held simultaneously on every floor of the

building and the participation therein of every occupant of such building. Any FIRE DRILL in which all of the occupants do not participate shall not be considered as complying with the LAW, except as otherwise provided in these rules.

The person or persons representing the OWNERS, LESSEE OR TENANT, who supervises the FIRE DRILL at the building shall submit to an examination by the Division of Fire Prevention as to their experience and general fitness for such duties, and shall be so certified in writing by the FIRE COMMISSIONER.

It shall be the duty of the ENGINEER, SUPERINTENDENT or other PERSON IN CHARGE of a building having an interior fire alarm system to test such system daily immediately after the beginning of business, and to see that all apparatus operated by springs, requiring winding are rewound after each alarm and kept in normal condition for operation.

### Rule 11. Duties of Engineer.

Whenever it is necessary to test the fire alarm system at any other time of the day, owing to repairs, etc., being made, the PERSON IN CHARGE OF BUILDING will first notify all Foremen of the several floors of the intended test and likewise notify them when the repairs, etc. are completed. This precaution is taken to prevent confusion and excitement, also misunderstanding of the alarm signals.

It shall also be the duty of the PERSON IN CHARGE OF BUILDING to sound the interior alarm system at irregular intervals, but not less than once each calendar month, for the purpose of holding practice fire drills. He shall keep on the premises a record of such drills, showing the date when held and the required time for all occupants to reach the street or a point of safety outside the building.

The PERSON IN CHARGE OF BUILDING must immediately acquaint new tenants of the existence of the "Fire Drill" Organization and its purport.

### Rule 12. Registration.

The name and address of every person, corporation, co-partnership, that will, under professional service, carry on the trade, business or calling of establishing, maintaining or supervising the "Fire Drill" shall be registered in the Fire Department, which Department shall, upon evidence of fitness, grant a certificate to that effect.

#### PETITIONS AND ORDERS OF CERTIORARI SERVED ON THE BOARD OF STANDARDS AND APPEALS

On July 15, 1960, Petition and Order of Certiorari was served on the Board by Paul Friedman, attorney for petitioners, Kathleen Wilson Bebis and Felnor Realty Corporation, owners, seeking a review of the Board's denial on June 7, 1960 of their application, reopened on February 2, 1960 as Volume II, under Sections 7f, 7e, 7i, 7A and 21 of the Zoning Resolution, to permit in a retail use district, the erection and maintenance of a gasoline service station without the required rear yard, lubritorium, non-automatic car washing, office, sales of auto accessories, minor repairs with hand tools only, parking and storage of more than five (5) motor vehicles and ground sign, with signs and show windows within 75 feet of a residence use district for a stated term of twenty (20) years; Calendar Number 192-56-BZ—Vol. II; and Calendar Number 47-60-A, reviewing the Board's denial of an appeal from a decision of the Borough Superintendent re—the provision of a rear yard where the lot abuts a residence zone; Premises 3910 Church Avenue and 249-251 East 39th Street, southeast corner, Block 4893, Lot 1, Borough of Brooklyn.

\* \* \* \* \*

On July 19, 1960, Petition and Order of Certiorari was served on the Board by Reginald S. Hardy, attorney for petitioner, Anna Haurylak, owner, seeking a review of the Board's denial of May 24, 1960 of the application reopened October 20, 1959 as Volume IV—decision of the Borough Superintendent, under Section 7e of the Zoning Resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station with the conjunctive uses of lubritorium, minor auto repairs, car washing, storage room, office, sales and parking of cars awaiting service for a stated term of twenty (20) years; Calendar Number 379-33-BZ—Vol. IV; Premises 79-10 Astoria Boulevard, southeast corner of 79th Street, Block 1032, Lot 54, Jackson Heights, Borough of Queens.

#### NOTICE

1—CALENDAR: Notices of public hearing on applications for zoning variances will be published twice: first publication, listing new cases set for hearing, in the Bulletin available to the public at least 14 days before the date of hearing; second publication, in the last Bulletin available to the public immediately prior to the hearing date. The second publication will be augmented with a listing of cases laid over from previous hearings. Attention is directed to the MINUTES of such previous hearings, where the reasons for laid over cases will have been published. Notices of public hearing on applications for approval of materials and appliances will be published once, at least 10 days prior to the hearing date.

2—MINUTES: The publication of the "digest" of the applicant's statement has been discontinued, except that the administrative orders, decisions, etc., which are the subject of each application or appeal will be published. The summary of information given in the Appeal Form (Form A) shall be published for Administrative Appeals. The Board will continue to publish such other matters as it may deem advisable.

781-45-BZ, 131-54-BZ, 625-53-BZ—Vol. II, 870-55-BZ—Vol. II, 566-56-BZ, 882-56-BZ—Vol. II, 417-57-BZ, 612-57-BZ, 80-58-BZ, 7-59-BZ, 767-59-BZ, 2049-17-BZ—Vol. II, 388-39-BZ—Vol. III, 171-44-BZ, 95-45-BZ Vol. II and 604-49-BZ.

Fire Drill Rules.

## THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 6, 1960 after due notice by publication in the Bulletin; laid over to July 19, 1960 for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated February 1, 1960 acting on Alt. Applic. No. 675-58, reads:

"1. The proposed enlargement of the portion of the building located in a residence use area and the extension of the retail use into that portion is contrary to Article II Sec. 3 of the Zoning Resolution and B.S.A. 1047-22-BZ.

2. Proposed complete coverage on the second floor in the residence use portion of the lot in a B area district is contrary to Article IV, Sec. 12 of the Zoning Resolution."

and

WHEREAS, the premises and surrounding area where inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship.

*Resolved*, that the Board of Standards and Appeals does hereby make a variation in the application of the use and area district regulation of the Zoning Resolution and that the application be and it hereby is granted under Sections

# MINUTES

7c and 21 of the Zoning Resolution, to permit in a retail and residence use district, the extension of building and retail furniture store, using more area than permitted, on condition that the work shall be done in accordance with drawings filed herewith dated February 26, 1960, 5 sheets and May 20, 1960, 2 sheets; that all laws, rules and regulations applicable shall be complied with; that all permits required and a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

## 158-23-BZ—Vol. II

APPLICANT—Philip Freshman for Empire State Warehouse Corp., owner.

SUBJECT—Application reopened June 21, 1960 for consideration as to extension of time to complete, expired July 1, 1959—decision of the Borough Superintendent, previously granted on condition, under Section 7e of the Zoning Resolution, permitting in a retail and residence use district, in an existing (9) nine-story building together with the adjoining (8) eight-story and penthouse building, warehouse in the basement and first floor with accessory garage and the use of the upper floors for light manufacturing.

PREMISES AFFECTED—372-390 Gates Avenue and 390 Nostrand Avenue, southwest corner, Block 1812, Lot 42, Borough of Brooklyn.

### APPEARANCES—

For Applicant: Philip Freshman.

For Opposition: None.

ACTION OF BOARD—Time extended to complete the work.

### THE VOTE—

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 19, 1960 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated March 24, 1960 acting on N.B. Applic. No. 3822-59, reads:

"1. The proposed erection of a bldg. in a G-1 area district nearer than 15' to the street line is contrary to Art. IV Sec. 16C (b) Zone Res."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

*Resolved*, that the Board of Standards and Appeals does hereby make a variation in the application of the area district

# MINUTES

regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 21, to permit in a G-1 area district, the erection of a one family dwelling, with less than the required setback from the proposed street widening line, *on condition* that the work shall be done in accordance with drawings filed with this application dated March 29, 1960 3 sheets and June 13, 1960, 1 sheet; that all laws, rules and regulations applicable shall be complied with; that all permits, including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

Negative ..... 0

### THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 6, 1960, after due notice by publication in the Bulletin; laid over to July 19, 1960 for decision; applicant to file revised drawings as to street widening, premises and surrounding area having been inspected; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated March 7, 1960, acting on N.B. Applic. 143-60, reads:

"1) The proposed construction for use of gasoline service station, lubritorium, minor auto repairs with hand tools only, service room, car wash, office and parking area for more than five cars awaiting service, located in a local retail use district is contrary to Article II, paragraph 4-c of the Zoning Resolution."

and  
WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision a of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7a of the Zoning Resolution, to permit in a local retail use district, the reconstruction of a present gasoline service station and continue the present uses of gasoline service station, lubritorium, minor auto repairs with hand tools only, service room, car wash, non-automatic, accessory sales and parking area for more than five motor vehicles awaiting service *on condition* that the work shall be done in accordance with drawings filed with this application dated March 31, 1960, 5 sheets, May 25, 1960, one sheet, and July 8, 1960, one sheet revised; that all laws, rules and regulations applicable shall be complied with; that all permits shall be obtained, all work completed and a certificate of occupancy obtained within the provisions of Section 22A of the Zoning Resolution.

## 237-60-A

APPLICANT—Joshua Brown for Raffela Cosentino and Staten Island Oil Company, Incorporated owners.

SUBJECT—Application March 31, 1960—Filed pursuant to Section 35 of the General City Law article 3—curb cuts in bed of mapped street, proposed widening of Manor Road.

PREMISES AFFECTED—995 Manor Road, northeast corner of Ocean Terrace, Block 697, Lot 1, Port Richmond, Borough of Richmond.

### APPEARANCES—

For Applicant: Joshua Brown.  
For Opposition: None.

ACTION OF BOARD—Appeal granted on condition.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5  
Negative ..... 0

### THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated March 7th, 1960 on N.B. Applic. 143-60, reads:

"2. The Proposed curb cuts located in the bed of mapped streets, are contrary to Article 3, Section 35 of the General City Law."

and

WHEREAS, the applicant states that the building will be 50 feet by 29 feet in area, 1 story, 12 feet and 17 feet high, of class 3 construction, located in local retail use, D area, class 1 height district; that this application is made in conjunction with Calendar Number 236-60-BZ for reconstruction of a present gasoline station; that three gasoline pumps on a concrete island, new curbs and curb cuts, and a post standard and sign, will be within the proposed widening of Manor Road and Ocean Terrace; that there will be no construction of any buildings or other structures within the bed of said mapped streets; that there will be no claims made for any damages to any appurtenances within the bed of these streets as a result of the street widenings; and

WHEREAS, this Board has been advised by the Borough President of Richmond, that as Manor Road and Ocean Terrace are presently adopted, about 90% of Lot 1, in Block 697 lies within the bed of the adopted streets; that a map is now being prepared, to be submitted to the Board of Estimate for approval, reducing the adopted width of Ocean Terrace from 100 feet to 80 feet; that if and when this map is adopted, the above described lot will be affected by a proposed widening of 16 feet more or less, by scale, along Manor Road and a proposed widening of 20 feet more or less, by scale, along Ocean Terrace, with a curve joining the widening lines of the two streets having a 20 foot radius; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, acting on N.B. App. 143-60, Objection No. 2, dated March 7, 1960, be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted, on condition* that all the requirements of the resolution adopted this day under Cal. No. 236-60-BZ shall be complied with and that a certificate of occupancy shall be obtained.

## 387-60-A

APPLICANT—Albert Melniker for Conoco Realty Corporation, owner.

SUBJECT—Application May 13, 1960—Filed pursuant to Section 35, Article 3 of the General City Law re openings in bed of mapped street, proposed widening of Bement Avenue, and a decision of the Borough Superintendent—re accessory parking spaces.

PREMISES AFFECTED—670 Forest Avenue, and 510 Bement Avenue, southwest corner and 155 Morrison Avenue, Block 300, Lot 110, West New Brighton, Borough of Richmond.

APPEARANCES—

For Applicant: Albert Melniker.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5  
Negative: ..... 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated April 21, 1960 on Alt. Applic. 113-60, reads:

"3. Curb cuts located in the bed of a mapped street is contrary to Article 3, paragraph 35 of the General City Law."

and  
WHEREAS, the applicant states that the building is 108 feet by 100 feet in area, 1 story, 14 feet high, of class 3 construction, located in retail and residence use, D and E-1 areas, class 1 3/4 height districts, built in 1952, now used and occupied since 1952: 1st floor—vacant land, restaurant and stores, substantially in accordance with Certificate of Occupancy #9004, issued March 5, 1952 against Alt. Applic. 340-47; that the proposed use and occupancy will be: 1st floor—parking lot, restaurant and bank, 29 cars; and

WHEREAS, the applicant states that in order to facilitate access, 20 foot curb cuts are indicated on both Bement and Forest Avenues for ease of circulation and efficient use of the parking area; that 14 foot curb cuts will not provide adequate means of ingress and egress; that there is no petition pending to widen Bement Avenue as shown on the official City Map; and

WHEREAS, the Board has been advised by the President of the Borough of Richmond that the Topographical Division informs him that Forest Avenue is a legal city street, to a width as in use, by Corporation Counsel's opinion dated June 28, 1926; that it has been final mapped with no proposed widening affecting the above described premises; that Bement Avenue is a legal city street, to a width as in use, by Corporation Counsel's opinion dated October 13, 1931; that Bement Avenue has been final mapped to a width of 10 feet with a proposed widening of about 10 feet, more or less, by scale, affecting the above-described premises; that

Morrison Avenue is a legal city street, to a width as in use, by Corporation Counsel's opinion dated April 13, 1931; that it has been final mapped with no proposed widening affecting the above-described premises; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

*Resolved*, that the decision of the Borough Superintendent, acting on Alt. Applic. 113-60, Objection No. 3, be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted*, *on condition* that all the requirements of the resolution adopted this day under Cal. No. 365-60-BZ shall be complied with and a certificate of occupancy obtained.

## REGULAR MEETING

TUESDAY AFTERNOON, JULY 19, 1960, 2 P.M.

Present: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker.

### 28-38-SM

APPLICANT—Concrete Plank Company, Inc., owner—additional plank.

#### APPEARANCES—

For Applicant: Edward A. Robinson.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

#### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5  
Negative: ..... 0

#### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

28-38-SM—Amendment to resolution as to additional planks. Concrete Plank Co., Inc. requested that the resolution adopted March 15, 1938 and amended at various times through November 15, 1946 be reopened and amended so as to include material known as Cantilite Composition Roof Tile.

USE: An incombustible roof plank.

DESCRIPTION: The plank is manufactured of the same material as the presently approved plank except that 1" of Tectum (previously approved) is added on the under side or interior face of the slab for incombustible acoustical and insulation treatment.

The planks are made in two thicknesses.

$2\frac{3}{4}$ " plank plus 1" Tectum =  $3\frac{3}{4}$ " Total Thickness

$1\frac{3}{4}$ " plank plus 1" Tectum =  $2\frac{3}{4}$ " Total Thickness

The area of steel in both planks is the same; 0.125 sq. inches per sq. ft.

INSPECTION AND TEST: Samples of the plank were tested at the Jersey Testing Laboratories Inc. In the tests, the slabs were so positioned that there was 2" bearing at each end. In addition to the test to check the load carrying capacity of the plank measurement as to the thickness of the Tectum layer were made before and after the load test to determine the consolidation of the Tectum after load test.

The slabs were tested in accordance with the requirements of Section C26-626.0 Administrative Building Code and the results were as follows:

$3\frac{3}{4}$ " Tectum. Loading discontinued at a safe carrying capacity of 60 lbs. per sq. ft. This plank was previously approved without the Tectum.

$2\frac{3}{4}$ " Tectum. This test was carried to destruction as this thickness of plank had not been approved as the Tectum cut down the thickness of concrete by  $\frac{1}{4}$  inch. The safe carrying capacity of this plank on clear span of 6'-8" is 63 lbs per sq. ft. superimposed load.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted March 15, 1938 and amended through November 15, 1946 be reopened and amended so as to include the  $3\frac{3}{4}$ " and  $2\frac{3}{4}$ " Cantilite Composition Roof Tile on condition that the requirements of the resolution adopted March 15, 1938 and amended through November 15, 1946 under Cal. 28-38-SM are complied with.

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby amend the above cited resolution in accordance with the above report.

### 985-40-SM—Vol. III

APPLICANT—National Gypsum Co. owner—additional size metal acoustical pans.

#### APPEARANCES—

For Applicant: Donald K. Busch.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

#### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5  
Negative: ..... 0

#### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

985-40-SM—Vol. III—Amendment to resolution as to additional size metal acoustical pans.

National Gypsum Co. Buffalo, New York requested that the resolution adopted October 22, 1940 and amended through September 17, 1958 be reopened and amended so as to include additional size metal acoustical pans.

USE: Metal pans for acoustical treatment.

DESCRIPTION: The requested pans are made of the same gauge metal as the previously approved pans. The only difference being in the size; the requested pans being 1' x 3' and 1' x 4'.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted October 22, 1940 and amended at various times through September 17, 1958 under Cal. 985-40-SM—Vols. I, II, and III be reopened and amended so as to include the additional Acoustical Pans in sizes of 1' x 3' and 1' x 4' on condition that the requirements of the resolution adopted October 22, 1940 and amended through September 17, 1958 under Cal. 985-40-SM—Vol. III be complied with.

(Sgd.) WILLIAM A. NOLAN,

Director,

JOHN A. DARTS,

Asst. Eng.,

GEORGE F. SKLENARIK,

Asst. Eng.,

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby amend the above cited resolution in accordance with the above report.

### 180-46-SM

APPLICANT—American Steel and Wire Division, United States Steel Corp., owner—amendment of resolution additional sizes welded wire fabric.

#### APPEARANCES—

For Applicant: Alvin R. Schwab.

ACTION OF BOARD—Resolution amended in accordance with the report and recommendation of Committee on Test.

#### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5  
Negative: ..... 0

#### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

180-46-SM—Amendment to additional sizes of welded wire fabric.

American Steel and Wire Division, United States Steel Corp., requested that the resolution adopted March 16, 1948 under Calendar Number 180-46-SM be reopened and amended so as to include additional gauges of cold drawn wire. The application was reopened by a vote of the Board, October 15, 1958.

USE: The material is the same as that previously approved except that it is manufactured in larger diameters, ranging up to  $\frac{1}{2}$  inch.

INSPECTION AND TEST: Samples of the material were tested at the Pittsburgh Testing Laboratory and met the

# MINUTES

requirements of ASTM-A82 as required under Section C26-318.0 Administrative Building Code. The report is on file with and is part of the record.

**RECOMMENDATION:** The Committee on Test recommends that the resolution adopted March 16, 1948 under Calendar Number 180-46-SM be amended so as to include reinforcing wires of diameters up to and including 1/2 inch for use as a metal reinforcing in concrete on condition that the requirements of the resolution adopted March 16, 1948 under Calendar Number 180-46-SM be complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,

JOHN A. DARTS,  
Asst. Engr.,

GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

## 38-47-SM—Vol. I

**APPLICANT**—Bergen Building Block, Inc., owner.

**APPEARANCES**—  
For Applicant: N. C. Castronova.

**ACTION OF BOARD**—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5  
Negative: ..... 0

### THE RESOLUTION—

**WHEREAS**, the report of a Committee on Test reads:

38-47-SM—Vol. I—Amendment to resolution as to additional size masonry units.

Bergen Building Block Co. requested that the resolution adopted July 13, 1948 and amended through June 23, 1959 under Cal. 38-47-SM—Vols. I & II be reopened and amended so as to include additional size masonry units.

**USE:** Load bearing masonry units.

**DESCRIPTION:** The units are made of the same material and in the same manner as the units previously approved under this Cal. No. 38-47-SM—Vol. I.

**INSPECTION AND TEST:** Samples of the additional units were tested by the Jersey Testing Laboratories Inc. and successfully met the requirements of Section C26-326.0 Administrative Building Code. The complete reports are on file with and are part of the record.

**RECOMMENDATION:** On the basis of the tests and the data filed by the applicant, the Committee on Test recommends that the resolution adopted July 13, 1948 and amended through June 23, 1959 under Calendar 38-47-SM—Vol. I be reopened and amended so as to include the additional masonry units so that the units recommended for approval under this resolution, including those previously approved are as follows:

Cinder:

- A) Hollow—3" x 8", 4" x 18", 8" x 16", 10" x 8" x 16", 12" x 8" x 16"

## 200-49-SM

**APPLICANT**—Febco Inc., owner—additional vacuum breaker.

**APPEARANCES**—

For Applicant: Louis J. Bimbi.

**ACTION OF BOARD**—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5  
Negative: ..... 0

### THE RESOLUTION—

**WHEREAS**, the report of a Committee on Test reads:

200-49-SM—Amendment to resolution as to additional vacuum breaker.

Febco Inc. Los Angeles requested that the resolution adopted April 21, 1959 under Cal. 200-49-SM be reopened and amended so as to include the additional vacuum breaker, Model 715.

**USE:** A vacuum breaker.

**DESCRIPTION:** The requested Model 715 vacuum breaker is essentially the same as the previously approved models; the difference being in the material used in the float, the poppet and seat. The float and poppet are now made of plastic and the seat is of high temperature Hycar compound. The air release feature has not been changed.

**INSPECTION AND TEST:** Details of construction were inspected by Ass't. Engr. J. A. Darts and Eugene O. Bauman, Department of Water Supply Gas & Electricity. Mr. Bauman stated that he was present at tests conducted in the Cities of Detroit and Chicago where facilities were available to test the appliance at elevated temperatures up to 250F. and in all tests the device successfully met all requirements.

**RECOMMENDATION:** On the basis of the test conducted, the Committee on Tests recommends that the resolution adopted April 21, 1959 under Cal. 200-49-SM be reopened and amended so as to include the additional vacuum breaker Model 715 on condition that the requirements of the resolution adopted April 21, 1959 under Cal. 200-49-SM be complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,

JOHN A. DARTS,  
Assistant Engineer,

GEORGE F. SKLENARIK,  
Assistant Engineer,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does

hereby *amend* the above cited resolution in accordance with the above report.

## 907-49-SA

APPLICANT—R. W. Beckett Corporation, owner—additional model oil burner.

### APPEARANCES—

For Applicant: Elmer L. Francoeur.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

907-49-SA—Amendment to resolution as to additional model oil burner.

R. W. Beckett Corp., Elyria, Ohio, requested that the resolution adopted May 2, 1950 under Calendar Number 907-49-SA be reopened and amended so as to include the additional oil burner Model S.

USE: Gun type oil burner.

DESCRIPTION: The requested model differs from the previously approved models only insofar as the manner in controlling the air supply for combustion. The Model S has the air coming in at a straight line and the swirling action is imparted by an air turbulator. The burner has been approved by U. L.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted May 2, 1950 under Calendar Number 907-49-SA be reopened and amended so as to include the Model S Oil Burner, on condition that the requirements of the resolution adopted May 2, 1950 under Calendar Number 907-49-SA be complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,

JOHN A. DARTS,  
Assistant Engineer,  
GEORGE F. SKLENARIK,  
Assistant Engineer,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

## 523-50-SA

APPLICANT—Rosenbluth & Wolen for ZYX Inc., owner—change of ownership.

### APPEARANCES—

For Applicant: Herman Wolen.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

523-50-SA—Amendment to resolution as to change of ownership.

Rosenbluth and Wolen, attorneys, for ZYX Inc., requested by the filing of affidavits, that the resolution adopted October 10, 1950 under Calendar Number 523-50-SA be reopened and amended so as to show a change in ownership from Paul Traub, owner-manufacturer, to ZYX Inc.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted October 10, 1950 under Calendar Number 523-50-SA be reopened and amended only

in so far as to show a change of ownership; the new owner being known as ZYX Inc., on condition that all requirements of the resolution adopted October 10, 1950 under Calendar Number 523-50-SA be complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,

JOHN A. DARTS,  
Assistant Engineer,  
GEORGE F. SKLENARIK,  
Assistant Engineer,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

## 542-50-SA

APPLICANT—C-O-Two Fire Equipment Company, owner—dry chemical fire extinguisher.

### APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Appliance approved in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

542-50-SA—C-O-Two Fire Equipment Co., Newark, New Jersey, filed June 2, 1950 for approval of the appliance known as C-O-Two Dry Chemical Extinguisher, Models PDC-20 and PDC-30, under the provisions of Section C26-178.0 Administrative Building Code. The application was subject for dismissal April 8, 1958 but was removed from the dismissal list at the request of the applicant.

USE: Dry chemical fire extinguisher, 20 lb. and 30 lb. size.

DESCRIPTION: The extinguisher consists of a chemical chamber constructed of steel in three sections—a shell, a bottom and a collar. The thickness of the wall for the shell is .070 and .080 inches for the 20 lb. and 30 lb. shells respectively. The bottom is made of  $\frac{3}{16}$  inch steel in a double dished form and lap welded to the shell. The collar is an externally threaded steel collar.

The CO<sub>2</sub> cartridges are constructed in accordance with ICC specifications.

The cartridge valve is of the sealing disc type and is constructed of brass.

The other component parts are cartridge well, ring cap piercing mechanism and discharge.

The chemical charge is a dry chemical consisting essentially of bicarbonate of soda with other ingredients added to increase the flowability of the powder and retard any tendency to cake.

INSPECTION AND TEST: The extinguisher has been tested and approved by the Underwriters' Laboratories for Class B-1 and C-1 fires under Extinguisher No. 1670 dated June 1, 1949.

RECOMMENDATION: On the basis of the data submitted by the applicant, the Committee on Test finds that the C-O-Two Dry Chemical Extinguisher, Models PDC-20 and PDC-30, conforms to the requirements of the General Resolution of the Board adopted July 16, 1940 under Calendar Number 809-40-GR wherein it was resolved that, "A fire extinguisher listed as approved by the National Board of Fire Underwriters after test by the Underwriters' Laboratories, Inc., may be accepted by the administrative officials under the Oil Burner Rules and the Administrative Code for the class or classes of fires as set forth in such approval. All such fire extinguishers for use in New York City shall bear the label of the Underwriters' Laboratories, Inc., stating the class or classes of fires for which such fire extinguisher was so approved".

The C-O-Two Dry Chemical Extinguisher, Models PDC-

# MINUTES

20 and PDC-30 having been so tested and approved by the Underwriters' Laboratories, Inc. and bearing a label indicating such test and the class of fires for which it is suitable, is acceptable for use in the City of New York in accordance with the requirements of the Oil Burner Rules of the Board and the Administrative Code.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Assistant Engineer,  
GEORGE F. SKLENARIK,  
Assistant Engineer,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

## 583-50-SA

APPLICANT—Cleaver-Brooks Company, owner—amendment of resolution, additional models of steam generators.

APPEARANCES—  
For Applicant: Carl Ward.

ACTION OF BOARD—Resolution amended in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Sleeper, Commissioner Fox and  
Commissioner Becker ..... 5  
Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
583-50-SA—Amendment of resolution as to additional models of generators.

Cleaver-Brooks Company, Milwaukee, Wisconsin, requested by letter, that the resolution adopted October 2, 1956 under Calendar Number 583-50-SA be amended so as to include an additional model of generator. The application was reopened by a vote of the Board on February 26, 1957.

USE: Steam generator; oil-fired.

DESCRIPTION: The requested Model CB Series differs from the LR Series, previously approved, insofar as the burner is a gun type instead of the rotary cup type burner and the outside appearance of the generator is changed. The controls on the requested model are the same type as those previously approved. The requested models have been approved by the Underwriters' Laboratory under file MP1002.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted October 2, 1956 under Calendar Number 583-50-SA be amended so as to include the Model CB Series 100 through 999, having horse power rating from 50 up to 600 H.P. for use in New York City on condition that the requirements of the resolution adopted October 2, 1956 under Calendar Number 583-50-SA are complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

## 102-53-SM

APPLICANT—Whitacre-Greer Fireproofing Company, owner—clay brick.

APPEARANCES—

For Applicant: Franklin P. Losey.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Sleeper, Commissioner Fox and  
Commissioner Becker ..... 5  
Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
102-53-SM—Tomkins Bros. Co., Newark, New Jersey, for Whitacre-Greer Fireproofing Co., Waynesburg, Ohio, filed for approval of the material known as Greenstone Magnolian Face Brick under the provisions of Sections C26-26.0 and C26-307.0 Administrative Building Code. The application was subject for dismissal October 7, 1958 but was removed from the dismissal list at the request of the applicant.

USE: A clay brick.

DESCRIPTION: The unit is a clay brick formed by the wet-mud process, after forming, the bricks are fired in beehive type kilns for eight days. After firing the bricks are then allowed to cool in the storage yards.

INSPECTION AND TEST: Samples of the brick were tested at the Pittsburgh Testing Laboratory and found to be in accordance with the requirements of Section C26-307.0 Administrative Building Code.

Results were as follows:

1.  $2\frac{1}{4}" \times 3\frac{3}{4}" \times 8"$   
Modulus of Rupture = 784 p.s.i.  
Compressive Strength = 15170 p.s.i.  
Absorption = 2.12%
2.  $2\frac{1}{4}" \times 3\frac{3}{4}" \times 12"$   
Modulus of Rupture = 930 p.s.i.  
Compressive Strength = 20440 p.s.i.  
Absorption = 2.36%
3.  $2\frac{1}{4}" \times 3\frac{3}{4}" \times 18"$   
Modulus of Rupture = 908 p.s.i.  
Compressive Strength = 13870 p.s.i.  
Absorption = 2.77%

The complete report is on file with and is part of the record.

RECOMMENDATION: The Committee on Test recommends the approval of the material known as Greenstone Magnolian Face Brick of sizes as herein described for use in New York City under the provisions of Section C26-307.0 Administrative Building Code, on condition that all bills of lading and/or bills of materials shall be stamped, "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 102-53-SM".

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

## 239-56-SM

APPLICANT—Stoneman Engineering and Manufacturing Company, owner—roof flashing.

APPEARANCES—

For Applicant: Alexander Mast.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Sleeper, Commissioner Fox and  
Commissioner Becker ..... 5  
Negative: ..... 0

# MINUTES

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
239-56-SM—Stoneman Engineering & Manufacturing Co. filed March 12, 1956 for approval of Stemco Stormtite Roof Flashing Assemblies Models 1000, 1010, 1100, 1200 and 1210 with Dash 7 or 8 Cast Iron Counterflashing Sleeve with Vandal Proof Hood under the provisions of Section C26-191.0 Administrative Building Code.

USE: A lead flashing.

DESCRIPTION: The construction of the assembly is the same as the construction considered under Cal. 239-56-SM with the addition of a cast iron hood installed so that the free area of the hood is twice the area of the pipe. All details of construction were examined in conjunction with Cal. 240-56-SM.

RECOMMENDATION: The Committee on Test recommends the approval of the Stemco Stormtite Roof Flashing Assemblies Models 1000, 1010, 1100, 1200 and 1210 with Dash 7 or 8 Cast Iron Counterflashing Sleeve with Vandal Proof Hood for voluntary use in New York City under the provisions of Section C26-191.0 Administrative Building Code on condition that the cartons in which the material is marketed shall be stamped "Approved by the Board of Standards and Appeals for use in New York City under Cal. 239-56-SM."

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this material in accordance with the above report.

## 240-56-SM

APPLICANT—Stoneman Engineering and Manufacturing Company, owner—Roof flashing.

APPEARANCES—

For Applicant: Alexander Mast.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5  
Negative: ..... 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
240-56-SM—Stoneman Engineering & Manufacturing Co. filed March 2, 1956 for approval of Semco Stormtite Roof Flashing Assemblies Models 1000, 1010, 1200, 1210 with Dash 2 or 4 Counterflashing Sleeve under the provisions of Section C26-191.0 Administrative Building Code.

USE: A lead flashing.

DESCRIPTION: The flashing assembly are spun from seamless lead and have no soldered or burned joints. The boot of the flashing is reinforced with a cone shaped sleeve of steel which is dipped in tar and then inserted into the boot; forming an integral unit so reinforced that the boot is protected against damage.

The joint between the lead flashing and the vent pipe is sealed with a material known as Semco Permaseal which is basically a synthetic resinous elastomer having asbestos fillers and other inert modifiers. It will not become brittle at temperatures as low as -60 degrees F. nor flow or run at temperatures as high as 350 degrees F.

INSPECTION AND TEST: A sample of the assembly was examined at the office of the Board by Ass't Engr. J. A. Darts.

RECOMMENDATION: The Committee on Test recom-

mends the approval of the Semco Stormtite Roof Flashing Assemblies Models 1000, 1010, 1200 and 1210 with Dash 2 or 4 Counterflashing Sleeve for voluntary use in New York City under the provisions of Section C26-191.0 Administrative Building Code on condition that the cartons in which the material is marketed shall be stamped "Approved by the Board of Standards and Appeals for use in New York City under Cal. 240-56-SM."

(Sgd.) WILLIAM A. NOLAN,  
Director

JOHN A. DARTS,  
Asst. Engr.,

GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this material in accordance with the above report.

## 342-56-SM

APPLICANT—Lexsuko, Inc., owner—change of brand name.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5  
Negative: ..... 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

342-56-SM—Amendment to resolution as to change of name of product.

Squires & Cole for Lexsuko, Inc., requested that the resolution adopted January 5, 1960 under Calendar Number 342-56-SM be reopened and amended so as to show a change of product name.

USE: To be used as a vapor barrier and securement means on roof construction.

DESCRIPTION: Lexsuko Vapor Barrier is a flexible material .004 inches in thickness made of specially compounded polyvinyl chloride. The material will not support combustion, but chars and decomposes at a temperature of 350°F.

The clips are a one piece heat treated steel fastener which can pierce steel deck up to 18 gauge. When driven through the deck, a positive locking tongue snaps into place on the underside of the deck to insure a permanent fastening.

The adhesive is a rubber base, non flammable liquid used for cementing the Lexsuko Vapor Barrier onto the deck and also to seal the laps of the Lexsuko Vapor Barrier. The adhesive has a bond strength of 100 p.s.i.

INSPECTION AND TEST: The material was tested at the Underwriters' Laboratories in conjunction with a steel deck and an accepted roof covering consisting of felt and tar and a gravel surfacing. The purpose of the test was to determine if this type of construction would contribute to the spread of fire within a building. The construction was found to be acceptable under the prescribed regulations, namely, flame spread on the underside of the steel deck should not exceed 10 feet in 10 minutes and 14 feet in 30 minutes. The results were as follows: 8 feet in 10 minutes and 11 feet in 30 minutes. The report, Underwriters' Laboratory Retardant 4238 is on file with and is part of the record.

RECOMMENDATION: The Committee on Test recommends the approval, for voluntary use, of the Lexsuko Roof Deck Construction, consisting of Lexsuko Vapor Barrier, Lexsuko Adhesive R907T and/or Lexsuko Insulation Clips, in New York City under the provisions of Section C26-191.0 Administrative Building Code, as a vapor barrier and securement means on structural roofs on condition that the

# MINUTES

requirements of the resolution adopted January 5, 1960 under Calendar Number 342-56-SM are complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,

JOHN A. DARTS,  
Assistant Engineer,  
GEORGE F. SKLENARIK,  
Assistant Engineer,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

## 201-59-SA

APPLICANT—The Heil-Quaker Corporation, owner—additional gas heaters and additional trade names.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 4

Negative: Vice Chairman Kleinert ..... 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

201-59-SA—The Heil-Quaker Corporation, Nashville, Tenn. requested by letter that the resolution adopted October 27, 1959 under Cal. No. 201-59-SA be reopened and amended to include the additional Direct Vent Gas Heaters, Heil Model WG-20 and Heil Model PWG-20 also marketed as Quaker Model WDV-206 and Model WDV-208 and Homart Model 867.60464 and Model 867.60465.

DESCRIPTION: The Heil Model WG-20 and Model PWG-20 heaters are 20,000 Btu. units designed for installation on an outside wall taking in combustion air and discharging combustion products through the wall.

The Heil Model WG-20 heater is a forced circulation type and is similar to the Heil Model WG-30 previously approved. The Heil Model PWG-20 is a gravity flow type and is similar to the Quaker Model DV-206 and Model DV-208 previously approved. All heaters are AGA approved.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted October 27, 1959 under Cal. No. 201-59-SA be amended so as to include the Heil Model WG-20 and Heil Model PWG-20 heaters also to be marketed as Quaker Model WDV-206 and Quaker Model WDV-208 and also Homart Model 867.60464 and Homart Model 867.60465 on condition that the requirements of the resolution adopted October 27, 1959 under Cal. No. 201-59-SA be complied with.

(Sgd.) WILLIAM A. NOLAN,

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

## 506-59-SA

APPLICANT—Cleaver-Brooks Company, owner—steam and hot water generator.

APPEARANCES—

For Applicant: Carl Ward.

ACTION OF BOARD—Appliance approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 506-59-SA Cleaver-Brooks Co., Milwaukee, Wisconsin, filed for approval of the Cleaver-Brooks Progress Boiler, Models P100 through P299 and 700 through 799 and Cleaver-Brooks Monitor Boiler, Models M100 through M299 and 700 through 799 and the Model C.B.H. 100 through 299 and Models 700 through 799 under the provisions of Article 12, Chapter 26, Administrative Building Code and The Oil Burner Rules of the Board.

USE: Steam and Hot Water Generator.

DESCRIPTION: The boilers are of the horizontal fire tube construction. Combustion is initiated and completed in the main firing tube or furnace. The burner is of the high pressure type, ignited by an electric spark. The controls consist of a combustion control used in conjunction with a photo-cell which cuts off fuel supply in the event of flame failure; low water cut-off which stops the firing of the boiler when the boiler water is below the safe operating level; high limit control to shut down operation in the event of pressure or temperature rise.

In the event the boiler is gas fired, the gas burner is of the jet type and is ignited by a gas pilot which in turn is ignited from an electric spark. The gas fired unit has the same controls as the oil fired unit and in addition has an automatic "On" or "Off" gas valve; solenoid gas pilot valve; gas pressure regulator; main gas and gas pilot shut off cocks.

INSPECTION AND TEST: Details of construction were examined by Ass't. Engr. J. A. Darts and it was noted that the boilers both the Progress and Monitor range from 15 through 60 horsepower and the C.B.H. range from 25 through 100 H.P. The appliances have been approved by the Underwriters' Laboratory under MP1002. Boilers are constructed in accordance with A.S.M.E. Code.

RECOMMENDATION: The Committee on Test recommends the approval of the Cleaver-Brooks Progress Boiler, Models P100 through P299 and Models 700 through 799 and the Cleaver-Brooks Monitor Boiler, Models M100 through M299 and 700 through 799 and the Cleaver-Brooks Model C.B.H. 100 through 299 and 700 through 799 for use in New York City when installed and operated in accordance with the requirements of Article 12, Chapter 26, Administrative Building Code and the Oil Burner Rules of the Board and further that the appliance bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 506-59-SA."

(Sgd.) WILLIAM A. NOLAN,  
Director.

JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

# MINUTES

Decorative Wood Panel under the provisions of Section C26-667.0 Administrative Building Code.

USE: Decorative wood panel for interior use.

DESCRIPTION: The panels consist of a core, and on each side of the core, a  $\frac{1}{8}$  inch wood flake board sub-face, then a  $\frac{1}{4}$  inch 3 ply fir plywood and finally a  $\frac{1}{20}$  inch decorative face veneer.

The core consists of an egg crate grid of corrugated board with cell walls on  $2\frac{3}{4}$ " x  $2\frac{3}{4}$ " centers. The corrugated board carrying the 7 x 7 designation is comprised of 90 lb. basis weight kraft liners each side and 26 lb. Chemfibre corrugating medium combined with waterproof adhesive. The liners and medium are rendered fire resistive by impregnation with 15% of phenolformaldehyde resin and 14% of di-ammonium phosphate. To render the core more fire resistive the core cells are filled with Vermiculite.

Two of the three layer facings are also treated to render them fire resistive. The flake board has 15% by weight of a 50-50 mixture of di-ammonium phosphate and mono-ammonium phosphate incorporated during manufacture and the  $\frac{1}{4}$  inch plywood is rendered fire resistive by the impregnation process.

The face veneer is untreated but is finished with a clear varnish having fire retardant properties.

The panels are installed between metal studs running vertically and the studs are held in place by means of metal rails.

INSPECTION AND TEST: Samples of the material were tested at Manhattan College in accordance with the requirements of Sections C26-331.0 through C26-339.0 Administrative Building Code. The tests were conducted on component parts of the panel which in the opinion of the Committee on Test was a more rigorous test than testing a cross-sectional specimen of the completed panel. The reports are on file with and are part of the record.

RECOMMENDATION: On the basis of the data submitted by the applicant, the Committee on Test recommends the approval of the material known as International Paper Co. Decorative Wood Panel for use in New York City under the provisions of Section C26-667.0.5 as a subdividing partition made of wood that has been treated to render it fire resistive, as having met the requirements of Sections C26-331.0 through C26-339.0, on condition that each bill of lading shall be marked "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 508-59-SM" and the packaging in which the panels are shipped shall be similarly marked.

The Committee further recommends that, as these panels are preassembled and decorative, the cutting of sections from these panels for samples for the tests as required under Sections C26-331.0 through C26-339.0 would work an undue hardship on the manufacturer as it could wreck a certain number of completed panels, the applicant may supply the amount of board feet required for testing, of unfinished panels so that the test may be conducted on those samples and not from samples cut from the finished panels. The applicant will also, if he elects to use this method of complying with the requirements of Sections C26-331.0 through C26-339.0 Administrative Building Code, submit an affidavit stating that the completed panels and the sample submitted are of the same production run.

(Sgd.) WILLIAM A. NOLAN,

Director,

JOHN A. DARTS,

Assistant Engineer,

GEORGE F. SKLENARIK,

Assistant Engineer,

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this material in accordance with the above report.

## 520-59-SA

APPLICANT — Barber Manufacturing Company, owner — additional trade name.

## APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5  
Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 520-59-SA—Amendment to resolution as to additional trade name.

Barber Manufacturing Co., Cleveland, Ohio, requested that the resolution adopted November 10, 1959 under Calendar Number 520-59-SA be reopened and amended so as to permit the approved gas burners to be marketed under additional trade name.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted November 10, 1959 under Calendar Number 520-59-SA be reopened and amended so as to permit the approved conversion gas burners to be marketed by Montgomery Ward under the trade name Fairway Models 2XX7495A and 2XX7496A, on condition that the requirements of the resolution adopted November 10, 1959 under Calendar Number 520-59-SA are complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,

JOHN A. DARTS,  
Asst. Engr.,

GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby amend the above cited resolution in accordance with the above report.

## 617-59-SA

APPLICANT—T. L. Smith Company, owner—decorative wood panel.

## APPEARANCES—

For Applicant: David J. Taylor.

ACTION OF BOARD—Appliance approved in accordance with the report and recommendation of Committee on Test.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5  
Negative ..... 0

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 617-59-SA—T. L. Smith Co., Milwaukee, Wisconsin, filed for approval of the Smith Grantham Model 1000 Drying Tumbler under the provisions of Article 12, Chapter 26, Administrative Building Code.

USE: Gas-heated drying tumbler having capacity of 200 lbs.

DESCRIPTION: The appliance utilizes heat and air to accomplish the drying. The heated air is introduced into the drying chamber by means of a duct system and the moisture extracted from the clothes is exhausted through its own duct system.

The gas burner is a forced draft gas burner employing an electric motor driven blower for primary air and premixing of the fuel air mixture. A flame rod is provided in the outlet of the pre-mix blower for burner failure protection.

The input fuel passes through a regulator into a split manifold for "High" and "Low" fire controlled by solenoid valves for automatic burner control. The "High" and "Low" fire sides are then manifolded together into the suction side of the burner blower. Flame failure protection for the burner is provided by an electronic combustion safeguard. A flame rectifier pilot is used with an igniton electrode for automatic electric ignition of the pilot on each burner cycle.

# MINUTES

The basket assembly consists of the basket, basket drive and basket door ring. The basket is constructed of 14 gauge perforated steel. The basket is driven by means of a 2 HP. motor and has a volume of 95 cu. ft. The dryer is also equipped with a hydraulic system so as to tilt the dryer housing for loading and unloading. The equipment tilts forward 23 degrees for unloading and 28 degrees backward for loading.

The control consists of a Pactlow Control which automatically regulates the burner flame through a burner switch which continuously samples the temperature in the exhaust duct. The operating controls consist of the tilt control and limit switch which prevents drying operation unless the doors are closed and a thermostat so arranged that when the exhaust stack temperature exceeds the temperature on the stack control, the exhaust fan and burner shut down, the basket stops rotating and the water solenoid opens to spray the contents of the dryer basket.

**INSPECTION AND TEST:** The equipment was inspected by Asst. Engr. J. A. Darts at 272 De Kalb Ave., Brooklyn, New York. The equipment operated as designed and all controls functioned as required. All controls are either AGA or U. L. approved.

**RECOMMENDATION:** The Committee on Test recommends the approval of the Smith-Grantham Model 1000 Drying Tumbler for use in New York City when constructed as herein described and installed and operated in accordance with the requirements of Article 12, Chapter 26, Administrative Building Code on condition that the appliance bear a label permanently affixed reading "Approved by the Board of Standards and Appeals for use in New York City under Cal. 617-59-SA."

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

## 36-60-SA

**APPLICANT**—Aeroil Products Company, Inc., owner.

**APPEARANCES**—

For Applicant: Carl G. Carlson.

**ACTION OF BOARD**—Appliance approved in accordance with the report and recommendation of Committee on Test.

**THE VOTE**—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5  
Negative ..... 0

**THE RESOLUTION**—

WHEREAS, the report of a Committee on Test reads:

36-60-SA—Aeroil Products Co., Inc., South Hackensack, New Jersey, filed for approval of the Aeroil Space Heater, Models HE-S-125A, HE-S-250A and HE-S-500A, under the provisions of the Erection, Alteration and Demolition Rules of the Board and the regulations of the Fire Commissioner. **USE:** The Aeroil Space Heater consists of an oil storage tank, ranging from 15 gallons in the HE-S-125A to 60 gallons in the HE-S-500A; a gun type high pressure atomizing oil burner which fires into a stainless steel combustion chamber. The combustion air is supplied by the blower which is mounted at the rear of the combustion chamber. An ignition system, consisting of a transformer and electrodes provide a continuous spark for ignition and burning. The heat is maintained at an adjustable preset temperature by means of a thermostat which controls the flow of either light oil or kerosene to the burner. The primary safety controls consist of a temperature sensing element located in the forward end of the combustion chamber that will shut down the unit if the fuel has not been ignited within sixty seconds after starting. Additional safety features include a 5 second time delay

of ignition with blower operating to purge the combustion chamber prior to ignition and blower operation of 2½ minutes after fuel has been shut off.

**INSPECTION AND TEST:** Details of construction were examined by Asst. Engr. J. A. Darts. The heater has been tested and approved by the Canadian Standards Association.

**RECOMMENDATION:** The Committee on Test recommends the approval of the Aeroil Space Heater, Models HE-S-125A HE-S-250A and HE-S-500A for temporary use in supplying heat for construction work in accordance with this report and the regulations of the Fire Commissioner and Rule 2.7 of the Board's Rules for the Erection, Alteration, Repair, Excavation For and Demolition of Buildings, provided that such heaters will be refueled only when not in operation and then only by means of approved safety cans equipped with a flexible spout that will fit into the fuel tank opening, that all electrical wiring and connections shall be in accordance with the Electrical Code of the City of New York; that such heaters shall be so spaced as to allow not over 50,000 BTU heat output per hour for each 1000 sq. ft. of floor area, such area to be adequately ventilated and further that each heater shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 36-60-SA."

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Assistant Engineer,  
GEORGE F. SKLENARIK,  
Assistant Engineer,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

## 80-60-SA

**APPLICANT**—Gilbert and Barker Manufacturing Company, owner; William Keay, agent.

**APPEARANCES**—

For Applicant: William Keay.

**ACTION OF BOARD**—Appliance approved in accordance with the report and recommendation of Committee on Test.

**THE VOTE**—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5  
Negative ..... 0

**THE RESOLUTION**—

WHEREAS, the report of a Committee on Test reads: 80-60-SA—Gilbert and Barker Mfg. Co., West Springfield, Mass., filed for approval of the Gilbarco 44 Series Single Gasoline Dispensers, Models 124-110, 124-010, 125-110, 125-010, 222-010, 221-010, 226-010, 225-010, under the provisions of Section C19-69.c Administrative Code.

**USE:** Gasoline dispensers for service stations and garages.

**DESCRIPTION:** The 44 Series dispensers are all made with an overall height of 44 inches and with a tapered shape housing so as to eliminate the use of light bulbs to illuminate the computer dial faces. The overhead lighting in the premises will be sufficient for the purposes.

The Model 124-110 dispenser consists of an explosion proof ⅓ HP motor, a combination pump unit and air separator, an air separator sump, a pressure regulating valve, a piston type meter, an automatic reset computer, a computer reset interlock mechanism and a cable suspended type hose and nozzle, 13 feet 9 inches in length.

The computer interlock mechanism prevents the starting of the motor unless the computer has been reset to zero.

The Model 124-010 is similar to the Model 124-110 except that it is designed for remote control application, therefore the motor, pump unit-air separator, and air separator sump have been removed. Air separation takes place at the remote pump unit which pumps product to the dispenser island.

The Model 124-010 is operated in exactly the same sequence

# MINUTES

as the Model 124-110 to start and stop the remote pump unit motor. However, the operating handle is also connected to a Solenoid-operated feed line valve (Underwriters' Valve) which is operated by a switch rod mechanism to electrically open and close the valve in sequence with the start and stop of the remote control pump unit motor. The Solenoid-operated valve is equipped with a built-in relief device which prevents excessive pressure in the meter and hose which may be caused by expansion of the liquid due to temperature rise in hot weather. The function of the valve also prevents pressure in the hose of any other dispenser connected to the same supply line when it is not in operation.

The Model 125-110 is similar to the Model 124-110 except that it is equipped with a roller clock computer and is designed for commercial installations where price computations are not required.

The Model 125-010 is similar to the Model 124-010 except that the computer is the same as in the Model 125-110.

The Model 222-010 dual dispenser consists of two separate dispensers in a single housing. It is designed for remote control application and dispenses two products. Therefore, it is equipped with two pressure regulating valves, two meters, two automatic reset computers, two reset interlock mechanisms, two operating switch rod mechanisms, two solenoid feed line valves and two external cable suspended hoses with nozzles, 13 feet 9 inches in length.

The Model 226-010 dual dispenser is similar to the Model 222-010 except that it is equipped with a roller clock computer designed for commercial installations where price computations are not required.

The Model 221-010 dual dispenser is designed to dispense a single product from a remotely installed pump which is delivered to the nozzles on each side of the dispenser. It is equipped with two pressure regulating valves, two solenoid feed line valves, two meters, two automatic reset computers and two 13 foot 9 inch hoses with nozzles.

The Model 225-010 dispenser is similar to the Model 221-010 except that it has a roller clock computer and is designed for commercial installations where price computations are not required.

All models have a flow rate of 15 gallons per minute. The nozzles supplied are of the non-automatic type.

**INSPECTION AND TEST:** All data was examined by Ass't. Engr. G. F. Sklenarik.

All model dispensers listed in this report have been tested and approved by Underwriters' Laboratories, file MH 1941.

**RECOMMENDATION:** The Committee on Test recommends the approval of the Gilbarco 44 Series Single Dispensers, Models 124-110, 124-010, 125-110, 125-010, 222-010, 221-010, 226-010 and 225-010, for use in New York City under the provisions of Section C19-69.e Administrative Code, provided that all electrical work will conform to the Electrical Code of the City of New York and that each dispenser shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 80-60-SA".

(Sgd.) WILLIAM A. NOLAN,  
Director.

JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

## 100-60-SA

**APPLICANT**—Dunkirk Radiator Corporation, owner; Vandewater Associates, Incorporated, agent.

## APPEARANCES—

For Applicant: Jack Ruebens.

**ACTION OF BOARD**—Appliance approved in accordance with the report and recommendation of Committee on Test.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Sleeper, Commissioner Fox and  
Commissioner Becker ..... 5  
Negative: ..... 0

## THE RESOLUTION—

**WHEREAS**, the report of a Committee on Test reads: 100-60-SA—Dunkirk Radiator Corporation, Dunkirk, New York filed for approval of their Blue Circle-Wee Scot Gas Boiler, Models 58, 78 and 98 for use in New York City under the provisions of Article 12 Administrative Building Code; these boilers will also be marketed by Delco Appliance Division of General Motors Corporation as Models GWB-50, GWB-70; GWB-90 Federal Boiler Company as Models FA-58, FA-78, FA-98; Roberts-Gordon Appliance Corporation as Models RGW-50, RGW-70, RGW-90 and Utica Radiator Corporation as Series 8, Models 85, 87 and 89.

**USE:** Gas-fired hot water boilers.

**DESCRIPTION:** The Blue Circle-Wee Scot Gas Boilers are factory assembled package units made up with an insulated metal jacket finished in a baked enamel which encloses a cast iron hot water boiler and raised port gas burners. The boiler is a sectional type made in 5, 7 or 10 section sizes; the gas burners are coated with a high temperature porcelain enamel for corrosion resistance. Other equipment includes a motor driven hot water circulator, an ASME type pressure relief valve on the boiler, a safety gas pilot, an automatic gas valve, gas pressure regulator, manual shut-off and a low water limit control. The boiler sections are hydrostatically tested before and after assembly to ASME specifications.

The input capacity of the Model 58 is 50000 BTU per hour of the Model 78 is 70000 BTU per hour and of the Model 98—90000 BTU per hour. All models are to be connected at the outlet of the draft hood to a chimney or flue.

**INSPECTION OF TEST:** All data was examined by Asst. Engineer George F. Sklenarik.

The Blue Circle-Wee Scot Gas Boilers have been tested and approved by the American Gas Association.

**RECOMMENDATION:** The Committee on Test recommends the approval of the Blue Circle-Wee Scot Gas Boilers, Models 58, 78 and 98 for use in New York City when installed in accordance with Article 12 Administrative Building Code, such boilers also to be marketed by Delco Appliance Division of General Motors Corporation as Models GWB-50, GWB-70, GWB-90; Federal Boiler Corporation as Models FA-58, FA-78, FA-98; Roberts-Gordon Appliance Corporation as Models RGW-50, RGW-70, RGW-90 and Utica Corporation as Series 8, Models 85, 87 and 89 provided that each boiler shall bear a label, permanently affixed, reading: "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 100-60-SA."

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Assistant Engineer,  
GEORGE F. SKLENARIK,  
Assistant Engineer,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

## 143-60-SM

**APPLICANT**—Joseph Platzker for K-Lath Corporation, owner.

## APPEARANCES—

For Applicant: Joseph Platzker.

**ACTION OF BOARD**—Material approved in accordance with the report and recommendation of Committee on Test.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Sleeper, Commissioner Fox and  
Commissioner Becker ..... 5  
Negative ..... 0

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

143-60-SM—Joseph Platzker for K-Lath Corp., Monrovia, California, filed for approval of the material known as K-Lath under the provisions of Section C26-458.0 Administrative Building Code.

USE: A paper backed lath used in lieu of combustible lath.  
DESCRIPTION: The paper backed wire mesh consists of twenty-eight inch by fifty inch (28" x 50") sheets and twenty-eight inch by ninety-eight and one half inch (28" x 98½") sheets having 16 gauge horizontal wires fifty inches (50") long on two (2") centers and 16 gauge vertical front wires twenty-eight (28") inches long at one and one-half (1½") inch center. Every third horizontal wire is 13 gauge. All wires are galvanized and are welded at all intersections. Heavy paper having slits to expose most of the length of each rear wire is placed between the front and rear wires before welding. This paper is known as a Grizzly Kraft paper having a thickness of 0.008 inches.

INSPECTION AND TEST: The applicant has submitted reports from the Raymond G. Osborne Laboratory and the National Bureau of Standards regarding fire tests conducted on partitions made of K-Lath and Plaster. The reports are on file with and are part of the record.

RECOMMENDATION: The Committee on Test recommends the approval of the material K-Lath for use in New York City under the provisions of Section C26-458.0 Administrative Building for use in locations where combustible lath is allowed, on condition that the cartons or wrappings in which the material is marketed shall be stamped "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 143-60-SM."

(Sgd.) WILLIAM A. NOLAN,  
Director,

JOHN A. DARTS,  
Assistant Engineer,

GEORGE F. SKLENARIK,  
Assistant Engineer,  
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this material in accordance with the above report.

## 144-60-SA

APPLICANT—The Coleman Company, Incorporated, owner.

## APPEARANCES—

For Applicant: S. M. Halpern.

ACTION OF BOARD—Appliance approved in accordance with the report and recommendation of Committee on Test.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Sleeper, Commissioner Fox and  
Commissioner Becker ..... 5  
Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

144-60-SA—The Coleman Company, Inc., Philadelphia, Pa., filed for approval of the Coleman Crestline Gas Waterheater, Models 3233A, 3234A, 3236A, 3237A, 3238A, 3239A; 3133B, 3134B, 3136B, 3137B and 3138B, under the provisions of Article 12, Administrative Building Code.

USE: Gas fired water heaters for residential use.

DESCRIPTION—The Coleman Crestline Gas Waterheaters are automatic heaters with a steel storage tank insulated with fiberglass. The 3100 series employ a mushroom type burner and the 3200 series are equipped with a drilled port burner.

The heater construction is of 14 gauge or heavier steel tank with a 3 to 4 inch flue tube welded to a 7 gauge tank bottom. The tank is either galvanized or lined with a ⅜ inch

rock lining in which case the tank bottom and flue tube are covered with two coats of vitreous enamel. Tank test pressure is 355 psi.

A thermostat is submerged through a tank tapping to control water temperature automatically by controlling the operation of the gas flame. Each heater is also equipped for safety shut down in case of pilot flame failure.

All heaters are designed for flue connection through a draft hood.

The capacities are:

| Model | Btu Input<br>per hour | Recovery Rate<br>GPH | Total Capacity<br>Gallons |
|-------|-----------------------|----------------------|---------------------------|
| 3233A | 32,500                | 27.3                 | 30                        |
| 3234A | 36,000                | 30.3                 | 40                        |
| 3236A | 28,500                | 24.0                 | 20                        |
| 3237A | 36,000                | 30.2                 | 30                        |
| 3238A | 36,000                | 30.2                 | 40                        |

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

## 152-60-SA

APPLICANT—Hi-Qua Manufacturing Company, Incorporated for Richard Griffiths, owner; Mfrs. Sales Associates, agent.

## APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Appliance approved in accordance with the report and recommendation of Committee on Test.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Sleeper, Commissioner Fox and  
Commissioner Becker ..... 5  
Negative ..... 0

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 152-60-SA—Hi-Qua Manufacturing Co., Inc., Philadelphia, Pa., filed for approval of the Hi-Qua Gas Water Heaters, Models 20, 30L, 30T, 40L, 40T, 50 and 50T, under the provisions of Article 12, Administrative Building Code. Such water heaters are also to be marketed under the trade names RMP, Penmore, Magic Glass, Ridgeway and Glasco.

USE: Gas fired water heaters for domestic and commercial use.

# MINUTES

**DESCRIPTION:** The Hi-Qua Gas Water Heaters are automatically operated storage tank heaters made in 20, 30, 40 and 50 gallon sizes. The tanks are made of hot rolled steel with internal 3 or 4 inch flue and are glass lined. A magnesium rod is installed within the tank for additional corrosion protection. The shell of the tank is either 13 or 12 gauge with 9 gauge head and  $\frac{3}{16}$  inch bottom. Minimum hydrostatic test pressure is 300 pounds per sq. inch. The gas burner installed beneath the tank is of the slotted port type and made of cast iron. A fixed position pilot assembly is installed at the burner with a safety gas shut off in case of pilot flame failure.

Each water heater is insulated with glass wool and encased in 24 gauge sheet steel. A thermostat is provided for automatic operation of the burner to maintain a maximum water temperature of 160°F.

The capacities of the different models are:

| Model | Btu Input<br>per hour | Recovery<br>GPH | Tank Capacity |
|-------|-----------------------|-----------------|---------------|
| 20    | 25,000                | 21.0            | 20            |
| 30L   | 30,000                | 25.2            | 30            |
| 30T   | 30,000                | 25.0            | 30            |
| 40L   | 33,000                | 27.7            | 40            |
| 40T   | 35,000                | 29.4            | 40            |
| 50    | 50,000                | 42.0            | 50            |
| 50T   | 50,000                | 42.0            | 50            |

Each model is designed for flue connection.

**INSPECTION AND TEST:** All data was examined by Ass't. Engr. G. F. Sklenarik.

These water heaters have been tested and approved by the American Gas Association.

**RECOMMENDATION:** The Committee on Test recommends the approval of the Hi-Qua Gas Water Heaters, Models 20, 30L, 30T, 40L, 40T, 50 and 50T, also to be marketed under the trade names RMP, Penmore, Magic Glass, Ridgeway and Glasco, for use in New York City under the provisions of Article 12, Administrative Building Code provided each water heater shall bear a label permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 152-60-SA."

(Sgd.) WILLIAM A. NOLAN,  
Director.  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

## 216-60-SA

**APPLICANT:** Gilbert and Barker Manufacturing Company, owner; William Keay, agent.

**APPEARANCES:**

For Applicant: William Keay.

**ACTION OF BOARD:** Appliance approved in accordance with the report and recommendation of Committee on Test.

**THE VOTE:**

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5  
Negative ..... 0

**THE RESOLUTION:**

WHEREAS, the report of a Committee on Test reads: 216-60-SA—Gilbert & Barker Mfg. Co., West Springfield, Mass., filed for approval of the Gilbarco Model WD-01 Conversion Oil Burner also marketed as the Esso Model WD-01 Conversion Oil Burner under the provision of Section C19-57.0 Administrative Code and the Oil Burner Rules of the Board.

USE: A conversion burner for installation in boilers and furnaces.

**DESCRIPTION:** The Gilbarco Model WD-01 Conversion Oil Burner is a high pressure gun type burner designed for No. 2 fuel oil. It has a firing range of .65 gallon per hour minimum to 1.75 gallons per hour maximum.

It is equipped with a 115V 60 cycle AC motor which serves to drive a blower to supply combustion air and also a Sundstrand fuel pump which delivers oil to the nozzle through a pressure regulating valve and strainer. A clutch is installed between blower and pump so that air flow is started prior to ignition and continues briefly after burner shut down.

The controls consist of a stack mounted combustion control to shut down the burner within 90 seconds in case of flame failure or ignition failure, a line voltage limit control and two low voltage operating controls such as an aquastat and thermostat.

The burner operates on constant ignition.

**INSPECTION AND TEST:** All data submitted was examined by Ass't Engr. G. F. Sklenarik.

The Model WD-01 burner has been tested and approved by Underwriters' Laboratories file MP163.

**RECOMMENDATION:** The Committee on Test recommends the approval of the Gilbarco Model WD-01 Conversion Oil Burner also marketed as the Esso Model WD-01 Conversion Oil Burner for use in New York City under the provisions of Section C19-57.0 Administrative Code when installed in accordance with this report and the Oil Burner Rules of the Board provided that each burner shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 216-60-SA".

(Sgd.) WILLIAM A. NOLAN,  
Director.  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

## 242-60-SM

**APPLICANT:** Reliable Fireproof Products Corporation, owner; M. Brookmyer, agent.

**APPEARANCES:**

For Applicant: Elliot Saltzman.

**ACTION OF BOARD:** Material approved in accordance with the report and recommendation of Committee on Test.

**THE VOTE:**

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5  
Negative ..... 0

**THE RESOLUTION:**

WHEREAS, the report of a Committee on Test reads: 242-60-SM—Reliable Fireproof Products Corp., Brooklyn, New York, filed for approval of the Reliable Hollow Metal Door under the provisions of Section C26-610.0 Administrative Building Code and the Rules for Inspection of Opening Protective Assemblies.

USE: The door is rated as a 1½ and 3 hour fire resistive door.

**DESCRIPTION:** The door is a single swing hollow metal door of the flush design equipped with 1½ pairs of full mortise hinges and a single point latch. The size of the door is 44 inches in width by 84 inches in height and 1¾ inches in thickness.

The front and back faces of the door are of 19 gauge steel and the stiffeners are channel shaped, 20 gauge steel, spaced 4½ inches from edge of door and then every 8½ inches on center. The top and bottom channels, closing the assembly, are of 18 gauge steel. The insulation is either compressed rock wool, 3½ lb./cu. ft. density or mineral block as manufactured by Eagle Picher.

# MINUTES

**INSPECTION AND TEST:** The door was tested at the Underwriters' Laboratory in accordance with the requirements of Section C26-610.0 Administrative Building Code and successfully met both the fire and hose stream tests for a 3 hour fire resistive opening protective assembly. The complete report is on file with and is part of the record.

**RECOMMENDATION:** The Committee on Test recommends the approval of the Reliable Hollow Metal Door when constructed as herein described and in accordance with the drawings marked "Rec'd. March 31, 1960, five sheets," for use in New York City under the provisions of Section C26-610.0 Administrative Building Code as a 1½ and 3 hour fire resistive opening protective assembly, on condition that the requirements of the Rules of the Board for the Inspection of Opening Protective Assemblies are complied with.

(Sgd.) WILLIAM A. NOLAN,

JOHN A. DARTS,  
Assistant Engineer,  
GEORGE F. SKLENARIK,  
Assistant Engineer,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

## 285-60-SA

**APPLICANT**—Kelley Machine Division, Wiesner-Rapp Company, Incorporated, owner; J. J. McGovern, Mahoney-Clarke, Incorporated, agent.

### APPEARANCES—

For Applicant: Robert S. Salle.

**ACTION OF BOARD**—Appliance approved in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

Negative ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

285-60-SA—Kelley Machine Division, Wiesner-Rapp Co., Inc., Buffalo, N. Y., filed for approval of the Kelley Hot-Shot Space Heaters, Models 75KHA, 125KHA, 300KHA and 450KHA, under the provisions of the Erection, Alteration and Demolition Rules of the Board and the regulations of the Fire Commissioner.

**USE:** To supply temporary heat during building construction.

**DESCRIPTION:** The Kelley Space Heater is made up of a gun type high pressure oil burner which fires into a stainless steel combustion chamber which is provided with a steel flame stop at its open end. An electrically driven fan provides combustion air and also air that is heated as it passes around the combustion chamber. A steel tank is mounted on wheels beneath the heater assembly for storage and supply of fuel either #1 fuel oil or kerosene. The heater is equipped with a thermostat and safety controls, for automatic operation.

The Model 75KHA has a 6 gallon storage tank and a heat capacity of 75,000 Btu per hour; the Model 125KHA has a 4 gallon storage tank and heat capacity of 125,000 Btu per hour; the Model 300KHA has a 36 gallon storage tank and heat capacity of 300,000 Btu per hour and the Model 450KHA has a 50 gallon storage tank and a heat capacity of 450,000 Btu per hour.

**INSPECTION AND TEST:** A typical heater was inspected by Ass't. Engr. G. F. Sklenarik at 38-11 Vernon Blvd., Long Island City, N. Y.

The 75KHA and 125KHA heaters have been tested and approved by the Canadian Standards Association.

**RECOMMENDATION:** The Committee on Test recommends the approval of the Kelley Hot-Shot Space Heater, Models 75KHA, 125KHA, 300KHA and 450KHA for temporary use in supplying heat for construction work in accordance with this report and the regulations of the Fire Commissioner and Rule 2.7 of the Board's Rules for the Erection, Alteration, Repair, Excavation for and Demolition of Buildings, provided that such heaters will be refueled only when not in operation and then only by means of approved safety cans equipped with a flexible spout that will fit into the fuel tank opening; that all electrical wiring and connections will be in accordance with the Electrical Code of the City of New York; that such heaters shall be so spaced as to allow not over 50,000 Btu heat output per hour for each 1000 square feet of floor area, such area to be adequately ventilated and further that each heater shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 285-60-SA."

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Assistant Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

## 318-60-SM

**APPLICANT**—Joseph Platzker, for Goodman Cinder Block Plant Incorporated, owner.

### APPEARANCES—

For Applicant: Joseph Platzker.

**ACTION OF BOARD**—Material approved in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

Negative ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

318-60-SM—Joseph Platzker for Goodman Cinder Block Plant Inc., Honesdale, Pa., filed for approval of the material known as Silver Streak Crete Masonry Block under the provisions of the Masonry Rules of the Board.

**USE:** Cinder Block used in masonry construction.

**DESCRIPTION:** The blocks are made with an approved cement and cinders. The mix is 1:9 with a minimum of 6½ gallons of water per sack of cement. The blocks are formed on a Besser machine, then steam cured, and allowed to cure and age in the yards.

**INSPECTION AND TEST:** Samples of block were tested at Manhattan College in accordance with the requirements of the Masonry Rules of the Board.

Results were as follows:

1. 2½" x 8" x 18" — Solid Cinder  
Compressive Strength = 610 p.s.i.  
Absorption = 8.9%
2. 3" x 8" x 18" — Solid Cinder  
Compressive Strength = 748 p.s.i.  
Absorption = 9.3%
3. 4" x 8" x 18" — Hollow Cinder  
Compressive Strength = 1137 p.s.i.  
Absorption = 11.2%
4. 4" x 8" x 18" — Solid Cinder  
Compressive Strength = 1708 p.s.i.  
Absorption = 6.6%
5. 6" x 8" x 18" — Hollow Cinder  
Compressive Strength = 869 p.s.i.  
Absorption = 14.7%
6. 8" x 8" x 18" — Hollow Cinder  
Compressive Strength = 855 p.s.i.  
Absorption = 14.4%

# MINUTES

7. 8" x 8" x 18" — Solid Cinder  
Compressive Strength = 1816 p.s.i.  
Absorption = 11.2%
8. 12" x 8" x 18" — Hollow Cinder  
Compressive Strength = 975 p.s.i.  
Absorption = 12.7%
9. 12" x 8" x 18" — Solid Cinder  
Compressive Strength = 1600 p.s.i.  
Absorption = 8.3%
10. 3" x 8" x 18" — Hollow Cinder  
Compressive Strength = 580 p.s.i.  
Absorption = 10.6%
11. 4" x 9" x 18" — Hollow Cinder  
Compressive Strength = 1080 p.s.i.  
Absorption = 9.5%
12. 6" x 9" x 18" — Hollow Cinder  
Compressive Strength = 820 p.s.i.  
Absorption = 12.0%
13. 8" x 9" x 18" — Hollow Cinder  
Compressive Strength = 855 p.s.i.  
Absorption = 8.5%

The complete report is on file with and is part of the record and all units successfully met the code requirements.  
**RECOMMENDATION:** The Committee on Test recommends the approval of the material known as Silver Streak Crete Masonry Block in the following sizes for use in New York City under the provisions of the Masonry Rules of the Board:

- 2½" x 8" x 18" — Solid for fireproofing of steel.
- 3" x 8" x 18" — Non-load bearing partitions.
- Solid Load Bearing — 3", 4", 8", & 12" all being 8" x 18".
- Hollow Load Bearing — 4", 6", 8", & 12" all being 8" x 18".
- Hollow Load Bearing — 4", 6", & 8" all being 9" x 18".

on condition that only approved cement be used; that the blocks be manufactured of a mix as herein described and that the blocks be marked in accordance with the requirements of the Masonry Rules of the Board.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

WHEREAS, the applicant requested an extension of the term of variance.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on February 23, 1955, only as to the term of the variance, so that as *amended* this portion of the resolution shall read:

"granted for a term of five (5) years from the date of this *amended* resolution, and that a new certificate of occupancy shall be obtained *on condition* that other than as herein amended the resolution above cited shall be complied with in all respects." (Alt 798/60)

a decision of the Borough Superintendent, re installation of Lacquer Machine not of approved type.

PREMISES AFFECTED—133-137 Middleton Street, north side, 85 feet east of Marcy Avenue, Block 2237, Lot 53, Borough of Brooklyn.

### APPEARANCES—

For Applicant: Otto J. Sambach.

ACTION OF BOARD—Appeal denied.

### THE VOTE TO GRANT—

Affirmative: ..... 0  
Negative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox, and Commissioner Becker ..... 5

### THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated December 6, 1957 on B.N. Applic. 2162-57, reads:

"1-Proposed installation of the Ronci Lacquer machine to comply fully with the Bd. of Standard and Appeals Rules governing the use of equipment for spraying and drying of paints, varnishes, lacquers and other inflammable surface coatings."

and

WHEREAS, the applicant states that the building is 50 feet by 100 feet in area, 5 stories, 60 feet high, of class 3 construction, located in unrestricted use, B area, class 1 height district, built in 1888, now used and occupied since 1952: basement—boiler and storage, 4 persons; 1st to 5th floors—office and manufacturing, 10 persons each floor; that the proposed use and occupancy will be the same; and

WHEREAS, the applicant states that the Ronci Enameling Machine is a semi-automatic paint dipping machine; that the work to be coated is loaded into a cylindrical mesh basket which is placed into machine; that the door to the machine is then closed; that the dipping tank is raised by external lever to submerge the work; that the tank is then partially lowered and excess paint is spun off the work; that the spinning is stopped by a manual switch, dip tank lowered, front door opened and basket removed; that the owner, installed a Ronci Lacquer Machine in 1952; that no plans were filed for this installation; that at the request of the Fire Department Inspector, the machine was enclosed in a fireproof room with an automatic carbon dioxide fire extinguishing system; that in the early part of 1957, the Fire Department Inspector asked for approved plans for the aforesaid installation; that none were filed; that plans were subsequently prepared and filed with the Department of Buildings, and the objection was issued; that the Ronci Lacquer Machine manufacturers were contacted and we were informed that they are seeking approval of their machine from your Board, under Calendar Number 172-56-SA; that the owners have a substantial investment in this installation and are now seeking relief in that the Board permit them to operate same; that if there are any modifications or improvements to be made on the present installation, the owner would comply; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

*Resolved*, that the decision of the Borough Superintendent, acting on B.N. Applic. 2162-57, Objection No. 1. be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

## THE VOTE TO GRANT—

Affirmative: . . . . . 0  
Negative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Sleeper, Commissioner Fox and  
Commissioner Becker . . . . . 5

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated November 23, 1959 on Alt. Applic. 1882-47, reads:

"1. Proposed storage on 2nd & 3rd floors within a frame structure violates Sect. 4.2.1 of Bldg. Code.

"2. Proposed increase in live load of 120 lbs. per square foot violates Sect. 7.3.2.6 of Bldg. Code.

"3. Provide exit facilities from 2nd and 3rd floors as per Sect. 6.1.2.2.3 of Bldg. Code."

and

WHEREAS, the applicant states that the building is 25 feet by 100 feet in area, 3 stories, 35 feet high, of class 4 construction, located in unrestricted use, A area, class 1½ height district, built prior to 1900, now used and occupied since 1947: cellar—household storage; 1st floor—store, 50 persons; 2nd and 3rd floors—2 family each (legal use); that the proposed use will be: cellar—in conjunction with store (storage); 1st floor—store, 50 persons; 2nd and 3rd floors—light storage used in conjunction with store on 1st floor; and

WHEREAS, the applicant states that this appeal is made in order to render the owner of the premises more room to keep stock handy and in readiness to conduct his hardware and appliance business which is on the 1st floor; that stock will be miscellaneous, light storage on the 2nd and 3rd floors in conjunction with the business on the 1st floor only; that the nature of his business is such that he requires a large variety of supplies and many brands of the same item; that this is a necessity in order to do a successful cut-rate business; that there will be no permanent employees and no customer will be allowed on the 2nd and 3rd floors; that it is proposed that stairs leading from 2nd and 3rd floors be enclosed in partition which will include rock wool blown between the studs, and all doors leading to this hall be 1 hour fireproof; that also there will be fire extinguishers and sand pails placed in the hall in readiness at all times; that the applicant respectfully requests the waiver of 120# Live Load based on a minimum requirement of 75 lbs. per square foot live load as per C26-345.0 subdivision 1 of the Administrative Code; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, and the committee recommended that the appeal should not be granted.

*Resolved*, that the decision of the Borough Superintendent, acting on Alt. App. 1882-47, Objections No. 1, 2 and 3, dated November 23, 1959, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

## 845-59-A

APPLICANT—The Procter and Gamble Mfg. Company, owner.

SUBJECT—Application December 14, 1959—Appeal from a decision of the Fire Commissioner—re permit to smoke in factory.

PREMISES AFFECTED—3666 Richmond Terrace, southwest corner of Western Avenue, Blocks 1338 and 1400, Lots 1 and 1, respectively, Port Ivory, Borough of Richmond.

## APPEARANCES—

For Applicant: Carl A. Pearson and Charles A. Wilder.

ACTION OF BOARD—Appeal granted on condition.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Sleeper, Commissioner Fox and  
Commissioner Becker . . . . . 5  
Negative . . . . . 0

## THE RESOLUTION:

WHEREAS, the decision of the Fire Commissioner, dated December 8, 1959, reads:

"A careful reading of the Rules of the Board of Standards and Appeals, relating to smoking in protected

portions of factories and in special classes of occupancies, will indicate to you that none of the areas in which you request permits, apparently come under the provisions of Rule 2, Permissible Cases, as they neither come within the scope of subdivision a, or of subdivision b. This department therefore has no authority to issue the necessary permits, as it involves either a modification of the rules, or a variation of Section 283 of the Labor Law, which can only be granted by the Board of Standards and Appeals."

and

WHEREAS, the applicant states that the plot is 2400 feet by 900 feet irregular in area; that there are many buildings located on this plot, all in unrestricted use, A area, class 1 height district; that the applicant makes a request for approval of the establishment of smoking areas within the Ivory Plant of the Procter & Gamble Mfg. Co.; that application was made for these areas of the Division of Fire Prevention in letter of October 14, 1959; that their letter of October 21, 1959 the New York City Fire Department denied this request; that currently only one approved smoking area and that is in the plant cafeteria; that considering the fact that there are approximately 1,000 employees on the day shift, it is extremely difficult to confine smoking to this one area and to prohibit smoking in unauthorized areas; that in the interests of better fire prevention and to control smoking in unauthorized areas, the Commissioner is requested to establish the smoking areas requested below; that the plot plan SK-0910594 shows the locations of the various smoking areas for which we are requesting approval; that all smoking areas will be equipped as needed with metal furniture; and

WHEREAS, the premises was inspected by a committee of the Board.

*Resolved*, that the decision of the Fire Commissioner, dated December 8, 1959, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, on condition that the building and the areas in which smoking is to be permitted shall be in accordance with drawings filed with this appeal dated May 18, 1960, 19 sheets and July 5, 1960, 2 sheets; that a water-type extinguisher shall be placed at each location where smoking is to be permitted and shall be of a type satisfactory to the Fire Commissioner; that sand-filled receptacles shall be placed at each location where smoking is to be permitted; and that all laws, rules and regulations applicable shall be complied with.

## 114-60-A

ACTION OF BOARD—Appeal granted on condition.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Sleeper, Commissioner Fox and  
Commissioner Becker . . . . . 5  
Negative: . . . . . 0

## THE RESOLUTION—

WHEREAS, the decision of the Fire Commissioner, dated January 22, 1960 on Folder No. 54950.01, reads:

"Permission to smoke in certain locations of these premises is denied, as it is Fire Department policy not to permit smoking in a factory under Sec. 283 Labor Law.

"You may appeal to the Board of Standards and Appeals from the denial within 30 days of date of this letter."

# MINUTES

WHEREAS, the applicant states that the building is 93 feet by 250 feet in area, 1 story, 24 feet high, of class 1 construction, located in unrestricted use, A area, class 1½ height district, built in 1946, now used and occupied since July 1, 1957; 1st floor—office, warehouse and machine shop, 30 persons; substantially in accordance with Certificate of Occupancy Q132730 issued December 31, 1959 against Alt. Applic. 4-59; that the proposed use and occupancy will be the same except occupancy will be 75 persons; and

WHEREAS, the applicant states that the building is fireproof; that there is a one source sprinkler system throughout the premises, that all floors are of concrete and all partitions are of non-combustible materials; that the items to be warehoused will be liquid meters and associated parts which are all brass or iron; that the machine shop is to repair and test liquid meters; that smoking would be confined to the office areas between the hours of 7 A. M. and 7 P. M.; and

WHEREAS, the premises was inspected by a committee of the Board; and

*Resolved*, that the decision of the Fire Commissioner, dated January 22, 1960, acting on Folder No. 54950.01, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, on condition that the building conform to drawings filed with this appeal dated February 19, 1960, 1 sheet and April 13, 1960, 2 sheets; that fire extinguishers shall be placed in each of the smoking areas and shall be to the satisfaction of the Fire Commissioner; that sand-filled receptacles shall be placed in each smoking area; that all laws, rules and regulations applicable shall be complied with.

## 202-60-A

APPLICANT—Herzog and Schechter for Harold and Seymour Kaplan, owners.

SUBJECT—Application March 17, 1960—Appeal from a decision and an order of the Fire Commissioner re—elevators in readiness.

PREMISES AFFECTED—594-596 Broadway, east side, 103 feet 11¾ inches south of East Houston Street, and 128 Crosby Street, west side, 144 feet, 1 inch south of East Houston Street, Block 511, Lot 12, Borough of Manhattan.

### APPEARANCES—

For Applicant: Joseph Schechter.

ACTION OF BOARD—Appeal denied.

### THE VOTE TO GRANT—

Affirmative: ..... 0  
Negative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

### THE RESOLUTION—

WHEREAS, the decision dated February 18, 1960 and order #7548-6 dated November 27, 1956, of the Fire Commissioner reads:

"6. Have at least one elevator kept in readiness for immediate use by Fire Department during all hours of the day and night, including holidays and Sundays, and a man competent to operate the elevator present at all times. Ch. 26, Art. 17, Adm. Code & C19.161.0, Adm. Code."

WHEREAS, the applicant states that the building is 86 feet ½ inches by 199 feet ¾ inches in area, 12 stories, 169 feet high, of class 1 construction, located in unrestricted use, B area, class 2 height district, built in 1897, now used and occupied since completion: sub-cellar of 594 and 596 (boiler room combined for both buildings), 2 persons; cellar—storage, both buildings, 4 persons; 1st floor of 594—sales of hardware, 5 persons; 1st floor of 596—luncheonette and dress shop; 2nd floor of 594 and 596—manufacture of pocketbooks, 0 persons (one tenant for both buildings); 3rd floor—manufacture of belts, 50 persons (one tenant for both buildings); 4th floor—manufacture of sport clothes, 50 persons (one tenant for both buildings); 5th floor—manufacture of sweaters, 50 persons (one tenant for both buildings); 6th floor—manufacture of baby wear, 90 persons (one tenant for

both buildings); 7th floor—manufacture of ladies shirts, 30 persons (one tenant for both buildings); 8th floor—594, manufacture of bath robes and baby dresses, 35 persons; 8th floor—596, manufacture of hats, 50 persons; 9th floor—manufacture of knitwear, 20 persons (one tenant both buildings); 10th floor—594, manufacture of hats, 35 persons; 10th floor—596, manufacture of pajamas, 60 persons; 11th floor—594, manufacture of ladies underwear, 50 persons; 11th floor—596, manufacture of shower curtains, 20 persons; 12th floor—594, manufacture of ladies robes, 50 persons; 12th floor—596, manufacture of dresses, 50 persons; that the proposed use and occupancy will be the same; and

WHEREAS, the applicant states that each building is provided with two fireproof enclosed iron stairs (one at each end of each building) which extend from the roof to the street; that the buildings are also provided with regulation type standpipe and two-source supply sprinkler systems in compliance with all provisions applicable to same; that most of the floors are occupied by one tenant for both buildings, as per attached schedule, and openings are provided between the two buildings on these floors; that the buildings are also provided with manually operated elevators; that it is intended to replace two of the present elevators (one for each building) with up-to-date automatically operated self service elevators; that these will be available for use at all times with the current turned on 24 hours a day, 7 days a week, a condition more reliable than a person who, just at the critical moment, may have left his post or may have fallen asleep; that it is further proposed to have a sign on the exterior of the building, at the entrance, notifying the Fire Department of the existence of the automatic self-service elevators and their location; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

*Resolved*, that the decision dated February 18, 1960 and order #7548-6 dated November 27, 1956, of the Fire Commissioner be and it hereby is *affirmed* and that the appeal be and it hereby is *denied*.

## 225-60-A

APPLICANT—Louis Lieberman for James Nicolletti, owner; Anthony Rapisardi, lessee.

SUBJECT—Application March 25, 1960—Appeal from a decision of the Borough Superintendent—re frame building—motor vehicle repair shop.

PREMISES AFFECTED—177 9th Street, north side, 75 feet west of 3rd Avenue, Block 1002, Lot 38, Borough of Brooklyn.

### APPEARANCES—

For Applicant: Ray Peebles.

ACTION OF BOARD—Appeal denied.

### THE VOTE TO GRANT—

Affirmative: ..... 0  
Negative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

### THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated March 24, 1960 on Alt. Applic. 399-60, reads:

"1—Proposed use of frame building for a motor vehicle repair shop (body and fender work) is contrary to 4.2.1 Bldg. Code and in the fire limits it is contrary to 4.1.2 Bldg. Code."

and

WHEREAS, the applicant states that the building is 22 feet 10 inches by 50 feet in area, 1 story, 12 feet 8 inches high, of class 4 construction, located in unrestricted use, A area, class 1 height district, built prior to 1877, now used and occupied since 1958: 1st floor—motor vehicle repair shop (body and fender) 2 persons; that the applicant proposes to legalize the present use: 1st floor—motor vehicle repair shop (body and fender), open parking of 1 car in rear yard and welding in rear yard; 2 persons; and

WHEREAS, the applicant states that the earliest record in the Building Department indicated that the building was

# MINUTES

used as a stone yard; that the structure has had a variety of industrial uses, the last one being an iron shop; that the Building Department, however, has no record of these later uses since the stone yard in 1877; that in June 1958 the premises were leased to the present occupant to be used as a body and fender shop; that the owner, at that time acting upon erroneous information, assured the lessee that there would be no difficulty in obtaining the necessary permits for the body and fender work inasmuch as this was a small building located in an unrestricted zone and the fact that the structure had always been used for industrial purposes; that in 1959 a violation was issued by the Fire Department for illegal occupancy and a summons was subsequently served in connection therewith; that the court case was disposed of when a plea of guilty was entered and a fine was imposed by the court; that the applicant therefore respectfully requests a variance of Section 4.2.1 of the Building Code, since this building is only large enough to accommodate 2 cars; that there is usually only one person employed; that the amount of work performed is so small that less than one pint of lacquer is used daily; that the interior walls and ceiling of the building will be covered with  $\frac{5}{8}$  inch fire code #60; that since extreme hardship will be rendered upon the lessee in the event that he cannot remain in possession of the premises since he has unsuccessfully been seeking other quarters in the immediate area and would be compelled to go out of business should this appeal be denied; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 399-60, Objection No. 1, be and it hereby is affirmed and that the appeal be and it hereby is denied.

## 253-60-A

APPLICANT—Andrew Di Camillo for Nathan Yanovich, owner; Inwood Home Domestic Corporation, lessee.

SUBJECT—Application April 7, 1960—Appeal from a decision of the Borough Superintendent re—Class 3 Construction, Commercial building—height, stairway-fireproof construction and live load.

PREMISES AFFECTED—223 West 15th Street, north side, 267 feet  $4\frac{1}{2}$  inches west of 7th Avenue, Block 765, Lot 23, Borough of Manhattan.

### APPEARANCES—

For Applicant: Andrew Di Camillo.

ACTION OF BOARD—Appeal granted on condition.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated April 1, 1960 on Alt. Applic. 1977-59, reads:

"1) Building exceeds tabular height for a Class 3 commercial building—C26-254.A.C.

2) Stairway must be of fireproof construction, 3 feet in width and free of winders.

3) Floor construction capable of sustaining a live load of 50 lbs. per sq. ft. required for requested use."

and

WHEREAS, the applicant states that the building is 19 feet  $7\frac{1}{2}$  inches by 42 feet 6 inches in area, 4 stories and basement, 45 feet high, of class 3 construction, located in residence use, B area, class 1 height district, built prior to 1905, now used and occupied since 1948: cellar—ordinary; basement, lounge, kitchenette and office, 2 persons; 1st floor to 4th floors—reviewing rooms, 1st floor—3 persons; 2nd to 4th floors 4 persons each floor; that the proposed use will be the same; and

WHEREAS, the applicant states that the Inwood Home Domestic Corporation is a charitable non-profit organization; that the premises are not used commercially; that

the function is strictly a charitable use, and actually allowable in a residential section; that this building is used in conjunction with the main institution across the street; that the use of the building is limited to 17 interviewers in all; that building will be well protected; that all public halls will be fire retarded; that all doors leading into said halls will be one hour fireproof and self closing; that in addition, the building is provided with fire escapes on the front and the rear of the building; that present stairways are of wood, and 2 feet 8 inches wide; that at the termination of the stairs on the 2nd, 3rd and 4th floors, rear, there are existing winders; that the halls are 2 feet 6 inches and 2 feet 8 inches in width; that to increase the stair width and halls to 3 feet would be a severe hardship; that an additional handrail will be installed at location of said winders; that the 4th floor has a live load of 40 pounds per square foot; that the Department of Buildings objected on the grounds that said live load should be 50 pounds, same as the other floors; that the use of said floor is limited in scope, and because of this, the applicant respectfully requests acceptance of present live load of 40 pounds per square foot; that the building is occupied only during the hours of 9 A.M. to 5:30 P.M.; that it is closed entirely on week-ends; that it is not occupied overnight; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated April 1, 1960, acting on Alt. Applic. 1977-59, Objections No. 1, 2 and 3, be and it hereby is modified and that the appeal be and it hereby is granted, on condition that the work shall be done in accordance with drawings filed with this appeal dated April 7, 1960, 3 sheets and May 12, 1960, 3 sheets; that there shall not be more than ten (10) occupants on any floor; and that all laws, rules and regulations applicable shall be complied with and a certificate of occupancy obtained.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker .....  
Negative: .....

Adjourned: 6:35 P.M.

JOSEPH J. DOYLE, Chief Clerk.

# RULES

## Fire Drill Rules, Adopted by the Board of Standards and Appeals, October 5, 1923

(593-23-SR)

### DEFINITION OF "FIRE DRILL"

The method and practice of the systematic and orderly vacating of a building by its occupants in case of emergency, panic or fire in the least possible time—by the nearest safe means of exit—and the use of fire appliances which shall be provided for the extinguishing or retarding of fire and the safeguarding of human life.

#### Rule 1.

In all buildings as defined in Article 1, Section 10 of the Labor Law in which fire drills are required pursuant to Section 279 thereof and in any other building in which such drills are required by the Fire Commissioner pursuant to the power conferred in section 491 of the New York City Charter, it shall be the duty of the owners, lessees or tenants to conduct fire drills monthly and at such other times as the Fire Commissioner may direct.

For the purpose of conducting such fire drills the owner or tenants shall appoint from among their employees such responsible and dependable persons, male or female, who shall efficiently perform the duties of the various positions of the fire drill organization, as specified on the accompanying chart.

It shall be the duty of the owner or tenant to enter in the blank spaces provided for that purpose in said chart the names of persons so selected and post said chart and copies of the rules in a conspicuous place.

" 3.....

" 4.....

" 5.....

" 6.....

#### Rule 2. Duties of Foreman.

The Foreman or Person in Charge shall direct, enforce and have full charge of the "Fire Drill" in every factory on each floor. Each day before work is begun he shall see that extinguishers, fire hose, fire buckets, etc., are in readiness for use, exit doors are unlocked, aisles are free

from obstruction, that stairways, halls, etc., are properly lighted, and shall remedy any dangerous condition found to exist. Immediately after work is commenced he shall check up the Fire Drill Organization list and note if the regularly assigned persons are present; if any are found to be absent, he shall assign other employees (if practicable) to perform their duties.

He shall immediately notify new employees of the existence of the Fire Drill Organization and give them the necessary instructions as to the duties they are to perform, etc.

He shall be familiar with the operation and location of the interior alarm signal box on his floor.

He shall listen for the test signal each morning at the appointed hour and in the event of the test signal not being heard he shall communicate with the superintendent or other person in charge of the building and advise him of the fact. The (Floor Captain's) Foreman's orders are final as to the carrying out of the fire drill on his particular floor.

#### Rule 3. Duties of Watchmen.

The WATCHMEN shall see that all doors and windows are closed so as to prevent the spread of fire. The WATCHMEN shall be the only persons permitted to remain on the floor during the progress of a fire drill and do so at their own risk. For ordinary purposes only one watchman and a substitute shall be designated. In special cases, however, extra watchmen may be assigned by consent in writing from Fire Commissioner.

#### Rule 4. Duties of Searchers.

The MALE AND FEMALE SEARCHERS shall search all toilets, dressing rooms and emergency rooms used and frequented by their sex and all other portions of the floor and order all persons, except those authorized to remain, to leave the premises. They are to take care of and assist all persons who may faint or be disabled.

SEARCHERS shall leave the floor immediately after the last squad leaves.

#### Rule 5. Duties of Street Alarm Box Runner.

The STREET-ALARM-BOX-RUNNER shall be familiar with the location of the nearest city fire alarm box and know how it is operated.

In ordinary practice fire drills the STREET-ALARM-BOX-RUNNER shall report to the Foreman for orders, and if his services are not required he shall promptly file out of the premises with the other occupants.

Only when a fire actually occurs on his floor, or when ordered to do so by the Foreman, shall the STREET-ALARM-BOX-RUNNER proceed to the street alarm box and send in the fire alarm.

#### Rule 6. Duties of Fire Brigade.

The fire brigade shall have full charge of the operation of all auxiliary fire fighting apparatus and shall endeavor to extinguish, or at least hold in check until the arrival of the Fire Department, any fire that may occur. When it is necessary for the fire brigade to respond to different floors in the building they shall not use the stairways or fire escapes while the occupants are escaping from the premises.

#### Rule 7. Duties of Exit Guards.

The EXIT GUARDS shall station themselves at all exit doors leading to fire escapes, stairways, and other means of escape immediately upon the sounding of the alarm. There shall be two guards for each exit, if practicable; one to stand in the hallway holding back the door and the other directly inside on the floor. They are to keep the exit doors open and direct the movements of the persons using these exits and prevent congestion.

## RULES

EXIT GUARDS shall remain at their stations until all of the occupants of the building have passed their station. Then close their doors and pass out of the building. Upon signal for the occupants to return, EXIT GUARDS shall take their designated stations and remain there until all persons have returned to their respective floors.

### Rule 8. Duties of Squad Monitors.

The SQUAD MONITORS, as soon as the alarm is sounded, shall see that the employees under their charge quickly form into line, two abreast, and numbering not more than thirty to each squad. They shall see that all aisles and passageways are cleared of obstructions.

**Note:** Chairs, stools, baskets, etc., should be pushed under or placed on top of work benches.

MONITORS shall proceed at the head of their respective squads to the exit assigned, and then march up or down the stairs or to other exits as directed by the EXIT GUARDS.

On reaching the sidewalk MONITORS shall keep their squads in order and lead them a reasonable distance from the building, so as not to cause congestion and interference with fire apparatus. When the proper signal is given they shall return to their respective floors at head of their squads.

MONITORS will at all times see that those under their charge conduct themselves in a respectable and orderly manner.

### Rule 9. Holding of Drills.

FIRE DRILLS shall be held at least once each month at varied hours of the day, and all of the occupants shall participate therein simultaneously. Such drills shall conduct all occupants to a place of safety.

Where dual operation interior fire alarm systems are installed as permitted under Rule 10.1 of the interior fire alarm rules of the Board of Standards and Appeals, the fire drill conducted each month shall include all of the persons on the premises engaged at work for a factory, and drills shall be conducted at least twice, each year in which all of the persons on the premises shall participate simultaneously.

### Rule 10. Duties of Owner.

It shall be the duty of the OWNER, LESSEE OR TENANT OF THE BUILDING or his authorized agent or their representatives to personally observe that the "Fire Drill" is held simultaneously on every floor of the

building and the participation therein of every occupant of such building. Any FIRE DRILL in which all of the occupants do not participate shall not be considered as complying with the LAW, except as otherwise provided in these rules.

The person or persons representing the OWNERS, LESSEE OR TENANT, who supervises the FIRE DRILL at the building shall submit to an examination by the Division of Fire Prevention as to their experience and general fitness for such duties, and shall be so certified in writing by the FIRE COMMISSIONER.

It shall be the duty of the ENGINEER, SUPERINTENDENT or other PERSON IN CHARGE of a building having an interior fire alarm system to test such system daily immediately after the beginning of business, and to see that all apparatus operated by springs, requiring winding are rewound after each alarm and kept in normal condition for operation.

### Rule 11. Duties of Engineer.

Whenever it is necessary to test the fire alarm system at any other time of the day, owing to repairs, etc., being made, the PERSON IN CHARGE OF BUILDING will first notify all Foremen of the several floors of the intended test and likewise notify them when the repairs, etc. are completed. This precaution is taken to prevent confusion and excitement, also misunderstanding of the alarm signals.

It shall also be the duty of the PERSON IN CHARGE OF BUILDING to sound the interior alarm system at irregular intervals, but not less than once each calendar month, for the purpose of holding practice fire drills. He shall keep on the premises a record of such drills, showing the date when held and the required time for all occupants to reach the street or a point of safety outside the building.

The PERSON IN CHARGE OF BUILDING must immediately acquaint new tenants of the existence of the "Fire Drill" Organization and its purport.

### Rule 12. Registration.

The name and address of every person, corporation, co-partnership, that will, under professional service, carry on the trade, business or calling of establishing, maintaining or supervising the "Fire Drill" shall be registered in the Fire Department, which Department shall, upon evidence of fitness, grant a certificate to that effect.

### PETITIONS AND ORDERS OF CERTIORARI SERVED ON THE BOARD OF STANDARDS AND APPEALS.

On July 20, 1960, Petition and Order of Certiorari was served on the Board by Steckler, Hoffman & Steckler, attorneys for petitioner, Natley Operating Corporation, objecting property owner, seeking a review of the Board's determination on June 28, 1960, granting a variance under Section 21 of the Zoning Resolution, to permit in a residence and business use district proposed change of use to stores in the cellar, which is in the residence use portion of a Class A Multiple Dwelling which is in a business and residence use district; Calendar Number 225-36-BZ—Vol. III; Premises 1180-1188 Grand Concourse and 180-188 East 167th Street, southeast corner, Block 2456, Lot 163, Borough of The Bronx.

\* \* \* \* \*

On July 28, 1960, Petition and Order of Certiorari was served on the Board by Bogart & Lonergan, attorneys for petitioner, Heidelberg Realty Corporation, owner, seeking a review of the Board's denial on June 21, 1960 of its appeal from a decision of the Fire Commissioner re—elevator in readiness; Calendar Number 132-60-A; Premises 300-304 West 39th Street and 589-593 8th Avenue, southwest corner, Block 762, Lot 42, Borough of Manhattan.

\* \* \* \* \*

### DISCONTINUANCE OF PROCEEDINGS.

Matter of Daniel J. Carter vs. Murdock:—On December 19, 1958, the Board granted a variance under Section 7c of the Zoning Resolution, to permit in a retail and residence use district, the installation of an amusement center consisting of children's rides to be used in conjunction with the existing one story restaurant with accessory parking; Calendar Number 127-58-BZ; Premises 1300 Hylan Boulevard, northeast corner of Old Town Road, Block 3224, Lot 14, Grasmere, Borough of Richmond.

In Supreme Court, Richmond County, the above entitled proceeding for a notice of motion to review a determination of the Board was discontinued by stipulation and agreement by both parties, on November 25, 1959.

\* \* \* \* \*

### COURT DECISION.

Matter of Satin vs. Board.—On April 5, 1960, the Board granted a variance under Section 21 of the Zoning Resolution, to permit in an E area district, the erection of a multiple dwelling with less than the required setback on one street front, exceeding the permitted ground area coverage and total floor area, with ingress and egress to garage in the E area district and less than the required parking spaces; Calendar Number 49-60-BZ; Premises 964-996 Ocean Parkway and 507-525 Avenue J, northwest corner, and 4636 Bay Parkway, Block 6518, Lot 59, Borough of Brooklyn.

At Supreme Court, Special Term, Part I, Mr. Justice Brown dismissed the petition as it was presented more than thirty days after the Board's decision was filed. (N. Y. Law Journal, July 1, 1960, page 8).

### HOURS OF CONSULTATION

10 A.M. to 1 P.M.

Any person desiring to consult the Chairman, the Commissioners, Director or the Engineers, pertaining to the work of the board, will be seen only between the hours of ten in the morning and one in the afternoon—Saturdays excepted.

### PUBLIC HEARINGS

Tuesdays at 10 a.m. and 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held at 80 Lafayette Street, 9th Floor, Borough of Manhattan.

SEPTEMBER 13, 1960, 10 A.M.

NOTICE IS HEREBY GIVEN of a public hearing Tuesday morning, September 13, 1960, at 10 o'clock at 80 Lafayette Street, 9th floor, New York 13, N. Y., on the following matters:

**723-50-BZ—Vol. III**

APPLICANT—Lama Proskauer and Prober for John Alberg, owner.

SUBJECT—Application reopened March 1, 1960 as Volume III—decision of the Borough Superintendent, under Section 7h of the Zoning Resolution, to permit in a residence use district, the maintenance of a parking lot for the parking and storage of more than five (5) motor vehicles for a term of five (5) years.

PREMISES AFFECTED—173-177 Palmetto Street, northside, 150 feet east of Central Avenue, Block 3342, Lot 55, Borough of Brooklyn.

**777-54-BZ—Vol. II**

APPLICANT—Robert Gottlieb for Hermany Realty Corporation, owner; Hermany Farms Incorporated, lessee.

SUBJECT—Application reopened March 1, 1960 as Volume II—decision of the Borough Superintendent, under Section 7e of the Zoning Resolution, to permit in a residence and business use district, the maintenance of a parking lot for more than five (5) motor vehicles and the construction of a raised platform for loading and unloading in the residence use portion of the plot.

PREMISES AFFECTED—2350 Hermany Avenue, southside, 191.19 feet west of Zarega Avenue, Block 3697, Lots 32 and 64, Borough of the Bronx.

**5-33-BZ—Vol. IV**

APPLICANT—Patrick D. Concagh for Charles Mottola, owner.

SUBJECT—Application reopened March 29, 1960 as Volume IV—decision of the Borough Superintendent, under Sections 7i and 7e of the Zoning Resolution, to permit in a business, retail and residence use district, to extend the present uses of the existing gasoline service station, car wash, lubritorium, parking and storage of more than five (5) motor vehicles, sale of accessories and minor auto repairs to include auto body and fender repairs, welding, painting, spraying and towing of cars and the erection of an additional business sign.

PREMISES AFFECTED—3800-3812 Boston Road and 3480-3490 Baychester Avenue, southeast corner, Block 5257, Lot 1, Borough of the Bronx.

**440-59-BZ**

APPLICANT—Randolph M. Smith for Carl I. Koncur, owner.

SUBJECT—Application July 2, 1959—decision of the Borough Superintendent, under Section 7e of the Zoning Resolution, to permit in a residence use district, the change in use of the first floor of the present three story buildings with the two one story additions from store and storage to offices, storage and wholesale sales of imported food products.

**APPLICANT—**M. W. Del Gaudio for Elena Lupo and Joseph Lupo, owners, doing business as Jotel Company.

**SUBJECT—**Application reopened March 1, 1960 as Volume II—decision of the Borough Superintendent, under Section 7c of the Zoning Resolution, to permit in an unrestricted and residence use district, the extension of the manufacturing on the first floor from the unrestricted use portion of the floor into the residence use portion of the floor and continue the present manufacturing.

**PREMISES AFFECTED—**4510 Bullard Avenue, east side, 103 feet north of East 239th Street, and 103.24 feet north of Bronx Boulevard, 4511 Bronx Boulevard, Block 5074, Lot 13, Borough of the Bronx.

## APPEARANCES—

For Applicant: M. W. Del Gaudio.

For Opposiiton: L. N. Clausen.

**ACTION OF BOARD—**Application granted on condition.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

Negative ..... 0

## THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 12, 1960 after due notice by publication in the Bulletin; laid over to July 26, 1960 for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated January 28, 1960 acting on Alt. Applic. No. 658-57, reads:

"1. Extension of manufacturing in a building partially in a residence use district is contrary to Art. II Sec.3 of the Zoning Resolution."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7c of the

Zoning Resolution, to permit in an unrestricted and residence use district, the extension of the manufacturing on the first floor, from the unrestricted use portion into the residence use portion of the floor and to continue the present manufacturing, on condition that the work shall be done in accordance with drawings filed herewith dated February 9, 1960, 5 sheets; that all loading and unloading shall be done on the Bullard Avenue side of the property; that all other laws, rules and regulations applicable shall be complied with; that all permits shall be obtained, all work completed, and a certificate of occupancy obtained within the provisions of Section 22A of the Zoning Resolution.

## 120-60-A

**APPLICANT—**M. W. Del Gaudio for Elena A. Lupo and Joseph Lupo, owners, doing business as Jotel Company.

**SUBJECT—**Application February 9, 1960—Appeal from decision of the Borough Superintendent re—egress.

**PREMISES AFFECTED—**4510 Bullard Avenue, east side, and 4511 Bronx Boulevard, west side, 103.24 feet north of East 239th Street, Block 5074, Lot 13, Borough of the Bronx.

## APPEARANCES—

For Applicant: M. W. Del Gaudio.

**ACTION OF BOARD—**Appeal granted on condition.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

Negative ..... 0

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated January 28, 1960 on Alt. Applic. 658-57, reads:

"2—A skylight, containing a minimum of 15 square feet of area, is required for stair used as a required means of egress. Sec. 271 of the Labor Law."

and

WHEREAS, the applicant states that the building is 69 feet by 75 feet in area, 1 story and basement, 25 feet high, of class 3 construction, located in unrestricted and residence use, C area, class 1 height district, built in 1926, now used and occupied since 1936: cellar—boiler room; basement—factory, 50 persons; 1st floor—factory and offices, 50 persons; substantially in accordance with Certificate of Occupancy 5390 issued March 4, 1949 against Alt. Applic. 49-45; that the proposed use and occupancy are stated in detail under Application 259-33-BZ, Volume II; and

WHEREAS, the applicant states that the inside stairs have a vertical run of not more than 10 feet 6 inches and over the platform at the top (at 1st floor level) there is a combination scuttle and skylight, which affords natural light to the landing; that stairs are now adequately lighted from the scuttle-skylight, and the providing of another skylight would serve no useful purpose besides involving disturbance of concrete construction now existing at roof over stairway, thus causing the owners to suffer unnecessary hardship; that the stairway in its entirety, from entrance to 1st floor, is visible from top and bottom thereof, and occupancy of 1st floor is now and will be by a single tenant, with full control over the stairway; that the interior stairs are 4 feet wide; that the exterior stairs are 3 feet 8 inches and 4 feet wide and lead to Bronx Boulevard; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. App. 658/57, Objection No. 2, dated January 28, 1960, and that the appeal be and it hereby is granted, on condition that all requirements of the resolution adopted by the Board this day under Cal. No. 259-33-BZ, Vol. II, shall be complied with and a certificate of occupancy obtained.

## 374-37-BZ—Vol. III

APPLICANT—Samuel Miller for Humber Oil and Refining Company, owner.

SUBJECT—Application reopened June 28, 1960 for consideration as to amendment of resolution and extension of time to complete, expired April 21, 1960—decision of the Borough Superintendent, previously granted on condition, under Sections 7f, 7e and 7i of the Zoning Resolution, permitting in a business use district the erection and maintenance of a gasoline and oil service station, lubricatorium, facilities for car washing and minor repairs, an office and salesroom, and the parking and storage of more than five motor vehicles.

PREMISES AFFECTED—2165-2175 Southern Boulevard and 820 East 182nd Street, southwest corner, Block 3111, Lot 59, Borough of The Bronx.

### APPEARANCES—

For Applicant: Joseph B. Lynch and R. S. Hardy.  
For Opposition: None.

ACTION OF BOARD—Resolution amended and time extended to complete the work.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5  
Negative: ..... 0

### THE RESOLUTION—

WHEREAS, on April 21, 1959, this application—Vol. III—was granted by the Board on certain conditions; and

WHEREAS, the applicant requested reopening of this application and extension of time, to obtain permits and complete the work, which had expired by time limitation April 21, 1960; and

WHEREAS, the applicant requested reopening of this application and amendment of the Resolution adopted April 21, 1959 by deleting that portion of the Resolution "requiring that no new Certificate of Occupancy shall be issued, etc.", and to change shape of building, location of gasoline tanks and pumps and reduce curb cuts as indicated on plans marked "Received June 16, 1960", 2 sheets; and

WHEREAS, this application was reopened on June 28, 1960 and set for hearing on July 26, 1960 at 10 A.M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on July 26, 1960 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated June 6, 1960 acting on N.B. Applic. No. 900-58, reads:

"1. Proposed change in size and shape of building, change in location of gasoline tanks, the erection of one, three gasoline pump island on Southern Blvd. and one, three pump island on E. 182nd Street and the reduction in size of the two proposed curb cuts on Southern Blvd. to 28 ft. each including splays and the reduction of the westerly curb cut on E. 182nd Street to 28 ft. including splays, in a Business Use District is contrary to resolution Bd. of S&A adopted April 21st, 1959 on Cal. No. 374-37-BZ, Vol. III.

2. The proposed extension of time pursuant to Sec. 22A of the Zoning Resolution in which to obtain permits and complete work, which time expired April 21st, 1960, is also contrary to the foregoing resolution of the Bd. of S&A."

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on April 21, 1959, to permit the arrangement of buildings to be changed, in accordance with drawings submitted with this application, dated June 16, 1960, 2 sheets, and to permit the change in size and shape of the accessory building, location of gasoline tanks, pump islands and pumps, also as shown on these drawings, and to permit the proposed change in curb cuts on Southern Boulevard from 30 feet to 28 feet, as shown, and to reduce the westerly curb cut on East 182nd Street to 28 feet, the

easterly curb cut on East 182nd Street to remain 30 feet wide; and to extend the time to complete so that the provisions of Section 22A of the Zoning Resolution shall apply from the date of this amended resolution."

## 259-39-BZ

APPLICANT—Meyer Wilen for John Crimarco, Conrad Crimarco, Joseph Crimarco and Edward Crimarco, owners.

SUBJECT—Application reopened June 28, 1960 for consideration as to extension of term of variance, expired June 1, 1960—decision of the Borough Superintendent, previously granted on condition, under Section 21 of the Zoning Resolution, permitting in a residence use district, the maintenance of a garage for eight motor vehicles.

PREMISES AFFECTED—57-18 to 57-24 Granger Street, south side, 131 feet east of Martense Avenue, Block 1950, Lot 46, Corona, Borough of Queens.

### APPEARANCES—

For Applicant: Meyer Wilen.  
For Opposition: None.

ACTION OF BOARD—Term of variance extended and resolution amended.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5  
Negative: ..... 0

### THE RESOLUTION—

WHEREAS, on June 7, 1939 as thereafter amended through June 1, 1955, this application was granted by the Board on certain conditions; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which had expired by time limitation June 1, 1960; and

WHEREAS, this application was reopened on June 28, 1960 and set for hearing on July 26, 1960 at 10 A.M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on July 26, 1960 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated May 16, 1960 acting on Alt. Applic. No. 129-50, reads:

"1. Extension of present Certificate of Occupancy for existing structure which expires June 1, 1960 under BZ 259-39 may be referred to Bd. of S & A for further consideration."

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on June 7, 1939, as amended through June 1, 1955 only as to the term of the variance, so that as amended it shall read:

"granted for a term of five (5) years from the date of this amended resolution, to permit . . .; that other than as herein amended the resolution above cited shall be complied with in all respects; and that a new certificate of occupancy shall be obtained on condition that the sidewalk and curbing shall be put in condition which will be satisfactory to the Borough President and the fence around the property shall be properly repaired."

## 95-46-BZ—Vol. III

APPLICANT—Charles M. Spindler for S.J.S. Realty Corporation, owner.

SUBJECT—Application reopened March 1, 1960 as Volume III—decision of the Borough Superintendent, under Section 7a of the Zoning Resolution, to permit in a residence use district, the erection of a 2nd floor extension to an existing factory building and parking and storage of the owner's vehicles, also for employees and customers; no fee to be charged.

PREMISES AFFECTED—126-09 to 126-25 (126-15 official) 89th Avenue and 87-71 to 87-79 126th Street, north east corner, Block 9335, Lot 60, Richmond Hill, Borough of Queens.

WHEREAS, a public hearing was held on this application on July 26, 1960 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated March 1, 1960 acting on Alt. Applic. No. 1669-53, reads:

"A-16. Variance granted by the Bd. of S. & A. on Dec. 13, 1955, and extended on May 27, 1958 under Cal. No. 80-54-BZ, has lapsed. All approvals, permits, Cert. of Occupancy, required by said variance, have not been obtained in accordance with the requirements of Sec. 22-A of the Zoning Resolution."

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on December 13, 1955, as amended through May 27, 1958, only as to the time to obtain permits and complete the work, so that as amended this portion of the resolution shall read:

"that the provisions of Section 22A of the Zoning Resolution shall apply from the date of this *amended* resolution; and that a certificate of occupancy shall be obtained."

## 275-56-BZ—Vol. II

APPLICANT—Kenneth W. Milnes for Harold S. Goetz, owner; Shell Oil Company, lessee.

SUBJECT—Application reopened March 8, 1960 as Volume II—decision of the Borough Superintendent under Section 7e of the Zoning Resolution, to permit in a local retail use district, the erection and maintenance of a gasoline service station, office, sales, car wash, non-automatic and lubritorium.

PREMISES AFFECTED—929 Manor Road, northeast corner of Lincoln Street, Block 700, Lot 1, Castleton Corners, Borough of Richmond.

## APPEARANCES—

For Applicant: Kenneth W. Milnes.

For Opposition: None.

ACTION OF BOARD—Application denied.

## THE VOTE TO GRANT—

Affirmative: ..... 0

Negative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Sleeper, Commissioner Fox, and  
Commissioner Becker ..... 5

## THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 21, 1957 after due notice by publication in the Bulletin; laid over to June 11, 1957 at 10 A. M., to permit additional affected owners, to whom notice was not sent, to be

# MINUTES

heard, and laid over thereafter to June 25, 1957 at 10 A. M., for inspection and decision; thereafter, and also on June 11, 1957 laid over to June 25, 1957, for further inspection, if necessary, and decision—hearing closed; laid over to July 2, 1957 for applicant to file photographs of block front opposite site—laid over to July 9, 1957 for decision; no appearance for applicant; laid over for inspection and decision, date to be determined; on July 25, 1957 the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions e and i of the Zoning Resolution; the application was granted on condition; and

WHEREAS, this application was reopened as Vol. II on March 8, 1960 subject to regular procedure, for reconsideration and the making of a new determination, in accordance with the Order of the Court; and

WHEREAS, a public hearing was held on this application on July 12, 1960 after due notice by publication in the Bulletin; laid over to July 26, 1960 for inspection and decision; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Manor Road are in a local retail use, D area, Class 1 height district; Lincoln Street and Tillman Street are in local retail and residence use, D and E area, Class 1 height districts; and

WHEREAS, the decision of the Borough Superintendent, dated March 16, 1956 acting on N. B. Applic. No. 1-56, reads:

"1. Proposed gasoline service station, lubritorium, car wash, office and sales and minor auto repairs located in a Local Retail Use district is contrary to Art. II Sect. 4e of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 140 feet frontage by 100 feet in depth, presently vacant; that it is proposed to permit, for a term of fifteen years, the construction and installation of a new gasoline service station and attendant services of sales, office, lubritorium, non-automatic car wash and minor repairs with hand tools; and

WHEREAS, the applicant further states that the exact location of this proposed installation is on the northeast corner of Manor Road and Lincoln Street, which is south of Victory Boulevard, Castleton Corners; that only sporadic building work has taken place in this location over many years, and such construction has been mostly of a commercial type; that two blocks south on Manor Road is a wholesale beverage building which has considerable truck movements in and out each day; that further south on the corner of Ocean Terrace and Manor Road is an old service station, with very inadequate facilities for the neighborhood or transient motoring public and which has become increasingly decrepit and more of an eyesore in the neighborhood, and is unable to furnish the services normally required; that to the north are retail stores on Manor Road and on the west side of Manor Road, opposite this site, is a high bank on which it is expected no construction work will take place for some years; and

WHEREAS, the applicant contends that a new, first class, up-to-date service station in this area would be a definite asset to the surrounding neighborhood and transients, and would be able to furnish necessary motor car services which are not otherwise available to the south for some miles and to the north to Victory Boulevard; that Manor Road is now a main island cross road and one of the outlets to the north shore for all residents of the Todt Hill area; that no expense will be spared to construct a building suitable to the requirements of the location and maintained in the same manner; that this application is not submitted merely to secure a permit for another service station, no matter what location, but was thoroughly studied and sought out as a location where a service station could serve a very useful purpose to the neighborhood and transients and give a fair return to the owners; and

WHEREAS, the applicant states that the property was business use, D area from 1916 to 1937 and local retail use, D area, from 1937 to 1956; and

WHEREAS, the applicant states that the present owner has held title to the property since September 15, 1955 and that the assessed valuation of land is \$2200; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee finds that conditions have changed along Manor Road; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e of the Zoning Resolution.

*Resolved*, that the decision of the Borough Superintendent, acting on N. B. Applic. 1-56, Objection No. 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

## 915-57-BZ

APPLICANT—Samuel Miller for Humble Oil and Refining Co., owner.

SUBJECT—Application reopened June 28, 1960 for consideration as to amendment of resolution and time to complete, expired April 21, 1960—decision of the Borough Superintendent, previously granted on condition, under Sections 7f, 7h and 7i of the Zoning Resolution, permitting in a retail and residence use district, the erection and maintenance of a gasoline service station, office, lubritorium, minor repairs, sale of auto accessories, auto laundry and the parking and storage of more than five motor vehicles.

PREMISES AFFECTED—3625 Eastchester Road, 1495-1499 Oakley Avenue, northwest corner and 1144-1148 East 222nd Street, Block 4716, Lot 28, Borough of The Bronx.

## APPEARANCES—

For Applicant: Joseph B. Lynch.

For Opposition: None.

ACTION OF BOARD—Resolution amended and time extended to complete the work.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

Negative: ..... 0

## THE RESOLUTION—

WHEREAS, on July 8, 1958, as amended July 21, 1959, this application was granted by the Board on certain conditions; and

WHEREAS, the applicant requested reopening of this application and extension of time, to obtain permits and complete the work, which had expired by time limitation July 21, 1960; and

WHEREAS, the applicant requested reopening of this application and amendment of the Resolution adopted July 8, 1958 by reducing the area occupied by the gasoline service station as indicated on plans marked "Received June 16, 1960," 2 sheets; and

WHEREAS, this application was reopened on June 28, 1960 and set for hearing on July 26, 1960 at 10 A. M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on July 26, 1960 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated June 6, 1960 acting on N.B. Applic. No. 156-56, reads:

"1. The reduction in square area of plot, the relocation of the masonry and W I. picket interior lot line walls and proposed building partly in Retail Use and partly in Residence Use, previously granted by the Board of S&A under Cal No. 915-57-BZ is contrary to resolution adopted July 8, 1958 as amended April 21st, 1959 and should be referred back to said Board for further consideration.

"2. The proposed extension of time, pursuant to Sec. 22A of the Zoning Resolution, in which to obtain permits and complete work, said time expired April 21st, 1960, is also contrary to the foregoing resolution of the Bd of S&A."

# MINUTES

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on July 8, 1958, as amended through July 21, 1959, only as to the time to obtain permits and complete the work, so that as amended this portion of the resolution shall read:

"that the provisions of Section 22A of the Zoning Resolution shall apply from the date of this *amended* resolution; and that a certificate of occupancy shall be obtained; that the size of the plot to be used as a gasoline service station may be reduced as shown on drawings filed with this application for amendment dated June 16, 1960, 2 sheets, *on condition* that the portion of the property now to be omitted, which was previously included in the original resolution, shall not be used for a gasoline station but only for conforming use, unless a further variance is obtained from this Board."

## 835-59-BZ

APPLICANT—Lama, Proskauer and Prober for Socony Mobil Oil Company, owner.

SUBJECT—Application December 4, 1959—decision of the Borough Superintendent, under Section 7a of the Zoning Resolution, to permit in a retail use district, the reconstruction of the present gasoline service station and motor vehicle repair shop and extend the area and uses to include lubritorium, car washing, salesroom, utility room, business sign and parking and storage of motor vehicles.

PREMISES AFFECTED—5 Willowbrook Road, 747-753 Richmond Avenue, southeast corner, and 1647-1653 Forest Avenue, Block 1065, Lot 27, Graniteville, Borough of Richmond.

### APPEARANCES—

For Applicant: James E. Vassalotti.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 14, 1960 after due notice by publication in the Bulletin; laid over to July 26, 1960 for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated November 5, 1959 acting on N.B. Applic. No. 1316-59, reads:

"1. The demolition, reconstruction and extension of use and area of an existing gasoline service station and motor vehicle repair shop to gasoline service station, lubritorium, minor auto repairs, car washing, sales room, utility room, parking and storage of motor vehicles in a lot located within a retail use district is contrary to Article II Section 4-A, Section 4(a) and Subsections (29) and (46) of the Zoning Resolution.

2. Proposed business sign (supported on light standard) projecting more than 18" beyond the Building Line is contrary to Article II Section 4-A and Section 4(a) and Subsection (49) of the Zoning Resolution."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended granting on certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision a of the Zoning Resolution.

*Resolved*, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7a, to permit in a retail use district, the reconstruction of the present gasoline service station and motor vehicle repair shop and extension of area and uses to include lubritorium, car washing, sales and utility rooms, business sign and parking

and storage of motor vehicles, *on condition* that the work shall be done in accordance with drawings filed herewith dated December 4, 1959, 1 sheet and February 3, 1960, 4 sheets; that the trees existing along the street shall be maintained; that the tires now piled in the open spaces on the plot shall be removed; that temporary signs shall be removed; that the sidewalk and curb cuts shall be repaired or newly installed to the satisfaction of the Borough President; that toilet doors shown shall be made remote from each other; that no future pump island shall be included in this resolution; that all laws, rules and regulations applicable shall be complied with; that all permits required and a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

## 836-59-A

APPLICANT—Lama, Proskauer and Prober for Socony Mobil Oil Company, owner.

SUBJECT—Application December 4, 1959—filed pursuant to Section 35, Article 3, of the General City Law—re premises partly located in the bed of a mapped street—proposed widening of Richmond Avenue and Forest Avenue.

PREMISES AFFECTED—5 Willowbrook Road, 747-753 Richmond Avenue, southeast corner, and 1647-1653 Forest Avenue, Block 1065, Lot 27, Graniteville, Borough of Richmond.

### APPEARANCES—

For Applicant: James E. Vassalotti.

ACTION OF BOARD—Appeal granted on condition.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated November 5, 1959 on N.B. Applic. 1316-59, reads:

"3. Portion of the premises partly in the bed of a mapped street is contrary to the General City Law, Article 3, Section 35."

and

WHEREAS, the applicant states that the building will be located in retail use, D area, class 1½ and 1 height districts; and

WHEREAS, the applicant states that it is proposed, under this application, to demolish, reconstruct and extend the area of the plot and extend the uses to include gasoline service station, lubritorium, minor auto repairs, car washing, sales room, utility room and parking and storage of motor vehicles; that the new accessory building will be one story in height, of class 3 construction, having a frontage of 56 feet 8 inches, a depth of 27 feet 8 inches and will contain the conjunctive uses to a gasoline service station, etc.; and

WHEREAS, the applicant further states that Richmond Avenue and Forest Avenue are proposed to be widened approximately 25 feet each; that the City does not have title to the proposed widening and there is no proceeding pending to acquire; that the owner will not make any claims for construction in the bed of the mapped street; that as it is only proposed to install 2 gasoline pumps and one sign and post standard and drive over that portion of the property in the bed of the mapped street; that it is respectfully requested that this application be granted; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

*Resolved*, that the decision of the Borough Superintendent, acting on N.B. App. 1316/59, Objection No. 3, dated November 5, 1959, be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted*, *on condition* that all requirements cited in the resolution adopted by the Board this day under Cal. No. 835-59-BZ shall be complied with and a certificate of occupancy shall be obtained.

## THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 12, 1960 after due notice by publication in the Bulletin; laid over to July 26, 1960 for inspection and decision; applicant to file revised drawing; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated March 1, 1960 as amended by decision dated May 16, 1960, acting on Alt. Applic. No. 3948-59, reads:

"1. Proposed change of occupancy, in a Residence Zone, from accessory garage and stable to 4 car non-storage garage, & storage of non-combustible materials & parking of not more than 5 motor vehicles in the vacant space on lot, is contrary to Article II, PP. 3 of the Zoning Resolution. (Note—Alt. #490-60 is filed for 3-car accessory garage to dwelling on the lot).

"2. As occupancy of the building is proposed to be changed from an accessory use garage to occupancy as stated, a rear yard is required as per Article IV, PP. 13 —PP.17 of the Zoning Resolution."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and the committee recommended that the application be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulation of the Zoning Resolution and that the application be and it hereby is *granted* under Sections 7e and 21 of the Zoning Resolution, to permit in a residence use, C area district, the change in use of the present two story stable, to a one story building, for the storage of non-combustible building materials, and the one story masonry building to a non-storage garage for four motor vehicles, without the required rear yard, and the parking and storage of the owner's motor vehicles in the open area *on condition* that the work be done in accordance with drawings filed with this application dated March 15, 1960, 2 sheets, May 20, 1960, 2 sheets and July 19, 1960, 2 sheets revised, on the further condition that the woodshed at the southwest corner of the lot and the shack on the Rochester Avenue front be removed; that a woven wire fence on a concrete curb, of a total height of five feet six inches in height, shall be constructed along the Rochester Avenue building line and returned to the dwelling at the north lot line; that all permits shall be obtained, all work completed and a certificate of occupancy obtained within the provisions of Section 22A of the Zoning Resolution.

## 192-60-A

APPLICANT—Murray L. White for William Cantelmi, owner.

SUBJECT—Application March 15, 1960—filed pursuant to Section 36 of General City Law re—proposed use of a 3 car garage accessory to dwelling on lot which does not face on a legally mapped street, and an Appeal from a decision of the Borough Superintendent re—Class 3 and 4 Construction.

PREMISES AFFECTED—421-425 Rochester Avenue, east side, 164 feet south of East New York Avenue, Block 4596, Lot 112, Borough of Brooklyn.

APPEARANCES—

For Applicant: Murray L. White.

ACTION OF BOARD—Appeal granted on condition.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
 Commissioner Sleeper, Commissioner Fox, and  
 Commissioner Becker ..... 5  
 Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated March 1, 1960 on Alt. Applic. 490-60, reads:

"1. Proposed legalizing of a 3 car garage accessory to dwelling on lot which does not face on a legally mapped street, is contrary to General City Law #36."

and

WHEREAS, the applicant proposes to legalize an existing 3 car garage as an accessory use to a two family dwelling on the same plot; that the premises are 100 feet by 94 feet in area, located in residence use, C area, class 1 height district; that the present garage was built in 1954 by a previous owner; that the garage building will be altered to reduce its height to 1 story; that its area will remain

# MINUTES

24 feet 6 inches by 20 feet; that its construction will be changed from class 4 to class 3; that the dwelling was legally built at the time Rochester Avenue was a legally mapped street; that if it had the 3 car garage built at the same time as the dwelling, there would be no question as to its legality today, even though Rochester Avenue is no longer on the City Map; that the garage will be class 3 non-fireproof building which complies in all respects to the Administrative Code; that the owner had nothing to do with the removal of Rochester Avenue from the City Map; that it is therefore submitted that the owner has a legitimate claim to an accessory 3 car garage in accordance with Article 2 Section 3 of the Zoning Resolution; that Calendar Number 191-60-BZ affects other buildings on the same lot; and

WHEREAS, the premises were inspected by a committee of the Board and the committee recommended that the appeal be granted on condition.

*Resolved*, that the decision of the Borough Superintendent, dated March 1, 1960, acting on Alt. App. 490-60 Objection No. One be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the requirements of the resolution adopted this day under Cal. No. 191-60-BZ be complied with; and that a certificate of occupancy shall be obtained.

Negative: ..... 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 19, 1960, after due notice by publication in the Bulletin; laid over to July 26, 1960 for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated May 3, 1960, acting on Alt. Applications 412 and 413-60 (2 sheets), reads:

"A1—Proposed extension of retail use and signs in a residence use district is contrary to Article II Section 3 of the Zoning Resolution.

"A3—Proposed extension to building at rear and at interior court; exceeds the maximum 65% area coverage permitted for a residence building in a 'B' area district; is contrary to Article IV Section 12 of the Zoning Resolution.

"A4—Provide a rear yard as per Section 17 of the Zoning Resolution starting at curb level."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and the committee recommended that the application be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision a of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use and area district regulation of the Zoning Resolution and that the application be and it hereby is granted under Sections 7a and 21 of the Zoning Resolution, to permit in a residence use, B area district, the combining and extension of two present legal non-conforming retail stores with the rear extension exceeding the permitted area coverage and erection of a business sign on condition that the work conform to drawings filed with this application dated March 25, 1960, six sheets, except that a passage shall be provided from the rear fire escapes to the street as required by law; that the roof on the rear extension shall be fireproof; and that all other laws, rules and regulations applicable shall be complied with; that all permits shall be obtained, all work completed and a certificate of occupancy obtained within the provisions of Section 22A of the Zoning Resolution.

224-60-A

APPLICANT—Leonard F. Rothkrug for 13 West 100th Street Corporation, owner; Valu-Wise Supermarket, lessee.

SUBJECT—Application March 25, 1960—filed pursuant to Section 310 of the Multiple Dwelling Law for variation of Section 53 of the Multiple Dwelling Law—re—egress—removal of party wall between buildings.

PREMISES AFFECTED—13 and 15 West 100th Street, north side, 150 feet west of Central Park West, Block 1836, Lot 25, Borough of Manhattan.

APPEARANCES—

For Applicant: Robert T. Groh, Milton Ritter and Jay M. Spinner.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

Negative ..... 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated May 3, 1960 on Alt. Applic. 412 and 413-60, (2 sheets), reads:

"C1—Removal of masonry wall between bldgs. #13 and #15 W. 100th Street on 1st floor increasing area to over 3,000 sq. ft. in a non-fireproof bldg. (Class III) contrary to Sec. 4.2.1 B.C. (Tabular Limits)."

and

WHEREAS, the applicant states that the building is 50 feet by 74 feet in area, 5 stories, 52 feet 4 inches high, of class 3 construction, located in residence use, B area, class 1½ height district, built in 1889, now used and occupied since 1889: cellar—ordinary storage; 1st floor—two retail stores; 2nd to 5th floors—3 families each floor; that the proposed use and occupancy will be: cellar—accessory storage; 1st

# MINUTES

floor—1 retail market, 50 persons; 2nd to 5th floors—3 families each floor; and

WHEREAS, the applicant states that it is proposed to alter the 1st floor only of each of the buildings by removing the party wall between the two retail stores so that both areas will be used conjunctively as a retail supermarket; that it is proposed to erect a one-story extension at the rear, of class 3 construction; that objection C-1 of the Department of Buildings objects to the removal of the masonry party wall between the two buildings on the 1st floor as the combined area is over 3,000 square feet and fireproof construction is necessary; that the building is 5 stories and 52 feet 4 inches in height; that Section 4.2.1 of the Building Code requires that the building be only 4 stories in height and not more than 50 feet in height before non-fireproof construction would be acceptable; that the two retail stores have been in existence since 1889; that the combined area of the existing 1st floor retail use is less than 3700 square feet; that compliance with the Code would be a hardship in that it would require the destruction of the building; that the hardship would be unnecessary because the proposed alteration and removal of the party wall will increase the fire-safety of the building in many respects without any increase in hazard; that the proposed 1st floor area is 4300 square feet; that the reconstruction and alteration will provide needed changes to an old building which has not been maintained properly nor improved since the erection 70 years ago; that the proposed retail supermarket use is non-hazardous and no Fire Department permit is required; that no cooking will be done on the premises; that the open aisles customary for a retail food market guarantees better egress facilities than exist at the present time; that the first floor ceiling will be fire-retarded and the other construction features proposed will be an improvement over the existing legal conditions; that it is proposed to provide the building with new fire escapes leading to a passageway out to the street; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the appeal be granted on condition.

Resolved, that the decision of the Borough Superintendent, dated May 3, 1960, acting on Alt. App. 412 and 413-60, Objection No. C1 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the requirements of the resolution adopted this day under Cal. No. 223-60-BZ shall be complied with; on the *further condition* that a sprinkler system be installed in the cellar and first floor of the building; and that a certificate of occupancy be obtained.

|---------------------------------------------------------------------------------------------------------------------------|---|
| Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... | 5 |
| Negative .....                                                                                                            | 0 |

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated March 16, 1960 on Alt. Applic. 3612-59, reads:

"2. The proposed change from Class 1 to Class 3 construction by altering the structure with class 3 construction in a building over 50 feet in height is contrary to 4.2.1 of Adm. Code.

3. Both required stairs shall lead in continuing enclosure directly to street and roof in conformity with provisions of 6.4. 1.11 of A.C."

and

WHEREAS, the applicant states that the building is 88 feet by 169 feet in area, 3 stories, 55 feet high, of class I construction, located in retail and residence use, C area, class 1¼ height district, built in 1915, now vacant; that there is no certificate of occupancy; that the proposed use and occupancy will be: cellar—bowling alleys and offices, 170 persons; 1st floor—bowling alleys, restaurant and bar, 170 persons; 2nd floor—bowling alleys and offices, 170 persons; that the original use of the buildings was: theatre and stores; that this use will be discontinued and building rebuilt in a class III building of same size; and

WHEREAS, the applicant states that the top of the roof of the highest portion of the occupied building is 55 feet above grade; that a non-fireproof building of class III construction is limited to 50 feet in height by Section 4.2.1 of the Building Code; that actually, the excess height consists of trusses over the theatre auditorium; that these trusses support a concrete roof slab and are protected on the underside by a metal lath and plaster suspended ceiling; that the highest portion of this ceiling is less than 50 feet above grade; that this excess height applies to only a portion of the building, since the roof over the business portion along Third Avenue is less than 50 feet in height, and the trusses slope down to below the 50 feet level; that it is proposed to install two new fireproof stairways 5 feet 6 inches in width, serving the 3 floors to be occupied by

bowling alleys; that these stairs will have masonry enclosures and will comply with the Building Code in all respects, except as to extension to roof; that in a two-story building no bulkheads would be required if there was no connection between the stairhall and the 1st floor; that in this case there seems to be no good purpose served by extending the stairways to the roof; that a roof bulkhead near the front of the building will mar its appearance; that the present 3rd story of the small business portion of the building is to remain undisturbed; that this floor will be used as a mechanical equipment room; that it is proposed to extend one of the new stairways to serve this room and to provide a scuttle and ladder to the equipment room from the other stairhall; that two scuttles with stationary double rung iron ladders will be provided to the roof; that even if bulkheads were provided to the roof, they could serve only an area 24 feet by 88 feet in size; that this is the flat roof over the business portion of the building; that the truss roof over the auditorium would not be accessible since it is considerably higher as shown on the section; that the roof over the unoccupied stage area is still at another level; that there are open yards on both sides of this building, so that no egress from the roof to an adjoining building would be possible; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the appeal be granted on condition.

*Resolved*, that the decision of the Borough Superintendent, dated March 16, 1960, acting on Alt. App. 3612-59 Objection No. 3 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that Objection No. 2 will be complied with and that all new construction shall be Class One or Class Two; that all the requirements of the resolution adopted this day under Cal. No. 230-60-BZ shall be complied with; and that a certificate of occupancy shall be obtained.

## 262-60-BZ

APPLICANT—Frank L. Thompson for Robert J. Mack-soud, owner; Bay Ridge Medical Group, H.I.P., lessee.

SUBJECT—Application April 8, 1960—decision of the Borough Superintendent, under Sections 7a and 21 of the Zoning Resolution, to permit in a residence use district the extension of the medical center on the first floor of an existing building presently used as a medical center and dwelling to include the cellar and second floor and two garage buildings and a proposed extension in the rear yard exceeding the permitted area coverage and encroaching on the required rear yard.

PREMISES AFFECTED—7708-7712 Fourth Avenue, west side, 43 feet south of 77th Street, Block 5960, Lot 42, Borough of Brooklyn.

## APPEARANCES—

## THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 12, 1960 after due notice by publication in the Bulletin; laid over to July 19, 1960 for continued hearing at request of objector; and for inspection; then to July 26, 1960 for further study and decision; and

WHEREAS, the decision of the Borough Superintendent, dated April 4, 1960 acting on Alt. Applic. No. 2539-59, reads:

"1. In a residence use district, the proposed change in use of the building to a medical center on all floors is contrary to Art. II Sec. 3 subdiv. 6(a) of the Z.R.

2. The area of the proposed medical center as extended exceeds that permitted by Art. IV Sec. 13(b) of the Z.R.

# MINUTES

3. The proposed X-Ray laboratory (formerly an accessory private garage) is located in the required rear yard in violation of Art. IV Sec. 17 of the Z.R."

and  
WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and the committee recommended that the application be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision a of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship.

*Resolved*, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulation of the Zoning Resolution and that the application be and it hereby is *granted* under Sections 7a and 21 of the Zoning Resolution, to permit in a residence use district, the extension of the Medical Center on the first floor of an existing building presently used as a Medical Center and dwelling, to include the cellar and second floor and two garage buildings, and the proposed extension in the rear yard exceeding the permitted area coverage and encroaching on the required rear yard *on condition* that the work be done in accordance with drawings filed with this application dated April 8, 1960, eight sheets, and June 7, 1960, four sheets; that the new x-ray space shall be lead lined; that all other laws, rules and regulations shall be complied with; that all permits shall be obtained, all work completed and a certificate of occupancy obtained within the provisions of Section 22A of the Zoning Resolution.

## 265-60-BZ

APPLICANT—Elliot Saltzman for Palisades Management Corporation, owner.

SUBJECT—Application April 12, 1960—decision of the Borough Superintendent, under Section 7h of the Zoning Resolution, to permit in a residence use district, the maintenance of a parking lot for the parking and storage of more than five motor vehicles of the passenger type.

PREMISES AFFECTED—1806-1808 Palisades Place, east side, 162.26 feet north of Popham Avenue, Block 2877, Lot 548, Borough of The Bronx.

### APPEARANCES—

*Resolved*, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e of the Zoning Resolution, for a term of twenty (20) years, to permit in a local retail and residence use district, the change in occupancy of an existing two story and basement building presently used as a two family dwelling, to professional offices to be occupied by two tenants *on condition* that the work shall be done in accordance with drawings filed herewith dated April 21, 1960, 6 sheets, and July 25, 1960, 2 sheets; on the *further condition* that all other laws, rules and regulations applicable shall be complied with; that all permits shall be obtained, all work completed, and a certificate of occupancy obtained within the provisions of Section 22A of the Zoning Resolution.

## 299-60-A

APPLICANT—James E. Vassalotti for Ronald M. Larocca and Salvatore A. DiConza, owners.

SUBJECT—Application April 21, 1960—Appeal from a decision of the Borough Superintendent—re Live Load.

PREMISES AFFECTED—478 Bay Ridge Parkway, south side, 86 feet 6½ inches west of 5th Avenue, Block 5941, Lot 39, Borough of Brooklyn.

## APPEARANCES—

For Applicant: James E. Vassalotti, Salvatore A. DiConza and Alfred A. Lama.

ACTION OF BOARD—Appeal denied.

## THE VOTE TO GRANT—

Affirmative: Chairman Foley ..... 1  
Negative: Vice Chairman Kleinert, Commissioner Sleeper,  
Commissioner Fox, and Commissioner Becker ..... 4

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated April 14, 1960 on Alt. Applic. 917-60, reads:

"2. Live load of 40 pounds per square foot on 1st and 2nd floors violates Section 7.3.2.2.2. of the Administrative Building Code."

and

WHEREAS, the applicant states that the building is 20 feet by 60 feet in area, 2 stories and basement, 29 feet high, of class 3 construction, located in local retail and residence use, C area, class 1¼ height district, no record as to date of erection, now used and occupied: basement—ordinary storage; 1st floor—one family, 5 persons; 2nd floor—one family, 5 persons; that the proposed use and occupancy will be: basement—professional office, 10 persons; 1st and 2nd floors—professional offices, 12 persons each floor; and

WHEREAS, the applicant states that it is proposed to change the use of the present 2 family dwelling to a professional office with one tenant (Doctor) in basement and one tenant (Law Offices) on the 1st and 2nd floors; that the building now has a floor load capacity of 40 lbs. per square foot on the 1st and 2nd floors; that the 1st and 2nd floors will have a posted floor capacity of 40 lbs. per square foot and will only be occupied by twelve (12) people on each floor at any one time; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the appeal not be granted.

# MINUTES

*Resolved*, that the decision of the Borough Superintendent, acting on Alt. App. 917-60, Objection No. 2 dated April 14, 1960, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

## 338-60-BZ

APPLICANT—M. Milton Glass for Mayer Whittlesey Glass and 39 West 12th Street Corporation, owners.

SUBJECT—Application May 4, 1960—decision of the Borough Superintendent, under Section 21 of the Zoning Resolution, to permit in a business and residence use, B and D area,  $\frac{3}{4}$  and  $1\frac{1}{2}$  height district, the erection of a multiple dwelling with a north and south wing, the south wing located in a D area, Class  $\frac{3}{4}$  height district exceeds the permitted height and exceeds the permitted area coverage, the north wing located in a B area district, encroaches on the required rear yard.

PREMISES AFFECTED—37-39 West 12th Street, north side, 400 feet west of 5th Avenue, and 12-28 West 13th Street, south side, 235 feet west of 5th Avenue, Block 576, Lots 25, 27, 29, 30, 31, 33, 61 and 62, Borough of Manhattan.

### APPEARANCES—

For Applicant: M. Milton Glass and Samuel P. Gray.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5  
Negative ..... 0

### THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 12, 1960, after due notice by publication in the Bulletin; laid over to July 26, 1960 for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated, May 3, 1960, acting on N.B. Applic. 102-59, reads:

"A48. The proposed new building south wing, (37-9 West 12th St.) is located in a  $\frac{3}{4}$  times height district and is shown to exceed  $\frac{3}{4}$  times the width of the street at street building line, therefore same is contrary to Art. III Sec. 8 (a) of the Zoning Resolution.

A49. The proposed new building, south wing (37-9 West 12th St.) is located in a "D" area district and residence use zone district the occupied area shown is excessive and is contrary to Article IV Sec. 14(c) of the Zoning Resolution.

A50. The yard of the North wing (12-28 West 13th St.) which is located in a "B" area and business use district is less than is required by Art. IV Sec. 12a of the Zoning Resolutions."

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board finds that the excess coverage is limited to a one story structure which acts as a passageway between the 12th and 13th Street buildings; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

*Resolved*, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 21, to permit in business and residence use, B and D areas, class  $\frac{3}{4}$  and  $1\frac{1}{2}$  height districts, the erection of a Multiple Dwelling with a north and south wing, of which the south wing located in a D area, class  $\frac{3}{4}$  height district, exceeds the permitted height and exceeds the permitted area coverage, and the north wing located in a B area district encroaches on the required rear yard, *on condition* that the work shall be done in accordance with drawings filed with this application dated May 4, 1960, 8 sheets and July 26,

1960, 2 sheets; that the excess rear yard in the D district shall be maintained unencumbered; that all laws, rules and regulations applicable shall be complied with; that all permits, including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

Adjourned: 12:01 P.M.

JOSEPH J. DOYLE, Chief Clerk.

## REGULAR MEETING

TUESDAY AFTERNOON JULY 26, 1960, 2 P.M.

Present: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker.

## 219-60-SM

APPLICANT—Hornan Echavarria, Agent; C. A. Venezolana De Cementos, owner.

### APPEARANCES—

For Applicant: Hernan Echavarria.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5  
Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

219-60-SM—Hernan Echavarria, agent for C. A. Venezolana De Cementos, filed for approval of the materials known as Cemento Vencemos Type I (Portland Cement) and Cemento Vencemos Type II (Portland Cement), as manufactured at Pertigalete, Venezuela, S.A. and Cemento Vencemos Blanco Type I (White Portland Cement) as manufactured at Barquisimeto, Venezuela, S.A.

USE: Cement used for concrete and concrete products.

DESCRIPTION: At the Pertigalete, Venezuela plant the clinker for Type I and Type II cement is manufactured by the wet process and the raw materials in the quarry which is close to the plant are as follows:

1. High grade limestone with an average of 92%  $\text{CaCO}_3$ . The quarry has a thin clay overburden which is not removed and occasional clay pockets. In storage the material is placed in two piles, one practically pure containing 95%  $\text{CaCO}_3$ , the other titrating between 85 and 95%. The higher grade rock is used for making Type II slurry and for occasional correcting of lime deficiency in Type I slurries.

2. Shaley limestone containing about 65%  $\text{CaCO}_3$ . This is the main source of alumina for Type I slurry. Not ordinarily used for Type II.

3. Clayey sandstone between 65% and 95% silica.

4. Iron ore shipped in from Puerto Orday, Venezuela. Used mainly for Type II but occasionally in small amounts in Type I slurry.

The materials from the quarry are dry crushed in primary crushers, then kept in storage in a roofed structure. Material is withdrawn by conveyor under the building. Gypsum is brought to the plant already crushed from a plant in Macuro, Venezuela.

After the raw material is taken from the storage building by belt conveyor it goes to four new grinding mills, weighed by feedweights. The material then goes to a slurry mill where water is added; thence to six slurry blending tanks, thence to two slurry basins (1 one for Type I, 1 for Type II). From the slurry basin the slurry is fed into the upper end of the kilns which are fired with natural gas. After the clinker is air cooled it is combined with gypsum and ground in a finish mill. When finish ground the cement is pumped to silos for storage, prior to shipment. There are dockside loading facilities at the plant.

CONTROLS: Hourly samples are taken for carbonate determination just before the material is placed on storage piles.

# MINUTES

Hourly readings are taken on feedweights at raw grinding mills. Hourly determinations are made on the viscosity of the slurry. The hourly samples from the raw mill taken by laboratory personnel are used to determine  $\text{CaCO}_3$ , water content, liter weight and residues on 100 and 200 mesh sieves. At the blending tanks a complete composite chemical analysis is made every 24 hours. At the kiln, feed samples are taken every 2 hours. The burner takes an hourly sample from each kiln at the clinker exit. A sample is taken every hour at the finish grinding mill.

On composite monthly samples a complete chemical analysis is made in addition to the regular A.S.T.M. test.

There is a complete modern air conditioned laboratory on the premises under competent personnel and equipment to make the tests required for A.S.T.M. standards.

**DESCRIPTION:** At the Barquisimeto Plant the clinker for the white cement is manufactured by the wet process similar to that described for the Pertigalete Plant. The raw materials used are high grade limestone, Kaolin, sand and gypsum.

The process differs from the Pertigalete Plant in that the clinker instead of being air cooled is briefly subjected to cold water for cooling. This treatment greatly improves the whiteness of the cement. Also the kiln is oil fired rather than gas fired. To minimize contamination that would affect the color of the cement ceramic balls rather than steel balls are used in the grinding process.

**CONTROLS:** Daily average samples are taken of the raw materials. Fuel oil is analyzed occasionally. At the Raw Mill feed blending and output are controlled by weighing. The slurry mill contents are sampled every hour and subjected to tests for specific gravity, fluidity titration. Twice a shift the residue in US 100 and 200 is determined.

The slurry blending tanks have a complete chemical analysis on a composite sample daily.

Once during a shift, the slurry basin (kiln feed) is sampled for a physical test. The kiln is controlled by modern instruments. Clinkers are sampled once an hour for physical tests. There is a daily average chemical test of the clinker. For cement leaving the mills once an hour physical tests are made and there is a daily average chemical test. At the Barquisimeto Plant the laboratory is air conditioned with modern equipment and a competent staff to make the test required for ASTM standards.

**INSPECTION & TEST:** The plants at Pertigalete and Barquisimeto, Venezuela were inspected by the Committee on Test consisting of Commissioner H. P. Fox and Director W. A. Nolan. Selected samples which were shipped to Robert W. Hunt of Chicago, Ill. showing that Cemento Vencemos Type I (Portland Cement), Cemento Vencemos Type II (Portland Cement), Cemento Vencemos Blanco Type I (White Portland Cement) comply with the ASTM requirements for those types of cement are on file with the Board.

**RECOMMENDATION:** On the basis of the inspection and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Cemento Vencemos Type I (Portland Cement), Cemento Vencemos Type II (Portland Cement) and Cemento Vencemos Blanco Type I (White Cement) for use in New York City under the provisions of Section C26-312.0 Administrative Building Code, on condition that the owner shall submit monthly for a period of six months from the date of this resolution and annually thereafter, a certified copy of mill reports certifying that all cement manufactured at the applicant's plants and shipped into New York complied with all requirements of this resolution including ASTM 150-56 specifications.

The Committee further recommends that all bulk shipments of the cements shall be adequately protected, during shipment so as to preclude the possibility of any moisture entering into the spaces in which the cement is stored and all ocean bills of lading shall be stamped "Approved by the

Board of Standards and Appeals for use in New York City under Calendar Number 219-60-SM."

(Sgd.) HUGH P. FOX,  
Commissioner,  
WILLIAM A. NOLAN,  
Director,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

## 301-60-SM

**APPLICANT**—The United States Gypsum Company, owner.

## APPEARANCES—

For Applicant: William W. Bainbridge.

**ACTION OF BOARD**—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker .....

Negative ... .. 0

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

301-60-SM—Amendment to resolution as to the use of USG Metal Stud Dry Wall Partition Ceiling and Furring System.

The United States Gypsum Company, Chicago, Illinois, requested by letter that the resolution adopted by the Board under Calendar Number 301-60-SM on June 21, 1960 be reopened and amended to include approval of additional uses of the approved studs and DWC Furring Channel.

**USE:** The DWC Metal Furring Channel and approved USG Steel Studs are used for incombustible wall furring and for ceiling suspension of approved USG gypsum wall boards.

**DESCRIPTION:** The USG DWC Furring Channel is a hat shaped electrical galvanized rolled steel form. The wing flanges are nailed to masonry for wall furring and gypsum board is then secured to this furring by USG Self-drilling and tapping wallboard screws, previously approved.

For suspension of gypsum board on ceilings as a base for acoustical tile or as a finished ceiling, either USG DWC Furring Channel or USG Steel Studs are wire tied to a normal grillage of steel hangars and carrying channels. Carrying channels shall be 4 feet on centers when DWC Furring Channels are used; 5 feet on centers for USG Steel Stud Channels.

Gypsum board shall be attached to these USG Steel members by USG Dry Wall Screws previously approved. USG Steel Members shall be not over 16 inches on centers for  $\frac{3}{8}$ " thick Gypsum Boards, and not over 24 inches on centers for  $\frac{1}{2}$ " and  $\frac{5}{8}$ " thick Gypsum Boards. Dry Wall Screws shall be spaced not over 12 inches on centers.

A floor and ceiling assembly consists of 2 inches of concrete on metal lath over open web bar joists. USG DWC Furring Channels were wired to each alternate bar joist on the bottom chord by double ties of 18 gauge galvanized wire. USG  $\frac{5}{8}$ " thick tapered edge Firecode Sheetrock was fastened to the DWC Furring channels by USG Dry Wall screws 12 inches on centers. The joints were taped and cemented; all screw heads were coated with joint cement. This assembly is a 1½ hour assembly.

**INSPECTION AND TEST:** The applicant submitted a fire endurance test, Underwriters' Laboratory report Retardant 1319-30 on the 1½ hour assembly described above. In the test, the bar joists were loaded to 20,000 p.s.i. Test procedure was in accordance with ASTM Designation E-119. The assembly successfully passed a 1½ hour fire endurance rating.

The applicant submitted load and deflection Laboratory tests on USG DWC Furring Channels and USG Steel Studs loaded horizontally.

The USG Steel Studs, previously approved, and the USG

# MINUTES

DWC Furring Channels were examined and found to conform to published description.

Reports of all tests are on file with, and are part of, the record.

**RECOMMENDATION:** The Committee on Test recommends approval of USG DWC Steel Wall Furring Channel and USG Steel Studs previously approved, as an incombustible wall furring member to which gypsum boards are secured by USG Dry Wall Screws, previously approved. The Committee on Test further recommends that USG DWC Furring Channels, limited to 4 feet span; USG Steel Stud Channels limited to 5 feet span; may be used as a hung incombustible ceiling to which gypsum board is attached by USG Drywall Screws, the USG Steel members to be secured to standard hangars and carrying channels by double ties of #18 gauge galvanized wire.

The Committee on Test also recommends approval of an assembly of 2 inches of concrete on metal Lath on top of open web joists, USG DWC Furring channels wired to alternate open web joists on the under side 24 inches on centers, and 5/8" Firecode Type gypsum board secured to the DWC Furring channels by USG Drywall screws not over 12 inches on centers, all joints taped and cemented, screw heads covered with cement, as a 1 1/2 hour incombustible fire resistive assembly under Section C26-240 for use in Class 2 Construction.

The Committee on Test further recommends that all bills of lading, invoices or shipping tickets or each bundle of material be stamped, printed or labelled, "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 301-60-SM."

(Sgd.) WILLIAM A. NOLAN,  
Director.

JOHN A. DARTS,  
Assistant Engineer.

GEORGE F. SKLENARIK,  
Assistant Engineer.  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

## 343-60-SM

**APPLICANT**—Bordas Corporation, agent for Fabrica Dominicana De Cementos, C por A., owner.

## APPEARANCES—

For Applicant: Diego E. Bordas.

**ACTION OF BOARD**—Material approved in accordance with the report and recommendation of Committee on Test.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Sleeper, Commissioner Fox and  
Commissioner Becker ..... 5

Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 343-60-SM Bordas Corporation for Fabrica Dominicana de Cementos C. por A. filed for approval of the material known as "Colon" Portland Type 1 Cement under the provisions of Section C 26-312.0 Administrative Building Code.

**USE:** Cement used for concrete and concrete products.

**DESCRIPTION:** The clinker is manufactured by the wet process and the raw materials used are a soft limestone quarried with a power shovel, no blasting being necessary, sand and gypsum.

The plant is located 5 kilometers from Ciudad Trujillo alongside the Rio Isabela. The quarry is located immediately next to the plant, providing both limestone and sand. The gypsum is brought from Barahona a city 150 kilometers west of Ciudad Trujillo. The kilns are fired with Bunker C fuel oil.

The raw limestone requires little crushing in the 200 tons per hour hammermill. The raw grinding department has two ball mills that grind the raw material before intro-

ducing it into the slurry mill from whence it goes to the blending tanks. From the blending tanks the slurry goes to the slurry basin, where it is aerated before it is pumped into the three kilns with a total capacity of 950 tons per day. The clinker resulting from the kilns is cooled and then ground in a finishing mill consisting of two ball grinding mills. The ground and finished cement is pumped into silos for storage prior to shipment.

## CONTROLS:

**SLURRY**—from each of the mills 1 sample per hour, from the blending tanks, 1 sample per 2 1/2 hrs.  
Kiln feed—1 sample per 2 hrs.

On all the above samples the following tests are made:  
% of water, Viscosity, Fineness US 80 & 200.  
Titration

**CLINKER**—for literweight—1 per hour  
for free lime—1 per 12 hrs.

**CEMENT GRINDING**—1 per 2 1/2 hrs. to determine fineness

## FINISHED PRODUCT

1 sample per hour—Fineness US 200 and Blaine  
Setting time & Normal Consistency  
1 sample per hour—Expansion  
1 sample per 2 1/2 hrs.—Determination of SO<sub>3</sub>  
1 sample per 8 hrs—Expansion, auto clave, Flow,  
Fineness US 80 & US 325  
1 sample per day—Compressive and Tensile strength  
Complete chemical analyses are made every day of slurry, clinker and cement.

The plant is provided with a complete air conditioned laboratory for proper temperature control and modern laboratory equipment so that tests may be made in conformity with ASTM standards.

The plant manager and chemist are fully qualified to control the cement manufacture.

**INSPECTION AND TEST:** The plant at Ciudad Trujillo, Dominican Republic, was inspected by a Committee on Test consisting of Commissioner H. P. Fox and Director W. A. Nolan. The applicant has submitted reports of tests conducted by Robert W. Hunt of Chicago, Ill. showing that "Colon" Portland Type 1 Cement complies with the ASTM requirements for that type cement.

**RECOMMENDATION:** On the basis of the inspection and data filed by the applicant, the Committee on Test recommends the approval of the material known as "Colon" Portland Type 1 Cement for use in New York City under the provisions of Section C26-312.0 Administrative Building Code, on condition that the owner shall submit monthly for a period of six months from the date of this resolution and annually thereafter a certified copy of mill reports showing that all cement manufactured at the applicant's plant and shipped into New York City complied with all requirements of this resolution including ASTM 150-56 specifications.

The Committee further recommends that all bulk shipment of the cement shall be adequately protected during shipment so as to preclude the possibility of any moisture entering into the spaces in which the cement is stored and all ocean bills of lading shall be stamped "Approved by the Board of Standards & Appeals for use in New York City under Calendar Number 343-60-SM."

(Sgd.) HUGH P. FOX,  
Commissioner  
WILLIAM A. NOLAN,  
Director  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

## 493-60-SM

**APPLICANT**—Indussa Corporation agent for S.A. des Ciments Portland Liegeois, owner.

## APPEARANCES—

For Applicant: Leon J. P. D. Sandon.

# MINUTES

**ACTION OF BOARD**—Material approved in accordance with the report and recommendation of Committee on Test.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5  
Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 493-60-SM—Indussa Corporation for S. A. des Ciments Portland Liegeois, filed for approval of the material known as Haccourt-Vise-Common Brand Type 1 (Belgian) Portland Cement under the provisions of Section C26-312.0 Administrative Building Code.

USE: Cement used for concrete and concrete products.

DESCRIPTION: The clinker is manufactured by the wet process and raw materials used are white lime chalk containing 95%  $\text{CaCO}_3$ , gray lime chalk containing 85%  $\text{CaCO}_3$  and clay containing 25% of  $\text{CaCO}_3$  and rich in  $\text{SiO}_2$  coal mine schists rich in  $\text{Al}_2\text{O}_3$ , Pyrites ( $\text{Fe}_2\text{O}_3$ ) from blast furnaces.

The lime and clay quarry is located about  $1\frac{1}{2}$  miles from the plant. The white and gray lime chalk are mechanically transported by 15 ton trailers to the crushing mill. The mill breaks the chalk into small pieces, then the material continues to five mixers. The clay comes from the same quarry and is found below the chalk. The clay incidentally, is mined by floating a barge supporting an excavator on an artificial pond. A mixture of water and clay is sent through a distributing unit to the five chalk mixers and then to a large intermediary slurry tank. The quarry produces a mixture equalling 2700 tons of clinker a day.

The slurry goes from the intermediary tank through pipelines to a slurry tank at the entrance to the cement mill. The necessary pyrites and schists are ground separately and stocked in silos. Then the chalked paste, pyrites and schist are ground in crushing mills and mixed together. This composite slurry is then stocked in four tanks where necessary corrections for a proper homogenous product are made. Then the slurry is ready for the five rotary kilns. The kilns are heated with pulverized coal. An interesting feature of this plant is the manner in which coal is blended from a dozen bins to get the proper type which will maintain a uniform color of the finished cement.

After the clinker from the kiln is air cooled it is ground with gypsum added; then stored in silos. It is mechanically forwarded to loading quays on the banks of the Albert Canal. Covered barges take the cement to the port of Antwerp for ocean shipment.

**METHODS OF CONTROL**:—Every hour the laboratory checks: (1) The slurry coming from the quarry (2) After the addition of pyrites and schists to the slurry (3) The fineness of the finished paste (4) The wetness of the finished paste (5) Every hour a sample of the clinker is taken from each kiln and the average sample of each kiln over a period of 12 hours is analyzed in the laboratory (6) The weight of the clinkers off the coolers is checked every hour.

**INSPECTION AND TEST**: The plant of the applicant at Haccourt, Belgium, was inspected by a Committee on Test, consisting of Commissioner H. P. Fox and Director W. A. Nolan. The samples were taken at the mill and forwarded to Robert W. Hunt Co., London, England and tested and found to be in compliance with ASTM requirements for Type 1 Portland Cement. However, the laboratory at the plant was not up to standard, not having good temperature control and equipment was not in full compliance with ASTM requirements. The Committee visited a laboratory at the University of Brussels which it found to be fully equipped for testing under ASTM requirements and considered to be an effective substitute for the plant laboratory.

**RECOMMENDATION**: On the basis of the inspection and data filed by the applicant, the Committee on Test recommends the approval of the material known as Haccourt-Vise-Common Brand Type 1 (Belgium) Portland Cement

for use in New York City under the provisions of Section C26-312.0 Administrative Building Code, on condition that the owner shall submit monthly for a period of six months from the date of this resolution and annually, thereafter, a certified copy of laboratory reports certifying that all cement manufactured at the applicant's plant and shipped into New York City complied with all requirements of this resolution including ASTM 150-56 specification.

The Committee further recommends that all laboratory reports be done at the University of Brussels.

It is also a recommendation that all bulk shipment of the cement shall be adequately protected, during shipment so as to preclude the possibility of any moisture entering into the spaces in which the cement is stored and all ocean bills of lading shall be stamped "Approved by the Board of Standards & Appeals for use in New York City under Calendar Number 493-60-SM".

(Sgd.) HUGH P. FOX,  
Commissioner,  
WILLIAM A. NOLAN,  
Director,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

## 714-51-A—Vol. II

**APPLICANT**—American Chicle Company, owner.

**SUBJECT**—Application for consideration—reopening for amendment of resolution—re Appeal from a decision of the Fire Commissioner; previously granted on condition.

**PREMISES AFFECTED**—30-30 Thomson Avenue, south between 30th Place (Manley Street) and 31st (Mount) Street, Block 277, Lot 1, Long Island City, Borough of Queens.

## APPEARANCES—

For Applicant: None.

**ACTION OF BOARD**—Application reopened and resolution amended.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5  
Negative ..... 0

## THE RESOLUTION—

WHEREAS, this application was granted by the Board as Vol. II, on September 22, 1953 on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on September 22, 1953, by adding thereto:

"that smoking may be permitted in additional areas on the second floor, as shown on revised drawing marked 'Received June 29, 1960', one sheet, on which drawing the spaces tinted pink are as previously permitted for smoking, and tinted blue where now proposed *on condition* that other than as herein *amended* the resolution above cited shall be complied with in all respects."

(Fire Dept. decision dated June 17, 1960, Folder No. 50085.01)

## 108-60-A

**APPLICANT**—Charles M. Spindler for Everett A. Eisenberg, owner; Eric Backmann and Company, lessee.

**SUBJECT**—Application February 17, 1960—Appeal from a decision of the Borough Superintendent—re frame building, extension of business use, stairways, doors and closets, etc.

**PREMISES AFFECTED**—27-11 41st Avenue, north side, 75.08 feet east of 27th Street, Block 405, Lot 5, Long Island City, Borough of Queens.

## APPEARANCES—

For Applicant: Charles M. Spindler.

**ACTION OF BOARD**—Appeal granted on condition.

Commissioner Sleeper, Commissioner Fox and  
Commissioner Becker ..... 5  
Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated February 2, 1960 on Alt. Applic. 2599-59, reads:

"1. The proposed extension of a business use in a frame two story bldg. to include office on the first and office on the second is contrary to 4.1.3 and 4.2.1 B.C.

2. Required stairway to be enclosed in partitions having a fire resistive rating of one hour 6.4.1.8.1 B.C.

3. Required stairway to lead in a continuous enclosure to the roof 6.4.1.11 k B.C.

4. All doors opening on required stairways to have a fire resistive rating of at least  $\frac{3}{4}$  hr.

5. The closet on the second floor that opens into the required stair enclosure is contrary to 6.4.1.8.2.(a) B.C.

6. Frame wall less than 3 feet from lot line must be brick filled 4.1.3.1(b) B.C.

7. Lot line windows to be protected by  $\frac{3}{4}$  hr. F.P.S.C. assemblies 10.7.11 B.C."

and

WHEREAS, the applicant states that the building is 22 feet by 44 feet in area, 2 stories, 26 feet high, of class 4 construction, located in unrestricted use, B area, class  $1\frac{1}{2}$  height district, built prior to 1907, now used and occupied since 1959: cellar—ordinary; 1st and 2nd floors—office and sales of machine tools, 6 persons; and

WHEREAS, the applicant states that the 2nd floor was occupied for dwelling purposes until the past year; that the earliest record in the Building Department was under Alt. Applic. 1261-07, at which time an extension was added to the existing frame building; that the building was occupied on the 1st floor as a store with living quarters in the rear; that the 2nd floor as a 1 family dwelling; that there is no record in the Building Department as to when the change of occupancy of the 1st floor took place; that the present occupant, Eric R. Bachman, Inc., who are sales agents for machine tools, occupied the entire 1st floor as display room and offices since 1951; that the 2nd floor was occupied for dwelling purposes until the past year, when the floor was vacated, and the Eric R. Bachman Company, Inc. in need of additional office space occupied the 2nd floor for their office occupancy; that as an office, the building has fewer occupants than it would have as a dwelling, and in addition thereto, various hazards are reduced especially as the building is not occupied overnight; that the hazard of cooking and sleeping overnight is removed by the present occupancy; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated February 2, 1960, acting on Alt. App. 2599/59, Objections 1, 2, 3, 4, 5, 6 and 7, be and it hereby is *modified* and that the appeal be and it hereby is *granted* on condition that a legal fire escape in the rear of the building shall be constructed from the second floor to the ground and that exit to this fire escape shall be provided from the two westerly windows in the rear wall as the second floor; that all other laws, rules and regulations applicable shall be complied with except those contained in the foregoing objections; and that a certificate of occupancy shall be obtained.

## 195-60-A

APPLICANT—Lama, Proskauer and Prober for Lester Lockwood Enterprises Incorporated, owner.

SUBJECT—Application March 15, 1960—Appeal from an order and a decision of the Fire Commissioner re—Sprinkler System.

PREMISES AFFECTED—2577-2585 Bedford Avenue and 2312 Avenue D, southeast corner, Block 5211, Lot 1, Borough of Brooklyn.

## APPEARANCES—

For Applicant: James E. Vassolotti and Lester Lockwood.

ACTION OF BOARD—Appeal denied.

## THE VOTE TO GRANT—

Affirmative ..... 0  
Negative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Sleeper, Commissioner Fox, and  
Commissioner Becker ..... 5

## THE RESOLUTION—

WHEREAS, the order and decision of the Fire Commissioner, dated February 15, 1960 on Order No. 40-0, reads:

"1. Install an approved, wet automatic sprinkler system in the following locations: Entire cellar, lobby entrance hall, ladies lounge, open wooden stair leading to mezzanine, in mezzanine, and coat rooms on mezzanine. Having at least one source of water supply arranged and equipped as per Ch. 26, Art. 16, Adm. Code. Ch. 19-161.0 Adm. Code."

and

WHEREAS, the applicant states that the building is 64 feet 5 inches by 118 feet 10 inches in area, 2 stories and attic, 30 feet high, of class 4 construction, located in residence use, C area, class  $1\frac{1}{4}$  height district, built in 1907, now used and occupied since 1952: Cellar—boiler room, restaurant and club use; 50 persons; 1st floor—public dance hall, 800 persons; 2nd floor—check room, lounge and toilets, 50 persons; attic—vacant (not used); substantially in accordance with Certificate of Occupancy #133962, issued October 30, 1952 against Alt. Applic 1863-41 and P.A. 59-47; that the proposed use and occupancy will be the same; and

WHEREAS, the applicant states that the building is of frame construction; that it is provided with all the necessary exits as required to accommodate 850 persons on the 1st and 2nd floors as shown on Certificate of Occupancy #133692; that the 1st and 2nd floors of this building are used on week-ends and never by more than 300 persons; that inasmuch as the exits can legally accommodate 850 persons, it is proposed to substitute in lieu of an automatic sprinkler system in the area designated by the Fire Department Order No. 40-0, at least 60 portable fire extinguishers; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the appeal be not granted.

Resolved, that the order and decision of the Fire Commissioner, dated February 15, 1960, acting on Order #40-0 Objection No. 1, be and it hereby is *affirmed* and that the appeal be and it hereby is *denied*.

## 320-60-A

APPLICANT—Leonard F. Rothkrug and Anthony T. Nappi for American Molasses Company, owner.

SUBJECT—Application April 28, 1960—Appeal from a decision of the Borough Superintendent—re class 5 construction, height, firetower, stairways and standpipe system.

PREMISES AFFECTED—282-290 Richards Street, west side, 236 feet south of Beard Street, Block 612, part of Lot 150, Borough of Brooklyn.

## APPEARANCES—

For Applicant: Milton Ritter.

ACTION OF BOARD—Appeal granted on condition.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Sleeper, Commissioner Fox and  
Commissioner Becker .....  
Negative: ...

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated April 26, 1960 on Alt. Applic. 1224-60, reads:

"1. The proposed structure exceeds the height permitted for class 5 construction by Sect. 4.2.1 of the Bldg. Code.

2. Provide at least one fire tower as exit as required by Sect. 6.5.1 of the Bldg. Code.

# MINUTES

3. The stairway should be enclosed in materials having a one hour fire resistive rating.

4. Provide a standpipe system as required by Sect. 16.1.1 of the Bldg. Code."

and  
WHEREAS, the applicant states that the building is 66 feet 6 inches by 150 feet in area, 1 story, 25 feet high, of class 3 construction, located in unrestricted use, A area, class 2 height district, built in 1900: 1st floor—warehouse, 3 persons; and

WHEREAS, the applicant states that it is proposed to alter the existing building by erecting a five story equipment housing structure, of class 5 construction, 100 feet in height, 64 feet 2 inches by 86 feet 8 inches in area at the typical floor; that it proposed to use Reynolds prefabricated fabric wall for enclosure of the building; that the entire tax block is under single ownership and is used by the owner as a sugar refinery; that the entire block is on the water and many of the buildings were erected prior to 1900 or under the jurisdiction of the Department of Marine and Aviation; that there are certificates of occupancy from the Department of Buildings on this block, however, none cover the subject building, (Certificate of Occupancy 108412—Laboratory; Certificate of Occupancy 107947—five story factory; Certificate of Occupancy 50800—four story syrup factory); that the structure is unique and compliance with the Building Code regulations would result in an unnecessary and undue hardship; that there will be no permanent human occupancy of the entire building; that the building is designed to house new equipment being specially designed for the owner; that the two enclosed stairways will be available from every floor; that one stairway is a new 3 foot 8 inch fireproof stairs protected with fireproof self-closing doors; that a scuttle and ladder will be provided to the roof; that the other stairway is an existing fireproof stairway in an adjoining building; that access will be provided on each floor through protected openings and ramps to the levels; that the owner's production schedule is on a 24 hour basis so that there is supervision at all times; that in addition to the Fire Department protection available from the streets the building receives fire protection from the water; that although there is no standpipe system the building will be equipped with a better than ordinary water supply and hose system for maintenance and cleaning of equipment; that the danger of fire is reduced considerably due to the unique nature of the occupancy; that a voluntary sprinkler system will be provided throughout for fire insurance purposes; that the plant is a sugar refinery; and sugar is non-inflammable; that there is no office equipment or decorative panelling or inflammable furniture or equipment within the building.

Resolved, that the decision of the Borough Superintendent, dated April 26, 1960, acting on Alt. App. 1224/60, Objection No. 1, 2, and 3, be and it hereby is *modified* and that the appeal be and it hereby is *granted* on condition that a two-source sprinkler system shall be installed throughout the building; that the building shall conform to drawings dated July 22, 1960, 3 sheets; that there shall be one standpipe in the three-hour stair enclosure; that a certificate of occupancy shall be obtained; appeal not granted as to Objection #4.

## 361-60-A

APPLICANT—Albert H. Morgan for Lorraine Welch Dorn, owner; Columbia Institute of Chiropractic, lessee.  
SUBJECT—Application May 11, 1960—Appeal from a Review and Decision of the Borough Superintendent re—Zoning matter and construction.

PREMISES AFFECTED—261 West 71st Street, north side, 190 feet east of West End Avenue, Block 1163, Lot 108, Borough of Manhattan.

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated May 11, 1960 on Alt. Applic. 1815-59, reads:

"1. Proposal to change the use of existing 4 story (3 story and basement) class 3 bldg. from dwelling to school is contrary to 4.2.1.B.C.

2. Proposed school for chiropractic is a business use conducted in a residence use district contrary to Sect. 3 of Z.R."

and

WHEREAS, the applicant states that the building is 170 feet by 66 feet 7 inches in area, 4 stories, 38 feet 6 inches high, of class 3 construction, located in residence use, B area, class 1½ height district, now used and occupied since 1925; cellar—boiler room; basement—school, 18 students; 1st floor—doctor's office and Exam room; 2nd floor—school; 3rd floor—living quarters without a certificate of occupancy; that the proposed use and occupancy will be the same; and

WHEREAS, the applicant states that the Alt. Applic. 1815-59 was filed with the Department of Buildings and disapproved; for the following reasons; that objection 1, the building complied with the limitations of height and area according to Section 72(b) of the Building Code in effect in 1925; that the basis of objection 2 is that Chiropractic is not recognized as a profession by the State of New York; that Zoning Resolution does not specify that the school must be limited to professions recognized by the State of New York; that Chiropractic is recognized as a profession in many states and bills have been introduced to have it recognized in New York; that it is not realistic to classify the Columbia Institute of Chiropractic as a trade school; and

WHEREAS, the Board finds that this building is a school within the meaning of the Building Code and Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, dated May 11, 1960, acting on Alt. Applic. 1815-59, Objection No. 1 and 2, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, on condition that the building at present shall conform to drawings filed with this appeal dated June 17, 1960, 14 sheets; that after having received Building Department objections after filing plans for use as a school, the owner shall comply with these objections; and that a certificate of occupancy shall be obtained.

## 410-60-A

APPLICANT—Lama, Proskauer and Prober for Twenty Third Operating Corporation, owner.

SUBJECT—Application May 24, 1960—Filed pursuant to Section 35 General City Law re—building located in bed of mapped street,—proposed approach to Queensborough Bridge.

PREMISES AFFECTED—244-246 East 60th Street, South side, 115 feet west of 2nd Avenue, Block 1414, Lots 129 and 30, Borough of Manhattan.

## APPEARANCES—

For Applicant: James E. Vassalotti.

ACTION OF BOARD—Appeal granted on condition.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

Negative ..... 0

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated May 20, 1960 on Alt. Applic. 1429-58, reads:

"A9—Bldg. is located in bed of mapped street and may therefore not be extended. Sect. 35 General City Law."

and

WHEREAS, the applicant states that the premises consist of two buildings 40 feet by 54 feet 9½ inches in combined area, 4 stories, 52 feet 4 inches high, of class 3 construction, located in retail use, B area, class 1½ height district, now vacant; that it is proposed to alter these two buildings into one Multiple Dwelling 68 feet 3½ inches deep with stores on the 1st floor; that the proposed building is in the path of

# MINUTES

a mapped street as shown on the Borough President's Maps dated 1924; that this map encompasses this building as part of a proposed approach to the Queensborough Bridge; that the present owner purchased this building recently and was unaware of any proposed map changes since no restrictions appeared in his Title Policy; that in view of the foregoing facts and inasmuch as the City has made no effort in the last 36 years to condemn the property for the new Queensborough Bridge approach, it is respectfully requested that this application be granted; and

WHEREAS, a rear extension was granted by the Board under Calendar Number 718-58-A for 244 East 60th Street on May 5, 1959; and

WHEREAS, the Board has been advised by the office of the Borough President of Manhattan that the proposed plans for improving the Queensborough Bridge approach, now under study by the City Planning Commission, does not require these properties; that under their plans the westerly side of 2nd Avenue would be widened by 75 feet between 59th & 60th Streets; that this will require the acquisition of the 2nd Avenue frontage properties to a depth of 75 feet west of the west building line; that since the premises No. 244 and 246 are 115 feet west of the west building line of Second Avenue they will be outside the proposed line of taking; and

WHEREAS, this appeal has been discussed by the members of the Board and a letter was received from the Office of the President of the Borough of Manhattan stating that the Office has no plans which would require the future acquisition of the property in question.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 1429-58, Objection No. A9, be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted*, on condition that the building shall conform to drawings filed with this appeal dated May 24, 1960, 3 sheets; and that a certificate of occupancy shall be obtained.

## 456-60-A

APPLICANT—Harvey F. Brandenburg for Great Eastern Fuel Company, Incorporated, owner.

SUBJECT—Application June 15, 1960—Appeal from a decision of the Fire Commissioner re—Packaging combustible mixture known as "Tankleen" in one quart and one gallon sealed metal containers, in New York City—containers not in conformity with Administrative Code requirements.

## APPEARANCES—

For Applicant: Harvey F. Brandenburg and A. Lieberman.

ACTION OF BOARD—Appeal granted on condition.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5  
Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the decision of the Fire Commissioner, dated June 13, 1960 on Folder No. 122—Pending, reads:

"This is to inform you that your application for our approval of Tankleen in quart and gallon sealed metal containers must be rejected on the grounds that said containers fail to conform with Section C19-62.0, subdivision b, of the Administrative Code of the City of New York."

and

WHEREAS, the applicant requests permission to package "Tankleen" a fuel oil additive, in a sealed, single use metal container; that the product "Tankleen" is an additive designed for addition to fuel oil, and specifically constituted so as to control sludge built up from the fuel oil in the tank; and thus, in turn, tends to keep the oil feeding the burner free from sludge; that this product has a flash point of 245°F. "Tagliabue open cup test"; that the practical distribution of this additive is through the agency of the fuel oil delivery service; that in other words, at the time of the delivery of each shipment of fuel oil, the requisite number of cans—

normally in one quart and one gallon sizes—are open and the entire contents of each can to be used is decanted into the fuel oil fill line; that the natural field of such additive is industrial, especially where the heavier fuel oils are used; that in no case, however, would an individual normally described as a householder handle or store "Tankleen"; that labeling will be in accordance with the applicable provisions of the New York City Fire Department; that the purpose of packing in sealed cans is thus apparent; that adulteration of the product becomes an impossibility, because the can is sealed and not subject to tampering; that the applicant believes that it is extremely important that the adulteration of, and tampering with his product be avoided since his extensive research has shown that his product is extremely efficient in operation and harmless to equipment if used as directed unadulterated; that it is also felt by the applicant that use of sealed non-refillable metal containers of the type he desires to use will eliminate the possibility of the containers being carelessly refilled with other material which might then erroneously be used, doing great damage to the heating equipment; that therefore, the applicant believes that a sealed non-refillable container would safeguard the public; that the use of such containers is not novel; that permission has been given for the canning of anti-freezes having low flash points in such containers, namely, one quart and one gallon metal sealed round containers with flat tops and bottoms; and

WHEREAS, the Board has discussed this appeal.

Resolved, that the decision of the Fire Commissioner dated June 13, 1960, acting on Folder No. 122, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, to permit the packaging of "Tankleen" in one quart and one gallon sealed metal containers, on condition that all the requirements of the Fire Commissioner shall be complied with and that all containers shall bear a label satisfactory to the Fire Commissioner.

## 459-60-A

APPLICANT—George G. Miller for Jasol Holding Corporation, owner.

SUBJECT—Application June 16, 1960—Appeal from a decision of the Borough Superintendent, re—exits.

PREMISES AFFECTED—12-48 150th Street, west side, 61.52 feet south of 12th Road, Block 4505, Lot 31, Whitestone, Borough of Queens.

## APPEARANCES—

For Applicant: Joseph Lau.

ACTION OF BOARD—Appeal denied.

## THE VOTE TO GRANT—

Affirmative ..... 0  
Negative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated May 26, 1960 on Alt. Applic. 614-57, reads:

"1. Req'd exits must comply with Section 270 of the Labor Law."

and

WHEREAS, the applicant states that the building is 23.48 feet by 102 feet in area, 2 stories, 20 feet high, of class 3 construction, located in business and residence use, B and G area, class 1½ height district, built in 1935, now used as occupied since 1956; 1st floor—2 stores, 4 persons; 2nd floor—factory, 8 persons; contrary to Certificate of Occupancy #Q56776 issued July 13, 1949 against Alt. Applic. 3134-4 which states the 2nd floor occupancy to be offices; and

WHEREAS, the applicant states that the area of this floor is 2394.96 square feet and is presently used to manufacture men's ties; that the location in which this building is situated is not conducive to offices for which it was originally planned; that the owner proposes to erect a steel counterbalance drop ladder on the front of the building as a second means of egress; and

WHEREAS, the appeal has been discussed by the Board. Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 614-57, Objection No. 1, be and it

# MINUTES

hereby is *affirmed* and that the application be and it hereby is *denied*.

## 550-60-A

APPLICANT—Reuben A. Lazarns for Glickman Corporation of Nevada, owner.

SUBJECT—Application July 19, 1960—Appeal from a decision of the Borough Superintendent—review of decision for interpretation of Section 26 of Multiple Dwelling Law in relation to 2 times height districts.

PREMISES AFFECTED—520-540 12th Avenue, east side, from 42nd Street to 43rd Street, 653-665 West 42nd Street and 640-660 West 43rd Street, Block 1090, Lot 1, Borough of Manhattan.

### APPEARANCES—

For Applicant: Paul Friedman and Norman M. Liebman.  
For Administration: Christian Kunkel, Dept. of Buildings.

ACTION OF BOARD—Appeal granted on condition.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commisisoner Fox and Commissioner Becker ..... 5  
Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated July 14, 1960 on N.B. Applic. 236-59, reads:

"A2—This proposed building may not come under the provisions of Sec. 26 subd. 8a as the proposed building is not in a zoning height district which permits the building to be erected to a height at least two times the width of the street.

NOTE: 4 passenger elevators shown on plans filed."

and  
WHEREAS, the applicant states that the proposed class "B" Multiple Dwelling will be 208 feet 10 $\frac{3}{8}$  inches by 154 feet irregular in area, 19 stories, 195 feet 8 $\frac{1}{2}$  inches high, of class 1 construction, located in unrestricted use, A area, class 2 height district; that the applicant requests a review of the Borough Superintendent's decision in applying Section 26 of the Multiple Dwelling Law and reversal of his decision; that the 1944 change in the New York City Zoning Resolution by which buildings in a Two Times Height District were permitted thereafter to extend upward from the curb level to a height equal to only one and one half times the width of the street upon which the building faces (exclusive of set backs) was not intended to, nor could it change, the intent of the Multiple Dwelling Law to permit the proposed kind of building in what was then a Two Times Height District; that nor could the 1944 change in the Zoning Resolution change (as the Borough Superintendent concludes) the exemptions in favor of buildings in Two Times Height and in Two and One Half Times Height Districts to an exemption only in favor of buildings in a Two and One Half Times Height District; that we submit that a change in the nomenclature of the City's Zoning Resolution from a Two Times Height District to a Class Two Height District did not destroy the State's exemption in the Multiple Dwelling Law; that so, too, the applicant submit, the 1944 change in the regulations of the City's Zoning Resolution did not effectuate a change in the intent of the Multiple Dwelling Law which was to exempt buildings in a Two Times Height District (now designated as a Class Two Height District) from the six passenger elevator requirement of the Multiple Dwelling Law; that in essence the Borough Superintendent intends that the proposed building could be constructed if six passenger elevators were maintained and operated, but that it cannot be constructed, as here, only if four passenger elevators are proposed to be maintained and operated; that the Borough Superintendent's interpretation also means that the applicant could build, as proposed, if they obtained a Zoning Amendment changing the district to a Class Two and One Half Times Height District (which would involve a serious hardship through loss of time involved); and  
WHEREAS, the appeal has been considered and discussed by the Board.

*Resolved*, that the decision of the Borough Superintendent, dated July 14, 1960, acting on N.B. Applic. 236-59, Objection No. A2, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, on condition that the building shall conform to drawings filed with this appeal dated July 19, 1960, 8 sheets; that the building shall comply in all respects with the use, height and area requirements of the Zoning Law; that all other laws, rules and regulations applicable shall be complied with; and that a certificate of occupancy and certificate of compliance shall be obtained.

**ACTION OF BOARD**—Appeal granted on condition.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5  
Negative ..... 0

*Resolved*, that the decision of the Borough Superintendent dated June 3, 1960, acting on N.B. Apps. 491 through 500-1960 and 668 through 681/60 acting on Objection No. 1, be and it hereby is *modified* under the powers vested in the Board by Section 36 of the General City Law, and that the appeal be and it hereby is *granted on condition*, that the buildings shall conform with Drawing filed with this application dated June 13, 1960; that all other laws, rules and regulations applicable shall be complied with and a Certificate of Occupancy for the buildings shall be obtained.

\*Correction: In the Resolved portion shown above Section 35 is corrected to read *Section 36* and the reference to drawing #5, the word #5 is deleted.

# RULES

**RULES FOR TESTS OF FIRE-RESISTIVE, FLAMEPROOFED MATERIALS, SUCH AS TEXTILES, PAPER, SIMILAR MATERIALS AND ADHESIVES USED FOR DECORATIVE PURPOSES AND TREATED ACOUSTICAL DRAPERIES, CARPETS AND SIMILAR MATERIALS FOR USE IN PLACES OF PUBLIC ASSEMBLY AND SPECIAL OCCUPANCY STRUCTURES.**

ADOPTED BY THE BOARD OF STANDARDS AND APPEALS MAY 3, 1940. EFFECTIVE IN ACCORDANCE WITH SECTION 665, SUBDIVISION C, OF THE NEW YORK CITY CHARTER, MAY 27, 1940.

[Cal. No. 294-40-SR]

## AUTHORITY:

Pursuant to the authority vested in the Board of Standards and Appeals by Section 666, paragraph 2, of the Charter of the City of New York and Section C26-721.0b (12.2) as amended by Local Law No. 170, approved November 14, 1939, and Section C19-16.1 Local Law No. 112, approved July 18, 1939.

## 1.0 SCOPE

These requirements apply to flameproofed combustible materials used for decorative or other purposes within special occupancy structures as defined in Section C26-715.0 (12.1.1)

and other places of public assembly as provided in Section C19-161.0 which was amended by Local Law No. 112.

## 2.0 GENERAL REQUIREMENTS

It shall be unlawful for any person to use any decorations, drape, curtain or scenery used for artistic enhancement which is made of combustible material, unless painted or saturated with a non-combustible material or liquid or otherwise rendered safe against fire to the satisfaction of the Fire Commissioner and in accordance with the requirements of these Rules, in any building of a public character, including a hotel, theatre, restaurant, public hall, department store, and a building used or intended to be used for purposes of public assembly, amusement or instruction, and a building where large numbers of persons congregate (See Section C19-161.1) except as exempted in Rule 7.

After flameproofing, such processing as ironing, sewing and normal handling shall have no detrimental effects on the treatment of the material.

## 3.0 APPROVAL OF MATERIALS AND METHODS USED IN FLAMEPROOFING TEXTILES, ETC.

3.1 No materials or methods for flameproofing combustible materials for use under these Rules shall be used unless approved by the Board.

## 4.0 FLAMEPROOFING PROPERTIES.

The flameproofed material, when subjected to the test described in Rule 5.0, shall meet the following requirements as to fire-retardant properties.

4.1 **FLASHING**—No flashing shall occur at any time on the length of the test specimen. A flashing due to fuzz or bad edges may be disregarded.

4.2 **DURATION OF FLAME**—The average continuation of flaming shall not exceed 3 seconds.

## RULES

4.3 DURATION OF GLOW—The average continuation of glow at the edge of the charred area shall not exceed an additional twenty seconds after the cessation of flaming. Glow confined to the charred area may be disregarded.

### 5.0 TESTS.

Tests for each specific installation of originally treated combustible material, or any re-tests thereof, shall be made by the Fire Commissioner, or in a laboratory approved by him, in accordance with the requirements of these Rules.

5.1 SAMPLING FOR TEST SPECIMENS — Samples of each variety of material and for every kind of treatment shall be subjected to separate test. Samples shall be of sufficient size to furnish test specimens provided for in Rule 5.2. At least three samples shall be furnished for every 500 square feet or fraction thereof.

5.2 TEST SPECIMENS—Specimens for test shall be 2 in. wide and 12½ in. long and shall be numbered on one end. Test specimens shall be carefully cut from at least three different places in the material to provide a minimum of three test specimens from each material for testing.

5.3 CONDITIONING OF TEST SPECIMENS—The test samples or test specimens shall be dried for 24 hours in a room of average temperature of 70° F., with an average humidity of 40%.

5.4 TEST FOR PERMANENCE OF CHEMICALS—Test specimens shall be suspended by folding and pinning one-half inch of the numbered end over a horizontal 8-gauge wire, placed two inches above the center of a 7-inch opening in a 3-ft. wind tunnel arranged to deliver a wind velocity to the air, at the tunnel end, of 700 lineal feet, plus or minus 50 ft. per minute, as measured by a suitable anemometer on a line with the wire. In this position the test specimens shall be whipped for five minutes. Immediately upon conclusion of this test, the specimens shall be placed in a closed dry container until required for the flame test.

5.5 APPARATUS FOR FLAME TEST—The apparatus shall consist of a ring stand 20 inches high with an adjustable clamp housed in a metal shield 12 inches square and 20 inches high, opened in front and at both ends and a Bunsen or Tirrill gas burner which shall have a tube of ⅜-inch inside diameter.

5.6 FLAME TEST—A whipped test specimen shall be taken from the closed container required in Rule 5.4 and suspended vertically with one-half inch of the numbered end in a clip held in a clamp on a ring stand so that the test specimen shall hang vertically within and near the center of the metal shield required in Rule 5.5. The lower end of the test specimen shall be three-quarters of an inch above the top of the gas burner on which the air supply is shut off completely and adjusted to give a luminous flame 1½ inches long. The flame shall be applied for 12 seconds, then withdrawn. The result of the test for duration of flame and duration of glow of the three test specimens shall each be averaged and recorded. Flashing, if any, shall be noted.

### 6.0 APPROVAL AND CERTIFICATION.

The approval of materials that have been flameproofed, as provided in Rule 1.0 and tested as required in Rule 5.0 with flameproofing properties as given in Rule 4.0 shall be limited to one year. An affidavit by the person, firm or corporation flameproofing the combustible materials shall be filed with the Fire Commissioner stating that the flameproofing compound and method complies with the approval of the Board, with calendar number thereof, and including the date of treatment and warranted period of effectiveness of the flameproofing.

6.1 The Fire Commissioner may require check tests at any time. Upon the termination of the approval, as provided for in Rule 6.0, a retest of the flameproofed combustible materials shall withstand to the following:

Flameproofed materials shall withstand a test of at least 400° F., as measured by a pyrometer, or other acceptable method, for approximately one-minute's duration by means of an open flame. Under such test, the flameproofed material shall not flash or support combustion and shall not glow outside of the char if a char is set up by the open flame. Material found not to conform to these requirements, shall be removed and replaced with materials conforming to the requirements of Rule 4.0.

### 7.0 EXEMPTION.

These Rules shall not be construed to apply to merchandise for sale or displayed for sale, to guest rooms in hotels, offices, to works of art in museums, nor to churches or places of religious worship.

## NOTICE

1—CALENDAR: Notices of public hearing on applications for zoning variances, will be published twice: first publication, listing new cases set for hearing, in the Bulletin available to the public at least 14 days before the date of hearing; second publication, in the last Bulletin available to the public immediately prior to the hearing date. The second publication will be augmented with a listing of cases laid over from previous hearings. Attention is directed to the MINUTES of such previous hearings, where the reasons for laid over cases will have been published. Notices of public hearing on applications for approval of materials and appliances will be published once, at least 10 days prior to the hearing date.

2—MINUTES: The publication of the "digest" of the applicant's statement has been discontinued, except that the administrative orders, decisions, etc., which are the subject of each application or appeal will be published. The summary of information given in the Appeal Form (Form A) shall be published for Administrative Appeals. The Board will continue to publish such other matters as it may deem advisable.

## PUBLIC HEARINGS

Tuesdays at 10 a.m. and 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held at 80 Lafayette Street, 9th Floor, Borough of Manhattan.

**584-60-SA**—Maytag Washer-Dryer Combination, Model No. 340W, manufactured by The Maytag Company, Appliance.

**585-60-BZ**—B.B.—341-345 Stone Avenue, east side, 150 feet north of Pitkin Avenue, Block 3709, Lots 3, 4 and 5, Borough of Brooklyn, Alt. 1957-60, re—proposed parking and storage of motor vehicles and a temporary frame office attendant's shelter, residence use district.

**586-60-BZ**—B.B.—180-185 Prospect Park South West, west side, 104 feet 1½ inches south of Reeve Place, 54-56 and 70 Reeve Place, and 227-237 Sherman Street, Block 5279, Lots 19, 29, 38, 39 and 40, Borough of Brooklyn, N.B. 730-60, re—portion of building located in C area district exceeds the ground coverage, residence use district.

**587-60-A**—B.B.—180-185 Prospect Park South West, west side, 104 feet 1½ inches south of Reeve Place, 54-56 and 70 Reeve Place, and 227-237 Sherman Street, Block 5279, Lots 19, 29, 38, 39 and 40, Borough of Brooklyn, N.B. 730-60, re—provide lot line courts from street to street.

**588-60-A**—F.D.—2513 Bedford Avenue, east side, 210 feet south of Clarendon Road, Block 5190, Lot 73, Borough of Brooklyn, F.D. Order No. 2851-0, re—installation of sprinkler system.

**589-60-SM**—Interboro HD-10 Hopper, non-rated incinerator hopper door, manufactured by Interboro Incinerator Company, Material.

**590-60-SM**—Time-Saver, tubular-sectional scaffolding, manufactured by Concrete Forms Corp., Material.

**591-60-SM**—Solite, lightweight aggregate for use in concrete, manufactured by Solite Corporation, Material.

**592-60-A**—B.R.—813-821 Annadale Road, east side, 363 feet north of Posen Street, Block 6225, Lot 21, Annadale, Borough of Richmond, Alt. 240-60, re—building not on mapped city street—proposed widening of Annadale Road.

**593-60-BZ**—B.Q.—111-59 to 111-69 44th Avenue, north side, 225.33 feet west of 114th Street, Block 2016, Lots 62, 63, 64 and 65, Corona, Borough of Queens, Alt. 429-60, re—frame building used for office, masonry shed used for storage, metal garage and mechanical concrete loader, etc., D area, residence use district.

**594-60-A**—B.Q.—111-59 to 111-69 44th Avenue, north side, 225.33 feet west of 114th Street, Block 2016, Lots 62, 63, 64 and 65, Corona, Borough of Queens, Alt. 429-60, re—frame building, business use, and metal building with walls less than 4 feet from lot line.

**595-60-BZ**—B.R.—3970 Hylan Boulevard, east side, from Montreal Avenue to Fairbanks Avenue, Block 4719, Lot 16, Oakwood Heights, Borough of Richmond, N.B. 826-60, re—proposed gasoline service station, car wash, lubritorium, sales and service space, motor vehicle repairs (hand tools), parking of cars awaiting to be serviced and auto showroom, residence use district.

**596-60-A**—B.R.—35 Dora Street, north side, 325.11 feet west of Woolley Avenue, Block 472, Lot 72, Westerleigh, Borough of Richmond, N.B. 745-60, re—proposed dwelling located on a street that is not final mapped.

**597-60-A**—B.R.—43 Dora Street, north side, 86.34 feet east of Crystal Avenue, Block 472, Lot 76, Westerleigh, Borough of Richmond, N.B. 952-60, re—proposed building is on a lot not located on a legal street.

**598-60-A**—B.R.—15 Dora Street, north side, 139.11 feet west of Woolley Avenue, Block 472, Lot 64, Westerleigh, Borough of Richmond, N.B.—951-60, re—proposed building is on a lot not located on a legal street.

**599-60-A**—B.R.—215 Naughton Avenue, north side, 84.38 feet east of Husson Street, Block 3549, Lot 122, Grant City, Borough of Richmond, N.B. 1279-59, re—swimming pool.

**600-60-SA**—Heatronic Gas Conversion Burners for Kitchen Ranges, Models Nos. X-60-1 through X-60-10 Series, manufactured by D & D Manufacturing Corporation, Appliance.

**601-60-SA**—Brown, and also Superior, New Home and Peoples Bungalow Type Gas & Gas Ranges, for cooking and heating, various models, manufactured by Brown Stove Works, Inc., Appliance.

**602-60-BZ**—B.Q.—136 Beach 138th Street, east side, 676.72 feet south of Rockaway Beach Boulevard, Block 777, Lot 59, Belle Harbor, Borough of Queens, Alt. 1485-60, re—rear yard, set backs, etc., residence use district.

**603-60-SA**—Fireball, Automatic Storage Water Heater, Glass Lined, Gas, various models, manufactured by United States Heating & Cooling Manufacturing Corp., Appliance.

**604-60-SA**—Magic Chef Gas Ranges (domestic, gas fired), various models, manufactured by Magic Chef Division of Dixie Products Co. Inc., Appliance.

**605-60-SA**—Wemco LP Gas Salamander (burner) Model 200-A, manufactured by Wemco Products, Appliance.

**606-60-BZ**—B.B.—2645-2647 Mill Road, north side, 24 feet 11½ inches west of Bay 44th Street, 214-218 Bay 44th Street, Block 6911, Lot 44, Borough of Brooklyn, Alt. 1723-60, re—junk yard, residence use district.

**607-60-A**—B.B.—2645-2647 Mill Road, north side, 24 feet 11½ inches west of Bay 44th Street, Block 6911, Lot 44, Borough of Brooklyn, Alt. 1723-60, re—corrugated metal frame sheds for business use.

**608-60-A**—B.M.—149 Spring Street, north side, 75 feet west of Wooster Street, Block 501, Lot 35, Borough of Manhattan, Alt. 393-60, re—fire escape.

# CALENDAR

**609-60-SM**—Security Products Company Metal Windows, Model No. APW-40CT, steel and aluminum, manufactured by Security Products Company, Material.

**610-60-BZ**—B.Q.—137-44 244th Street, northwest corner 138th Avenue, Block 13241, Lots 1 and 45, Rosedale, Borough of Queens, Alt. 2430-58, re—setback, residence use district.

**611-60-A**—B.M.—136 East Broadway, north side, 210 feet, 5 inches east of Pike Street, Block 283, Lot 59, Borough of Manhattan, re—revocation of Certificate of Occupancy.

**612-60-SM**—Slipknot #47 Flame Resistant Plastic Duct Tape (used to seal joints of heating and air conditioning duct systems), manufactured by Plymouth Rubber Co., Inc., Material.

**613-60-BZ**—B.Q.—97-14 to 97-22 63rd Road, south side, 102.97 feet east of 97th Street, and 97-11 63rd Drive, Block 2089, Lots 6, 8, 9, 40 and 11, Rego Park, Borough of Queens, N.B. 1956-60, re—proposed loading and unloading on portion of lot in a residence use district, curb cuts, excessive area coverage and rear yard, residence use district.

**614-60-SM**—Colco Sanitary Ring and Flange, manufactured by The Coleman Company, Material.

**615-60-BZ**—B.Q.—84-02 to 84-46 (84-10 official), South Conduit Avenue, south side, from 84th Street to 86th Street, 137-41 to 137-51 84th Street, 137-44 to 137-50 86th Street, and 84-01 to 84-27 and 85-01 to 85-19 149th Avenue, Block 11390, Lots 1, 11 and 25, Aqueduct, Borough of Queens, Alt. 1480-60, re—open parking and storage of not more than 150 motor vehicles, sales and display of new and used cars, frame office and proposed curb cuts and business signs, residence use district.

**616-60-SM**—Gold Bond Fire-Shield Tile, fire resistive acoustical tile, manufactured by National Gypsum Company, Material.

**617-60-SM**—Glid-Tile (plastic wall coating, sprayed), manufactured by The Glidden Company, Material.

**618-60-SM**—D-A Nailing System, D-B Exposed Tee Grid System, D-D Kerf Spline System, D-F Semi-Exposed Tee System, acoustical suspension systems, manufactured by Donn Products, Inc., Material.

**619-60-SA**—Aeroil Products, Inc., Steam Cleaner, Model 121C-F, manufactured by Aeroil Products, Inc., Appliance.

**620-60-A**—B.M.—46 East 3rd Street, south side, 60 feet east of 2nd Avenue, Block 444, Lot 11, Borough of Manhattan, Alt. 1707-59, re—converting cellar to living quarters.

**621-60-BZ**—B.Q.—131-31 to 131-39 (131-35 official) Springfield Boulevard and 216-01 to 216-09 132nd Avenue, northeast corner, Block 12922, Lot 125, Springfield, Borough of Queens, N. B. 1957-60, re—gasoline service station, lubricatorium, minor auto repairs, car wash, storage room, office, sales, parking and storage in open area and ground sign in local retail use district.

**622-60-A**—F.D.—245-249 West 27th Street, north side, 193 feet east of 8th Avenue, Block 777, Lot 15, Borough of Manhattan, F.D. Decision 6/28/60, re—emergency elevator service.

**623-60-A**—F.D.—15-17 West 36th Street, north side, 274 feet west of 5th Avenue, Block 832, Lot 32, Borough of Manhattan, F.D. Decision 7-11-60, re—emergency elevator service.

**624-60-A**—F.D.—148-152 West 37th Street, south side, 75 feet east of 7th Avenue, Block 812, Lot 69, Borough of Manhattan, F.D. Decision 7-11-60, re—emergency elevator service.

**625-60-A**—F.D.—555 8th Avenue, west side, 24 feet 6 inches south of West 38th Street, 304 West 38th Street, Block 761, Lot 37, Borough of Manhattan, F.D. Decision 7-11-60, re—emergency elevator service.

**626-60-A**—B.B.—568-572 Rockaway Avenue, west side, 75 feet 8½ inches north of Blake Avenue, Block 3543, Lot 37, Borough of Brooklyn, Alt. 1267-60, re—egress.

**627-60-A**—B.Bx.—12 East 213th Street, south side, 100.03 feet east of Jerome Avenue, Block 3329, Lot 56, Borough of The Bronx, Alt. 630-60, re—cellar apartment, multiple dwelling.

**DESIGNATIONS:** B.—Department of Buildings; B.B.—Department of Buildings, Brooklyn; B.M.—Department of Buildings, Manhattan; B.Q.—Department of Buildings, Queens; B.R.—Department of Buildings, Richmond; B.Bx.—Department of Buildings, Bronx; H.D.—Health Department; F.D.—Fire Department, and M. and A.—Dept of Marine and Aviation.

**SUBJECT**—Application reopened July 19, 1960 as Volume II—decision of the Borough Superintendent, under Section 7a of the Zoning Resolution, to permit in a retail use district, at an existing gasoline service station and public garage the removal of two buildings to provide safer ingress and egress, to relocate the curb cuts and install a new pump island.

**PREMISES AFFECTED**—153 Victory Boulevard and 10 Brook Street, northwest corner, Block 23, Lot 5, Tompkinsville, Borough of Richmond.

MAX H. FOLEY, *Chairman.*

# RULES

## Fire Drill Rules, Adopted by the Board of Standards and Appeals, October 5, 1923

(593-23-SR)

### DEFINITION OF "FIRE DRILL"

The method and practice of the systematic and orderly vacating of a building by its occupants in case of emergency, panic or fire in the least possible time—by the nearest safe means of exit—and the use of fire appliances which shall be provided for the extinguishing or retarding of fire and the safeguarding of human life.

#### Rule 1.

In all buildings as defined in Article 1, Section 10 of the Labor Law in which fire drills are required pursuant to Section 279 thereof and in any other building in which such drills are required by the Fire Commissioner pursuant to the power conferred in section 491 of the New York City Charter, it shall be the duty of the owners, lessees or tenants to conduct fire drills monthly and at such other times as the Fire Commissioner may direct.

For the purpose of conducting such fire drills the owner or tenants shall appoint from among their employees such responsible and dependable persons, male or female, who shall efficiently perform the duties of the various positions of the fire drill organization, as specified on the accompanying chart.

It shall be the duty of the owner or tenant to enter in the blank spaces provided for that purpose in said chart the names of persons so selected and post said chart and copies of the rules in a conspicuous place.

#### Rule 2. Duties of Foreman.

The Foreman or Person in Charge shall direct, enforce and have full charge of the "Fire Drill" in every factory on each floor. Each day before work is begun he shall see that extinguishers, fire hose, fire buckets, etc., are in readiness for use, exit doors are unlocked, aisles are free

from obstruction, that stairways, halls, etc., are properly lighted, and shall remedy any dangerous condition found to exist. Immediately after work is commenced he shall check up the Fire Drill Organization list and note if the regularly assigned persons are present; if any are found to be absent, he shall assign other employees (if practicable) to perform their duties.

He shall immediately notify new employees of the existence of the Fire Drill Organization and give them the necessary instructions as to the duties they are to perform, etc.

He shall be familiar with the operation and location of the interior alarm signal box on his floor.

He shall listen for the test signal each morning at the appointed hour and in the event of the test signal not being heard he shall communicate with the superintendent or other person in charge of the building and advise him of the fact. The (Floor Captain's) Foreman's orders are final as to the carrying out of the fire drill on his particular floor.

#### Rule 3. Duties of Watchmen.

The WATCHMEN shall see that all doors and windows are closed so as to prevent the spread of fire. The WATCHMEN shall be the only persons permitted to remain on the floor during the progress of a fire drill and do so at their own risk. For ordinary purposes only one watchman and a substitute shall be designated. In special cases, however, extra watchmen may be assigned by consent in writing from Fire Commissioner.

#### Rule 4. Duties of Searchers.

The MALE AND FEMALE SEARCHERS shall search all toilets, dressing rooms and emergency rooms used and frequented by their sex and all other portions of the floor and order all persons, except those authorized to remain, to leave the premises. They are to take care of and assist all persons who may faint or be disabled.

SEARCHERS shall leave the floor immediately after the last squad leaves.

#### Rule 5. Duties of Street Alarm Box Runner.

The STREET-ALARM-BOX-RUNNER shall be familiar with the location of the nearest city fire alarm box and know how it is operated.

In ordinary practice fire drills the STREET-ALARM-BOX-RUNNER shall report to the Foreman for orders, and if his services are not required he shall promptly file out of the premises with the other occupants.

Only when a fire actually occurs on his floor, or when ordered to do so by the Foreman, shall the STREET-ALARM-BOX-RUNNER proceed to the street alarm box and send in the fire alarm.

#### Rule 6. Duties of Fire Brigade.

The fire brigade shall have full charge of the operation of all auxiliary fire fighting apparatus and shall endeavor to extinguish, or at least hold in check until the arrival of the Fire Department, any fire that may occur. When it is necessary for the fire brigade to respond to different floors in the building they shall not use the stairways or fire escapes while the occupants are escaping from the premises.

#### Rule 7. Duties of Exit Guards.

The EXIT GUARDS shall station themselves at all exit doors leading to fire escapes, stairways, and other means of escape immediately upon the sounding of the alarm. There shall be two guards for each exit, if practicable; one to stand in the hallway holding back the door and the other directly inside on the floor. They are to keep the exit doors open and direct the movements of the persons using these exits and prevent congestion.

# RULES

EXIT GUARDS shall remain at their stations until all of the occupants of the building have passed their station. Then close their doors and pass out of the building. Upon signal for the occupants to return, EXIT GUARDS shall take their designated stations and remain there until all persons have returned to their respective floors.

## Rule 8. Duties of Squad Monitors.

The SQUAD MONITORS, as soon as the alarm is sounded, shall see that the employees under their charge quickly form into line, two abreast, and numbering not more than thirty to each squad. They shall see that all aisles and passageways are cleared of obstructions.

Note: Chairs, stools, baskets, etc., should be pushed under or placed on top of work benches.

MONITORS shall proceed at the head of their respective squads to the exit assigned, and then march up or down the stairs or to other exits as directed by the EXIT GUARDS.

On reaching the sidewalk MONITORS shall keep their squads in order and lead them a reasonable distance from the building, so as not to cause congestion and interference with fire apparatus. When the proper signal is given they shall return to their respective floors at head of their squads.

MONITORS will at all times see that those under their charge conduct themselves in a respectable and orderly manner.

## Rule 9. Holding of Drills.

FIRE DRILLS shall be held at least once each month at varied hours of the day, and all of the occupants shall participate therein simultaneously. Such drills shall conduct all occupants to a place of safety.

Where dual operation interior fire alarm systems are installed as permitted under Rule 10.1 of the interior fire alarm rules of the Board of Standards and Appeals, the fire drill conducted each month shall include all of the persons on the premises engaged at work for a factory, and drills shall be conducted at least twice, each year in which all of the persons on the premises shall participate simultaneously.

## Rule 10. Duties of Owner.

It shall be the duty of the OWNER, LESSEE OR TENANT OF THE BUILDING or his authorized agent or their representatives to personally observe that the "Fire Drill" is held simultaneously on every floor of the

building and the participation therein of every occupant of such building. Any FIRE DRILL in which all of the occupants do not participate shall not be considered as complying with the LAW, except as otherwise provided in these rules.

The person or persons representing the OWNERS, LESSEE OR TENANT, who supervises the FIRE DRILL at the building shall submit to an examination by the Division of Fire Prevention as to their experience and general fitness for such duties, and shall be so certified in writing by the FIRE COMMISSIONER.

It shall be the duty of the ENGINEER, SUPERINTENDENT or other PERSON IN CHARGE of a building having an interior fire alarm system to test such system daily immediately after the beginning of business, and to see that all apparatus operated by springs, requiring winding are rewound after each alarm and kept in normal condition for operation.

## Rule 11. Duties of Engineer.

Whenever it is necessary to test the fire alarm system at any other time of the day, owing to repairs, etc., being made, the PERSON IN CHARGE OF BUILDING will first notify all Foremen of the several floors of the intended test and likewise notify them when the repairs, etc. are completed. This precaution is taken to prevent confusion and excitement, also misunderstanding of the alarm signals.

It shall also be the duty of the PERSON IN CHARGE OF BUILDING to sound the interior alarm system at irregular intervals, but not less than once each calendar month, for the purpose of holding practice fire drills. He shall keep on the premises a record of such drills, showing the date when held and the required time for all occupants to reach the street or a point of safety outside the building.

The PERSON IN CHARGE OF BUILDING must immediately acquaint new tenants of the existence of the "Fire Drill" Organization and its purport.

## Rule 12. Registration.

The name and address of every person, corporation or co-partnership, that will, under professional service, carry on the trade, business or calling of establishing, maintaining or supervising the "Fire Drill" shall be registered in the Fire Department, which Department shall, upon evidence of fitness, grant a certificate to that effect.

# NOTICE

## WARNING

Notice is hereby given to all appellants and applicants, and to all lawyers, architects and engineers representing owners or lessees in proceedings before the Board—

*First*, That if they do not appear in person or by representative at the hearing of their case, dismissal for lack of prosecution is likely to result.

*Second*, That due and ample notice of the date set for hearing is provided in the publication of this BULLETIN of the calendars of the Board, each case being set down by calendar Number and the premises under the date of the hearing.

*Third*, That no plea of ignorance of the date of the hearing can be entertained in view of this publication and of the posting of the calendars on the bulletin board in the offices of the Board.

*Fourth*, That no one is entitled to written notice of the date for the hearing in his case, and that the plea of failure to receive such notice is no excuse for neglect to appear.

*Fifth*, That the business of the Board is to dispose of all cases promptly; therefore, no appeal or application will be held in abeyance by reason of failure of the appellant or applicant to file necessary data, or by any other method of delay.

*Sixth*, That no appeal or application will be accepted for filing unless, at the time of filing, all papers, plans and data required by law are supplied, as specified on the blank appeal or application forms.

Applicants, under the Zoning Resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying property owners, they may obtain such copies at the office of the Board of Standards and Appeals, 80 Lafayette Street, 9th Floor, Manhattan, at five cents each—add postage payment if the forms are forwarded by mail. Purchase payment by postage stamps NOT ACCEPTABLE.

(Continued from Page 1073)

Valentino Calderone and Nancy Calderone, objecting property owners, seeking a review of the Board's determination on July 19, 1960 of the application reopened March 15, 1960 as Volume II, granting a variance under Sections 7c and 21 of the Zoning Resolution, to permit in a retail and residence use district, the extension of building and retail furniture store, using more than the area permitted; Calendar Number 1047-22-BZ—Vol. II; Premises 14 West Fordham Road, southeast corner of Davidson Avenue, Block 3199, Lot 77, Borough of The Bronx.

\* \* \* \* \*

On August 30, 1960, Petition and Order of Certiorari was served on the Board by Robert Hannibal Ottaviano, attorney for petitioner, C.R.H.O., INC., owner, seeking a review of the Board's denial of July 12, 1960 of its application, based on a decision of the Borough Superintendent, under Sections 7e, 7f and 7i of the Zoning Resolution, to permit in a retail use district, the erection and maintenance of a gasoline service station, lubritorium, non-automatic car washing, office and sale of auto accessories, minor repairs with hand tools only, parking and storage of more than five (5) cars and ground sign in a retail use district, for a term of fifteen (15) years; Calendar Number 129-60-BZ; Premises 106-19 Rockaway Boulevard, northwest corner of 107th Street, Block 11473, Lot 7, Ozone Park, Borough of Queens.

\* \* \* \* \*

On September 2, 1960, Petition and Order of Certiorari was served on the Board by Braun and Braun, attorneys for petitioners, Eleanor Kask Friede and Danacarver, Inc., objecting property owners, seeking a review of the Board's determination on July 26, 1960, granting a variance under Section 21 of the Zoning Resolution, to permit in a business and residence use, B and D area,  $\frac{3}{4}$  and  $1\frac{1}{2}$  height district, the erection of a multiple dwelling with a north and south wing, the south wing located in a D area, Class  $\frac{3}{4}$  height district exceeds the permitted height and exceeds the permitted area coverage, the north wing located in a B area district, encroaches on the required rear yard; Calendar Number 338-60-BZ; Premises 37-39 West 12th Street, north side, 400 feet west of 5th Avenue, and 12-28 West 13th Street, south side, 235 feet west of 5th Avenue, Block 576, Lots 25, 27, 29, 30, 31, 33, 61 and 62, Borough of Manhattan.

#### ORDER TO SHOW CAUSE AND PETITION SERVED ON THE BOARD OF STANDARDS AND APPEALS.

On August 23, 1960, Order to Show Cause and Petition was served on the Board by C. Dino Efstation, attorney for petitioners,

Arthur Foley, Sigmund Goracy, Odysseus Psomas, and William C. Anderson, Horace Lamb, objecting property owners, seeking a review of the Board's determination on April 19, 1960, granting a variance under Sections 7f, 7i and 7e of the Zoning Resolution, to permit in a retail use district, the erection and maintenance of a gasoline service station, lubritorium, car washing, non-automatic, minor auto repairs with hand tools only, parking of pleasure motor vehicles awaiting service with show window, signs and curb cut within 75 feet of a residence use district, for a stated term of fifteen (15) years; Calendar Number 180-59-BZ; Premises 1600 Forest Avenue, southeast corner of Pontiac Street, Block 1436, Lot 1, Port Richmond, Borough of Richmond.

#### COURT DECISIONS.

**Matter of Solomon vs. Murdock:**—On December 17, 1957 the Board amended a resolution adopted by the Board on April 28, 1953, by permitting gasoline pumps and approved tanks as indicated on revised plan; also extending accessory building along the southerly lot line for use as shown on plans; Calendar Number 438-29-BZ Volume IV; Premises 406-418 Remsen Avenue, 958-966 Lenox Road and 2-6 East 58th Street, Borough of Brooklyn.

At Special Term, Supreme Court, Mr. Justice Brown affirmed the Board's determination and dismissed the certiorari. (N. Y. Law Journal, April 30, 1959, page 13).

At the Appellate Division, Supreme Court, Second Department, Proceeding No. 502, Matter of Solomon, ap. (Murdock, res.)—Motion referred to the court that rendered the decision. Beldock, Acting P.J.; Ughetta, Christ, Pette and Brennan, JJ., concur. Motion for reargument denied, without costs. Motion for leave to appeal to the Court of Appeals denied. (N. Y. Law Journal, April 19, 1960, page 11).

At the Court of Appeals, Proceeding No. 368, Solomon, ap., v. Murdock, res. (Arwald Const. Corp., intervenor-res.)—Motion for leave to appeal denied, with \$10 costs and necessary printing disbursements. (N. Y. Law Journal, July 12, 1960, page 6).

Notice—Appeals as to Multiple Dwellings.

### COURT DECISIONS.

Matter of McCall vs. Murdock:—On March 17, 1959, the Board granted a variance under Section 7e of the Zoning Resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station with accessory minor auto repairs, car washing, non-automatic, office, sale and parking of cars awaiting servicing all for a temporary term of fifteen (15) years; Calendar Number 653-58-BZ; Premises 2985 Edson Avenue, southwest corner of Adea Avenue, Block 4797, Lot 1, Borough of The Bronx.

At Special Term, Supreme Court, Mr. Justice Loreto affirmed the determination of the Board, vacated the order of certiorari and dismissed the petition. (N. Y. Law Journal, August 17, 1960, page 6).

\* \* \* \* \*

Matter of La Vecchia vs. Board:—On July 24, 1959 the Board denied the appeal from a decision of the Borough Superintendent re proposed Bowling Alleys, local retail district, permit revoked—issued in error, Calendar Number 279-59-A; Premises 1630-1640 Gun Hill Road, southeast corner of Kingsland Avenue, Block 4538, Lots 9, 13, 14, 15, 20, 22 and 24, Borough of The Bronx.

At Supreme Court, Special Term, Part I, Mr. Justice Loreto affirmed the Board's determination, vacated the order of certiorari and dismissed the petition. (N. Y. Law Journal, June 30, 1960, page 7).

### NOTICE

1—CALENDAR: Notices of public hearing on applications for zoning variances, will be published twice: first publication, listing new cases set for hearing, in the Bulletin available to the public at least 14 days before the date of hearing; second publication, in the last Bulletin available to the public immediately prior to the hearing date. The second publication will be augmented with a listing of cases laid over from previous hearings. Attention is directed to the MINUTES of such previous hearings, where the reasons for laid over cases will have been published. Notices of public hearing on applications for approval of materials and appliances will be published once, at least 10 days prior to the hearing date.

2—MINUTES: The publication of the "digest" of the applicant's statement has been discontinued, except that the administrative orders, decisions, etc., which are the subject of each application or appeal will be published. The summary of information given in the Appeal Form (Form A) shall be published for Administrative Appeals. The Board will continue to publish such other matters as it may deem advisable.

### HOURS OF CONSULTATION

10 A.M. to 1 P.M.

Any person desiring to consult the Chairman, the Commissioners, Director or the Engineers, pertaining to the work of the board, will be seen only between the hours of ten in the morning and one in the afternoon—Saturdays excepted.

# CALENDAR

## THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 20, 1959 after due notice by publication in the Bulletin; laid over to February 10, 1959 for inspection and decision—hearing closed; thereafter laid over, date to be set; applicant to notify the Board after he has heard from the Bureau of Real Estate as to acquiring adjoining Lot No. 5—hearing previously closed; for further consideration;

and  
WHEREAS, a public hearing was held on this application on July 19, 1960 after due notice by publication in the Bulletin; laid over to September 13, 1960 for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent,

dated July 16, 1958 acting on N.B. Applic. No. 1018-58, reads:

"1. The reconstruction of an existing gasoline station & lubritorium partly in a Residence Use District & partly in a business use District, previously granted by the Bd. of St. & A. under Cal. #54-36-BZ, Vol. II and the additional uses of auto laundry (non-automatic), minor auto repairs with hand tools only for adjustments maintained solely within the accessory bldg. & parking of cars awaiting service is contrary to Art. II Sections 3 & 4A (29) (46) of the Zoning Resolution."

as amended by the decision of the Borough Superintendent, dated May 11, 1960, acting on N.B. Applic. No. 1018-58, which reads:

"1. The reconstruction and extension in area of an existing gasoline service station, lubritorium, auto laundry and parking of motor vehicles awaiting service partly in a Business Use District and partly in a Residence Use District, previously granted by the Bd. of S & A under Cal. No. 54-36-BZ, Vol. I and the additional use of minor auto repairs with hand tools only is contrary to Art. II Sections 4a (29) (46) and 3 of the Zoning Resolution."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions c and i of the Zoning Resolution.

*Resolved*, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Sections 7c and i of the Zoning Resolution, to permit in a business and residence use district, the reconstruction and rehabilitation of an existing gasoline service station, lubritorium, auto laundry and the parking of cars awaiting service, and to extend the area and uses to include accessory minor auto repairs with hand tools only, the proposed reconstruction to provide a new accessory building, additional gasoline tanks and the relocation of the gasoline pumps and curb cuts *on condition* that the work be done in accordance with drawings filed with this application dated May 13, 1960, 4 sheets; on the *further condition* that the light pole at the west end of Gravesend Neck Road front be omitted; that the new curb cut be located ten feet from the west end of the Gravesend Neck Road front instead of five feet; that there shall be no revolving signs; that all laws, rules and regulations applicable shall be complied with; that all permits shall be obtained, all work completed and a certificate of occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

## 164-37-BZ—Vol. IV.

**APPLICANT**—Leonard F. Rothkrug for Flyman Holding Co., Inc., owner.

**SUBJECT**—Application reopened July 6, 1960 for consideration as to extension of term of variance, expiring March 13, 1961—decision of the Borough Superintendent, previously granted on condition, under Section 7f of the Zoning Resolution, permitting in a business use district, the erection and maintenance of a gasoline service station, accessory sales, car-washing, lubritorium and office and permitting the existing parking and storage of more than five (5) motor vehicles on balance of plot.

**PREMISES AFFECTED**—9716-9726 Church Avenue and 494-542 East 98th Street, southwest corner, Block 4718, part of Lot 42, Borough of Brooklyn.

## APPEARANCES—

For Applicant: Philip Granata.

For Opposition: None.

**ACTION OF BOARD**—Term of variance extended.

## THE RESOLUTION—

WHEREAS, on March 31, 1951 this application (Vol. III), as thereafter amended on January 25, 1955 as Vol. IV, was granted by the Board on certain conditions; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which will expire by time limitation March 13, 1961; and

WHEREAS, this application was reopened on July 6, 1960 and set for hearing on September 13, 1960 at 10 A.M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on September 13, 1960 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated May 23, 1960 acting on N.B. Applic. No. 956-49, reads:

"1. The term of variance granted under Cal. No. 164-37-BZ, C.O. 136288 expires on March 13, 1961 and may not be extended unless the extension is approved by the Board of Standards and Appeals."

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on March 31, 1951, as amended through January 25, 1955, under Vol. IV, only as to the term of the variance, so that as amended it shall read:

"granted for a term of five (5) years from the date of this *amended* resolution, to permit . . . ; that other than as herein *amended* the resolution above cited shall be complied with in all respects; and that a new certificate of occupancy shall be obtained."

## 514-45-BZ—Vol. II

APPLICANT—Leonard F. Rothkrug for D. D. Blackman, Inc., owner; Ethical Products, Inc., lessee.

SUBJECT—Application reopened July 6, 1960 for consideration as to extension of time to complete, expired March 10, 1960—decision of the Borough Superintendent, previously granted on condition, under Section 7c of the Zoning Resolution, permitting in a manufacturing and retail use district, the manufacture of metal products, assembly of machines and machine parts with accessory spraying, welding and loading and unloading.

PREMISES AFFECTED—2339-2351 Bedford Avenue and 2302 Tilden Avenue, southeast corner, Block 5135, Lot 1, Borough of Brooklyn.

## APPEARANCES—

For Applicant: Philip Granath.

For Opposition: None.

ACTION OF BOARD—Time extended to complete the work.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5  
Negative: ..... 0

## THE RESOLUTION—

WHEREAS, on March 10, 1959, this application—Vol. II—was granted by the Board on certain conditions; and

WHEREAS, the applicant requested reopening of this application and extension of time, to obtain permits and complete the work, which had expired by time limitation March 10, 1960; and

WHEREAS, this application was reopened on July 6, 1960 and set for hearing on September 13, 1960 at 10 A.M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on September 13, 1960 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent,

dated May 24, 1960 acting on Alt. Applic. No. 337-58, reads:

"1. As application has expired on March 10, 1960 as per Section 22A of the Zoning Resolution, proposed extension of time on Calendar #514-45-BZ is referred to the Bd. of Standards and Appeals."

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on March 10, 1959, only as to the time to obtain permits and complete the work, so that as amended this portion of the resolution shall read:

"that the provisions of Section 22A of the Zoning Resolution shall apply from the date of this *amended* resolution; and that a certificate of occupancy shall be obtained."

## 826-49-BZ

APPLICANT—Samuel Garnett for Martin J. Keating, owner.

SUBJECT—Application reopened July 6, 1960 for consideration as to extension of term of variance, expired May 24, 1960—decision of the Borough Superintendent, previously granted on condition, under Section 7e of the Zoning Resolution, permitting in a residence use district, the change in occupancy from stable to cooperage and barrel storage.

PREMISES AFFECTED—118 Sullivan Street, west side, 125 feet south of Prince Street, Block 504, Lot 28, Borough of Manhattan.

## APPEARANCES—

For Applicant: Samuel Garnett.

For Opposition: None.

ACTION OF BOARD—Term of variance extended.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5  
Negative: ..... 0

## THE RESOLUTION—

WHEREAS, on May 9, 1950, this application was granted by the Board on certain conditions; and

WHEREAS, the term of variance was extended on May 24, 1955 for a period of five years; and

WHEREAS, the applicant states that this area has not changed its character since the last previous extension when this variance was granted; that nor has the use, height and area designation been changed; that this business is occupied by the owner of the property in a lawful manner under Certificate of Occupancy #44307 according to the provisions of the Calendar Number 826-49-BZ and in a manner not detrimental to the neighborhood; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which had expired by time limitation on May 24, 1960; and

WHEREAS, this application was reopened on July 6, 1960 and set for hearing on September 13, 1960 at 10 A.M., requiring a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated May 12, 1960, acting on Alt. Applic. 1858-49, reads:

"Before the application for a certificate of occupancy can be considered, it will be necessary to apply to the Board of Standards & Appeals for an extension of the term of the variance granted by the Board under Cal. #826-49-BZ.

The present term of the variance will expire May 24, 1960."

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on May 9, 1950, as amended through May 24, 1955 only as to the term of the variance, so that as amended it shall read:

"granted under Section 7e, for a term of five (5) years from the date of this *amended* resolution, to permit . . . ; that other than as herein *amended* the

# MINUTES

resolution above cited shall be complied with in all respects; and that a new certificate of occupancy shall be obtained."

## 678-54-BZ—Vol. II

APPLICANT—Leonard F. Rotlikrug for Lomac Realty Corporation, owner.

SUBJECT—Application reopened January 12, 1960 as Volume II—decision of the Borough Superintendent, under Section 7c of the Zoning Resolution, to permit in an unrestricted and business use district, a boiler room extension to a diaper laundry previously granted by the Board and to permit an additional lot to be used for accessory parking, loading and unloading.

PREMISES AFFECTED—56 and 60-64 Hope Street, south side, 100 feet west of Marcy Avenue and 339 Grand Street, Block 2384, Lots 10 and 12, Borough of Brooklyn.

### APPEARANCES—

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 19, 1960 after due notice by publication in the Bulletin; laid over to September 13, 1960 for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated April 20, 1960 acting on Alt. Applic. No. 2130-59, reads:

"1. Proposed parking, loading and unloading in conjunction with an adjoining diaper laundry located in an unrestricted and business zone is contrary to Art. II Section 4 (a) (51) of the Zoning Resolution on Cal. #638-54-BZ."

and

WHEREAS, the decision of the Borough Superintendent, dated April 26, 1960 acting on Alt. Applic. No. 2131-60, reads:

"1. Proposed boiler room extension and opening into adjoining lot, in connection with diaper laundry located in an unrestricted and business use district is contrary to Art. 2, Sect. 4a (51) of the Zoning Resolution and Cal. #678-54-BZ."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7c of the Zoning Resolution, to permit in an unrestricted and business use district, a boiler room extension to a diaper laundry, previously granted by the Board, and to permit an additional lot to be used for accessory parking, loading and unloading on condition that the work be done in accordance with drawings filed with this application dated May 19, 1960, 4 sheets; that all laws, rules and regulations applicable shall be complied with; that all permits shall be obtained, all work completed and a certificate of occupancy obtained within the provisions of Section 22A of the Zoning Resolution.

## 65-55-BZ—Vol. III

APPLICANT—Larry Meltzer for 325 North Macquesten Parkway Corporation, owner.

SUBJECT—Application reopened December 1, 1959 as Volume III—decision of the Borough Superintendent, under Section 7c of the Zoning Resolution, to permit in a business, retail and residence use district, the extension of the present legal parking lot used in conjunction with the existing gasoline service station, public garage and automatic auto laundry and extend these uses to include the sales and storage of auto tires.

PREMISES AFFECTED—486 to 496 Coney Island Avenue, west side, 91 feet, 9 1/8 inches, south of Church Avenue, 804 to 826 Church Avenue, southside, 94 feet, 1/2 inch west of Coney Island Avenue, Block 5341, Lots 5, 8 and 17, Borough of Brooklyn.

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 28, 1960 after due notice by publication in the Bulletin; laid over to July 6, 1960 at the request of an objector; then to July 19, 1960 for inspection and decision; hearing closed; then to September 13, 1960 for decision; applicant to file revised drawings; and

WHEREAS, the decision of the Borough Superintendent, dated October 23, 1959 acting on Alt. Applic. No. 347-54, reads:

"1. Proposed change of occupancy and extension of a use on a plot partly in a Business, Retail and Residence Use District, with such a plot to be used for Public Garage for more than five (5) Motor Vehicles, Gasoline Selling Station, Sales and Storage of Tires and Auto Accessories and Auto Laundry and Office, and Parking and Storage for more than five (5) Motor Vehicles in the open portion of the plot is contrary to Article II, Paragraphs 3 and 4-A and Paragraph 4-a, Subsections 15, 46 and 52 of the Zoning Resolution."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7c, to permit in a business, retail and residence use district, the extension of the present legal parking lot used in conjunction with the existing gasoline service station, public garage and auto laundry and extend these uses to include the sales and storage of auto tires, on condition that the work shall be done in accordance with revised drawings filed with this application dated September 12, 1960, 5 sheets; that a split sapling fence not less than six (6) feet high shall be constructed along the south and west sides of Lot 5, except where the building walls and brick fence are shown, with the finished face toward the neighboring properties, separating that area from the residence district; that all laws, rules and regulations applicable shall be complied with; that all permits, including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

## 170-58-BZ—Vol. II

APPLICANT—Louis Leiberman for Sadie Wugman, owner.

SUBJECT—Application reopened May 3, 1960 as Volume II—decision of the Borough Superintendent, under Sections 7f and 7i of the Zoning Resolution, to permit in a business use district, the erection and maintenance of a

# MINUTES

gasoline service station, lubritorium, minor auto repairs, car washing, storage, office and sales, parking and storage of motor vehicles and ground signs in conjunction with above use.

PREMISES AFFECTED—583-593 Sixth Avenue, eastside, 93.8 feet south of 16th Street, Block 1054, Lots 10, 11, 12, 13, 14 and 15, Borough of Brooklyn.

For Opposition: None.

ACTION OF BOARD—Application denied.

## THE VOTE TO GRANT—

Affirmative: Commissioner Fox ..... 1

Negative: Chairman Foley, Vice Chairman Kleinert,

Commissioner Sleeper and Commissioner Becker .... 4

## THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 19, 1960 after due notice by publication in the Bulletin; laid over to September 13, 1960 for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated March 24, 1960 acting on N.B. Applic. No. 309-60, reads:

"1. Proposed building and premises, in a Business Zone, to be used for gasoline service station, lubritorium, minor auto repairs, car washing, storage, office and sales, parking and storage of motor vehicles is contrary to Article II, PP. 4a, subsections 29 and 46 of the Zoning Resolution.

"2. Proposed post signs (ground signs) in a Business zone are contrary to Article II, PP. 49 of the Zoning Resolution."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivisions f and i of the Zoning Resolution; and

WHEREAS, the Board found that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

*Resolved*, that the decision of the Borough Superintendent, acting on N.B. App. 309-60, Objection Nos. 1 and 2 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

## THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 19, 1960 after due notice by publication in the Bulletin; laid over to September 13, 1960 for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated December 29, 1959 acting on Alt. Applic. No. 2190-59, reads:

"1. The proposed extension to a bldg. used for office, beer storage, retail sale of ice, coal & soft drinks distributor, fruit stand and factory in a Res. use district is contrary to Art. II Sec. 3 Zone Res.

"2. The proposed extension in the G-1 area portion of the lot exceeds the permissible area of coverage, lacks the required setback from the street line, encroaches in the 20' min. distance from the rear line of lot, and lacks the required side yard. Art. IV, 16-C, b, c, & e Zone Res."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use and area district regulation of the Zoning Resolution and that the application be and it hereby is granted under Sections 7c and 21, to permit in a local retail and residence use, G-1 area district, the erection of a one story extension in the residence use, G-1 area portion of the plot, exceeding the area coverage and extending the present commercial use, on condition that the work shall be done in accordance with drawings filed with this application dated December 30, 1959, 3 sheets and June 10, 1960, 5 sheets; that the use of the building shall remain substantially as it is at present; that all laws, rules and regulations applicable shall be complied with; that all permits, including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

## THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 19, 1960 after due notice by publication in the Bulletin; laid over to September 13, 1960 for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated April 11, 1960 acting on N.B. Applic. No. 508-60, reads:

"1. The proposed Super Market, loading and unloading and parking for patrons and employees cars in a plot located partly within a Business Use District and partly within a Residence Use District is contrary to Article II, Section 3 of the Zoning Resolution.

2. The proposed business sign, show window and business entrance and exit exceeding 3 feet 6 inches, located within seventy-five (75) feet of the Residence Use District is contrary to Section 7A of the Zoning Resolution.

3. The proposed business entrances (curb cuts) located within a Residence Use District is contrary to Article II Section 3 of the Zoning Resolution."

# MINUTES

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions c and A of the Zoning Resolution.

*Resolved*, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Sections 7c and A, to permit in a business and residence use district, the erection of a one story and cellar building for use as a supermarket, extending from the business use into the residence use portion of the plot with business entrance and exit exceeding 3 feet 6 inches within 75 feet of the residence use district, loading and unloading, and employee and patron parking, *on condition* that the work shall be done in accordance with drawings filed with this application dated April 26, 1960, 6 sheets; that all laws, rules and regulations applicable shall be complied with; that all permits, including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

Adjourned: 2:45 P.M.

JAMES P. MULROY, *Secretary*

## REGULAR MEETING TUESDAY AFTERNOON SEPTEMBER 13, 1960, 2 P.M.

Present: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker.

#### THE RESOLUTION—

WHEREAS, this application was granted by the Board on January 15, 1957 on certain conditions; and

WHEREAS, the term of variance was extended on July 8, 1958; and

WHEREAS, the applicant requested an amendment of the resolution; and

WHEREAS, the owners agree that the Quick Response Service will be maintained; that power will be maintained at all times; and that the elevators will be at lobby level when the building is normally closed, in accordance with the provisions of General Resolutions adopted by the Board under Calendar Number 630-56-GR.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on January 15, 1957,

as *amended* through July 8, 1958, by adding thereto:

"that the automatically controlled elevators may be permitted, *on condition* that other than as herein *amended* the resolution above cited shall be complied with in all respects; and that the service shall be maintained in accordance with the requirements of resolutions adopted by the Board under Calendar Number 630-56-GR."  
(Fire Dept. Decision 6/29/60)

### 556-60-A

APPLICANT—Albert Melniker for David Steinberg and Sons and Harry Steinberg, owners.

SUBJECT—Application July 20, 1960—Filed pursuant to Section 36, Article 3 of the General City Law re—proposed building not fronting on legally mapped street—Dora Street.

PREMISES AFFECTED—11 Dora Street, north side, 95.11 feet west of Woolley Avenue, Block 472, Lot 62, Westerleigh, Borough of Richmond.

#### APPEARANCES—

For Applicant: Albert Melniker.

ACTION OF BOARD—Appeal granted on condition.

#### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5  
Negative: ..... 0

#### THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated July 12, 1960 on N.B. Applic. 950-60, reads:

"1. Proposed building is on a lot not located on a legal city street. Proposed construction is contrary to Article #3, Section 36 of the General City Law."

and

WHEREAS, the applicant states that the building will be 26 feet by 45 feet in area, 1 story, 19 feet high, of class 4 construction, to be located on a plot 44 feet by 100 feet in area, in a residence use, E area, class 1 height district; that the property is located on Dora Street which was not adopted as a legal street; that the street in front of the property has in addition to the privately installed sewer; gas installed by the Brooklyn Union Gas Company; electricity installed by the Con Edison Company; and water installed by the City of New York, as well as telephone installed by the New York Telephone Co., and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

*Resolved*, that the decision of the Borough Superintendent, acting on NB App. 950-60, Objection No. One be and it hereby is *modified* under the powers vested in the Board by Section 36 of the General City Law, and that the appeal be and it hereby is *granted*, *on condition* that the premises conform to drawings filed with this appeal dated July 20, 1960, 2 sheets; on the further condition that if it is necessary to perform some work at some future date to conform to the legal grade, the expense of such work shall be borne by the owner; and that a certificate of occupancy shall be obtained.

### 564-60-A

APPLICANT—Louis Tolas, owner.

SUBJECT—Application July 25, 1960—Filed pursuant to Section 36, Article 3 of the General City Law re—erection of building not facing legally mapped street—Melvin Avenue.

PREMISES AFFECTED—167 Melvin Avenue, north side, 283 feet east of Victory Boulevard, Block 2634, Lot 56, Travis, Borough of Richmond.

#### APPEARANCES—

For Applicant: Marian Tolas.

ACTION OF BOARD—Appeal granted on condition.

# MINUTES

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Sleeper, Commissioner Fox and  
Commissioner Becker ..... 5  
Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent,  
dated July 13, 1960 on N.B. Applic. 968-60, reads:

"1. Contrary to General City Law Article 3 Sec-  
tion 36."

and

WHEREAS, the applicant states that the plot is 94.68 by 75  
feet in area, presently vacant, located in a residence use,  
E area and class 1 height district; that it is proposed to  
erect a one story structure, 16 feet high, of class III con-  
struction, to be occupied as one family dwelling and at-  
tached garage; and

WHEREAS, the applicant contends that the general area of  
Travis has a normal slope toward the Kill Van Kull River,  
where all sewage and drainage is emptied; that the street  
on which this building will be erected, has all facilities,  
such as sewer, electric, gas and city water and the street  
has Macadam finish; that this building is adjacent to a  
Public School, which occupies a large area of the street  
front next to this property; that if any grades are to be  
established, the existing grades would be held as they are  
now; that Travis is an ideal laid out ground slope for the  
disposal of sewage and drainage; that the block on which  
this building is proposed is now almost fully developed with  
houses, there is but one unoccupied lot left in the block; and

WHEREAS, the Borough President of Richmond has ad-  
vised this Board that Melvin Avenue, adjacent to the above  
premises, is shown on the tax maps as a street 50 feet  
wide, by scale; that it has not been final mapped; that in  
the future it will be final mapped and adopted by the Board  
of Estimate to a 60 foot width; that the existing grades of  
this street conform reasonably close to the grades proposed  
to be adopted in the future; and,

WHEREAS, the premises were inspected by a committee of  
the Board, which recommended that the appeal be granted  
under certain conditions.

*Resolved*, that the decision of the Borough Superintendent,  
acting on N.B. App. 968-60, Objection No. One be and it  
hereby is *modified* under the powers vested in the Board  
by Section 36 of the General City Law, and the appeal  
be and it hereby is *granted*, on condition that the building  
conform to drawings filed with this appeal dated July 25,  
1960, 5 sheets; and that a certificate of occupancy be ob-  
tained.

## RULES

### RULES RELATING TO SMOKING IN PROTECTED PORTIONS OF FACTORIES, AND IN SPECIAL CLASSES OF OCCUPANCIES.

Adopted by the Board of Standards and Appeals August 13, 1918, effective September 9, 1918, under the powers conferred upon the Board by Section 718-a, Subsections 2 and 3 (Old Charter) to supplement Section 283 of the Labor Law (Old Section 83c).

[Cal. 1262-18-SR]

#### Labor Law

##### Section 283. Smoking.

1. No person shall smoke in a factory. A notice of such prohibition stating the penalty for violation thereof shall be kept posted in every entrance hall, elevator, stair hall and room of a factory in English, and in such other languages as the fire commissioner of the city of New York in such city and elsewhere the commissioner shall direct.

2. The board in its rules may permit smoking in protected portions of a factory, or in such classes of occupancies where in its opinion the safety of the employees will not be endangered thereby. The fire commissioner of the city of New York in such city and elsewhere the commissioner may issue such permits in accordance with rules adopted by the board.

3. The fire commissioner of the city of New York in such city and elsewhere the commissioner shall enforce this section.

#### RULE 1. Permit.

(a) **Prohibition.** No person shall smoke, or carry a lighted cigar or cigarette in any factory as defined in Article 1, Section 2, of the State Labor Law, nor in any portion of a factory, within the City of New York, except in such protected portions or special classes of occupancies as are specified in Rule 2 of these rules, and then only after the issuance of a permit by the administrative official.

It shall be the joint and several duty of the owner and of the lessee or lessees of the building containing such factory or factories to cause to be posted in each and every entrance hall, stair hall or room throughout the building, as well as in every elevator car, in English, and also in such other language or languages—as the administrative official shall direct, a notice of such prohibition, and the penalty for its violation.

(b) **Application.** Application for such permit shall be made only by the owner of the building on suitable blank forms to be furnished by the administrative official.

(c) **Time Limit.** Such permit shall be for a definite period, not exceeding one year, and shall not be renewed upon the expiration until a reinspection of the premises for which it is issued has been made for the purpose of determining whether existing conditions warrant a renewal.

(d) **Conditions.** The permit shall state the conditions under which the hours between which, and the place or places in such factory where smoking may be permitted, and this

permit shall be framed and kept posted in a conspicuous place in the factory.

(e) **Revocation.** Violation of any of the conditions specified in the permit in addition to incurring such penalties as are prescribed by law, shall be full and sufficient cause for the revocation of such permit by the administrative official, and shall not again issue a permit for the same premises until at least one year has elapsed.

#### Rule 2. Permissible Cases.

Smoking may be permitted in:

(a) Factories engaged in the manufacture of cigars, cigarettes, or smoking tobacco, when necessary for the efficient conduct of the business, provided that:

(1) No smoking other than that for sampling, testing and experimental purposes is carried on.

(2) Such smoking is conducted in a room provided especially for that purpose, separated from the rest of the building by fireproof or fireresisting partitions, with all openings therein protected by selfclosing fire doors, and further, unless the building is of fireproof construction or provided with an approved automatic sprinkler system, the floor and ceiling of such room shall be covered with fire retarding material.

(3) Such chemical fire extinguishers as the administrative official may direct are installed.

(4) All waste paper and other inflammable waste materials are deposited in fireproof receptacles.

(b) Factories devoted entirely to one of the following occupancies:

Blacksmithing or horseshoeing;  
Boiler making;  
Brick, terra cotta or artificial stone works;  
Forge shops;  
Foundries;  
Iron, steel, brass or copper works;  
Machine shops;  
Smelting;  
Stone or monumental works;

provided that in any case:

(1) The building is not of wooden construction;

(2) Such chemical fire extinguishers as the administrative official may direct are installed;

(3) All waste paper and other inflammable waste materials are deposited in fireproof receptacles.

## NOTICE

### APPEALS AS TO MULTIPLE DWELLINGS

The Legislature, under Chapter 333 of 1948, has clarified Section 60 of the Multiple Dwelling Law by describing the agency authorized to grant variances under this Section, so as clearly to mean in New York City—the Board of Standards and Appeals.

Chapter 508 of 1948 has also been adopted by the Legislature, amending the Multiple Dwelling Law to provide under new Section 310, for a Board of Appeals. By description the Board of Appeals means in New York City—the Board of Standards and Appeals. Section 310 is further amended by Chapter 805 of 1959 and provides as follows as to appeals:

#### LAWS OF NEW YORK—By Authority Chapter 508 of 1948

§ 310. Board of appeals. 1. As used in this section "board" shall mean the agency of a city constituted as a board and authorized by law both to grant variances of the zoning resolution and to make rules supplemental to laws regulating construction, maintenance, use and area of buildings.

2. Where the compliance with the strict letter of this chapter causes any practical difficulties or any unnecessary hardships the board shall have the power, on satisfactory proof at a public hearing, provided the spirit and intent of this chapter are maintained and public health, safety and welfare preserved, and substantial justice done, to vary or modify any provision or requirement of this chapter, or any rule, regulation, supplementary regulation, ruling or order of the department with respect to the provisions of this chapter, as follows:

a. For multiple dwellings and buildings existing on July first, nineteen hundred forty-eight, provisions relating to:

- (1) Height and bulk;
- (2) Required open spaces;
- (3) Minimum dimensions of yards or courts;
- (4) Means of egress; or
- (5) Basements and cellars in dwellings erected on or after April twelfth, nineteen hundred one.

b. For multiple dwellings and buildings erected or to be erected after July first, nineteen hundred forty-eight, and such dwellings thereafter altered or to be altered, provisions relating to:

- (1) Required open spaces; or
- (2) Minimum dimensions of yards or courts.

Variations or modifications may be granted pursuant to this paragraph b only on condition that open areas for light and air are provided which are at least equivalent in area to those required by the applicable provisions of this chapter.

3. An application for such a variance or modification may be made by any person aggrieved or by the head of any public agency, within such time and under such procedural conditions and rules as may be prescribed by the board. The board shall fix a reasonable time for the hearing of such application and shall require that due notice be given of the time and place of such hearing to the applicant and to the department. Any person or a duly authorized representative of any public agency may appear at any such hearing and be heard on any such application.

4. In every case the board shall state the reason or reasons for its decision. All decisions of the board shall be subject to review in the same manner as is provided by law for review of decisions of such board respecting variances of the zoning resolution.

5. A record of all decisions of the board, indexed according to the section or sections of this chapter affected thereby, shall be kept in the office of the board. Such record shall be open to public inspection at all times during business hours.

Minutes of Regular Meeting, Tuesday Afternoon, September 20, 1960, Affecting Calendar Numbers 221-34-SA, 583-44-SM, 770-45-SM, 477-46-SA—Vol. III, 119-47-SM, 296-47-SM, 690-47-SM, 862-48-SM, 965-48-SA, 1105-48-SA, 622-49-SM, 647-49-SM, 1012-54-SM, 820-57-SM, 821-57-SM, 228-58-SA, 363-58-SM, 527-58-SM, 542-58-SM, 607-58-SA, 239-59-SM, 281-59-SM, 323-59-SA, 637-59-SA, 652-59-SM, 894-59-SA, 310-60-SA, 482-60-SA, 587-49-SM, 614-43-SM, 9-44-SM, 12-44-SM, 13-44-SM, 14-44-SM, 480-46-SA, 657-46-SA—Vol. II, 1004-46-SM, 1138-48-SM, 292-49-SA, 642-49-SM, 708-49-SA, 801-49-SA, 38-53-SM, 282-60-A, 119-60-A, 138-60-A, 283-60-A, 306-60-A, 319-60-A, 325-60-A, 342-60-A, 28-59-BZ, 312-24-BZ—Vol. II, 402-40-BZ, 209-46-BZ—Vol. VI, 395-46-BZ—Vol. III, 72-54-BZ—Vol. II, 698-54-BZ, 187-55-BZ, 102-57-BZ—Vol. II, 403-57-BZ—Vol. III, 275-58-BZ—Vol. III, 668-58-BZ—669-58-BZ and 356-59-BZ—Vol. II.

### NOTICE

1—CALENDAR: Notices of public hearing on applications for zoning variances, will be published twice: first publication, listing new cases set for hearing, in the Bulletin available to the public at least 14 days before the date of hearing; second publication, in the last Bulletin available to the public immediately prior to the hearing date. The second publication will be augmented with a listing of cases laid over from previous hearings. Attention is directed to the MINUTES of such previous hearings, where the reasons for laid over cases will have been published. Notices of public hearing on applications for approval of materials and appliances will be published once, at least 10 days prior to the hearing date.

2—MINUTES: The publication of the "digest" of the applicant's statement has been discontinued, except that the administrative orders, decisions, etc., which are the subject of each application or appeal will be published. The summary of information given in the Appeal Form (Form A) shall be published for Administrative Appeals. The Board will continue to publish such other matters as it may deem advisable.

### HOURS OF CONSULTATION

10 A.M. to 1 P.M.

Any person desiring to consult the Chairman, the Commissioners, Director or the Engineers, pertaining to the work of the board, will be seen only between the hours of ten in the morning and one in the afternoon—Saturdays excepted.

### PUBLIC HEARINGS

Tuesdays at 10 a.m. and 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held at 80 Lafayette Street, 9th Floor, Borough of Manhattan.

Corrections Affecting Calendar Numbers 924-59-BZ, 803-26-BZ—Vol. III, 38-47-SM—Vol. I and 239-56-SM.

Rules For Tests of Fire-Resistive Materials.

Negative: ..... 0

THE RESOLUTION—

WHEREAS, on February 3, 1959, this application was granted by the Board on certain conditions; and

WHEREAS, the applicant requested reopening of this application and extension of time, to obtain permits and complete the work, which had expired by time limitation February 3, 1960; and

WHEREAS, this application was reopened on June 28, 1960 and set for hearing on July 26, 1960 at 10 A.M., requiring new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on July 26, 1960 after due notice by publication in the Bulletin; laid over to September 20, 1960 for applicant to file

copy of contract, flow chart, revised drawing relocating curb cut and for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated May 4, 1960 acting on Alt. Applic. No. 1998-58, reads:

"1. As application has expired, under Section 22A of the Zoning Resolution, proposed extension of time is referred to the Board of Standards and Appeals."

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on February 3, 1959, only as to the time to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"that the provisions of Section 22A of the Zoning Resolution shall apply from the date of this *amended* resolution; and that a certificate of occupancy shall be obtained."

## 312-59-BZ

APPLICANT—Victor E. Block for J. C. Moss, owner; Rose Fontana, lessee.

SUBJECT—Application April 27, 1959—decision of the Borough Superintendent, under Section 7c of the Zoning Resolution, to permit in a residence use district, the construction of a covered passageway from the basement of the existing front building to the first floor of the existing rear building and extend the present restaurant use from the front building to the rear building.

PREMISES AFFECTED—113 West 13th Street, north side, 232 feet west of 6th Avenue, Block 609, Lot 52, Borough of Manhattan.

APPEARANCES—

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, and the committee recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision c of the Zoning Resolution; and

WHEREAS, the Board found that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decision of the Borough Superintendent acting on Alt. App. No. 146-60, Objection Nos. 1, 2, 3 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

## REGULAR MEETING

TUESDAY AFTERNOON, SEPTEMBER 20, 1960, 2 P.M.

Present: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker.

## 221-34-SA

**APPLICANT**—O. P. W. Corp., owner—permit a change in construction.

## APPEARANCES—

For Applicant: Stewart Pope.

**ACTION OF BOARD**—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

Negative ..... 0

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 221-34-SA—O. P. W. Corporation, Cincinnati, Ohio requested that the resolution adopted May 7, 1935 and amended July 16, 1940 under Cal. No. 221-34-SA be reopened and amended so as to permit a change in construction of the Metropolitan Curb Fill Box No. 138 for use in gasoline storage systems.

**DESCRIPTION:** The requested change in construction of the 2" and 3" No. 138 OPW Gasoline Fill Boxes would substitute a quick coupling type of connection, a No. 65 OPW Adaptor, within the box in place of the threaded connection as originally approved.

New fill boxes would be factory assembled incorporating this change and existing OPW fill boxes could be readily converted by merely removing the four cap screws that secure the flange of the threaded connection casting to the fill box body, removing the threaded connection and replacing it with the No. 65 bronze adaptor without removing the flash back screening or the check valve originally installed.

Connection between tank truck and fill box would be made by means of a suitable fitting attached to the discharge hose on the truck which would clamp on the adaptor to make a liquid tight connection.

When not in use, the adaptor will be kept closed with a No. 66 OPW Inner Cap which is designed to be locked on with a padlock. The outer flush type cap which bears the manufacturers name and the word "Gasoline" will remain as originally approved.

**RECOMMENDATION:** The Committee on Test recommends that the resolution adopted May 7, 1935 and amended July 16, 1940 under Cal. No. 221-34-SA be amended so as to permit a change in construction of the Metropolitan Curb Fill Box No. 138, 2" and 3" by providing a quick coupling connection with closure cap, a No. 65 OPW Adaptor and No. 66 Inner Cap in place of a threaded connection as described in this report, on condition that the other requirements of the resolution adopted May 7, 1935 and amended July 16, 1940 under Cal. No. 221-34-SA be complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,

JOHN A. DARTS,  
Asst. Engr.,

GEORGE F. SKLENARIK,  
Asst. Engr.,

**ACTION OF BOARD**—Resolution amended in accordance with the report and recommendation of Committee on Test.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Sleeper, Commissioner Fox and  
Commissioner Becker ..... 5  
Negative ..... 0

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
583-44-SM—Amendment to resolution as to change in astragal.

Atlantic Metal Products Inc., Long Island City, New York requested that the resolution adopted January 30, 1945 under Cal. 583-44-SM be amended so as to include an additional method of installing the astragal. The application was reopened by a vote of the Board on September 15, 1959.

USE: A 1½ hour fire resistive door.

DESCRIPTION: The proposed change consists of a rabbeted meeting stile instead of an astragal that is welded on one leaf of the door. The balance of the construction, insulation and thickness of the door are unchanged. The proposed change is in conformity with Drawing #M-1 marked "Received July 27, 1959."

RECOMMENDATION: The Committee on Test recommends that the resolution adopted January 30, 1945 under Cal. 583-44-SM be amended so as to include a rabbeted meeting stile as herein described on condition that the requirements of the resolution adopted January 30, 1945 under Cal. 583-44-SM be complied with.

(Sgd.) WILLIAM A. NOLAN,

Commissioner Sleeper, Commissioner Fox and  
Commissioner Becker ..... 5  
Negative ..... 0

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
770-45-SM—Amendment to resolution so as to permit additional use of Portland Emery Aggregate.

Walter Maguire Co., Inc., New York, requested that the resolution adopted June 21, 1955 under Calendar Number 770-45-SM be amended so as to permit the topping to be considered as part of the structural slab. The application was reopened by a vote of the Board, October 7, 1958.

USE: Wearing course for concrete floors.

DESCRIPTION: There has been no change in the chemical composition of the aggregate nor in its method of application from the presently approved material.

INSPECTION AND TEST: Comparative tests were conducted on 2" x 2" x 2" cubes. One set of cubes was 2" high of concrete and the other set of cubes was 1¾" high of concrete and ¾" of topping so that both sets were a total of 2" in height. The tests showed that at both the three and seven days test that the concrete with the topping was the stronger. The complete report is on file with and is part of the record.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted June 21, 1955 under Calendar Number 770-45-SM be amended so as to permit the ¾" topping to be considered as entering into the structural strength of the slab, on condition that the requirements of the resolution adopted June 21, 1955 under Calendar Number 770-45-SM be complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,

Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

## 477-46-SA—Vol. III

APPLICANT—Westinghouse Electric Corp., owner—additional models of washing machine.

## APPEARANCES—

For Applicant: Guy M. Ortiz.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Sleeper, Commissioner Fox and  
Commissioner Becker ..... 5  
Negative ..... 0

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
477-46-SA Vol. III—Amendment to resolution as to additional models of washing machine.

Westinghouse Electric Corp. requested that the resolution Dec. 10, 1946 and amended through Sept. 12, 1950 under Cal. 477-46-SA Vol. III be reopened and amended so as to include additional clothes washing machines.

USE: Automatic clothes washing machine, 9 lb. capacity.

DESCRIPTION: The requested Models RC-5 and RCM-5 are basically the same as the models previously approved under Cal. 477-46-SA Vols I, II, & III, the difference being in that the controls are designed for commercial coin meter operation and the styling of the cabinet in order to take care of that change. There has been no change in the water supply inlet feature of the equipment.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted December 10, 1946 and amended through Sept. 12, 1950 under Cal. 477-46-SA Vol. I be reopened and amended so as to include the Westinghouse Washing Machines Laundromat Models RC-5 & RCM-5 on condition that the requirements of the resolution adopted December 10, 1946 and amended through Sept. 12, 1950 under Cal. 477-46-SA Vol. III be complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

119-47-SM—Amendment to resolution as to additional size  
masonry unit and change of ownership.

The Cincrate Corp. requested that the resolution adopted  
June 17, 1947 and amended November 28, 1950 under Cal.  
119-47-SM be reopened and amended so as to include addi-  
tional size masonry units. The application was reopened by  
a vote of the Board July 21, 1959.

USE: Solid cinder masonry units.

DESCRIPTION: The blocks are manufactured in the same  
manner and of the same design mix as the blocks previously  
approved.

INSPECTION AND TEST: Samples of the blocks were  
tested at the Gulick & Henderson Laboratories Inc. in ac-  
cordance with the requirements of the Masonry Rules of the  
Board and the blocks so tested met the requirements. The  
report is on file with and is part of the record.

RECOMMENDATION: The Committee on Test recom-  
mends that the resolution adopted June 17, 1947 and amended  
November 28, 1950 under Cal. 119-47-SM be amended so as  
to include the additional size cinder masonry unit; 4" x 9" x  
18" and 6" x 9" x 18" on condition that the requirements of  
the resolution adopted June 17, 1947 and amended Novem-  
ber 28, 1950 under Cal. 119-47-SM be complied with.

The Committee further recommends that, as United States  
Plywood Corp. has filed an affidavit stating that the Cincrate  
Corp. is now a wholly owned subsidiary of United States  
Plywood Corp. that the owner-manufacturer be listed as  
the United States Plywood Corp.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does  
hereby *amend* the above cited resolution in accordance with  
the above report.

## 296-47-SM

APPLICANT—United States Plywood Corp., owner—  
amendment of resolution, change of ownership.

## APPEARANCE—

For Applicant: James A. Fitzpatrick.

ACTION OF BOARD—Resolution amended in accordance  
with the report and recommendation of Committee on Test.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Sleeper, Commissioner Fox and  
Commissioner Becker ..... 5  
Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
296-47-SM—Amendment to resolution as to change of owner-  
ship.

United States Plywood Corp. requested, by filing an  
affidavit, that the resolution July 22, 1947 under Cal 296-  
47-SM be reopened and amended so as to show a change of  
ownership. The Board, by its action of July 21, 1959 voted  
to dismiss a reopening of September 13, 1955 and voted to  
reopen as of July 21, 1959.

RECOMMENDATION: As the Inland Building Block  
Corp., Mineola, New York filed an affidavit stating that the  
Inland Building Block Corp. is the successor to the General  
Building Block Corp. and as United States Plywood Corp.  
filed an affidavit stating that the Inland Building Block Corp.  
is a wholly owned subsidiary of Cincrate Corp. which in turn  
is a wholly owned subsidiary of United States Plywood  
Corp., the Committee on Test recommends that the resolu-

tion adopted July 22, 1947 under Cal. 296-47-SM be amended  
so as to show a change of owner-manufacturer; new owner-  
manufacturer being United States Plywood Corp. on condi-  
tion that the requirements of the resolution adopted July 22,  
1947 under Cal 296-47-SM be complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does  
hereby *amend* the above cited resolution in accordance with  
the above report.

## 690-47-SM

APPLICANT—Bayonne Block Co., Inc., owner—additional  
size masonry units.

## APPEARANCES—

For Applicant: John Lavin.

ACTION OF BOARD—Application reopened and resolu-  
tion amended in accordance with the report and recom-  
mendation of Committee on Test.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Sleeper, Commissioner Fox and  
Commissioner Becker ..... 5  
Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
690-47-SM—Amendment to resolution as to additional size  
masonry units.

Bayonne Block Co., Inc. requested that the resolution  
adopted Dec. 9, 1947 and amended Dec. 1, 1959 under Cal.  
690-47-SM be reopened and amended so as to include addi-  
tional sizes of masonry units.

USE: Masonry units used in construction.

DESCRIPTION: The units are made of the same design  
mix as previously approved units, and on the same equip-  
ment.

INSPECTION AND TEST: Samples of the units were  
tested at the Jersey Testing Laboratories in accordance with  
the requirements of the Masonry Rules of the Board and  
all units complied with the requirements. The complete  
report is on file with and is part of the record.

RECOMMENDATION: The Committee on Test recom-  
mends that the resolution adopted December 9, 1947 and  
amended Dec. 1, 1959 under Cal. 690-47-SM be reopened and  
amended so as to include the following size masonry units:  
8" x 12" x 16" solid cinder, 8" x 8" x 16" solid cinder and  
2¼" x 3⅝" x 7⅝" concrete brick and 2¼" x 3⅝" x 7⅝"  
aglite brick on condition that the requirements of the resolu-  
tion adopted December 9, 1947 and amended Dec. 1, 1959  
under Cal. 690-47-SM be complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does  
hereby *amend* the above cited resolution in accordance with  
the above report.

## 862-48-SM

APPLICANT—Crossfield Products Corp., owner—amend-  
ment of resolution, additional trade name.

## APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Resolution amended in accordance  
with the report and recommendation of Committee on  
Test.

# MINUTES

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Sleeper, Commissioner Fox and  
Commissioner Becker ..... 5  
Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
862-48-SM—Amendment to resolution as to additional trade  
name.

Crossfield Products Corp. requested that the resolution  
adopted May 7, 1957 under Cal. 862-48-SM be amended so  
as to include an additional trade name. The application was  
reopened by a vote of the Board July 2, 1957.

USE: Roofing and floor covering.

DESCRIPTION: There has been no change in the com-  
position from the material presently approved.

RECOMMENDATION: The Committee on Test recom-  
mends that the resolution adopted May 7, 1957 under Cal.  
862-48-SM be amended so that when the material is used as  
a floor covering, it shall be known as Dex-O-Tex Neotex  
and when used as a roof covering it shall be known as  
Dex-O-Tex Weatherwear on condition that the requirements  
of the resolution adopted May 7, 1957 under Cal. 862-48-SM  
be complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does  
hereby *amend* the above cited resolution in accordance with  
the above report.

## 965-48-SA

APPLICANT—Franklin Mig. Company, owner—amend-  
ment of resolution, change of ownership and marketing  
under additional trade names.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Resolution amended in accordance  
with the report and recommendation of Committee on  
Test.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Sleeper, Commissioner Fox and  
Commissioner Becker ..... 5  
Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
965-48-SA—Amendment to resolution as to change in owner-  
ship and marketing under additional trade names.

Franklin Manufacturing Co. Laundry Division requested  
that the resolution adopted December 14, 1948 and amended  
through May 7, 1957 under Cal. 965-48-SA be amended so  
as to show a change of ownership and also permission to  
market the approved automatic washers under additional  
trade names.

The Franklin Manufacturing Co. Laundry Division has  
also submitted an affidavit which shows that the Franklin  
Manufacturing Co. Laundry Division purchased the physical  
assets of the Beam Manufacturing Co., Division of Solar  
Corp.

RECOMMENDATION: The Committee on Test recom-  
mends that the resolution adopted December 14, 1948 and  
amended through May 7, 1957 under Cal. 965-48-SA be  
amended so as to show a change of ownership. New owner-  
manufacturer being Franklin Manufacturing Co. and further  
that the washing machines approved under Cal. 965-48-SA  
may be marketed by Associated Merchandising Corp., under  
the trade name of A.M.C. Automatic Washer; by the  
Marquette Corp., under the trade name of Marquette; by  
the Zenith Machine Co., under the trade names of Zenith  
and Ambassador on condition that the requirements of the

resolution adopted December 14, 1948 and amended through  
May 7, 1957 under Cal. 965-48-SA be complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does  
hereby *amend* the above cited resolution in accordance with  
the above report.

## 1105-48-SA

APPLICANT—Automatic Burner Corp., Chicago, Illinois,  
amendment to resolution, additional trade name.

APPEARANCES—

For Applicant: Raymond P. Groves.

ACTION OF BOARD—Resolution amended in accordance  
with the report and recommendation of Committee on Test.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Sleeper, Commissioner Fox and  
Commissioner Becker ..... 5  
Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
1105-48-SA—Amendment to resolution as to additional trade  
name.

Automatic Burner Corp., Chicago, Illinois, requested that  
the resolution under Calendar Number 1105-48-SA adopted  
May 3, 1949 and amended through June 5, 1956 be amended  
so as to permit the ABC Oil Burner, Model 52A, to be  
marketed by the Thatcher Furnace Co., under the trade name  
Thatcher Oil Burner, Model 751-4. The application was re-  
opened by a vote of the Board, May 28, 1957.

RECOMMENDATION: The Committee on Test recom-  
mends that the resolution adopted May 3, 1949 and amended  
through June 5, 1956 under Calendar Number 1105-48-SA be  
amended so as to permit the approved ABC Oil Burner,  
Model 52A, to be marketed by the Thatcher Furnace Co.,  
under the trade name Thatcher Oil Burner, Model 751-4, on  
condition that the requirements of the resolution adopted May  
3, 1949 and amended through June 5, 1956 under Calendar  
Number 1105-48-SA be complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does  
hereby *amend* the above cited resolution in accordance with  
the above report.

## 622-49-SM

APPLICANT—National Gypsum Company, owner—amend-  
ment of resolution, additional method of construction.

APPEARANCES—

For Applicant: Donald K. Buselt.

ACTION OF BOARD—Resolution amended in accordance  
with the report and recommendation of Committee on Test.

## THE VOTE—

Commissioner Sleeper, Commissioner Fox and  
Commissioner Becker ..... 5  
Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
622-49-SM—Amendment to resolution as to additional method  
of construction.

National Gypsum Co., Buffalo, New York requested that  
the resolution adopted February 7, 1950 under Cal 622-49-SM  
be amended so as to include an additional method of con-

# MINUTES

struction of fire rated partition. The application was reopened by a vote of the Board December 16, 1958.

USE: A one hour fire resistive partition.

DESCRIPTION: The core of the partition consists of a 1" shiplap core consisting of two pieces of  $\frac{1}{2}$ " x 2'-0" gypsum lath, factory laminated.

The metal base and base clips; approved by the Board under Cal. 741-53-SM, are attached to the floor. "L" shaped ceiling runner, approved by the Board under Cal. 342-39-SM are attached to the ceiling. The core of the material is then placed on the base clips and grouted, then tied to the ceiling runner. At the third points of the partition 8d common nails are driven at an angle into the core to lock the ship-lap joints together.

Sanded gypsum plastic mixed  $2\frac{1}{2}$  parts of sand to 1 part gypsum by weight is then applied to a  $\frac{7}{16}$ " thickness to each side of the partition and a  $\frac{1}{16}$ " finish coat is then applied bringing the partition to an overall thickness of 2".

INSPECTION AND TEST: A partition as herein described was tested at Ohio State University in accordance with the requirements of Section C26-591.0 Administrative Building Code and successfully met requirements of said sections as a one hour fire resistive fireproof partition. The complete report is on file with and is part of the record.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted February 7, 1950 under Cal. No. 622-49-SM be amended so as to include the additional type of construction as herein described to be used as a fireproof partition under the provisions of Section C26-636.0 Administrative Building Code on condition that the requirements of the resolution adopted February 7, 1950 under Cal. 622-49-SM are complied with. Partition shall be limited to 10'-0" in height.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

## 647-49-SM

APPLICANT—Penn-Dixie Cement Corp., owner—amendment of resolution, additional types of cement and additional plants.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Resolution amended in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

Negative ..... 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

647-49-SM—Amendment to resolution as to additional types of cement and additional plants.

Penn-Dixie Cement Corp. requested that the resolution adopted February 19, 1957 under Cal. 647-49-SM be amended so as to include Types II A & III A portland cement. The application was reopened by a vote of the Board July 2, 1957.

USE: Types II A & III A Portland Cement.

DESCRIPTION: The requested cement is manufactured in the same manner as the presently approved Type I cement.

INSPECTION AND TEST: Samples of the cement were tested by E. L. Conwell & Co. in accordance with the requirements of A.S.T.M. c175 and the Rules of the Board as set forth under Cal. 64-55-SR. The cements tested met both requirements and the complete report is on file with and is part of the record.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted February 19, 1957 under Cal. 647-49-SM be amended so as to include Type II A Portland Cement as manufactured at the applicant's plants located at Nazareth, Pa. and Bath, Pa. and Type III A Portland Cement as manufactured at the applicant's plant located at Penn-Allen, Pa. on condition that the requirements of the resolution adopted February 19, 1957 under Cal. 647-49-SM be complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

## 1012-54-SM

APPLICANT—American Steel Band Co., owner.

APPEARANCES—

For Applicant: George C. Kellogg.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 4

Negative: Vice Chairman Kleinert ..... 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 1012-54-SM—American Steel Band Co., Pittsburg, Pa. filed for approval of the material known as American Steel Band Co. insulated Wall Panel under the provisions of the Veneering Rules of the Board and Section C26-243.0 Administrative Building Code.

USE: Insulated Veneering panel.

DESCRIPTION: The panel consists of an 18 inch wide 18 gauge steel sheet with male and female lips  $1\frac{1}{2}$  inches deep. To the female lip is welded a flat bar  $\frac{3}{16}$  inches by  $1\frac{1}{2}$  inches. Behind this flat space bar is installed  $1\frac{1}{2}$  inches of fiber glass insulation. To this spacer bar is then bolted or (clipped), the exterior sheet which may be either aluminum, stainless steel, copper bearing steel or galvanized steel sheets. The overall thickness of the panel is  $3\frac{1}{4}$  inches.

INSPECTION AND TEST: A sample panel was inspected by Ass't. Engr. J. A. Darts and it was noted that the entire assembly could be classed as an incombustible assembly under the provisions of Section C26-88.0 Administrative Building Code.

RECOMMENDATION: The Committee on Test recommends the approval of the American Steel Band Co. Insulated Wall Panel as herein described for voluntary use in New York City as an incombustible metal veneer when installed in accordance with the requirements of the Veneering Rules of the Board and further that these panels may be used as the walls on metal buildings as permitted under the provisions of Section C26-243.0 Administrative Building Code and further all packaging in which this material is shipped shall be tagged or stamped "Approved by the Board of Standards and Appeals for use in New York City under Cal. 1012-54-SM.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

## 820-57-SM

APPLICANT—American Steel Band Co., owner (G. C. Kellogg, Agent.)

### APPEARANCES—

For Applicant: George C. Kellogg.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5

Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads: 820-57-SM—American Steel Band Co., Pittsburgh, Pa., filed for approval of the material known as American Steel Band Steel Deck Type E under the provisions of Sections C26-626.0 and C26-619.0 Administrative Building Code.

USE: An Incombustible roof deck.

DESCRIPTION: The Type E deck is manufactured in sheets 24 inches wide by 1½ inches deep and of 16, 18, 20 & 22 gauge steel and each sheet has a male and female lip. The E sections have the following properties:

| Gauge | Sect. Modulus |
|-------|---------------|
| 22    | .103 inches   |
| 20    | .125 "        |
| 18    | .171 "        |
| 16    | .216 "        |

INSPECTION AND TEST: Samples of the deck were tested by the Pittsburgh Testing Laboratory in accordance with the requirements of Section C26-626.0 Administrative Building Code. The tests were conducted to determine if the strength of the deck could be determined by the accepted engineering formulae as set forth by the American Iron & Steel Institute Specifications for the Design of Light Gauge Structural Members. In all cases the actual deflection, under load was less than the computed deflector. The complete reports are on file with and are part of the record.

RECOMMENDATION: The Committee on Test recommends the approval of the material known as American Steel Band Steel Roof Deck Type E, with safe total loads as shown in the applicants' catalogue 2d/Bo marked, "Rec'd July 8, 1960"; as the tests conducted in accordance with the requirements of C26-626.0 Administrative Building Code demonstrated that the sections can be figured in accordance with accepted engineering formulae, for use in New York City under the provisions of Section C26-619.0 Administrative Building Code as an incombustible floor and for roof deck on condition that each container or packaging in which the material is marketed shall be stamped or labeled "Approved by the Board of Standards and Appeals for use in New York City under Cal. 820-57-SM and further that all welding shall conform to the requirements of the Welding Rules of the Board.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this material in accordance with the above report.

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
228-58-SA—Amendment to resolution as to additional trade name of gas fired heater.

John J. Nesbitt Inc., Philadelphia, Pa. requested that the resolution adopted December 16, 1958 under Cal. 228-58-SA be reopened and amended so as to permit the approved gas fired heater to be marketed under an additional trade name.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted December 16, 1958 under Cal. 228-58-SA be reopened and amended so as to permit the approved Nesbitt Suspended Gas Fired Unit Heat Models K-25-F through K-250-F and K-50-B through K-250-B to be marketed by the American Standard Industrial Division under the trade names of American Blower Unit Heater Models NK-25-F through NK-250-F and NK-50-B through NK-250-B on condition that the requirements of the resolution adopted December 16, 1958 under Cal. 228-58-SA are complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

Resolved that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

## 363-58-SM

APPLICANT—Netcong Tank Co., Anthony Arbolino, owner; Harry B. Osmundsen, Agent.

## APPEARANCES—

For Applicant: Anthony Arbolino.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5  
Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
363-58-SM—Netcong Tank Company for Anthony Arbolino, owner, filed April 11, 1958 for approval of the material known as Netcong Tank for use in New York City under the provisions of the Oil Burner Rules of the Board.

USE: As a welded tank of steel for the storage of fuel oil.

DESCRIPTION: The Netcong tanks are all welded steel having a capacity of 275 gallons. Shells are made of a single sheet, dished and flanged, with flanges inserted within the tank shell and welded. Shell and obround heads thickness are 10 gauge (.134).

Each tank will be finished with four (4) Buckeye Tapped Tank Flange Style 2 inch openings on top, one (1) ½ inch, one (1) ¾ inch opening for gravity discharge connector and one (1) 1 inch opening in the bottom for cleaning and protection against corrosion. There are four (4) 1½ inch Buckeye leg supports #609.

The tank will be made of one size for 275 gallon capacity, 2 ft. 2 inches wide x 5 ft. 11 inch shell x 3 ft. 8 inches high. The tanks have a permanently fixed plate, spot welded at top center, bearing the name "Netcong Tank" with the gauge of material and capacity of tank.

INSPECTION & TEST: All details of construction were examined and test witnessed at 80 Stoll Street, Netcong, N. J. by Ass't. Architect T. W. Farricker, Committee on Test, Anthony Arbolino and Dominick Arbolino, partners, and Mr. Harry Asmundsen, agent representative of the applicant.

These tanks were also tested and approved by Underwriters Laboratories and a certificate issued under File MH 4859.

RECOMMENDATION: The Committee on Test recommends the approval of the material known as Netcong Tank for use in New York City when installed in accordance with the requirements of the Oil Burner Rules of the Board and Section 5.3.2 of the same rules and further the appliance bear a label, permanently affixed reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 363-58-SM.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

## 527-58-SM

APPLICANT—Keystone Steel and Wire Co., owner-manufacturer.

## APPEARANCES—

For Applicant: William D. Gailey, Jr.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5  
Negative: ..... 0

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
527-58-SM—Keystone Steel & Wire Co., Peoria, Illinois, filed for approval of the material known as Keydeck under the provisions of Section C26-318.0 Administrative Building Code.

USE: Wire mesh reinforcing.

DESCRIPTION: Keydeck is a new woven wire mesh reinforcing for use in cast-in-place deck with a 1½ inch hexagonal mesh of No. 19 gauge galvanized wire, No. 16 gauge galvanized selvage wires and a No. 16 gauge galvanized wire woven into the mesh longitudinally every three inches across the width of the mesh.

The wire has a minimum tensile strength of 70,000 p.s.i. and a yield of 0.8 of the tensile strength and a reduction of area of 30% minimum.

INSPECTION & TEST: Samples of the material were successfully tested at the Armour Research Foundation of Illinois Institute of Technology in accordance with the requirements of Section C26-318.0 Administrative Building Code. The complete report is on file with and is part of the record.

RECOMMENDATION: The Committee on Test recommends the approval of the material known as Keydeck for use in New York City as a wire mesh reinforcement as having met the requirements of Section C26-318.0 Administrative Building Code, on condition that the containers or wrappings in which the material is marketed shall be stamped or labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 527-58-SM".

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

## 542-58-SM

APPLICANT—S. H. Pomeroy Co., owner—assembly of window.

### APPEARANCES—

For Applicant: Joseph F. Quinn.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5  
Negative ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

542-58-SM—Amendment to resolution as to assembly of window.

S. H. Pomeroy Co. requested that the resolution adopted April 26, 1960 under Cal. 542-58-SM be reopened and amended so as to permit the approved aluminum window to be either mechanically assembled or to be welded.

DESCRIPTION: There has been no change in the type of aluminum used in the construction of the window. The only requested change being in the method of shop assembly, either mechanically riveted, bolted or machine screw or welded.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted April 26, 1960 under Cal. 542-58-SM be reopened and amended so as to permit the approved window to be either mechanically assembled as described or to be welded on condition that all other requirements of the resolution adopted April 26, 1960 under Cal. 542-58-SM are complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

Resolved that the Board of Standards and Appeals does hereby amend the above cited resolution in accordance with the above report.

## 607-58-SA

APPLICANT—Burnham Corp., owner—additional models.

### APPEARANCES—

For Applicant: D. D. Marks.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5  
Negative ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

607-58-SA—Amendment to resolution as to additional models of gas fired warm air furnaces.

Burnham Corp., Belle Vernon, Pa. requested that the resolution adopted April 5, 1960 under Cal. 607-58-SA be reopened and amended so as to include additional models of gas fired furnaces.

USE: Gas fired warm air furnaces.

DESCRIPTION: The requested furnaces are basically the same as the presently approved furnaces differing as to B.T.U. input with the exception that the BGL Series are designed to accommodate a rear flue outlet and with the blower mounted in back of the heat exchanger and the BGLF Series is designed for a front flue outlet. The requested furnaces have been approved by the American Gas Association.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted April 5, 1960 under Cal. 607-58-SA be reopened and amended so as to include the Models BGL-90, BGL-120, BGL-150, BGL-180, BGL-210, BGLF-100 D or A, BGLF-100, BGLF-125 and BGLF-150 gas fired warm air furnaces on condition that the requirements of the resolution adopted April 5, 1960 under Cal. 607-58-SA be complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

Resolved that the Board of Standards and Appeals does hereby amend the above cited resolution in accordance with the above report.

## 239-59-SM

APPLICANT—H. H. Robertson Company, owner—additional type hanger.

### APPEARANCES—

For Applicant: Nicholas J. Pennachio.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5  
Negative ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
239-59-SM—Amendment to resolution as to additional type hanger.

H. H. Robertson Co., New York requested that the resolution adopted July 21, 1959 under Cal. 239-59-SM be reopened and amended so as to include an additional Q-Floor Hanger.

USE: A device for suspension from H. H. Robertson cellular steel floor on steel roof deck.

DESCRIPTION: The hangers are available in the same sections and of the same gauge as previously as approved. The difference is that steel of the hanger slot is an integral part of the bottom element of the section and is supported on two sides instead of one. The slot is 1/2 inch wide by 2 1/2 inches long and the depression is 1/4 inch. The slot, as formed, is as shown on drawings marked "Rec'd July 6, 1960."

INSPECTION & TEST: Samples of the tab were tested by Pittsburgh Testing Laboratory and it was noted that the load required to break the tab was approximately 1 1/2 times the breaking load of the presently approved tab.

RECOMMENDATION: The Committee on Test recommends that the resolution adopted July 21, 1959 under Cal. 239-59-SM be reopened and amended so as to include the additional hanger as herein described with loads per tab as follows: 18 gauge—200 lbs., 16 gauge—250 lbs., and 14 gauge—300 lbs. as a method of suspension of system from H. H. Robertson Co. cellular floor on steel deck units on condition that the requirements of the resolution adopted July 21, 1959 under Cal. 239-59-SM be complied with.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

Resolved that the Board of Standards and Appeals does hereby amend the above cited resolution in accordance with the above report.

## 281-59-SM

APPLICANT—Barrett Division of Allied Chemical Corporation, owner Sheldon E. Cady, Agent.

### APPEARANCES—

For Applicant: H. J. Kaudiner.

ACTION OF BOARD—Material approved in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5  
Negative: ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
281-59-SM—Barrett Division of Allied Chemical Corp. filed for approval of the material known as Barrett Rigidwall Insulating Sheathing under the provisions of Sections C26-242.0, and C26-538.0.b Administrative Building Code and the Fiberboard Rules of the Board.

USE: An Exterior Sheathing.

DESCRIPTION: The board is manufactured from a combination of scrub pine and hard woods. The logs are chipped into small pieces and then refined in disc refiners which produce the pulp from which the boards are made. The pulp is poured into a Fourdrinier machine where it is formed into boards. The boards are then dried in ovens and then cut into size.

The sheathing is either asphalt coated or asphalt impregnated and the size is 1/2 inch thick by 4'-0" wide and either 8'-0" or 9'-0" long—all edges square.

INSPECTION AND TEST: Racking tests were conducted on the sheathing by C. H. Kindig P.E. at Bucknell University. The sheathing was attached to the frame by means of 2" large head galvanized roofing nails spaced 3" on centers around the outer edge of each sheet and 6" on centers down the studs. The average load of three tests causing failure was 7133 lbs. which is beyond the Boards' requirement of 6000 lbs. The complete report is on file with and is part of the record.

RECOMMENDATION: On the basis of the tests and the data filed by the applicant, the Committee on Test recommends the approval of Barrett Rigidwall Insulating Sheathing for use in New York City under the provisions of Section C26-538.0.6 Administrative Building Code on classes of construction as set forth under Section C26-242.0 Administrative Building Code on condition that the sheathing be installed in accordance with the Fiberboard Rules of the Board and further that the board be stamped "Approved by the Board of Standards and Appeals for use in New York City under Cal. 281-59-SM.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this material in accordance with the above report.

## 323-59-SA

APPLICANT—Mid-Continent Metal Products Company, owner; Clewell Equipment Company, Agent.

### APPEARANCES—

For Applicant: Paul Stephenson.

ACTION OF BOARD—Appliance approved in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5  
Negative ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
323-59-SA—Mid-Continent Metal Products Co., Chicago, Ill. filed for approval of the appliance known as Incinomite Burner Models B-150, B-300, B-500 and B-700 with suffixes 2M, 2E, 4M, 4E & 3 under Article 12 Chapter 26 Administrative Building Code.

USE: Gas fired burner designed for incinerator use.

DESCRIPTION: The requested burner is a modification of the Economite burner approved by the Board under Cal. 764-47-SA insofar as the changing of the flame from a comparatively blue short flame to a yellow type of gas flame, both longer and wider in order to cover a greater area of the refuse bed with a radiant flame.

The burner is supplied with a small motor driven blower to supply combustion air supply for the gas fuel. The burner is of the automatic design whereby gas fuel is turned on and off by action of a centrifugal governor.

The Models with the suffix 2M, 2E, 4M & 4E are equipped with constant burning pilots and the Model 3 is equipped with a spark ignited intermittent gas pilot supervised by an instantaneous electronic flame safeguard relay and in addition it is equipped with a pilot solenoid and spark transformer. The Models B-150 & B-300 have an automatic main valve shut off operated directly by the centrifugal governor. The Models B-500 and B-700 have a separate diaphragm valve electrically operated and in addition mechanically operated by action of the centrifugal governor. All models are equipped with input adjusting devices in order to set the volume of gas to be used.

INSPECTION & TEST: Details of construction were examined by Ass't. Engr. J. A. Darts and it was noted that the controls used in conjunction with the equipment are either AGA or Underwriters approved controls.

RECOMMENDATION: The Committee on Test recommends the approval of the Mid-Continent Metal Products Co. Incinomite Burner Models B-150, B-300, B-500 and B-700 with suffixes 2M, 2E, 4M, 4E & 3 for use in New York City as a fuel fired incinerator burner under the provisions of Section C 26-701.O.C. Administrative Building Code, on condition that the appliance bear a label permanently affixed reading "Approved by the Board of Standards and Appeals for use in New York City under Cal. 323-59-SA."

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

## 637-59-SA

APPLICANT—Simix Company, Incorporated, for Similor S.A., owner; Simix Company, Incorporated, agent.

### APPEARANCES—

For Applicant: Sam Gilead.

ACTION OF BOARD—Appliance approved in accordance with the report and recommendation of Committee on Test.

### THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker ..... 5  
Negative ..... 0

### THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
637-59-SA—Simix Co. Inc. for Similor S.A. Geneva Switzerland filed for approval of the appliance known as Simix Thermostatic Valve under the provisions of Section C26-191.0 Administrative Building Code.

USE: To thermostatically control the temperature of water.

# MINUTES

**DESCRIPTION:** The valve is basically constructed of stainless steel, brass, bronze and copper. The operation is as follows: The water hot and cold, enters through two connections, passes through metal filters and lifts the check valves and flows through the valve seats and the valves. According to the setting of the control knob, a tappet arm pushes the valves, which are made in one piece, and thus controls both the hot and cold water simultaneously, to one side or the other towards one or the other of the valve seats, so that the hot water inlet is reduced or closed while the cold water inlet is opened or vice versa.

The mixture of hot and cold water passes into a control tube through two openings. In this tube is mounted a metallic bellows which automatically controls the opening and closing motion of the valve. This metallic bellows contains a highly expansible fluid, of a paraffin base and by its expansion and contraction, due to the water temperature, it determines the temperature of the mixture of hot and cold water.

**INSPECTION & TEST:** A sample of the valve was inspected and tested at 101 Park Ave., New York by Ass't. Engr. J. A. Darts. One of the tests consisted of setting the thermostat so as to draw off 80 degrees F. water and then opening both the hot and cold supply; the hot water supply was at 120F. and the cold supply was at 60 degrees F; the outlet or mixed water was at 80F. at the tap, then the cold water supply was cut off entirely to determine what would occur. The valves closed completely so that there was no water leaving the tap.

**RECOMMENDATION:** The Committee on Test recommends the approval, for voluntary use of the appliance known as Simix Thermostatic Valve under the provisions of Section C26-191.0 Administrative Building Code on condition that the valve bear a label reading "Approved by the Board of Standards and Appeals for use in New York City under Cal. 637-59-SA."

The Committee further recommends that when the valve is used in conjunction with a fixture that has a submerged inlet as set forth under the Submerged Inlet Rules of that Board, that the fixture be protected with an approved vacuum breaker and check valve as required by said Rules.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

## 652-59-SM

**APPLICANT**—Willamette Valley Lumber Company, and Willamette National Lumber Company, owners.

**APPEARANCES**—

For Applicant: William H. Scheick.

**ACTION OF BOARD**—Material approved in accordance with the report and recommendation of Committee on Test.

**THE VOTE**—

Affirmative: Chairman Foley, Commissioner Sleeper,  
Commissioner Fox and Commissioner Becker ..... 4  
Negative: ..... 0  
Not Voting: Vice Chairman Kleinert ..... 1

**THE RESOLUTION**—

WHEREAS, the report of a Committee on Test reads:  
652-59-SM—Willamette Valley Lumber Co., Dallas, Oregon, filed for approval of the material known as CD Interior Douglas Fir and Western Softwood Plywood Sheathing (Silver Ply) for use in New York City under the provisions of Sections C26-538.0 and C26-242.0 Administrative Building Code.

USE: Exterior sheathing.

**DESCRIPTION:** The material is either  $\frac{3}{8}$ " Douglas fir or  $\frac{5}{16}$ " Western softwood plywood. The plywood is made under commercial standard CS-45-55 and CS-122-56 and all plywood is under the quality control program of the Timber Engineering Company.

**INSPECTION AND TEST:** Both the Douglas fir and the Western softwood plywood were tested by the Forest Products Research.

The Douglas fir carried a racking load of 8200 lbs. and the softwoods carried a racking load of 6200 lbs. both above the Board's requirements of 6000 lbs. and both panels were constructed without any bracing between the studs.

**RECOMMENDATION:** The Committee on Test recommends the approval of the CD Interior Douglas Fir and Western Softwood Plywood Sheathing (Silver Ply) in thickness of  $\frac{3}{8}$ " and  $\frac{5}{16}$ " respectively for use in New York City under the provisions of Section C26-538.0 Administrative Building Code as a sheathing to be used on Class IV construction under the provisions of Section C26-242.0 Administrative Building Code, on condition that the material be stamped "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 652-59-SM." The Committee further recommends that, as the panel, successfully tested, was constructed without bracing between the studs, the frame does not have to have bracing between the studs.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

## 894-59-SA

**APPLICANT**—Norge Div. Borg-Warner Corporation, Effingham, Illinois, owner.

**APPEARANCES**—

For Applicant: William C. Person.

**ACTION OF BOARD**—Appliance approved in accordance with the report and recommendation of Committee on Test.

**THE VOTE**—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Sleeper, Commissioner Fox and  
Commissioner Becker ..... 5  
Negative: ..... 0

**THE RESOLUTION**—

WHEREAS, the report of a Committee on Test reads:  
894-59-SA—Norge Div. Borg-Warner Corp., owner, Effingham, Ill., filed December 24, 1959 for approval of the appliance known as Norge-Commercial Horizontal Washer Model SSDL-1 under the provisions of Sections C26-178.0.b. & C26-1277.0.h. of the Administrative Building Code and the Submerged Inlet Rules of the Board.

**USE:** An automatic coin operated washing machine for use in self-service laundries having a 16 lb. capacity, dry weight maximum.

**DESCRIPTION:** The appliance is designed so the inlet hot and cold water is connected directly to a brass thermostatic water mixing valve. This water mixing valve on "warm setting" regulates the water to maintain about 100 degrees F. On the "hot setting" the temperature of the water is not changed by this valve and as a result, the water entering the cylinder is the temperature of the supply water.

From the mixing valve the water next passes through a brass syphon breaker. This syphon breaker is horizontal and has a venturi designed into it so as to maintain pressure on the down stream side. This syphon breaker has a minimum one inch gap. From the syphon breaker the water passes through a nozzle which gives it a patterned spray as the water enters the cylinder (clothes basket) at the top and front of the cylinder. The proper level of the

# MINUTES

water entering the cylinder is controlled by a pressure switch in the bottom of the tank.

After the water entering the cylinder has served its purpose (either washing or rinsing), it is drained from the machine through the bottom of the tank via a hard particle trap. The drain pump is of a centrifugal type which forces the water into a stand pipe through a  $1\frac{1}{8}$ " diameter hose. The stand pipe must be  $1\frac{1}{2}$ " in diameter and a minimum of 18 inch in height above the base of the machine.

The machine goes through the following operations during a complete cycle after the washer is started by the introduction of a coin through the coin slide.

*Water Fill*—approximately 4 minutes with cylinder in tumbling speed 48 r.p.m.

*Wash*— $10\frac{1}{2}$  minutes with cylinder in tumbling speed 48 r.p.m.

*Drain*—30 seconds with cylinder in tumbling speed 48 r.p.m.

*Suds Break*— $3\frac{1}{2}$  minutes water spray entering with drain open and cylinder at tumbling speed 48 r.p.m.

*Distribute*—30 seconds. No water entering, with drain open and cylinder tumbling at 48 r.p.m.

*Spin*—30 seconds with no water entering. Drain open. Spin speed 300 r.p.m.

*Spray Rinse*— $3\frac{1}{2}$  minutes. Water spray entering. Drain open and tumbling speed at 48 r.p.m.

*Distribute*—30 seconds. No water entering. Drain open. Tumbling at 48 r.p.m.

*Spin*—30 seconds. No water entering. Drain open. Spin speed 300 r.p.m.

*Spray Rinse*—1 minute. Water spray entering. Drain open. Tumble Speed 48 r.p.m.

*Fill for deep rinse*—approximately  $2\frac{1}{2}$  minutes. Water entering. Drain closed. Tumbling speed 48 r.p.m.

*Deep Rinse*—30 seconds with water in cylinder and drain closed. Tumble speed 48 r.p.m.

*Drain & Distribute*—no water entering. Drain open. Tumbling at 48 r.p.m.

*Spin Spray Rinse*—Water spray entering. Drain open. Spin speed 300 r.p.m.

The machine has a capacity of 16 lbs., dry weight maximum.

**INSPECTION & TEST:** All details of construction were examined by Ass't. Architect T. W. Farricker, and it was noted that the air gap complies with the requirements of the Submerged Inlet Rules of the Board.

The syphon breaker with the one inch gap has been approved by Chicago and Los Angeles Plumbing Laboratories. The washer was also tested and approved at the Underwriters Laboratories, 207 E. Ohio St., Chicago, Ill., under file No. E 10860 and a certificate use issued.

**RECOMMENDATION:** The Committee on Test recommends that the Norge-Commercial Horizontal Washer Model SSDL-1 having a capacity of 16 lbs. be approved for use in New York City where permitted by the Zoning Law when constructed as herein described and when a 1 inch gap is maintained and when installed in accordance with the requirements of the Submerged Inlet Rules of the Board and further that all appliances bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Cal. 894-59-SA."

The Committee further recommends that all battery installations be submitted to the Department of Buildings so that adequate provisions may be made to provide a sufficient size drain to take care of the number of machines involved.

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

## 310-60-SA

**APPLICANT**—Morris Kweller for Clesco National Inc., owner—dryer.

## APPEARANCES—

For Applicant: Morris Kweller.

**ACTION OF BOARD**—Appliance approved in accordance with the report and recommendation of Committee on Test.

## THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Sleeper, Commissioner Fox and Commissioner Becker

Negative: 5  
0

## THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

310-60-SA—Morris Kweller for Clesco National Inc., Miami, Fla. filed for approval of the appliance known as Clesco Dryer, Model Jet 60 under the provisions of Section C26-191.0 and Article 12 Administrative Building Code.

**USE:** For drying wet washed clothes by the application of gas heat.

**DESCRIPTION:** The Clesco Jet 60 dryer is a coin operated clothes dryer for commercial or apartment house basement and cellar installation. It is a cabinet type unit, 68 inches in height,  $29\frac{1}{2}$  inches wide and  $37\frac{1}{2}$  inches deep with a window type door  $17\frac{1}{2}$  inches in diameter. Insulation is provided around the interior sides of the cabinet.

The clothes drying tumbler installed in the center section of the unit is a perforated metal cylinder 26 inches in diameter and  $25\frac{1}{4}$  inches deep. Its nominal capacity is 27 pounds. An ultra violet lamp is installed in this section just above the tumbler.

The upper section of the unit houses the gas burner with controls, an air switch safety control and a thermostat adjustable for high, medium or low setting.

A duct is installed at the burner and leads to the section below.

The lower section of the unit contains a lint trap and an exhaust fan with 8 inch outlet. An electric motor drives both the tumbler and exhaust fan.

In operation, after the damp clothes are placed in the tumbler, the door must be securely closed and the proper coin inserted in the coin slot. This activates the electrical system and starts the tumbler and exhaust fan. The air switch being drawn into proper position makes electrical contact and permits gas to flow to the burner where it is ignited by the pilot. The exhaust fan draws the heat down through the tumbler compartment, then through the lint trap below and then to outdoors through an 8 inch flu or outlet pipe.

The feed door is interlocked with other components of the system so that if it is opened, electric motor and gas burner are shut down. If the exhaust fan should fail to operate or if the lint trap should be opened, the air switch will act to cut off gas supply to the burner. The burner is equipped with a safety pilot to cause a complete gas cut off in case of pilot flame failure.

**INSPECTION AND TEST:** A typical dryer was inspected at 55-20 15th Avenue, Brooklyn by Assistant engineer George F. Sklenarik and Morris Kweller representing the applicant.

The unit operated satisfactorily as designed.

**RECOMMENDATION:** The Committee on Test recommends the approval of the Clesco Dryer, Model Jet 60 for use in New York City when installed in accordance with this report and the manufacturer's recommendations and the requirements of Article 12 Administrative Building Code and provided that each dryer shall bear a label, permanently affixed reading, "Approved by the Board of Standards

# MINUTES

and Appeals for use in New York City under Cal. No. 310-60-SA."

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved* that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

## 482-60-SA

APPLICANT—Hauck Manufacturing Company, owner.  
APPEARANCES—

For Applicant: Walter W. Weekes.

ACTION OF BOARD—Appliance approved in accordance with the report and recommendation of Committee on Test.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,  
Commissioner Sleeper, Commissioner Fox and  
Commissioner Becker ..... 5  
Negative: ..... 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:  
482-60-SA—Hauck Manufacturing Co., Brooklyn, New York, filed for approval of the appliance known as Heetwave Salamander, Model HWG-2050, under the provisions of Section C19-91.0 Administrative Code and the requirements of the Fire Commissioner.

USE: A space heater for temporary use in the setting of concrete and the drying of plaster construction work.

DESCRIPTION: The Heetwave Salamander, Model HWG-2050, is a portable floor type space heater made of a heavy gauge sheet steel shell with hood on top and a floor plate installed beneath the burner. The heater is supported on three iron legs. Overall height is 25 inches.

The burner is of the upshot design and a baffle plate is installed within the shell approximately 2½ inches above the burner tube so that the flame will impinge upon it. The burner orifice is sized for 50,000 Btu per hour maximum. Controls include a manual shut off valve, thermocouple and pilot with automatic shut off valve.

Propane gas is supplied to the heater through a heavy wall neoprene hose from a standard 1 C.C. cylinder. A regulator, preset at 11 inches water column is installed at the cylinder and connection are threaded.

INSPECTION AND TEST: A sample unit was inspected and tested at 124 10th Street, Brooklyn, New York, by Ass't. Engr. G. F. Sklenarik.

The heater functioned satisfactorily as designed.

RECOMMENDATION: The Committee on Test recommends the approval of the Heetwave Salamander, Model HWG-2050, rated at 50,000 Btu per hour input as an unvented space heater for temporary use in drying concrete and plaster construction in accordance with this report and the provisions of Section C19-91.0 Administrative Code, Rule 2.7 of the Board's Rules for the Erection, Alteration, Repair, Excavation for and Demolition of Buildings and the requirements of the Fire Commissioner, provided that each heater shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 482-60-SA".

(Sgd.) WILLIAM A. NOLAN,  
Director,  
JOHN A. DARTS,  
Asst. Engr.,  
GEORGE F. SKLENARIK,  
Asst. Engr.,  
Committee on Test.

*Resolved*, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

## THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated March 2, 1960 on Misc. Applic. 3105-59, reads:

"1. Proposed use of 6000 gal. storage tank for alcohol for use in manufacturing of inflammable mixtures is contrary to C19-59 (M)."

and

WHEREAS, the applicant states that the building is 52 feet 8 inches by 171 feet 8 inches in area, 3 stories, 39 feet high, of class 1 construction, located in manufacturing and business use, D area, class 1 height district, built in 1921, now used and occupied since 1939: basement—boiler room and storage; 1st floor—office, shipping and packaging, 17 persons; 2nd floor—packaging, 33 persons; 3rd floor—manufacturing of automotive specialties, etc., 7 persons; yard—tanks for ingredients of products manufactured on the 3rd floor; substantially in accordance with Certificate of Occupancy #99931, issued January 30, 1941, against Alt. Applic. 4495-39; that the proposed use and occupancy will be the same; and

WHEREAS, the applicant states that the premises in question consist of an irregularly shaped plot, on which is located a manufacturing building, five metal warehouses and a "Tank Farm" for underground storage tanks; that the premises are used for the manufacture of automotive specialties as brake fluid, anti-freeze, engine conditioners, etc.; that a Fire Department Permit 573562 classifying premises as a technical establishment is in force at present; that a Certificate of Occupancy #99931 has been issued by the Department of Buildings for factory usage for class I building; that the present chemical storage is maintained in 17 buried tanks for flammable materials, and two above ground tanks for hydrochloric acid and carbon tetrachloride; that raw materials are pumped by pump set on 1st floor to mixing room on 3rd floor; that all existing operations have been approved by both Department of Buildings and Fire Department under applications as noted on attached plans; that because of requirement for additional storage capacity for raw materials, Misc. Applic. 3105-59 was filed with the Department of Buildings; that application requested permission for installation of two 8,000 gallon and one 6000 gallon buried tank for storage of oils with flashpoints over 300°F, and one 6,000 gallon tank for storage of isopropyl alcohol flashpoint is approximately 80°F; that the isopropyl alcohol is used as one of the ingredients in the manufacture of brake fluid; that brake fluids are usually classified as inflammable mixture by the Fire Department except where actual tests show flash points over 100°F; that it has been the practice of the Fire Department and Building Department to classify all ingredients of inflammable mixture with flashpoints under 100°F as volatile inflammable oils under the reading of C19-59 and therefore to limit the tank size for their storage to 1,500 gallons; that the proposal for installation of one 6,000 gallon tank for storage of isopropyl alcohol is used as one of the ingredients in the made in order to conserve area and simplify piping and pumping arrangements; that the proposed tank would be encased in 12 inch concrete as required for tanks storing volatile inflammable oils; that no additional above ground pumping facilities for alcohol are contemplated; that new tank would be tied directly into existing pumps; that fire hazard inherent in storage and use of isopropyl alcohol is less than that of petroleum solvents for the reason that the alcohol is completely miscible with water.

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated March 2, 1960, acting on Misc. Applic. 3105-59, Objection No. 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the

installation shall be in accordance with drawing filed with this appeal dated April 1, 1960, 1 sheet and that such auxiliary fire-fighting equipment shall be installed as the Fire Commissioner may require.
